IMPORTANT TO ALL

Who are Bald, or have Thin, or Grey Hair, or who are troubled with DANDRUFF.

DR. DORENWEND'S

GREAT GERMAN

"HAIR MAGIC"

Will be found invaluable for the hair and scalp. It cleanses the scalp of all Dandruff, invigorates the growth of the hair, and in cases of baldness where there are the slightest signs of roots left it will produce great crops of hair. It restores grey hair to its original color, and is an excellent dressing.

DO NOT DELAY, if your hair is in a weak condition, get a bottle at once.

FOR SALE BY J. D. TULLY,
and all druggists.

Ask for it. A. DORENWEND, Sole Manufacturer, Toronto, Canada.

A. Dorenwend is the leading manufacturer of Hair Goods in Canada. dw

THE COLOR LINE.

American Foresters Opposed to the Admission of Negroes.

CHICAGO, Aug. 12.—There was a long and animated discussion in the Subsidiary High Court of Foresters yesterday over the report of the delegates to the last meeting of the High Court in England. It seems the English or larger branch of the order admits males of all colors, but the Foresters in the United States will not accept colored people. The English branch of the organization now interferes and attempts to control the admission of colored people. This has had the effect of stirring up the delegates in the convention, and hours were taken up yesterday with stirring speeches, breathing defiance to the dictates of the English High Court. The whole thing may end in the secession of the sub-High from the High Court, and such a thing would be a great event in the history of secret societies. The Foresters in the United States number 30,000, and in the Old Country 100,000.

After a lengthy discussion the matter was referred to the Committee on Laws and Supervision.

MYSTERIOUSLY DISAPPEARED.

A Montreal Manufacturer, with $30,000 Surplus, Cannot be Found.

MONTREAL, Aug. 12.—John Crilley, of the firm of John Crilley & Co., paper bag and flour sack manufacturers and printers, has mysteriously disappeared, and has not been seen since Tuesday last. His wife, friends and employes have been left in complete ignorance of his whereabouts or of the motives which caused him to leave the city and desert his family so suddenly. As soon as his absence became known an informal meeting of creditors was held and a committee appointed to continue business in the meantime. An investigation of books shows that the business is in a healthy condition, and that a surplus of $30,000 exists. Mr. Crilly has a large mill at Joliet; and before leaving on Tuesday he sent out the money for wages due last week.

Thrown From a Hand-Car.

OTTAWA, Aug. 12.—Mr. R. T. A. Bell editor of The Morning Review and a well known cricketer, and Mr. J. White of the Geological Survey, met with an accident near Buckingham yesterday which resulted in the breaking of Mr. White's leg and Bell's arm. They had been to the Little Rock Phosphate Mine and were on their way back to Buckingham in a hand-car loaded with phosphate. The car became derailed and the occupants were thrown out with the result mentioned.

An Old Favorite.

An old favorite, that has been popular with the people for nearly 30 years, is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children and adults. It seldom or ever fails to cure cholera morbus, diarrhœa and dysentery. 2w31d

Facts Worthy.

"Last summer I was entirely laid up with liver complaint, a friend advised me to use Burdock Blood Bitters, I did so, and four bottles cured me. I cannot praise this remedy too much." John H. Rivers, Orr Lake, Ont. 2w31d

Keep Your House Guarded.

Keep your house guarded against sudden attacks of colic, cramps, diarrhœa, dysentery and cholera infantum. They are liable to come when least expected. The safest, best and most reliable remedy is Dr. Fowler's Extract of Wild Strawberry. 2w31d

Children Cry for Pitcher's Castoria.

THE BUSINESS OUTLOOK.

It is Estimated that the Farmers will Lose $200,000,000 by the Drought.

NEW YORK, Aug. 12.—Dun, Wiman & Co.'s weekly review of trade will say: "Excellent crops in 1883 proved the turning point of business for seven years, and the drought this year, though reducing it less injury to the crops, comes at a time when vast undertakings at the west have been unusually inflated. Heavy rains have broken the long drought during the past week, but only after the Official Bureau report had shown how serious was the injury sustained, and the relief came too late to do good in extensive districts of the Northwest. The Bureau reports issued which cannot be repaired to a considerable part of the hay crop, and to oats, tobacco, potatoes and fruit; a little injury to cotton and wheat and a decline of 17 per cent. in the condition of corn. The work of destruction continued ten days after the Bureau reports were made before rain came, and the aggregate loss of the farmers must exceed $200,000,000.

"A difference is inevitable in the purchase of manufactured and imported goods by the Northwest. If prices had not been inflated by a real estate boom, and if new indebtedness of enormous value had not been created a loss of even a tenth of the entire value of farm products would make little difference. But the wild speculation in lands and town lots, the expenditure of many hundred millions in new buildings, and the permanent investment of large sums in new railroad and manufacturing works render a partial loss of crops more important.

The Failures of the Week.

NEW YORK, Aug. 12.—The business failures during the last seven days number for the United States 151, for Canada 29, total 180; as against 163 last week. For the corresponding week last year there was a total of 157.

RETURNED TO LIFE.

A Remarkable Case of Resuscitation at Ottawa.

OTTAWA, Aug. 12.—A singular case of resuscitation occurred here last week. During the hot spell John Baxter, a stonemason working in Hull, had a sunstroke, was taken to his father's house in St. Patrick-street, Ottawa, sank, and to all appearances died. His father reported his death, notice of which appeared in The World and other papers; advertised the funeral and ordered the coffin. But the funeral did not come off, as it was minus a corpse.

When the undertaker went to measure John for his last suit slight signs of vitality were noticed. The funeral was postponed, restoratives were applied, and yesterday John returned to work in Hull, greatly to the surprise of his comrades, who supposed him buried.

SUING FOR DAMAGES.

The Captain of a Seized American Schooner Issues a Writ.

CHARLOTTETOWN, P.E.I., Aug. 12.—The seized American schooner, J. H. G. Perkins, was absolutely released by Customs Officer Foley last night and cleared to-day for North Bay. E. J. Hodgson, Dominion law agent, caused a writ to be served on Capt. McDonald for $2000. Capt. McDonald has put in a defence in court and will contest the case on its merits. He will take action against the Dominion for damages caused by delay.

DESTRUCTIVE HAIL STORM.

Great Damage Done at Renville, a Minnesota Town.

RENVILLE, Minn., Aug. 12.—A terrific wind and hail storm struck here Wednesday evening. Great damage was done. Mrs. A. P. Hann was instantly killed, and Gustaf Kreger fatally injured. Nearly every building in town was damaged. Grain stacks were blown down, and grain partly if not wholly ruined. All grain in the shock was threshed out and will be a total loss. Corn is completely stripped and ruined. The path of the storm was about a mile wide and five or six miles long. Large pieces of ice fell during the storm.

A Singular Action in Montreal.

MONTREAL, Aug. 12.—Miss Maria Schiller, niece of the late Mr. Schiller, Clerk of the Crown and Peace, has taken an action against her aunt, Mrs. Guy, to force her to pay an allowance and dowry for plaintiff's entrance into a convent. It is not generally known that in most cases when young ladies wish to enter a religious community they are held to pay from $10 to $12 per month to the institution during the whole of their novitiate and a dower varying from $300 to $1000 when they pronounce their final vows.

Cholera at Malta.

LONDON, Aug. 12.—At Malta during the past twenty-four hours there have been five new cases of cholera and three deaths.

Have You Thought About It?

Why suffer a single moment when you can get immediate relief from all internal or external pains, by the use of Polson's Nerviline the great pain cure. Nerviline has never been known to fail in a single case; it cannot fail, for it is a combination of the most powerful pain subduing remedies known. Try a 10 cent sample bottle of Nerviline. You will find Nerviline a sure cure for neuralgia, toothache and headache. Buy and try. Large bottles 25 cents, by all druggists. 6dw32

To Cure a Corn.

There is no lack of so-called cures for the common ailment known as corns. The vegetable animal, and mineral kingdoms have been ransacked for cures. It is a simple matter to remove corns without pain, for if you will go to any druggist or medicine dealer and buy a bottle of Putnam's Painless Corn Extractor and apply it as directed the thing is done. Get "Putnam's," and no other 6dw32

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

Broken Down.

"After suffering with dyspepsia, kidney disease, loss of appetite and pain in the head until discouraged, I heard of B. B. B., took two bottles and am happy to say I feel as well as ever." Mrs Rufus E. Merry, New Albany, N. S. 2w31d

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eodw31

Come early, Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thus troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. Dunn.

C. P. R. Agent, Peterborough Ont.

P. S.—Use this as you deem prudent.—J. P. D. d143w25

LOCAL NEWS.

French kid boots in the latest styles and prices to suit everyone, at KIDD'S.

USE ONLY the best Condition Powders for your live stock. Ask for "Maud S.," price 25 cents. fadw

REMEMBER the Methodist excursion and picnic Wednesday next to the far-famed Massassaga Point. d36

KIDD is not trying to do the shoddy trade but the solid, substantial, first-class boot and shoe trade of the town, and he is doing it.

Just opened out at Turnbull's, the Kate Corset (entirely new) warranted not to break or roll up with one year's wear.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.00. Call and see them.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

Just opened out at Turnbull's, New Shades in Fall Dress Goods, and Fancy Watered Plushes to match.

Sale of Furniture.

The household furniture of Mr. Geo. E. Williams, which is very nice and almost new, will be sold by Mr. Stapleton on Friday, 19th August. As Mr. Williams is leaving for England the sale will be without reserve. 1d

You will find at Turnbull's the far-famed Alexandre Kid Gloves, cut to fit the hand, every pair warranted.

Athletic Counsellors.

The Port Hope *Guide* publishes a challenge from the town council of Port Hope to the Cobourg town council to play a game of baseball. Verily, the affairs of both towns must be in a demoralized state, or the "ball craze" is pre-eminently prevalent there, when the civic guardians take to baseball for amusement.

Just opened out at Turnbull's, a handsome Range of Boating Shawls. New Styles.

The Last of the Visitors.

A very large number of the visiting Oddfellows left town by the 5.15 G.T.R. express for points west and northwest. They filled all the coaches to crowding. Another large detachment went out by the 8.40 p.m. express, and the remainder nearly all left on the 10.53 p.m., C.P.R. express. A few went out this morning on the 8.15 train and a few remained with friends in town for a few days.

Men's Cordovan shoes at KIDD'S for $1.25 a pair.

Sending Bricks Abroad.

Messrs. M. Curtis & Sons, brick and tile makers, are to be congratulated upon the fact that the excellence of their product not only creates a home demand but a demand from abroad. To-day they ship to Uxbridge, six car loads of red brick and on Monday they will ship one car to Ottawa, and in due course two cars to Sunderland. As the merits of their products becomes known the demand will increase. The machinery of their yards, has been increased by the addition of a new tile making machine, capable of turning out from five to ten thousand tile daily, according to size.

On the way Minden, Persia, destined for Turnbull's Dry Goods Establishment, fine Astrachan Mantle Cloths and Trimmings the correct Material for Mantles this Season.

Three Straights Again.

The Riversides, flushed with the success implied in three straight games won from the Millbrook team the day before, decidedly downed the Athletics of Madoc on Thursday. The three straight games were won by Joe Phelan, getting the last turn at the ball and putting it through. The total time of play was less than half an hour. With diligent team-practice they will make a strong team, hard to beat.

ONTARIO ODDFELLOWSHIP.

Proceedings of the Annual Session of Grand Lodge.

The Afternoon and Final Sitting The New Division of Districts—Grand Officers Appointed—The Close of the Session—Grand Secretary King.

FRIDAY, Aug 13.

The business of the session was concluded at an early hour.

Among the matters transacted of public interest, was the division of Ontario into districts, comprising a number of lodges, a Deputy Master to be appointed for each, he to visit subordinate lodges when called upon, lodge visited to pay his expenses. Formerly each lodge had a District Deputy Grand Master, whose visiting expenses were paid by the Grand Lodge.

The District Deputy Grand Masters under the new regime have not yet been appointed. A resolution of thanks was passed to the Past Grand Master for the *most* satisfactory manner in which he had performed his duties; also to the local Oddfellows, and also to the citizens of Peterborough generally, for the kindness and courtesies extended the visiting brethren and representatives of the Grand Lodge.

APPOINTED OFFICERS.

Grand Master Reid made the following appointments:

Rev. T. W. Jolliffe, Toronto, Grand Marshal.
R. Brookbank, Paris, Grand Conductor.
A. Jordan, Prescott, Grand Guardian.
Geo. T. Bickle, Cobourg, Grand Herald.
Rev. J. H. Simpson, Brucefield, Grand Chaplain.

GRAND SECRETARY KING.

The report of the proceedings of the Grand Lodge would be incomplete without some particular reference to the veteran Grand Secretary and his relations to the Order in his official capacity. He is indeed a veteran official. With his election yesterday he entered upon his twenty-first consecutive year of occupancy of the desk of Grand Secretary. He has reached his majority and it seems a little strange that the grand body which is always so ready and willing to recognise merit and faithful service did not in some specific manner recognize the occasion. Fidelity to routine and aborption in the business of the session, accounted, no doubt, for the omission of what would have constituted a most graceful and becoming act of recognition. Grand Secretary King is old in Oddfellowship. He joined the order in 1858 and has been a continuous member since that time. He has, therefore, entered upon his thirtieth year of *Oddfellowship; he could* not have been an Oddfellow a year longer than he has been a member of the Order. He was born in Hamilton, of Canadian parentage, in 1836, and therefore was just about of age when he became an Oddfellow. He has taken an active interest in no other society, but has devoted his energies to the building up of the Order, to which he is Grand Secretary. He was first elected to this office in 1866, and he has held it continuously ever since, a circumstance more than any other bearing testimony to his pre-eminent fitness for the work and his excellent manner of discharging his duties. It must be a matter of very great gratification to Bro. King, and it is felt and recognized by the members of the Grand Lodge. On Thursday at the election of grand officers, when the announcement of the election of other officers was made there was the usual complimentary demonstrations of approval, but when the re-election for the twentieth time of Bro. King was announced that gentleman received an enthusiastic ovation, a loud and continuous burst of applause demonstrating how popular the election was and how fully the merits of the Secretary-elect were recognized.

Grand Secretary King is a member of Gore Lodge, No. 34, Brantford, and still in spite of removal to Toronto continues a member. He is faithful to the fraternal association of his early years, and prefers to remain a member that lodge to being transferred to a lodge in Toronto, where his residence and official quarters are fixed. He makes frequent visits to Gore Lodge and maintains his personal and fraternal relations almost as fully as if it were situated in the next street. When he was elected Grand Secretary in 1866, he was a resident of Brantford and engaged in business there. The affairs of his office at that time did not so fully employ his time that he was not able to follow commercial pursuits, but in 1879 the growth of the Order, and the consequent augmentation of business, called upon him to devote his entire attention to the duties of his office. The Grand Secretary's office was therefore removed to Toronto, and established in comfortable quarters at 42 King street east. Bro. King has witnessed the great and steady growth of the Order. When he entered office the number of lodges in the jurisdiction numbered some 15 and the number has now reached 211 in good standing and in thrifty condition. The number of members of the Order has, of course, increased in proportion till they now number nearly fifteen thousand—14,847 and the same state of thrift marks every department. During the last twenty-one years the growth of the Order, has been steady and increasing. Some years the growth has been more rapid than others—in one year for instance, there was an increase of thirty new lodges—the increase has been still onward; there has at no time been the slightest retrogression, but, of course, as the field becomes more fully occupied the number of the lodges could not be expected to increase; the increase of membership is what could be expected. The Grand Secretary's work has increased in proportion. In 1866 the journal of the Grand Lodge was a modest little pamphlet consisting of some 30 or 40 pages printed in large type, now the journals make a large volume of closely printed matter of about 300 pages. All these wonderful advances Bro. King has been personally cognizant of and associated with. Under the circumstances he might very appropriately adapt to his twenty years relation to the progress of Oddfellowship the language of Æneas to Queen Dido:—

quaeque ipse (felicissima) vidi,
Et quorum pars magna fui.

Grand Secretary King's long association with his office has given him a wide range of knowledge beyond the strictly defined lines of his duties. He has frequently been called upon to perform the duties of instructor. Last year he travelled 3,500 miles and held thirty-one lodges of Instruction, and his services in this respect have been valued and appreciated equally with the discharge of his regular official duties. He is, personally, peculiarly well qualified for his position; his unassuming bearing, affable disposition and geniality make personal intercourse with him a pleasure. He is a shrewd judge of human nature, and possesses an abundant share of tact and readiness of counsel which go far to smooth matters and diminish the friction that will from time to time arise in any human organization, and so well is he known that matters not strictly within his province are informally submitted to him, and the prudent and tactful word of advice, smooth over and settle matters which might, if followed up, become magnified beyond their intrinsic importance. The head office of the Grand Secretary, in Toronto, is the rendezvous of the craft from every part of the Dominion and the United States, and, associated with Secretary King's kindly personal good offices, it is a great convenience and benefit. A register is kept, and almost every visiting Oddfellow to the city records his name there. Oddfellows in search of employment also leave their names there, and these become the personal objects of the kindly offices of the Grand Secretary and the helpful objects of the organization.

Among the score of Grand Lodges which Bro. King has attended, he says he never attended a more harmonious and successful one than that just closed here. Though some burning questions arose and the discussion elicited thereby was conducted with warmth and vigour, in no case were the fraternal amenities disregarded or forgotten. The Grand Lodge were handsomely entertained in Peterborough, and thanks are particularly due not only to the local members of the Order but to the citizens generally. "Your fitting up your rink to make headquarters for the Cantons was was a capital idea." He said to a local Oddfellow, that he heard no complaints from the visiting Oddfellows, and he would, from his position, have been the first to have heard them if there had arisen any grounds therefor.

Grand Secretary King is to be warmly congratulated upon his election for the twenty-first time to the position he so excellently fills. The EXAMINER takes the liberty of suggesting that the occasion is one which the Oddfellow Order of the province might gracefully use for the purpose of giving Grand Secretary King a testimonial, which might be commemorative of the occasion and substantial recognition of the faithful services which he has for a fifth of century, rendered provincial Oddfellowship.

Stealing a Canoe.

Mr. J. K. Stabler and family, of Smith, have been spending a fortnight camping on Stony Lake, Mr. Stabler providing himself with a new cedar canoe, 16 feet long and 30 inches beam, at a cost of $35. On Thursday the party started to return home paddling the distance to Buckhorn, where they camped on an island, the canoe, containing four paddles and fishing gear, being placed alongside the tent. In the morning the canoe was gone, and Mr. Stabler was obliged to hire a team to reach home. He authorizes the EXAMINER to offer a reward of $10 to any person who will return him the canoe or give information leading to the discovery of the thief who stole it. The canoe was painted a dark slate color both inside and outside.

The Team For Monday's Match.

The following is the composition of the team of the Riversides which will meet the Young Torontos on Riverside Park on Monday:—E. Rogers, goal; A. Ross, point; A. Butler, cover point; T. Meagher 1st defence field; R. H. Henderson, 2nd defence field; F. Pakenham, 3rd defence field; F. Larone, centre field. J. Phelan, third home field; J. Begley, 2nd home field; H. Neil, 1st home field; M. Larone, outside, home; T. Duncan, inside home; M. McDonald, Field Captain. The ball will be faced at 2:30 sharp.

Church Chimes.

Charlotte street church—11 a.m., Rev. I. Tovell, Sacramental Service; 7 p.m., Rev. F. H. Wallace, B.D., in memoriam, W. A. Morrow.

In the George street church, on Sunday, service will be conducted in the morning by the pastor, Rev. F. H. Wallace, M. A., B. D., and in the evening by the Rev. I. Tovell: The Sacrament of the Lord's Supper at the close of the morning service.

Service in the Baptist church to-morrow will be conducted by Mr. Gregory from Toronto.

Suits made to order promptly, and at Prices to please everybody, at Turnbull's

Willow and Wicket.

The Burly Buffers Down the Doleful Duffers.

Another episode in the deadly feud between the Buffers and Duffers took place yesterday, and again the Duffers came out second best, though the disparity in the result is not so apparent as the "great moral victory." The victorious team gave their opponents a severe Boddy blow that demoralized the latter. For the team of the Buffers, T. E. Boddy ran up a fine score of 33, followed by W. Packenham with 19 and by R. Roy (not out) with 18. The Duffers made a gallant but unsuccessful effort. On their behalf, the double-figure men were, W. Sallsbury, 15; J. McIlmoyle, 16; M. Sanderson, (an old-timer) 11 and J. Minore, 12; with W. H. Wrighton (old timer) a close caller for double figures, 9, and Dr. Burnham, not out, 8. Packenham and Sabine did the trundling for the Duffers, while the Buffers sent Minore and Hartley in search of wickets. The capital fielding of both sides is shown by the fact that an aggregate score of 164 was rolled up without a single by being recorded. Following is the score:

Duffers.

Hartley, c Boddy, b Sabine	6
W. Sallsbury, b Packenham	15
J. McIlmoyle, b Packenham	16
M. Giroux, b Sabine	1
M. Sanderson, b Packenham	11
J. Minore, b Sabine	12
B. Giroux, b Packenham	0
F. Dover, run out	6
Dr. Burnham, not out	8
W. Wrighton, b Packenham	9
J. Smith, b Packenham	1
	78

Buffers.

Kincaid, b Minore	1
R. Muncaster, b Minore	4
T. E. Boddy, b Hartley	33
F. Cameron, b Hartley	0
M. Millar, b Hartley	0
R. Roy, not out	18
W. Sabine, b Minore	7
C. King, not out	0
W. Green, b Hartley	1
W. Packenham, b Burnham	19
Hay, b Burnham	3
	86

Cricketers will please bear in mind the capital match to take place on the Association grounds on Monday between Peterborough and Parkdale. The suburban club will send down a strong team and a stiff match may be expected.

Personal

Mr. J. T. Havill, of the Galt *Reporter*, favoured the EXAMINER with a call yesterday.

Mr. John Bertram, who has been camping at Stony Lake, contracted a cold and has been brought home severely ill, but under Dr. Bell's attendance his recovery is to be hoped for.

Mr. J. B. King, Grand Secretary of the Grand Lodge of Oddfellows, and wife went to Stony Lake to-day, the guests of Mrs. E. E. Henderson. Mr. King will there join some of the other Grand officers who are spending a day or two among the islands of the lake.

Mr. W. M. Wood, of Woodstock, is in town to-pay, having returned from the back lakes. He was located on Grassy Island and seems to have enjoyed his visit very much.

Opinions of the Demonstration.

The Lindsay *Post* says:—"The town with large hospitality provided for the wants of many hundreds of guests, and by handsomely decorating the principal streets and residences made an exceedingly effective and favorable impression. A large number of brethren from Lindsay and points surrounding have visited Peterborough during the course of the festivities and were greatly pleased with what they saw and heard. Taken altogether the demonstration has been a successful and brilliant one and has brought the Order very prominently before the public."

The Port Hope *Times* says:—"The arrangements altogether seemed to go without any hitch, and if our Peterborough brethren are as successful financially as they are in their endeavors to make it pleasant for the visiting members of the Order, they will have no reason to regret having undertaken the rather difficult task of entertaining the Grand Lodge of I.O.O.F."

The *Mail* says Wednesday was the central day in the Oddfellows' demonstration here, and in point of interest and attendance nothing is left to be desired. The visitors are extremely pleased with the town—I had almost said city, for the loyal inhabitants claim that it has the 10,000 souls which entitle it to rank as such, and certain it is that there is more than one city in Ontario that has not the smart civic appearance that Peterborough bears. The place has been compactly built up, and the public buildings and business houses are fine substantial structures, while on all sides are evidences of energetic steps being taken for improvement even in this respect. The situation of the town is, perhaps, next to Ottawa, one of the most picturesque in Ontario. The brethren have, therefore, been busy in off moments in seeking out nature in her hiding-places on hill and river.

Weekly Pop of the Gun Club.

At the weekly meet of the Gun Club, held as Riverside Park, the following scores were recorded:

R. Tivey	1	1	1	1	0	1	1	1	0	1—8
D. Cameron	0	0	1	0	1	0	0	0	1	1—3
W. Banton	0	0	1	1	1	0	0	0	0	0—3
F. Seringer	0	1	0	0	0	0	0	1	0	0—2
D. Bellegham	1	0	0	0	0	1	1	1	0	0—4
H. W. Kent	0	1	1	0	1	1	0	1	0	1—6
H. Neil	1	0	0	1	1	1	1	1	0	1—7

BEATEN BY A BETTER MAN

JOHN TEEMER DEFEATS HANLAN IN A FAST THREE-MILE RACE.

The Official Time 19.31—A Great Crowd of Spectators at the Island—A Jam and a Rush—What the Toronto Sculler Says of His Set Back—General Sporting News.

TORONTO, Aug. 15.

This sport-loving city of Toronto has seen great crowds of people together in the palmy days of lacrosse, at Woodbine on Queen's Plate day, and at the baseball grounds in the not distant past, but anything like the assemblage that turned out Saturday afternoon to witness the Teemer-Hanlan boat race has never been half equalled. Fully 30,000 people were scattered along the course in boats of every variety known on Toronto Bay and on the Island, the great bulk of them being of course at Hanlan's Point. Men who have been present at many of the famous sporting events on this continent declare that they never saw such an immense crowd under one sky. The race being rowed late in the afternoon gave every opportunity to add to the throng, and it was nearly 6 o'clock before they stopped pouring over from the city side. The phalanx of police who tried to keep that assemblage in order will remember it as the toughest job they ever tackled. Hanlan's Point was one dense mass of surging humanity, about equally divided as to sex, for it is a fact that there were as many ladies on hand as there were men and boys.

The crowd crushed and pushed and elbowed until they were all black in the face, sore on the corns and bruised in limb. Even the falling-in of two roofs which had been taken possession of by a number of venturesome men and boys did not deter the great mass into keeping quiet, so anxious was everyone to get a good view of what very few saw—the race. The ferry boats were taxed for all they were worth in landing the people at the Island, but when they came to carry them back to the city they (the boats) were painfully taxed.

Everything along the water front that could be made to float was put in commission, and about 10,000 people saw what they could from the decks of steamers and from the variety of craft that made up the picturesque fleet. The balcony and wharf of the Royal Canadian Yacht Club house was occupied by a large company of ladies and gentlemen, and down at Ward's wharf, off which the turning buoys were anchored, were hundreds of spectators. In fact the whole course was lined from every vantage ground.

Calling the Caesmen Out.

Referee Busboy and the race officials, comprising John Davis of Windsor and Peter Duryea of New York, judges at the turn for Hanlan and Teemer respectively, and Joseph Rogers of this city and James Keenan of Boston, timekeepers, boarded the Mascotte at the Island at 4.10 and then went over the course to see if the buoys were in place and to clear the course of the innumerable small craft that literally covered the water in the vicinity of the starting point. The Mascotte returned to the Island at 4.40 and the referee went at once to their boat houses, and notified the oarsmen that he would start the race at 5.30. "The water is perfect," added Mr. Busbey, "and I expect you to be promptly on hand."

Hanlan was the first to make his appearance, seated in his Biddle shell and wearing his blue and cardinal colors and gray trunks. He was warmly greeted. Teemer followed shortly after, rowing his Biddick boat and was also given an enthusiastic reception. Both oarsmen rowed up and down the course, whilst the Mascotte was up near the turning buoys again, removing the small boats from the course. On the way back to the start the referee notified the oarsmen that he would start them with "Are you ready? Go."

In tossing for the choice of positions Teemer won and chose the south or inshore side, which was the preferable one chiefly from the fact that it was sheltered by the long line of craft, that lay outside almost from the starting point to the turning buoys. Hanlan's position was not so desirable as it was not so well sheltered. O'Connor was his bridge at the finish and Charley Gardner, a brother of the Orillia sculler, was Teemer's.

The Race.

There was a slight delay in effecting a start as the stake boats had drifted considerably and had to be replaced in position. The word was finally given at 5.65, Teemer getting a length and a half the best of it, as he shot away as soon as the referee asked "Are you ready?" The Mascotte was lying in such a position that Hanlan was unable to see Teemer's movements, and when he started in pursuit his opponent was fully the distance mentioned in advance of him. Teemer was pulling at 33 and putting a great deal of force in his stroke, whilst Hanlan was pulling 32, and sculling in that form which has made him famous. There was not any material change in the position of the men when they had rowed 220 yards. Hanlan now looked over to locate his opponent, who was still forging ahead with his strong, steady stroke and keeping an excellent course. Despite the noticeable efforts of Hanlan he was unable to reduce Teemer's lead, but his friends were so confident that he would ere many moments overhaul the McKeesport man, that an offer to bet $100 to $80 was made at this stage of the race. There were no takers, though Mr. Keenan expressed his belief that Teemer had the race in hand. As they continued on their way to the turn the scullers were encouraged by the plaudits of the occupants of the small boats. Hanlan being the recipient of the more encouragement. But it was a hopeless task, as Teemer continued to lead by two lengths as they neared the turning buoys.

Up to this point Hanlan had steered an excellent course for his flag, but here he went across the course to the south and found out his mistake only when he reached the end of the first half of the journey. This necessitated his pulling out some distance to enable him to turn properly, and when he eventually straightened away for the finish Geo. Teemer was fully five lengths in front of him. The Mascotte was at this point some distance in the wake of the oarsmen, and went to the north side of the course and laid to till they came back. Hanlan, nothing daunted, set out in hot pursuit of the leader, who 220 yards from the turn narrowly escaped colliding with a sail boat, causing him to lose a few strokes. This enabled Hanlan to get closer, and a mile and a quarter from the finish he had still further reduced the lead. He was here still rowing 32 and pulling in fine form, with a determination plainly stamped on his features to maintain the pace. It was only by degrees, however, that he could get his shell nearer to Teemer's, and half a mile from the finish, amid the yells of his friends on the referee's boat and along the course, he got up to within a length and a half of Teemer.

From this out, however, he could not improve his position, and Teemer rowed in front of him to the finish, giving him the benefit of his backwash. Hanlan rowed as game a race as any oarsman who ever pulled an oar, but his younger opponent seemed able to hold his lead and went across the finish line in 19.31, two lengths in front of him. Both men were thoroughly exhausted.

A Very Fast Race.

Teemer's performance when analyzed stamps him as the fastest sculler in America. He rowed the distance in this race in 19.31, one second slower than Gaudaur in his first Pullman race with Hanlan this year. That the course is fully three miles, cannot be questioned. It has been measured many times, and if anything is over, rather than under the stipulated length. There is no doubt in the minds of boating men that Teemer could, if necessary, have rowed at least a shade faster. His momentary stoppage on the return trip to avoid a collision with a sail boat, also cost him a number of yards, and in fact in every respect what he has often said—that in smooth water he can hold his own with any of the representative scullers of this country. Hanlan's time in the last Pullman race was 20.32.

Teemer, accompanied by his party, left yesterday at noon for New York to train for a regatta to be shortly rowed in that vicinity.

THE HIGHEST YET.

French Balloonists Reach a Height of 7000 Metres.

PARIS, Aug. 13.—The aeronauts, Mallet and Jovis made an ascent yesterday in the balloon Hoorla, starting from the Lavellette Gas Works. It is presumed their object was to penetrate to the greatest height at which it is possible to live. After a few hours' voyage in the air the balloon descended, landing in Marche Belgium. The following telegram has been received from Jovis:

"Victory. We attained an attitude of over 7000 metres. We were obliged to descend for want of ballast. The conditions were excellent, except that Mallet fainted twice. The apparatus is intact."

THE YACHT THISTHE.

Rumors that She Is Lost and Denials Thereof—Cause for Anxiety.

GLASGOW, Aug. 13.—There is a rumor in circulation here that the yacht Thistle, which left here for New York on July 25, has been lost. Mr. Bell, one of her owners, discredits the report. He states that the rig of the Thistle is so much cut down that it will be impossible for her to reach New York before Wednesday of next week, and she may be a week later in arriving.

NEW YORK, Aug. 13.—The rumor of the loss of the yacht Thistle, cabled from Glasgow to-day, is generally discredited by New York yachtsmen.

An Englishman who arrived yesterday as saloon passenger on the steamship Eider reports that on Monday evening, about 7 o'clock, he saw a vessel which he presumed to be the yacht Thistle. She was about three miles off, and was sailing on the wind at the time. The Englishman would not give his name.

It was Second Officer Jacobs' watch, between 6 and 8 o'clock last Monday evening, and he said last night that he saw no yacht, and hadn't heard that any Englishman or other man aboard had seen a yacht.

A report that the Thistle had been sighted at Fire Island yesterday was speedily contradicted. She may now be expected any day. It is considered a little singular, however, that no incoming steamer has seen her, although, if all right, she must be now well within the lanes traversed by ships for British ports.

THE RELIEF OF DERRY.

Causes Some Considerable Trouble in London, Ontario.

LONDON, Aug. 14.—The True Blues of this city had a supper at the Grant House in memory of the Relief of Derry last night. They were proceeding home after the affair when they came in collision with a crowd of Roman Catholic young men and a disturbance took place, which Policeman Howie tried to quell. In the midst of the crowd was a young man named Brown, aged 20, formerly of Hamilton. It is alleged he gave Howie some abusive talk. Howie took hold of Brown but what he did is disputed. Brown went out on the road and fell down screaming that he was seriously hurt, and a crowd of 200 or 300 gathered around and gave eleven policemen all they could do to keep order. Brown was taken to a laundry on Clarence-street and attended by Drs. Wishart and Roark who say he is not seriously hurt. The case will likely be investigated.

THE FAST YOUTH.

With a Fast Horse Manages to Deftly Break His Head.

LONDON, Ont., Aug. 13.—Last night about 10 o'clock P. C. Chapman observed three young men in a buggy driving down Richmond-street at a furious rate and called to them to stop. Instead of doing so they attempted to turn down Ann-street, but ran against a tree smashing the buggy to atoms and throwing the three youths, who were "in a semi-drunken state," out and probably fatally injuring one of them, William McMorgan. He alighted on his head on the hard road, cutting his forehead and fracturing the back of his head. When picked up by the policeman he was found to be insensible. The ambulance wagon was sent for and the unfortunate man conveyed to the hospital where he still lies unconscious and in a critical condition. Dr. Belton has hopes of his recovery, however. The other two in the rig have been summoned for furious driving. The horse, which belonged to a livery stable, was not injured to any extent.

The Fire Bug at Work Again.

BOSCAYGEON, Aug. 14.—Mr. Irvine Junkin, postmaster of this village, had his dwelling and outbuildings destroyed by fire about 3 o'clock this morning. The family had a narrow escape from being burned to death, the rear part of the building being all in flames when first discovered. Most of the furniture in the front part of the building was saved. Insured in the Western for $1000. The fire was undoubtedly the work of an incendiary.

Drowned and Identified.

MONTREAL, Aug. 14.—Two men were upset and drowned while boating opposite Longueuil this evening. Their names could not be ascertained to-night.

DEATH IS STILL BUSY.

ONE AFTER ANOTHER OF THE VICTIMS PASSING AWAY.

A Supplementary List of the Killed—Sad Condition of the Wounded—The Train-Wrecker at Work in Nova Scotia and Nebraska—The Incendiary Theory.

CHICAGO, Aug. 13.—A Peoria list of the deaths from the Chatsworth catastrophe contains the following not mentioned in the revised list sent last night: Mrs. George Meek, Peoria; Mrs. Miller, Peoria; Mrs. E. E. Putney, Peoria; Henry or Oscar Johnson, Monmouth, Ill.; Azro Gale, Orange Prairie, Ill.; Mamie Clark, age 14, and Joey Clark, age 8, residence unknown. These are not understood to be an addition to the total number of victims but are supposed to be the names of victims wrongly identified at Chatsworth. The unidentified are being held at Peoria. All the wounded able to move, except those in private houses, have been taken to Peoria. Seven, however, yet remain in the city in the building used as the City Hall and engine house. Three of these will certainly die, with possibly a fourth. Four of the wounded have been transferred from the hospital at Peoria. Reports [illegible] improvement [illegible] of most of them. Two, however, are past all hope.

A Mad Engineer Runs Away with a Train.

CHATSWORTH, [illegible] Aug. 13.—During the [illegible] day wounded [illegible] changed for the worse, and will in most of the cases had the physicians fear that of the six only two can recover. These two are Mrs. Hazen and her sister, Miss Alger, both of Iowa. Adam Schaumberger of Peoria and young Walters of Cottage, N.Y., are not expected to live over a week. H. P. Bond's state is equally precarious, while for Miss Clark of Ohio there is no hope. Mrs. Peter Valentine of Peoria died at Piper City at noon. She was terribly injured.

The Incendiary Theory Wrong.

CHICAGO, Aug., 4.—A Times special from Champaign, Ill., says: J. O. Baker, President of the Illinois Society of Engineers and Professor of Civil Engineering in the University of Illinois, returned last night from a careful examination of the engineering problems of the Chatsworth disaster and an examination of the condition of the bridges and culverts and protection from fire given these culverts by the road officials and track hands. He favored The Times correspondent with the following: "The incendiary theory has no foundation whatever. I am unable personally to find any citizens of Chatsworth who have seen suspicious characters loitering about. The flames of the burning culvert were plainly seen from Chatsworth at intervals for several hours before the accident. From the lay of the land they must have risen five or six feet above the track to have been seen so far. It is plain that an attempt had been made to protect the bridges of the road from fire, but a personal inspection of the other culverts in that vincity shows that it was not done so as to afford complete protection. A personal inspection along the line of the road for several miles shows that the grass and weeds were not all burned off, but many patches left unburned, and in the immediate vicinity it was more carelessly done than elsewhere. The culvert itself was of the usual build and of abundant strength to carry the train but for the fire which had destroyed the lower portion."

The Train-Wrecker in Canada.

HALIFAX, Aug. 4.—It has just been learned that an attempt was made to wreck a special train on the Windsor and Annapolis Railway on the occasion of the recent visit of Messrs. Schreiber, Pottinger and Archibald, head officials of the Dominion Railway Department. As it was proposed to hold an investigation nothing was said about the matter, but the facts are now given in a Windsor local paper as follows: "The circumstances of the case are most serious. A fully equipped Government train approaching Windsor in the middle of the night comes in contact with obstructions placed on the track which only the most extraordinary interposition of Providence prevented from completely demolishing the train, and perhaps sacrificing the lives of those on board who, besides the train hands, consisted of Messrs. Pottinger, Schreiber and Archibald, the heads of the railway department. The objects placed upon the track consisted of a log about the size of a telegraph pole cut in two, and a huge rock weighing not less than fifty pounds. These articles were brought to Windsor and are now in charge of the section men. What could have been the motive for this fiendish attempt to wreck the train we cannot conceive.

The Switch This Time.

RIVER DU LOUP, Aug. 14.—The fast Cacouna passenger special train, which left this station at 7.45 p.m., ran off the track about half a mile west of here by a switch being turned the wrong way by some malicious person. Except for a severe shaking up, no person was any the worse of the accident. The driver of the train noticed the switch wrong in time to slacken speed, so that very little damage was done.

THE IRON CHANCELLOR.

PRINCE BISMARCK'S RETURN DISTURBS THE DIPLOMATIC CALM.

All Europe Hastens to the Great Man With a—The Austro-Italian Alliance Renewed—Russia's Hand in the Copenhagen Fortification.

BERLIN, Aug. 13.—With Prince Bismarck's return from Varzin, the repose of the diplomatic circle, unbroken for weeks, has been succeeded by commotion. His coming conference with Count Kalnoky at Kissingen is expected to lead to new developments in the policy of the Austro-German alliance against Russia. The overtures made by Russia to have Count Schouvaloff, the Russian Ambassador at Berlin, take part in the coming conference were coldly received and were not pushed. Instead of conferring with the Russian representative Prince Bismarck, during his stay at Kissingen, will receive the envoy of the Italian Government and Dr. von Schlozer, the Prussian Minister to the Vatican. Mgr. Galimberti, the Papal Nuncio at Vienna, is also reported to be seeking an interview with Prince Bismarck. These movements have given rise to reports that the adhesion of Italy to the alliance has become uncertain since Prince Bismarck appeared to favor the claims of the Pope in the latter's negotiations for an entente cordiale with the Italian Government. The story is credited that Count di Robilant, the ex-Foreign Minister of Italy, was received privately by Prince Bismarck at Varzin, and that there was a prolonged interview between them, resulting in the renewal of an alliance, which will be formally and publicly announced after the conference with Count Kalnoky. Italy's adhesion will at best imply a check to Mgr. Galimberti's mission.

The British Ambassador Worried.

LONDON, Aug. 13.—The presence of Prince Bismarck in the Foreign Office has quickened everything. Sir Edward Malet, the English Ambassador, whose leave of absence was shortened, returned hurriedly to Berlin on Thursday and saw Prince Bismarck yesterday before the latter started for Kissingen. To-night he gave interviews to several Ministers.

The Anti-Russian Feeling.

BERLIN, Aug. 13.—Concurrent with the renewal of the entente cordiale between Italy and Austria appear significant articles in the inspired press against Russia. The Kreuz Zeitung, which recently stated that the Government relations with the Czar were improving, yesterday declared that there was no cessation of the Russian hostility towards Germans, and that Russia's delay in applying her ukase against foreigners was only designed to prevent a too hurried execution of the law from injuring Russian interests. In official circles it is looked upon as settled that immediately upon the meeting of the Reichstag special tariff reprisals, including a bill to increase the duty on grain imports, will be proposed. The North German Gazette, which has hitherto ignored the agitation for an increase of the duty, gives prominence to memorials addressed to Prince Bismarck favoring such augmentations. The Chambers of Commerce maintain their protests against any increase, declaring that the present tariff is injurious and that any increase would be ruinous, but popular feeling in the meantime is strongly in favor of a policy of retaliation which would influence the majority of the Reichstag to support the Government.

Russia's Hand in Denmark.

COPENHAGEN, Aug. 13.—Among the incidents in connection with Russian hostility is Denmark's extension of the fortifications at Copenhagen. The Danish official papers assert that the new works are undertaken solely to complete the defences in accordance with the old plans, and that this does not indicate any intention on the part of Denmark to interfere if Germany engages in war with Russia or France. The facts are that the fortifications are being constructed vigorously under Russian prescription and on a scale hitherto unknown in Denmark. The reports of Denmark's armaments led Berlin papers to give warning that the result of Danish interference would be the absorption of Denmark by Germany.

A Menace to France.

BERLIN, Aug. 14.—The seventeenth anniversary of the battle of Gravelotte will be observed on Aug. 18, culminating in a review and display at Potsdam. An imperial decree issued on Saturday evening directs that the ceremony of the consecration of the colors of four new infantry regiments and three new battalions of the railway corps shall take place on that occasion. Prince William will be in command. On the same day there will be a celebration of the victory on the battlefield itself, which will be attended by thousands of people from all parts of the empire. Veterans from every military society in Germany will go to Gravelotte and St. Prevat to participate in the ceremonies. Eight hundred members of the Saxon Kriegs Verein arrived at Weissemburg yesterday, and visited the battlefields, placing wreaths upon the graves where many of their comrades fell.

REMOVAL.

HALL, INNES & Co.

Have removed the balance of their stock to the

PARLOR ROLLER RINK,

on Water Street, where for the next few weeks, during the time alterations are being made in their premises, they will offer goods in every Department, at greater reductions than ever.

The stock is well assorted in every department, and will be cleared out at lower prices than heretofore.

Don't forget the place—Parlor Roller Rink, Water Street.

HALL, INNES & CO.

The Daily Examiner.

MONDAY, AUGUST 15, 1887.

OUR CANAL POLICY.

A news despatch states that Mr. John Page, Chief Engineer of Dominion canals, has gone to Sault Ste. Marie to take a look at the site of the proposed canal at that place. A number of Mr. Page's assistants have been on the ground for some time making surveys preparatory to making plans and specifications for the proposed work. Tenders will be advertised for as soon as the plans and specifications are completed, and it is quite possible that the work will be commenced before the winter sets in. One of the principal objects of Mr. Page's visit to Sault Ste. Marie just now is to arrange for the utilizing of the immense water powers that will be available as soon as the canal is opened. The water-power at Sault Ste. Marie is sufficient to drive all the machinery in America. The waters in Lake Superior scarcely vary a foot in height all the year round, and a canal can be made of such a width at the upper end that the water supply will be unlimited. All this is very fine, but it is by no means to the people of this district interested in the completion of the Trent Valley Canal. This affair has been on the programme for over a quarter of a century.

THE grand result of the wonderful railway policy of the Dominion Government is, says the Montreal *Witness*, therefore, that the people of Manitoba have to strain every resource to build roads belonging to themselves in order to escape from the tyranny of the corporation this policy set up.

AT the great naval review at Portsmouth the fleet was composed of heavily armed ironclads, fast cruisers, gunboats and torpedo boats, store ships and all the respective crafts that go to make up an ordinary fleet. There were 26 steel-clad fighting ships, 9 armed cruisers and 5 sea-going torpedo cruisers, 38 torpedo boats, 38 gun boats, 12 troop ships and 6 training brigs, besides merchant ships and admiralty list. There were 20,200 officers and men and 400 guns. This is perhaps the finest exhibition of naval strength that has taken place during Her Majesty's reign.

MR. ANDRE SENECAL, the superintendent of the Dominion Government Printing Bureau, has left for New York to purchase presses for the new bureau. The purchase of these articles from American firms has, with good reason, too, given rise to a great deal of dissatisfaction among Canadian type agents. Is this unpatriotic course a development of the protection idea? Canadian printers have, with more or less good grace, paid a tax of ten per cent. on imported printing presses for nearly ten years under, it appears, the delusion that they were stimulating the manufacture of presses in Canada. But it appears that even Canadian agents for printing material have not a chance to sell the government a good British machine, but that the first order must be given to the Yankees. This course on the part of the government is of a piece with that of sending to Buffalo for Yankee dredges and scows, when the same could have been supplied of a better quality and more cheaply by Canadian manufacturers.

The present government have pledged themselves specially to the speedy completion of the Canal. Yet what is the present condition of affairs since this specific promise was made in the name of the government in 1882? Only a few paltry thousands have been spent on the work of construction and now we find the purse strings closed and no money appropriated for a continuation of the work. The latest estimates contain a paltry revote appropriation of $90,000, while there appears in the estimates a cool million for a strategetic Canal at Sault Marie. It is all well enough in case of war that Canada should have an independent entrance to and exit from Lake Superior, but the matter is not of such pressing importance that an indispensable work of the first commercial importance should receive the go-by for the sake of a Jingo enterprise. The former as the despatch says, must be pushed with hot haste while the latter is quietly killed without compunction.

FOR DEEP SEATED COLDS and Coughs, Allen's Lung Balsam cures where all other remedies fail. wtdw

STARTLING AND TRUE.

The Gong again gives no Uncertain Sound. GOUGH, the Old Terror, creating Sad Havoc in the Furnishing Goods Trade.

Our Great Sale of Clothing at 40 Cents on the Dollar was an IMMENSE SUCCESS, July Sales being Equal to any Month in the Year. There are a few of those Extraordinary Bargains in Suits yet.

REMEMBER, Visitors, one of the Chief Attractions in Peterborough is GOUGH'S BIG STORE, and we will show you Bargains enough to make you happy; therefore be not deceived by any Catch-Penny-Clothier, but go straight to

George Street, Peterboro, and Queen St. West, Toronto. N. B.—Wholesale and Retail.

GOUGH

The Acknowledged Clothier of the Age.

People Demand Protection,

Patent Medicines.

What are they? As a general thing they are prescriptions having been used with great success by old and well-read physicians. Thousands of invalids have been unexpectedly cured by their use, and they are the wonder and dread of physicians and Medical Colleges of the U. S., so much so, that physicians graduating at Medical Colleges are required to discountenance any Proprietary Medicines, as through them the country doctor loses his most profitable practice. As a manufacturer of Proprietary Medicines, Dr. G. G. Green, of Woodbury N. J., advocates most cordially—in order to prevent the risk that the sick and afflicted are liable to, almost daily by the use of Patent Medicines put out by inexperienced persons for aggrandisement only, and the employing of inexperienced and incompetent doctors by which almost every village and town is cursed; and men claiming to be doctors who had better be undertakers, experimenting with their patients and robbing them of their money and health—for the good of the afflicted that our government protect its people by making laws to regulate the practice of medicine by better experienced and more thoroughly educated Physicians, and thereby keep up the honor and credit of the profession, also form laws for the recording of recipes of Proprietary Medicines, under examination of experienced Chemists and Physicians appointed for that purpose by the Government, before they are licensed for general use. He would most freely place the receipt of Boschee's German Syrup and Green's August Flower under such laws, had he the proper protection, and thereby save the prejudice of the people, and avoid the competition and imitation of worthless medicines.—*Copied from the Chicago Mail Aug. 3rd. 1887.*

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaint, Indigestion and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50cts. and $1 bottles at John McKee's Drug store. eodw31

ONLY TWO BOTTLES.—Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report thrt some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well known U.S.A. General had been cured of Catarrh by the two bottles of Ely's Cream Balm. eodw31

Mothers.

There are upon the skin of every human being, child and adult alike, 2,500,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the poisonous matters into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Fletcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so common among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a reputable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. 4w26d

Children Cry for Pitcher's Castoria.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain. eodw

An Open Letter.

Messrs. T. Milburn & Co., Nov. 25th, 1886.

I wish I had used B. B. B. sooner, which would have saved me years of suffering with erysipelas, from which I could get no relief until I tried B. B. B., which soon cleared away the itching, burning rash that had so long distressed me. Mrs. Edward Romkey, Eastern Passage, Halifax, N.S. 2w31d

SMOKERS,

IMPORTANT TO ALL

Who are Bald, or have Thin, or Gray Hair, or who are troubled with DANDRUFF.

DR. DORENWEND'S

GREAT

GERMAN

"HAIR MAGIC"

Will be found invaluable for the hair and scalp. It cleanses the scalp of all Dandruff, invigorates the growth of the hair, and in cases of baldness where there are the slightest grains of roots left it will produce good crops of hair. It restores gray hair to its original color, and is an excellent dressing.

DO NOT DELAY, if your hair is in a weak condition, get a bottle at once.

FOR SALE BY J. D. TULLY, and all druggists.

Ask for it. A. DORENWEND, Sole Manufacturer, Toronto, Canada.

A. Dorenwend is the leading manufacturer of Hair Goods in Canada. dw

BASEBALL SATURDAY.

All the Scores—The Standing of the Three Leagues.

WILKESBARRE, Aug. 13.—The Torontos had more fun to-day than you could shake a stick at. They batted three pitchers out of the box, hammered the sphere until the crowd were as tired as the fielders, and altogether the visitors enjoyed themselves hugely. The directors of the Wilkesbarre team have reorganized the playing force and have secured four new men. Score:

WILKESBARRE	R.	B.	O.	A.	E.	TORONTO	R.	B.	O.	A.	E.

Present Whereabouts of Sam Jones.

ROUND LAKE, N.Y., Aug. 13.—Sam Jones, who has charge of ten days' meeting at Round Lake, preached his first sermon before a very large audience to-day. Sam will assist in the future services. An audience of 15,000 is expected to-morrow.

London Socialists Excited.

LONDON, Aug. 14.—A gathering of socialists in Trafalgar-square to-day protested against Constable Endacott's evidence upon which a socialist was convicted last week. An effigy of Endacott was torn to pieces.

An Old Favorite.

An old favorite, that has been popular with the people for nearly 30 years, is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children and adults. It seldom or ever fails to cure cholera morbus, diarrhœa and dysentery. 2w31d

Brain worthy.

"Last summer I was entirely laid up with liver complaint, a friend advised me to use Burdock Blood Bitters, I did so, and four bottles cured me. I cannot praise this remedy too much." John H. Rivers, Orr Lake, Ont. 2w31d

Keep Your House Guarded.

Keep your house guarded against sudden attacks of colic, cramps, diarrhœa, dysentery and cholera Morbus. They are liable to come when least expected. The safest, best and most reliable remedy is Dr. Fowler's Extract of Wild Strawberry. 2w31d

Children Cry for Pitcher's Castoria.

Thos and the Queen.

WASHINGTON, Aug. 13.—The following dispatch from the Marquis of Salisbury, Minister of Foreign Affairs, to the British Ambassador, has been transmitted to Mr. Preston Wiman, New York, Chairman of the Queen's Jubilee Committee:

"I have received and laid before the Queen your dispatch, No. 28, of June 7, in which you convey [illegible] the residents of New York on the occasion of her Majesty's jubilee. I am now commanded to request you to express the Queen's sincere thanks for the loyalty and attachment to Her Majesty's person which are manifested in this address, and to convey to the people generally of New York [illegible] best wishes for their welfare and [illegible]."

Brotherhood of Locomotive Engineers.

ATLANTA, Ga., Aug. 13.—The Brotherhood of Locomotive Engineers met to-day, with 300 members present. The delegates were welcomed by Gov. Gordon and Mayor George. Mr. Arthur, chief of the brotherhood, made an address on the subject and nature of the order. Mr. H. W. Grady being out of the city, Rev. J. W. Lee, pastor of Trinity Church, made the regular address. He congratulated the brotherhood on their methods and wage of adjusting grades, and said they had conducted their order so as to commend it to the best people of this country. There is a large and enthusiastic assemblage present.

A Chicago Boating Accident.

CHICAGO, Aug. 14.—Last Thursday Frank Bryan, Fred Evans and Thos. Collins, three young men residing in Michigan City, went out for a sail. They have not since been heard from, but their parents have not [illegible] alarmed till to-night. This evening a boat [illegible] working near the shore fourteen miles from South Chicago discovered a yacht capsized with all sails set and drifting near the shore. The body of a young man closely resembling Evans was found tangled in the sails, and it is believed that the yacht was capsized by a squall and its three occupants perished.

The Lunatic Abroad.

HAMILTON, Aug. 13.—Flora Condy, a 14-year-old girl, residing in Barton township, while returning home from the city yesterday, was accosted by some rough-looking man, and when she ran from him he chased her and made an attempt to seize her by the arm. The girl ran into a neighboring house, and an alarm was raised. Quite a number of people turned out and searched for the man, but could not find him. They came to the conclusion that he took to the mountain. It is believed that he is an escaped lunatic.

A Balloonist's Great Danger.

CULLOM, Ill., Aug. 14.—Prof. Talbert, the balloonist, made an ascension yesterday afternoon. The balloon arose about 1000 feet and sailed away in a northwesterly direction. Soon after the start it was discovered to be on fire, the smoke rolling from the top in clouds. By this time it had sailed about a mile away. It then began to come down rapidly and struck the ground with a rush. Talbert escaped severe injury only by good luck. About all that was left of the balloon was the rings on the bottom. The excitement of the people was intense.

Bad Luck with the Halibut.

GLOUCESTER, Mass., Aug. 13.—The schooner A. D. Story, the first of the Iceland halibut fleet, arrived to-day. Capt. Regan reports that the weather this season has been the worst ever experienced. Halibut were plenty but the vessels could not fish. Two Danish vessels were reported lost on that coast but the crews were saved. The French fishing vessel Sophia of Morel was lost at Rickvick with a crew of thirty-two men. Great destitution prevailed among the natives, and many were leaving the country.

The Boneel Socialists.

NEW YORK, Aug. 13.—The Socialist Conference Committee met to-night and adopted resolutions to the effect that their expulsion from the United Labor party was only a political trick that should awaken suspicion among honest workers in the cause of labor. It was further resolved that the principles of the Socialistic party would be upheld at the Syracuse convention.

Lucc Wants to Resign.

WASHINGTON, Aug. 14.—It is stated that Admiral Luce has telegraphed Secretary Whitney requesting that he be relieved from the command of the North Atlantic squadron, naming the date but at the same time leaving the matter entirely in the hands of Secretary Whitney.

Hit Them Where They Lived.

CONCORD, Aug. 13.—Twelve guests at a summer boarding house at Weir Centre were poisoned by eating cream yesterday. Several were quite seriously ill for a time, but medical aid was summoned and all are getting along comfortably.

It Saved My Wife's Life.

This is the report of a Princess street gentleman who had the opportunity a few nights since of testing Polson's NERVILINE, the great pain cure. Be prepared for any emergency by having a bottle of Nerviline at hand. It costs only 10 cents to test it, and you can buy test bottles at any drug store. Get a 10 or 25 cent bottle to day. Sure in rheumatism, neuralgia, cramps, colic, headache. Nerviline, the sure pop pain cure. All druggists. 25 cts. a bottle. 6dw33

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

For the Babies

it is not necessary to buy corn cures. Men and women should remember that Putnam's Painless Corn Extractor is the only safe, sure and painless corn remover extant. It does its work quickly and with certainty. See that the signature N.C. Polson & Co. appears on each bottle. Beware of poisonous imitations. 6dw33

Broken Down.

"After suffering with dyspepsia, kidney disease, loss of appetite and pain in the head until discouraged, I heard of B. B. B., took two bottles and am happy to say I feel as well as ever." Mrs. Rufus E. Merry, New Albany, N. S. 2w31d

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eodw61

"HABBIE B HIJO."

(What does it mean?)

Sizes:—

Pins, 10c.; 3 for 25c.
Lancelcorne, 10c. each.
Reina Victoria, 15c.; 2 for 25c.
Perfectos, 15c. each.

The finest brand of Domestic Havana cigars in the market.

Try them. Superior to Imported.

S. DAVIS & SONS,
Montreal and Toronto.

West's Cough Syrup instantly relieves and speedily cures bronchitis, sore throat, and all throat diseases. Try it and be convinced. All druggists. dwd

West's Cough Syrup destroys children, but Freeman's Worm Powders destroys Worms, and expel them from the system. dwd

West's Cough Syrup, the most reliable remedy for all throat and lung diseases. For safety keep it always in the house. All druggists. dwd

The increasing demand for West's Cough Syrup is evidence of its great virtue in all throat and lung diseases. Three sizes. All druggists. dwd

National Pills are the favorite purgative and anti-bilious medicine; they are mild and thorough. dwd

To remove Dandruff—Cleanse the scalp with Prof. Low's Magic Sulphur Soap. A delightful soap for the toilet. dwd

Don't worry if you are out of employment. Write to Mr. Kowdy, 41 Wellington Street East, Toronto. Send stamps for reply sealed.

World-wide is the reputation of West's Cough Syrup, the truly marvelous remedy for coughs, colds, croup, whooping-cough, asthma and consumption. All druggists.

A Crying Evil.—Children are often fretful and ill when worms are the cause. Dr. Low's Worm Syrup safely expels all worms. dwd

Chilblains, frosted feet, and all frost bites cured by a few applications of West's World's Wonder or Family Liniment, the magic cure. Try it. 25 and 50c. All druggists. dwd

MOTHERS TAKE NOTICE.—West's Cough Syrup contains no opiates, opium or any minerals, and can be given to the youngest and most delicate child with perfect safety. It is an infallible cure for croup and whooping cough. A bottle should always be kept convenient, as it is always a certain cure for coughs, colds, consumption in its early stages, bronchitis, asthma, and all throat and lung troubles. 25c., 50c. and $1 per bottle. All druggists. dwd

TO Contractors and Builders

Drain Tile Pipe.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

COLD MEDICATED.

N. WASHINGTON

M. D. L. C. P. S. O.

Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIRS.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and to-day the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all those troubled the advisability of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. Dunn,
C. P. R. Agent, Peterborough Ont.

P.S.—Use this as you deem prudent.—J.P.D. d143w26

Steerage Passengers are booked to and from Queenstown, Derry, Belfast and Glasgow at same rates as Liverpool.

For tickets and every information apply to

GEO. A. COX.

d&w Agent Allan Line, Peterborough

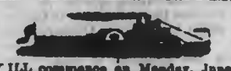
Steamer Golden-Eye.

Will leave every Monday, Wednesday, and Friday at 7.30 a.m., Peterborough wharf, Locks at 8 a.m., calling at Victoria Park, Gore's Landing, Harwood and Idyl Wild, connecting with Cobourg Railway. Returning leave Harwood at 3 p.m., on arrival of train.

Tickets, to Cobourg, $1.50, to Harwood 50c.; good for one day to return, 75c. Special rates to pic-nic parties.

Tuesday, Thursday and Saturday will be open for charter to excursion parties or towing. d23

THE STEAMER CRUISER.



WILL commence on Monday, June 27th her daily trips to Stony Lake, leaving Lakefield on arrival of morning train from Peterborough; returning will arrive at Lakefield in time to connect with train for Peterborough.

The Steamer has been thoroughly overhauled and a new and powerful engine put in her, thus making her the fastest boat on these lakes.

Special reduction to Excursion Parties.

Season and return tickets at reduced rates from A. I. WRIGHT, Lakefield or from CAPTAIN EDEN on board.

Commencing on August 1st, the steamer will leave Lakefield on arrival of the evening train for the A.C.A. Camp, Stony Lake. Returning will leave the camp at 6 a.m., and connect with the morning train for Peterborough.

A. I WRIGHT, Proprietor. R. M. EDEN, Master. d123w23

STEAMER FAIRY.

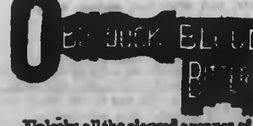
THIS POPULAR STEAMER, having been thoroughly overhauled and repainted, will begin her regular trips between Lakefield, Young's Point, Burleigh Falls, Mount Julian, and the A.C. Camp on Monday morning. Each day except Sunday's on the arrival of the morning train from Peterborough, she will leave Lakefield, taking the above route: will return to Lakefield in time to connect with the evening train for Peterborough. The steamer can be chartered for any special occasion, and due notice will be given in this paper of any day on which the regular route is cancelled. The route of the Fairy embraces the pleasantest cruise available in the back lakes to pleasure-seekers. Small excursion parties not wishing to charter the steamer will be given special rates, which, with any other information, will be made known on application to

P. P. YOUNG, Proprietor. WM. SCOLLARD, Master. d141

Tickets for Sale at T. Menzies, Peterborough.

From this date the steamer Fairy will make an additional trip every evening to the A. C. A. Camp, leaving Lakefield on the arrival of the evening train.

THE KEY TO HEALTH.



Unlocks all the clogged avenues of the Bowels, Kidneys and Liver, carrying off gradually without weakening the system, all the impurities and foul humors of the constitution; at the same time Correcting Acidity of the Stomach, curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Eruptions, Humors of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.

MONDAY, AUGUST 15, 1887.

LOCAL NEWS.

DON'T forget it. Remember the excursion to Belleville and Mesnesaga Point per G. J. R., Wednesday morning. 237

Male Choir.

All members of the Y.M.C.A. Male Choir are requested to meet for practice to-night at 8 o'clock.

KIDD is not trying to do the shoddy trade but the solid, substantial, first-class boot and shoe trade of the town, and he is doing it.

Just opened out at Turnbull's, the Kabe Corset (entirely new) warranted not to break or roll up with one year's wear.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.00. Call and see them.

Members Meeting.

An important meeting of the members of the Young Men's Christian Association has been called for Tuesday night at 8 o'clock. The special business is the election of a new general Secretary.

The Simcoe Street Bridge.

The contractor for the stone work on this bridge is at work. A considerable quantity of stone is at hand and the excavation has been completed for the western wall.

Continuing the Service.

The Water Works Company expect to complete this week laying the mains from George to Rubidge street along Dalhousie street. They have crossed the creek and are now near Aylmer street.

R. R. V. R

Several cars from the Crosson Car Works, Cobourg, attracted the attention of passers-by at the C.P.R. station yesterday. They are on their way to Winnipeg to be used on the much vetoed Red River Valley Railway.

Just opened out at Turnbull's, New Shades in Fall Dress Goods, and Fancy Watered Plushes to match.

Rally of Dry Goods Salesmen.

The EXAMINER is requested to announce that a meeting of the dry goods clerks of the town will be held in the reading room of the Y. M. C. A. this evening at 7.30 o'clock. A general and full attendance is requested as important matters will be up for discussion.

Invading Reid Street.

Superintendent Henderson, of the Water Works Company, has his shovel brigade employed in excavating on Reid street, from Charlotte street south, for the laying of an eight inch main. The main will be continued south to King street for the present.

Port Hope Cheese Board.

The adjourned meeting of the Port Hope Cheese Board was held in the Town Hall on Thursday afternoon, 11th inst. 839 boxes were boarded. The cheese was sold to Boden & Co., Montreal, at 11¼. The competition was keen. The next meeting of the Board will be on Wednesday, August, 24th.

Kingston Water Works.

The corporation of Kingston now owns the water works of that city. The by-law assuming the plant, which was voted on in Kingston, Wednesday, was carried by 884 to 114, giving a majority of 770. The supporters of the by-law expected a strong lead, but not such a one as the totalling of the ballots revealed.

You will find at Turnbull's the far-famed Alexandre Kidgloves, cut to fit the hand, every pair warranted.

Colts Injured.

Last week Mr. Joseph Redmond had three legs cut off one colt and two off another, by a train on the Grand Junction division of the G. T. Railway. It is thought that some of the men on the road, who are accustomed to pass through the gate to the spring, left it open, enabling the colts to reach the track. They were valued at $300.

Bridge Repairs.

Residents in the lower part of the town, south and east of George street, in coming up town have to go by way of Aylmer street. George Street has been made temporarily impassable by the taking down of the bridge at the confluence of Spalding's Bay with Little Lake, for the purposes of rebuilding.

Third Class Examinations.

The successful candidates for third class certificates who write in Peterborough are: R. Hetherington, M. Mahood, W. Stone, A. Sherin. Of these the first three were students of the Collegiate Institute. Two of the successful second class candidates also took third class certificates. The number of certificates taken by pupils from the Institute is, therefore, 5 seconds and 3 thirds.

Belleville Water Works.

It is expected that the water will be turned on to-day. The company is supplying customers with service pipe.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

Just opened out at Turnbull's, a handsome Range of Heating Stoves, New Styles.

Cricket.

The Parkdale (Toronto) and Peterborough cricket elevens are trying conclusions on the Association grounds to-day. Wickets were pitched at 10.30, Parkdale facing the bowling. Their innings closed with a score of 94. Peterborough followed, and at 3.15 had made 124 for 8 wickets, with Rogers and Stratton at the bat.

Cavanagh's New Quarters.

The contract for the new hotel to be built for Mr. T. Cavanagh, on the property of the Chamberlain estate, south of the market square, has been awarded to Mr. A. Rutherford. Work will be begun at once, and the structure will be a fine one as previously intimated in these columns.

Men's Cordovan shoes at KIDD's for $1.25 a pair.

Our Fire System.

The four electric fire alarm boxes in connection with our fire system, have been placed in position in the respective wards. They were tested on Saturday and were found to work satisfactorily in every respect. Mr. J. E. Pell, inspector of the board of Fire Underwriters, will visit town to-morrow and make a final inspection and report upon our fire appliances in order to report in reference to advancing the insurance rating of the town to Class "B."

An Oddfellow Episode.

Mr. J. B. King, Grand Secretary by special request, has consented to remain over and attend the regular meeting of Otonabee Lodge this evening. Dr. Bell, Grand Warden will also be introduced. The session will be an unusually interesting one. It is to be hoped that all Oddfellows who can make it possible will be present. A cordial invitation is extended to the members of Peterborough Lodge and to all Oddfellows of sister lodges, who may be in town.

On the way Minden, Persia, destined for Turnbull's Dry Goods Establishment, the Astrachan Mantle Cloths and Trimmings the correct Material for Mantles this Season.

Sudden Illness.

Sunday morning the congregation of St. Andrew's Church assembled for worship as usual, but no services were held. The pastor, Rev. A. Bell, was suddenly seized with illness and could not conduct the services. The congregation distributed themselves among the other churches, a large number attending St. Paul's, where Mr. Duncan, a student of Knox College, preached. Rev. Mr. Bell's illness, it is gratifying to announce, was only of a temporary nature and he has recovered.

The "Hired Man" Makes it Hot.

A few days ago the "hired man" of Mr. James McConnell, of Otonabee, was loading peas on the wagon. He combined business and pleasure by smoking while he worked, and apparently resigned his pipe before it was exhausted, for he knocked out the ashes with the result that the load took fire. By prompt exertion the greater part of the load was saved from burning. The man who will sit on a powder keg and smoke his pipe is very properly pronounced a fool, and the man who will, this dry weather, smoke on a load of inflammable straw is, at least, a distant relative.

Suits made to order promptly, and at Prices to please everybody, at Turnbull's

The Burleigh Locks.

Work on the Burleigh locks is entirely completed, so far as the stone work is concerned, and everything is ready for the lock gates, which are well under way, to be placed in position. The dam at Burleigh is also completed. There is about a week's work at Loverock Rapids and, if the lock gates are not unduly delayed in completion, the whole new line of navigation will be open in September. Thus a clean stretch of water will be thrown open from Lakefield to Bobcaygeon Lake, the head waters of the system, opening up about 150 miles of direct and lateral navigation, and it is likely that, as was promised a year ago, a press excursion will be organized to go over the route.

An Enterprising Firm.

Messrs. Rush Bros., as a result of the enterprise which characterizes their commercial operations, have received direct from Japan a large shipment of tea of the first quality. This tea they have placed before their customers, and its superior quality is commanding a ready sale. The public who desire a sample of pure tea of the very best quality should place their order with Messrs. Rush Bros. Direct importation saves to the customer the cost of the profit of middle-men and gives the consumer a better article at a cheaper figure than more ordinary teas not so imported. The Messrs. Rush Bros. are bound to keep pace with the times. Hotelkeepers and householders will be pleased to learn that the firm have made arrangements for a regular weekly supply of sea fish. They receive every Friday morning, per C.P.R. early express, fresh sea salmon, fresh mackerel, fresh cod, and fresh haddock. Their shop is the place for everything first-class required in their line by the public.

Canadian Oddfellows' Excursion.

At 12:30 to-day an excursion party under the auspices of Excelsior Lodge, No. 90, Canadian Order of Oddfellows, arrived in town, celebrating Toronto's civic holiday. This order has, so a member informed an EXAMINER reporter, six lodges in Toronto, composed of about a thousand members. The members of the Order on the excursion, not acquainted with the circumstances, would think, from the display of tokens of amity and welcome displayed, that the Independent Order had a surplus of the first of the trinity of graces sacred to the Order—charity—towards their "separated brethren." It would not be unnatural for the latter to appropriate to themselves the signs of welcome visible in the town, and remaining over from Oddfellow work. The excursionists busied themselves in doing the town and seemed to be on the alert for enjoyment and quite successful in the search. Large numbers of them, particularly the women and children, made Court House Park their rendezvous.

Children Cry for Pitcher's Castoria.

In Memoriam Service.

[redacted]

Quarterly evening the Charlotte street Methodist church was crowded by a congregation assembled to take part in the memorial services and to listen to an eloquent sermon delivered by Rev. F. H. Wallace, in memory of the late W. A. Morrow. Special music was provided by the choir and special hymns sung by them and the congregation.

The Scripture lesson read was the third chapter of St. John's Gospel:—

Jesus answered and said unto him, Verily, verily I say unto thee, except a man be born again he cannot see the Kingdom of God.

Rev. Mr. WALLACE began his discourse by saying:

It was the request of our dear departed brother, that I, having been so long acquainted with him,

AND SO TENDERLY ATTACHED TO HIM,

and having attended him through his illness, should conduct this memorial service—"Tell Mr. Wallace" said he shortly before he died, "tell Mr. Wallace that I was born in Cavan May 12th, 1835, born again in Cobourg May 14th, 1856—Except a man be born again he cannot see the Kingdom of God." I took it that Mr. Morrow meant to suggest these words as furnishing a suitable theme for this service. If so, the choice was characteristic of the man, humble, simple, modest in his piety, not desirous of eulogy on himself, but anxious for the salvation of others. The familiar words which I have quoted you recognize as Christ's words to Nicodemus in John III, 3—Except a man be born again he cannot see the Kingdom of God.

The reverend speaker went on to expound his text, showing the necessity of mans' regeneration; that, within himself and of himself he had no power to overcome the

INHATE DEPRAVITY OF HIS NATURE,

but through the provisional agency of the blood of Christ, and the essential agency of the Holy Spirit the transformation was made—the higher nature supplanted the depraved nature—a new and quickening power was placed in the soul. A converted man was mentally and physically the same as before but he was a "new creature in Christ Jesus." Regeneration restored the true order of the faculties of the soul, disordered by depravity. The new nature would develop and overcome, and our predestined conformation to the image of Christ would be at last perfected in the presence of God—"we shall be like him, for we shall see him *as he is.*"

Rev. Mr. WALLACE continued:—I have thus tried to expound the text on which the mind of our departed brother fixed. His own life and character were a practical exposition to the church and and the world of this great truth. His was a regenerate life, a life beginning in God, running through years of

HONORABLE WORK FOR GOD AND MAN,

and ending in the sweetest peace.

Born of Christian parents, his early life was passed amid the best of influence and under the best of instruction. The name of Jesus sounded in his lullaby and fell from his infant lips beside his mother's knee and the story of God's grace in Jesus was stored in his retentive memory. He was trained in good habits of Christian virtue. So his whole early life furnished *him* with those materials of true thought, earnest purposes, high ideals and virtuous habits on which the Holy Spirit might seize, touching all with the power of the new and higher life.

His own estimate of the eternal importance of that crisis when he first consciously accepted Christ as his Saviour and passed from death unto life, is expressed in those words which I have already quoted to you. "Tell Mr. Wallace that I was born in Cavan, May 12th, 1835; born again in Cobourg, May 14th, 1856. Except a man be born again he cannot enter the Kingdom of God." Mr. Morrow's conversion is one out of the many instances throughout the land of the

BENEFITS CONFERRED ON THE COMMUNITY,

under Christian control. It was in his first year at Victoria College that he was awakened, sought the Saviour and found peace. It was months after the close of the special meetings at which he was awakened, that, in the quietness of his own room he gained that assurance of salvation through the blood of Christ which he never after lost. The fruits of the inner change were at once most evidently manifest in his outer life. It had always been moral. It now became godly. It was ever after an epistle known and read of all men.

Bro. Morrow at once became a member of the Methodist church and remained constant in his devotion to its work and interests and faithful in his attendance upon all the means of grace so long as his bodily strength permitted. His ability and piety were speedily recognized and utilized in the church. From 1861 to 1875 he was recording steward of the then Millbrook circuit. In 1875 he removed to Peterborough and

BECAME AN ACTIVE MEMBER OF THE CHURCH

and official board in the town. And, when the Charlotte street church became independent, he was unanimously chosen as recording steward. This high office he held until the day of his death, discharging its duties with fidelity and courtesy to the great satisfaction, both of pastor and people. In the work of the church he was a man to lean on for wise counsel, as well as loving sympathy, not vastly sanguine and yet never despondent, with a wide outlook into the future as well as the present, and with the highest interests of God's kingdom ever at heart.

For fifteen years he was the superintendent of the Sunday School at Fairmount, and for many years taught a Bible class in the Charlotte street church. As a representative to the District Meeting he was never absent until this year, and even this spring, with the hand of death already upon him, he

WAS ANXIOUS TO BE AT HIS POST,

Year after year saw him a member of the Annual Conference. Three times he attended the highest court of our church, the General Conference, in '74, in '82 and in '83, the memorable year of Union. His scrupulous accuracy in business and the shrewdness of his judgment frequently won him a place on the Missionary Committee. In him the Charlotte street church and whole conference have lost a faithful friend, a liberal supporter, a sagacious adviser.

Outside of the church his public labours were chiefly in connection with education. He was a school trustee in Cavan for fourteen years, was elected to the same position in Peterborough soon after his arrival in the town, and for ten years held the important office of Secretary-Treasurer of the School Board. In this position, as in all others, he was above reproach, devoted to his duties, careful in details, broad in his views, firm in his convictions, considerate of others, scrupulously honorable in all his dealings.

"WEARING THE WHITE FLOWER OF A BLAMELESS LIFE."

Into the beautiful sanctuary of his happy home life we hardly dare to intrude, for domestic hope is too sacred for many words. In January 1866 Bro. Morrow was married to that dear Christian woman, who so long shared his joys and sorrows, smoothed his pathway with her sympathy and care, and now, while she mourns his loss, looks beyond the earthly parting to the heavenly reunion. May God multiply such homes of peace, of love, of Christian virtue. May God guide and bless the surviving children, one in whom wears the gold mine from the deep middle ground gold has brought.

If I were asked [redacted]
brother's special characteristics, I should say it was the remarkable [redacted]
fusion in [redacted]
frequent [redacted]
enough in [redacted]
ness, strength of emotion and strength of will. Resolute in purpose he was yet tender in heart.

TENACIOUS IN ADHERING TO THE RIGHT

and not afraid to express his opinions, he was yet full of respect for the opinions of others, and of regard for their feelings. His thoughts, [redacted] naturally to turn to others [redacted] welfare, rather than his own comfort. On one of those dark days when every breath was a struggle for life, I noticed that he was, with difficulty, trying to say some words to me and, stooping down, I caught this kind enquiry, "How is the baby" (my little girl had been seriously ill)—kind, thoughtful, tender to the last. There was nothing meretricious in brother Morrow's piety. He was a man among men and fond of his harmless joke, a capital companion, lighting up many a board meeting or social chat with the lambent flame of his dry and pleasant humor; a man who lived life and enjoyed it and yet ever living ready for his end

HE WAS A CONSISTENT CHRISTIAN.

His life was not here a dashing, rapid, there a stagnant pool, but throughout a broad, deep, placid stream, bearing precious argosies upon its bosom. He illustrated far more satisfactorily than many, whose professions are higher, whose shout is louder, the true spirit of the gospel. He was a man to whom one was always glad to point as a representative of our church and of our Christianity. His easy, steady, winning type of piety was largely due to his extraordinary familiarity with Holy Scriptures. After his conversation he memorized the whole of the New Testament and so in later years, for every circumstance of life, there came up within his mind an appropriate and helpful "it is written."

I feel it a privilege to have known this good man in his life, to have attended him throughout his illness and now, cherishing the hope of reunion in the tearless world above, to lay this wreath of regret, respect and love upon his bier:

"Life's race well run,
Life's work well done,
Life's crown well won:
Now comes rest."

His end was as his life, full of a steady faith, an unfailing patience and a wonderful and never-clouded hopefulness. One day he lay looking up. The question was asked: "Do you see anything, William?" And he answered: "I see a name written there!" At another time I asked: "Is Jesus with you?" "Oh, yes." "Are you afraid?" "No." "Can you trust Him?" "Yes, trust Him for all that's to come." At yet another time, when he said to me, "I'm nearly gone," I repeated the enquiry whether he had any fear, and he replied: "I have no fear. My feet are on the rock."

And so, without one shadow of fear upon his face or of doubt upon his faith, he went quietly out from us into that vast deep mystery which we call death—companion mystery to that which we call life.

We know not what it is, this sleep so deep and still:
The folded hands, the awful calm, the cheek so pale and chill:
The lids that will not lift again, though we may call and call;
The strange, white solitude of peace that settles over all.

We know not what it means, this desolate heart-pain:
This dread to take our daily way, and walk in it again,
We know not to what sphere the loved who leave us go
Nor why we're left to wonder still; nor why we do not know.

But this we know: our loved and dead, if they should come and ask us, "what is life?" not one of us could say.
Life is a mystery as deep as ever death can be:
Yet oh, how sweet it is to us, this life we live and see!

Then might they say—these vanished ones—and blessed is the thought.
"So death is sweet to us beloved! though we may tell you naught:
We may not tell it to the quick—the mystery of death—
Ye may not tell us, if ye would, the mystery of breath."

The child who enters life comes not with knowlege or intent,
So those who enter death must go as little children sent.
Nothing is known. But I believe that God is overhead;
And as life is to the living, so death is to the dead.

"He that hath the Son hath life," and to "depart and to be with Christ" is far better."

Personal.

Mr. Thos. Cahill and Mr. John Martin left to-day via C.P. Railway for a three weeks trip to the Pacific Coast.

The Misses Stephenson, of Cobourg are spending a few weeks with their brother, Mr. A. R. Stephenson, Aylmer street.

Mr. H. H. Smith, Dominion Land Commissioner, Winnipeg, is in town to-day, and gave us a call. He is in Ontario for a few days holidays, and is looking well.

Dr. Barnardo and wife, and A. B. Owen, visitor to the boys in service, sailed on Friday, per steamer Parisian, with 160 boys for Canada.

Mr. D. English and Mr. J. White, of Montreal, are in town to-day. They purpose going by G. J. R. to Belleville, and by canoe to Montreal, remaining for a few days at the Thousand Islands Park. Mr. White has been for the past week attending the A. C. A. regatta on Stony Lake.

Police Court.

SATURDAY, Aug. 13.

At an afternoon session of the Court John Mayboycke, a young man, was charged with violently assaulting John Adlum. The charge was proven. A fine of $10 or thirty days in jail was imposed. He went up, but in the evening his fine was paid by his "chums" and he was released.

MONDAY, Aug. 15.

Four young men were arraigned charged with stealing tomatoes from Geo. Hunter, Smith. The complaint was withdrawn, the complainant paying the costs.

French kid boots in the latest styles and prices to suit everyone, at KIDD'S.

A LOVELY THING IN PERFUMES—"Lotus of the Nile." mwfw

Shoemakers Rejoice.

A man named John King fell, upon the *Intelligencer*, from the third story window of the Gilman House, Campbellford, Mr Widdy. The force of the fall was broken by his body coming in contact with signs. He received severe injuries but will probably recover. Mr. King was a former resident of the town and is well known here.

Not so Bad as Predicted.

The farmers of Hastings county made dismal crop reports before harvest, and business men were led to fear hard times and a small fall trade. The crop has certainly not yielded what it promised early in the season, but the reports given below, says the *Intelligencer*, will show what the yield has been, and that it has not been nearly so bad as was feared would be the case. Jos. Lally, of the 5th concession of Tyendinaga, sowed 25 bushels of barley and reaped 480 bushels. Fred Pope put in 40 bushels and reaped 512, an average of 25 bushels to the acre. Henry Fairman harvested 625 bushels as the yield of 30 bushels sowing, and W. H. Mallory 500 bushels from 33 bushels, the weight varying from 47 to 50 lbs per bushel.

SMOKERS,

WHOOP! FOR THE G. O. M.

GLADSTONE'S CANDIDATE CARRIES NORWICH WITH A RUSH.

The Conservatives Crushed Under the Blow—Heralded as a Message of Peace to Ireland—Nationalists Claim the League Cannot Now be Proclaimed.

LONDON, Aug. 15.—The election in the Norwich division of Cheshire on Saturday to fill the vacancy caused by the death of R. Verdin, Liberal-Unionist, resulted in another victory for the Gladstonites. The vote stood: J. T. Brunner, Gladstonian, 5112; Lord Henry Grosvenor, Liberal-Unionist, 3083. Grosvenor is a son of the Duke of Westminster. In the last election, when the Liberal-Unionist candidate was successful, the vote was as follows: R. Verdin, Liberal-Unionist, 4416; J. T. Brunner, Home Ruler, 3058.

Consternation Crushes Conservatives.

LONDON, Aug. 15.—The result of the Norwich election is a crushing blow to the Conservatives and dissentors, who were confident that they would retain the seat. At their clubs the news was received with consternation. The Home Rule clubs and Centrals were correspondingly elated.

The Successful Candidate's Speech.

LONDON, Aug. 15.—Mr. J. T. Brunner, the newly-elected member of Parliament for the Norwich division of Cheshire, made an address to-day to the electors of his district. He said: "You have won a victory for Mr. Gladstone and for Ireland. The issue between the classes and the masses has been made absolutely clear for the first time. The significance of this message of peace to Ireland it is impossible to overstate."

Jubilant and Defiant.

DUBLIN, Aug. 15.—The Nationalists here are jubilant over the Gladstonian victory in Cheshire. They declare that the Government cannot proclaim the National League in the face of a defeat which completely changes the political situation.

OTTAWA COUNTY ELECTION.

And Other Interesting News From the Capital of the Dominion.

OTTAWA, Aug. 15.—The Department of Agriculture was informed this morning of the arrival of nearly 800 immigrants by the steamers Oregon and Polynesian.

The mounted police authorities have decided to follow the example set by the United States War Department and try the experiment of utilizing the Blood Indians as scouts.

Mr. Cormier has issued an address to the electors of Ottawa County, asking their support as a Conservative candidate. He expresses himself in favor of the commercial corporation tax. Mr. Roshon will, it is understood, be again the Liberal candidate, and his friends are very confident of his success.

Dr. D. McEachran, Dominion Cattle Inspector at Montreal, who has just returned from the ranche region in the Alberta District, reports that although the winter was the most severe experienced in twenty years, the loss on acclimatized cattle was not over 15 per cent., and on cattle newly brought in about 25 per cent. This summer has been the most favorable to stock interests ever known in the country. Horse breeding is being rapidly developed. He considers the District of Alberta one of the finest horse raising districts in the world.

The Department of Railways has agreed to issue free passes over the Intercolonial to riflemen from the Maritime Provinces visiting Ottawa for the Dominion rifle matches.

It is understood that the contract for ten miles of the Pontiac Pacific Junction Railway from Coulonge River westward has been let to a Mr. Johnson of the Eastern Townships.

Engineers are at present engaged in revising the location of the Government line of railway from Oxford, N.S., to New Glasgow with a view of reducing the grades.

The contractors for the grading of that portion of the short line railway between Sherbrooke and Mattawamkeg have a large force of men at work and are anxious to increase the number but labor is unobtainable.

Mr. Collingwood Schreiber, who lately returned from a tour of inspection of the Shor Line Railway, says that Sims & Slater, th contractors for the first section, are making excellent progress with grading. They hav fifteen hundred men employed. Mr James Isbester, contractor for the second section, is now in Cape Breton preparing to commence work. It is expected that the whol line will be completed by December of nex year.

Messrs. Carling and Lowe before returnin to Ottawa will probably visit the Quarantin Station on the St. Lawrence.

A deputation from the Fire and Light Committee leave for Quebec and Montreal to-morrow with a view to inspecting the differen ladders in use in these cities, Ottawa being greatly in need of such an appliance.

Burning Books in Montreal.

MONTREAL, Aug. 15.—A fire broke out this evening in the premises of Wm. Drysdale & Co., publishers and booksellers on St. James-street. It appears that the fire broke out among a heap of rubbish and packing cases in the cellar. The flames were soon got under control, but considerable damage was done to the valuable stock of books by smoke and water.

Children Cry for Pitcher's Castoria.

THE AWFUL DEATH ROLL.

THE BLACK LIST INCREASES WITH THE INCREASE OF DAYS.

Further Deaths Yesterday—A Hamilton Man's Account of the Tragedy—Tossed From the Third Car to the Top of the Tender—Arrests of Incendiaries.

CHATSWORTH, Ill., Aug. 15.—The six wounded who were in the Town Hall passed a comfortable night, and part of them have decidedly improved. Mrs. R. H. Clark of Rockstown, Ohio, whose limbs were amputated yesterday, died at 5.30 this afternoon. Mr. Taylor of McComb is in a critical condition. At Piper City all the wounded are improving except Mr. Stillwell of West Point, Ind., who is in a dangerous condition. The remains of Mrs. H. J. Hicks have not been found.

PIPER CITY, Ill., Aug. 15.—Mr. Stillwell of West Point, Ind., who was injured in the big railway wreck, died here this morning. The other wounded here passed the night quite comfortably.

What Mr. Ballard Saw.

CHATSWORTH, Ill., Aug. 15.—J. L. Ballard, a highly respected citizen, says he saw section men carrying water into the house of the section foreman on Wednesday afternoon between 2 and 4 o'clock, while before the coroner's jury the section foreman and his men testified that they were on the road at the time mentioned. Mr. Ballard was disinclined to say much, but from his remarks and those of other citizens it is inferred that the road was not examined at all on Wednesday, despite the instructions received by the section foreman from the road master.

A Hamiltonian in the Wreck.

HAMILTON, Aug. 15.—Edmund Passmore and his cousin, Frank Thorne, arrived in this city by the express from the west at 7 o'clock yesterday morning and made for the residence of Mr. Joseph Jardine, in Barton Township, about a quarter of a mile south of the Mountain View Hotel. Mrs. Jardine is mother of Edmund Passmore. The two young men came through the terrible railway disaster on the Toledo, Peoria and Warsaw Railway, and escaped with but slight injuries. Passmore said to a reporter to-day:

Just before the crash, Frank and I and a friend named Ed. Holmes were playing a game of cards. An old man, who told us his name was Green and said he came from Canton, Ill., took a hand with us. While we were playing he told us he was going to New York State to visit some relatives he had not seen in forty-two years. Frank and I were coming to Hamilton here, and Ed. Holmes was going to visit his people in Oswego. He was going to stay with us here and then I was going to Oswego with him before returning home. Well, just before the crash, the old man saw a woman standing near by. She had a little child and her husband was standing too. The old man gave her his seat, saying that he could better stand. She sat down and he stepped a few seats back. Just then I saw a flash of light and there was an awful crash. I felt myself going through space and an awful feeling came over me—then I became unconscious. I escaped mighty luckily, though, and in a few minutes, I guess, was myself again. It was black dark then, except for the burning bridge, and there was precious little light from that. I was standing on top of the upturned tender of one of the engines, up to my shoulders in the wreck. Finding that I was not injured and not liking the looks of my surroundings I tried to free myself, but my foot was held fast. I had long boots on, so I drew my foot out and left my boot at the bottom. My pant leg, you see (showing the extremity of that garment) got caught and I had to tear it. I was in the third car of the train and how I got on top of the tender without being hurt I don't know. Frank got his head badly cut, you see, but soon came to. He could not get out of the wreck on account of a woman and her baby being deposited right on top of him. The woman could have moved and let him free, but she would not until he promised to get her and her baby safely out. It was the same woman the old man had given his seat to. She was not scratched, neither was her baby, but her husband had his hand all smashed. We learned afterwards that his name was Edward Brown, and that he was coming to see friends in Hamilton. They all went back to Peoria, however. We looked for the old man then, and at last found him, dead—his body crushed to pieces. It was an awful scene; one that I couldn't describe. Frank and I did all the work we could and then walked home. Our home was only a few miles away. The scene in Chatsworth was something awful. I had no coat and only one boot. I bought it in Hamilton just a year ago. In Chatsworth the people were rushing around like mad, some of them with scarcely any clothing on. Thousands of people came, some of them fifty miles, to see the wreck. We went back two or three times and I found my boot, quite by accident. Just near where I pulled myself out of the wreck the engineer was found. His right hand was clutching the lever, but his head and left arm and shoulder were gone. My friend, Ed. Thorne, escaped, but would not come on with us. He went right back home, and said he would never go on an excursion again. A lot of the excursion party, however, came on the same train as we did, but I did not see any of them get off at Hamilton. The river over which the bridge stood was no river at all. There was not a drop of water in it. In fact more lives could have been saved if we could have got water, but there was none within half a mile. It commenced to rain, however, a few hours afterwards, and a good job it was too.

Arrest of Incendiaries Reported.

CHICAGO, Aug. 15.—It is reported that two men have been arrested at Kentland on the charge of firing the bridge near Chatsworth which went down with the Toledo and Peoria excursion train.

THE REBELLIOUS UTES.

Old Colorow is a Troublesome Fellow and Probably Means Fight.

FERGUSON'S RANCH, near Glenwood Springs, Col., Aug. 15.—Twenty-two miles up Trapper Lake Colorow is encamped, surrounded by about 90 fighting bucks. Colorow is only a few miles ahead of Sheriff Kendall and 164 men. It is probable that they will catch up with the Indians in a few hours and that a fight will ensue.

OMAHA, Neb., Aug. 15.—Gen. Crook, commanding the Department of the Platte, said to-day that he did not know what would be the outcome of the alleged Indian uprising in Colorado, because reports, even those published, did not show that there had been an uprising. It was all nonsense, he claimed, to say that Colorow has a following of 150 men. It was equally ridiculous to suppose that Colorow's son has started off to join in an insurrection. Colorow has a following, said Gen. Crook, of no more than twenty men. He was not on the reservation nor had he been since 1879. He was a troublesome fellow, and it could not be said what he might be able to do in raising a crowd in the event of being impelled thereto. The nearest point to the scene of the trouble is Fort Duchesne, and Gen. Crook is holding troops there in readiness to move at a moment's notice.

TORONTO TOPICS.

Probable Fatal Results of a Street Car Accident.

TORONTO, Aug. 15.

Hon. T. R. Pardee came down to town from his home in Sarnia last evening. The Commissioner has recovered very much from his recent illness.

Hon. A. S. Hardy, looking as if the salt sea wind which has been blowing through his whiskers at Old Orchard for the last three weeks had agreed well with him, also returned to town yesterday. White ploughatted as to his head and wearing a suit of King Rudolph cheek, the Provincial secretary occupied a front seat in the Directors' Box at the ball match yesterday afternoon. He had for side partners Col. Gibson, M.P.P. of Hamilton, and County Crown Attorney John Crerar of Wentworth.

Provincial Treasurer Ross also found his way to town yesterday afternoon.

And last but not least Mr. John R. Freeman, the popular whip of the Government benches, dropped into the city during the day, just to see how the ministers were behaving themselves.

The Minister of Education has been in town all through the heated term, and the only cabinet absentees now are the Attorney-General, who is in England, and Mr. Fraser, who is down at his Brockville home.

Daniel Looney, who was run over by street car No. 59 on Saturday and had his leg amputated, is in a dying condition at the hospital. Blood poisoning has set in, and no hopes of his recovery were entertained by the physicians late last night.

Mr. Louis Sievert, jr., is progressing favorably. Fears were at first entertained that, in addition to certain disfigurement for life, he would completely lose his sight, but now, under skilful treatment, it is almost certain that one eye can be saved.

Edward Hanlan will leave at 1.35 to-morrow afternoon for San Francisco, en route for Australia. He will not stop on the way. The proposed consort to raise funds for the purpose of sending a trainer with him will not come off, as Mr. Hanlan has declined the offer.

Yesterday he received from The London Sportsman the $250 expense money put up by them. He is taking only one boat, his new Wearn, in which he will row and which he says is a credit to the builder, although he has not had a chance to test that it will not be [illegible] till to-day. He will have two boats built in Australia for practice.

Last night he said: "I'm going to Australia with the opinion that I am the best sculler in America, although I did lose to Teemer, and if I had the time I'd stay and try Teemer again. Gaudaur defeated me on May 23, and I tried him again and defeated him. I'd like to do the same with Teemer, who defeated me under similar circumstances. I'm surprised to hear the papers say I'm not as good a man as I was four years ago, as I'm forty seconds faster than I was then. I know that by actual test of my ability, although I must admit that on Saturday I rowed all out of my usual form. If I could stay and had fair play and a dead water course I'd row Teemer at once. When defeated under the circumstances which affected me Saturday I'm game enough to try it again, as I consider that I'd sooner have given Teemer five seconds' start than let him have the advantage which he got over me. I'd know the advantage and be able to know what to do. I believe sincerely that I'm the fastest sculler in America to-day, and at the same time I give Teemer all credit for what he did."

THE R.R.V. RAILWAY.

Early Completion of the Road Anticipated—The C. P. R. Will Get It.

BROCKVILLE, Aug. 15.—Mr. Hugh Ryan, contractor for the Red River Valley Railway was here to-day. In an interview with your correspondent he stated that all the grading between Fort Rouge across the Assiniboine rom Winnipeg and West Lynne, which is on he American boundary, would be completed by Aug. 20, that is next Saturday. The contracts for fencing have all been let and the bridges are under way. The first cargo of rails is expected in Montreal to-morrow. A large number of flat and box cars built by James Crossen of Cobourg are expected to be ready every day. All supplies are being forwarded over the Canadian Pacific Railway.

Mr. Ryan says he anticipates no trouble in arrangements being made to connect with the American lines. He is a most enthusiastic Manitoban, and predicts a future for the country such as yet very few have anticipated.

Is the C.P.R. Willing?

MONTREAL, Aug. 15.—It is reported in well-informed circles here that the Red River Valley Railway may be built this summer after all; but that of a certainty if it is built it will fall into the hands of the C.P.R. Hugh Ryan, the contractor for the road, will push it through, but it is understood that he will turn it over to the Pacific when completed, as the Province of Manitoba will not be in a position to pay Ryan's claims. Mr. Ryan is an old servant of the Pacific, he having built a large portion of their road and is to-day a trusted agent of the syndicate.

THE DAMAGE ASSESSED.

Hansard Debates Were Staged to the Extent of $1200 Worth.

OTTAWA, Aug. 15.—The question of the damage done to the official debates by fire in Woodburn's bindery has been settled by the insurance company agreeing to pay damages. The matter was left to Mr. Jas. Hope as arbitrator on behalf of the company, and Mr. Wm. Hilden of the Queen's Printers office as arbitrator on behalf of the Government. They made several careful examinations of the damaged stock and this afternoon agreed on the amount stated above. This is greatly in excess of what the damage was at first supposed to be, but less than half of what it was recently reported at when it was supposed that the whole of the English Hansard would have to be reset. I understand that the damage to the French copy is less than $100, but that about 400 pages of volume one of the English version will have to be re-set.

FERDINAND'S WISE HEAD.

INSURES HIS LIFE FOR TWO MILLION BEFORE ENTERING BULGARIA.

Formally Closes the Sobranje—His Foreign Minister Already Disatisfied and Resigns—All of the Powers Satisfied But Russia—Turkey Slightly Jealous.

SISTOVA, Aug. 15.—Prince Ferdinand held a council at Sistova, at which it is reported Foreign Minister Natchevtch disagreed with the Prince in his views upon the formation of a Cabinet and tendered his resignation. It is rumored that Prince Ferdinand has insured his life for 2,000,000 florins.

The Great Bear Growls.

LONDON, Aug. 15.—The Standard's Vienna correspondent says: "England, Austria and Italy have sent Turkey a note declaring that they consider the election of Prince Ferdinand legal. It is reported that Turkey's attitude is becoming friendly. The Porte recalled Riza Pacha from Bulgaria at the instance of Russia, but appointed A'Rstine Effendi commissioner to Bulgaria in place of Riza, as a friendly act towards Prince Ferdinand. The Bulgarian situation now depends entirely upon Russia, who, through the Russian charge d'affaire at Constantinople, has handed to the Porte a formal protest against Ferdinand's proceedings, which protest Russia expects Turkey will endorse."

The Sultan Doesn't Feel Very Bad.

TIRNOVA, Aug. 15.—M. Kulkovich telegraphs to the Government from Constantinople that the Sultan does not object to Prince Ferdinand's election, but as the Prince did not first obtain the Sultan's consent the latter will maintain his present attitude for a certain period.

Prince Ferdinand formally closed the Sobranje to-day.

WHAT LABOR DEMANDS.

One Day for God, Five for Labor, One for Humanity.

ST. CATHARINES, Aug. 15.—To-day was the Civic Holiday in this city, and the Knights of Labor held a monster demonstration here. From early in the morning assemblies began arriving from all parts of the counties of Lincoln, Welland and other points. The procession was formed at 11 a.m., and was one of the largest ever seen in this city, as fully 3000 were in line, including about 800 lady members in carriages. The procession, as it marched through the streets, presented a fine appearance and surprised many of the spectators, who had no idea that the workingmen were so well organized. Among the many transparencies and mottoes carried were the following: "Labor rise and defend your dignity." "Arbitration before strikes." "One day for God, five for labor, one for humanity." "We must abolish idleness in every walk of life." "The land for the people." "Sunday labor on railways and canals must be abolished." "Live and let live." "Long hours must go," and many others of a similar nature. The streets were thronged with people, and the best of order was maintained throughout the day. After marching through some of the principal streets the large assemblage adjourned to the agricultural grounds where a large number of athletic games were held, all of which were well contested, and all passed off in a splendid manner.

OTTAWA'S AWFUL IMMORALITY.

The Shocking Stories Told of the Ruin of Young Girls.

OTTAWA, Aug. 15.—The question of the traffic in little girls is still attracting a good deal of attention here. A number of well-disposed but ill-informed clergymen and doctors having been interviewed by a Journal reporter, and having unanimously declared that they knew nothing about the matter, another reporter interviewed the Lady Superioress of the Home of the Good Shepherds, who, unfortunately, knows too much of the ruin which is being worked amongst girls under 13 years of age. This is what the Lady Superioress said:

"We did not see the statements for we do not take papers. Several ladies, however, did see them and came to us to know if the statements were well founded. We told them they were only too well. Chief McVeity has brought us several children, all of whom have been ruined. Since the ladies came to us we have by various means received twenty little ones, the youngest 8 years old and the eldest 13, all of whom have been seduced in this way and more have gone away. The girl Gonest who was sent to the Reformatory gave the names and residences of several of these. The evidence we have leads us to think that Government clerks, storekeepers, professional men, and others are concerned in this horrible traffic."

"Are the children confiding with you?"

"Yes, those girls make no secret of it. They tell us times, places, names and all, and in each case they tell us who has led them astray. There is no doubt that the reports are fully substantiated."

Once More It Was Loaded.

NORTH BRANCH, Mich., Aug. 15.—Yesterday, a son of Robert Hood of Marlett was instantly killed. He lay down to sleep until dinner time and his brother, 10 years old, was sent to call him. The boy placed a cap on an old gun that had not been used for some time intending to arouse his brother by exploding the cap. He placed the muzzle close to his ear and pulled the trigger, blowing his brother's head to atoms. Deceased was 18 years old.

REMOVAL.

HALL, INNES & Co.

Have removed the balance of their stock to the

PARLOR ROLLER RINK,

on Water Street, where for the next few weeks, during the time alterations are being made in their premises, they will offer goods in every Department, at greater reductions than ever.

The stock is well assorted in every department, and will be cleared out at lower prices than heretofore.

Don't forget the place—Parlor Roller Rink, Water Street.

HALL, INNES & CO.

The Daily Examiner.

TUESDAY, AUGUST 16, 1887.

THE MELBOURNE CENTENNIAL.

The Government have decided not to appoint an official representative at the Melbourne Centennial Exhibition. They will confine their assistance to publishing the prospectus of the Australian Commissioners in the *Canada Gazette*. This decision is, the Montreal *Herald* thinks, to be regretted. The Government have an agent, Mr. Woods, in Australia, who was appointed, so the public understood, on purpose to foster Canadian trade with Australasia. What better means of doing this could be found than that of showing the Australians samples of the goods with which we can supply them? The interpretation that the public must necessarily put on this decision is that the Canadian Exhibition in London has been a failure, so far as results are concerned. The Arctic bear and walrus trophy, we know, was an artistic success, whatever else it may have been, and the public have been taught to believe that the exhibition generally was a triumph. It was the only possible excuse for the High Commissioners having spent two or three times the amount of money voted by Parliament for the purpose. But no effort is to be made to secure the Australian trade, though Great Britain does something over thirty millions sterling annually with those colonies. The publication of the prospectus in the *Canada Gazette* is a very small matter. As a matter of fact the main points of information first published in the *Herald* have since been reproduced in many other journals. But this is not sufficient. There should be an official at Melbourne to receive and deal with the exhibits of Canadians. It would give confidence and stimulate the preparations for exhibiting amongst our people. We may be quite sure that the United States, who are bidding for this trade, will have a large and varied assortment of their products, and we may be equally sure that they will secure trade that might otherwise be received for Canada. Trade does not follow the flag so much as the eye. Men will buy what they have seen rather than what they have only read about, no matter what nationality produced it. We think the Government should reconsider their determination. There is no occasion to make the Melbourne exhibition a species of *fete champetre*, as was done in London, but having an agent there, he should be made use of. The manufacturers at least should see to this. They are all powerful with the present administration, and the exercise of their influence at this juncture would result beneficially for the Dominion.

SINCE Confederation the sum of $221,369,277 has been spent upon the construction, repair and maintainance of public works. The money has been distributed thus by provinces:—Ontario, $82,095,886; Quebec, $40,521,179; New Brunswick, $30,796,605; British Columbia, $24,598,632; Nova Scotia, $22,712,422; the North West, $7,549,630; Manitoba, $7,494,336; Prince Edward Island, $3,948,319. These figures include all the railway grants. The large amount attributed to British Columbia is on account of its share of the cost of the Pacific railway, the total expense of which to the country is officially estimated at $61,196,515. This is exclusive of the land grant. It is pointed out that we have spent upon public works $90,000,000 more than we have added to our debt during the last twenty years. As our total surplus during the period has been $14,233,733, seventy-six millions over and above the surplus must have come from the consolidated fund.

THE Banff correspondent of the Calgary *Tribune* says: "Hon. Alex. and Mrs. Mackenzie are quartered at Dr. Brett's place, near the hot springs. The ex-Premier takes the baths regularly and protests that they are doing him good. Of course it will be some time before their effects will be appreciable, but he says he is feeling better, and that is saying a great deal in itself. It is singular the unanimity of sympathy that is expressed for the old man, and the great respect that is shown to him by everybody here. Mrs. Mackenzie is in excellent health and her bright cheerful spirit makes her the central figure in any company that may surround her."

THREE boons by laws are before the people of Whitby. It is estimated that by their passage the taxation on the present assessment will be increased five mills.

STARTLING AND TRUE.

The Gong again gives no Uncertain Sound. GOUGH, the Old Terror, creating Sad Havoc in the Furnishing Goods Trade.

Our Great Sale of Clothing at 40 Cents on the Dollar was an IMMENSE SUCCESS, July Sales being Equal to any Month in the Year. There are a few of those Extraordinary Bargains in Suits yet.

REMEMBER, Visitors, one of the Chief Attractions in Peterborough is GOUGH'S BIG STORE, and we will show you Bargains enough to make you happy; therefore be not deceived by any Catch-Penny-Clothier, but go straight to

George Street, Peterboro, and Queen St. West, Toronto. N. B.—Wholesale and Retail.

GOUGH

The Acknowledged Clothier of the Age.

Heir to a Fortune

A London Woman, Who Lays Claim to Half a Million of Money.

The following from the London *Advertiser* will be of local interest:—"No. 412 York street is an unpretentious brick cottage, which has plainly stood the wear and tear of years none too well, while the evidences of its proximity to York street dust and locomotive smoke is only visable in the discolored state of its walls. There lives Mrs. Wallace, wife of Robert Wallace, carpenter, the possible heir to $500,000. In 1819 John Kennedy married Mary Finn in Tipperary, Ireland. He was a soldier, and she accompanied her husband and the 68th regiment, to which he belonged, to Canada. In Canada two boys were born. They were twins. When the regiment, ten years later, was ordered back to England, their father decided that they should remain behind. He accordingly placed them in charge of the old priest of the Catholic Church at Amherstburg. The boys soon tired of the strictness of their guardian and eventually ran away. They crossed the line in the States and separated. William made his way to New York city and Edward went westward. They never met again in this world. Their names were William and Edward. William went into the iron business and accumulated a great fortune. At his death, in 1868, he was worth $200,000, and had no heir except his brother, whom he had never heard of since leaving Canada. The money was invested in United States securities until the heir or the deceased's parents' heirs should claim it, and it now amounts to $500,000. George A. Smyth, of Worcester, Mass., says that Edward Kennedy, after parting from his brother William, went to Michigan and also prospered, but so far no trace of him has been found. The knack of losing track of each other seems to be hereditary in this family. Mrs. Wallace referred to above is the sister of Mary Finn, mother of the deceased Brooklyn iron king, and in the event of no heirs of her nephew Edward turning up she is entitled to the fortune. Since her sister left Ireland, more than 50 years ago, she never heard of her, and didn't know what had become of either her or her husband, until picking up Thursday's *Advertiser* she saw the family name, and from the description given at once recognized her long lost sister. Mrs. Wallace has ample proof of her identity, and will at once communicate with the proper parties and claim the money.

ONLY TWO BOTTLES.—Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report thrt some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well known U.S.A. General had been cured of Catarrh by the two bottles of Ely's Cream Balm. eodw1

Mothers.

There are upon the skin of every human being, child and adult alike, 1,250,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. 4w30d

Children Cry for Pitcher's Castoria.

In Brief, And To The Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existense. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics. But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy. Remember:—No happiness without health. But Green's August Flower brings healtand h happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

An Open Letter.

Messrs. T. Milburn & Co., Nov. 25th, 1886.

I wish I had used B. B. B. sooner, which would have saved me years of suffering with erysipelas, from which I could get no relief until I tried B. B. B., which soon cleared away the itching, burning rash that had so long distressed me. Mrs. Edward Romkey, Eastern Passage, Halifax, N.S. 2w31d

IMPORTANT TO ALL

Who are Bald, or have Thin, or Grey Hair, or who are troubled with DANDRUFF.

DR. DORENWEND'S

GREAT GERMAN

"HAIR MAGIC"

Will be found invaluable for the hair and scalp. It cleanses the scalp of all Dandruff, invigorates the growth of the hair, and in cases of baldness where there are the slightest signs of roots left it will produce good crops of hair. It restores grey hair to its original color, and is an excellent dressing.

DO NOT DELAY, if your hair is in a weak condition, get a bottle at once.

FOR SALE BY J. D. TULLY, and all druggists.

Ask for it. A. DORENWEND, Sole Manufacturer, Toronto, Canada.

A. Dorenwend is the leading manufacturer of Hair Goods in Canada.

PRIVATE SCHOOL FOR BOYS

Brock Street, Peterborough.

PRINCIPAL, - - MR. EDWARD DUFF,

For 12 years Principal of a Private Boarding School in Cambridge, England

MR. DUFF has had twenty years experience in teaching English, Classics, Mathematics, French, Drawing and Singing; and holds certificates from South Kensington and the Trinity College. Parents wishing individual attention or training in special subjects for their boys, should send for a prospectus.

Reference to present and past pupils.

Mrs. Duff has had extensive experience in teaching Music, and is prepared to take a few pupils.

In connection with the above it is sought to establish a Preparatory Class for junior boys. Application should be made for this as soon as possible with a view to entering boys for next term. d15

$500.00

BASEBALL YESTERDAY.

TORONTO, Aug. 16.

Loose fielding and an inability to solve Hornby's strategic delivery was the cause of the home team's defeat in the morning game yesterday with Hamilton. Three thousand spectators yelled with characteristic delight at every good play, which, though only of occasional occurrence, relieved the tiresomeness of the contest. The appended score gives details:

The Afternoon Game.

Toronto not only reversed the result in the afternoon game but administered a coat of whitewash to the visitors. Four thousand persons witnessed the manner in which it was done, and acknowledged that it was artistically administered. Score:

Turks Burned Out.

CONSTANTINOPLE, Aug. 15.—A great conflagration has raged in Scutari, opposite this city, all afternoon, but has now been got under control. One thousand houses and two churches were destroyed, and two women and a child were burned to death. Thousands of persons are homeless. The Sultan has donated $15,000 for the sufferers and has appointed a relief committee.

Regarding the Fisheries Dispute.

LONDON, Aug. 15.—Mr. Jackson, Financial Secretary to the Treasury, replying in the House of Commons this evening to Mr. Fowler, said that the sum included in the supplementary estimates for allowances for expenses connected with the Newfoundland fisheries dispute did not include any claim which the late Government refused to sanction.

Some Wise Irish Tenants.

DUBLIN, Aug. 15.—Judge Flanagan's West Clare tenants have decided to purchase their holdings under the Land Act at fourteen year's judicial rent, the landlord cancelling all arrears except for the current year, and these will be reduced.

An Old Favorite.

An old favorite, that has been popular with the people for nearly 30 years, is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children and adults. It seldom or ever fails to cure cholera morbus, diarrhœa and dysentery. 2w31d

Praiseworthy.

"Last summer I was entirely laid up with liver complaint, a friend advised me to use Burdock Blood Bitters, I did so, and four bottles cured me. I cannot praise this remedy too much." John H. Rivers, Orr Lake, Ont. 2w31d

Keep Your House Guarded.

Keep your house guarded against sudden attacks of colic, cramps, diarrhœa, dysentery and cholera infantum. They are liable to come when least expected. The safest, best and most reliable remedy is Dr. Fowler's Extract of Wild Strawberry. 2w31d

Children Cry for Pitcher's Castoria.

CAUSE AND EFFECT.

Whisky and Theft—Ten Months in the Central Prison.

HAMILTON, Aug. 15.—On Saturday night Detective Dagle saw across a young man in the act of trying to sell a lot of valuable tools at a pawn shop. Brian thought this was suspicious and ran the man in. He gave his name as Robert Graham and said he belonged to Toronto, but had recently being living in Detroit. He was drunk when arrested. Inquiries were made and it was found that the tools were stolen from the organ factory of James Kilgour, and belonged to Mr. Kilgour and Mr. Albert S. Weaver. When arraigned at the Police Court to-day Graham pleaded guilty of having stolen them and said he had been on a protracted drunk for three weeks. He had worked at Kilgour's for two weeks, but left there on Saturday, returned in the evening and stole the tools, which were worth about $60. Graham, though only a young man, has acquired such an appetite for liquor that he recently drank almost all of a gallon of methylated spirits given to him to be used in his work. He said he had never been in trouble before and asked to be dealt leniently with. He was sent to the Central Prison for ten months.

DENIED ON ALL HANDS.

That a Canadian Cruiser Sunk an American Fishing Vessel.

HALIFAX, Aug. 15.—There is no confirmation here of the report telegraphed from Ottawa that a Canadian cruiser sunk an American fisherman off Bucktouche by a shot, causing the loss of all those on board. It is said the report emanated from Bucktouche, outside of which place positively nothing is known. Many telegrams of enquiry have been sent to Bucktouche and vicinity, but have so far elicited no information. Whatever foundation there is for the report it seems pretty certain that the people of Bucktouche have been talking about the matter for several days. The affair must either have been seen by some one there or the rumor must have originated in and been confined to that place for some little time before it reached outside ears.

WASHINGTON, Aug. 15.—The Department of State has no confirmation of the story concerning the sinking of an American fishing vessel by a Canadian cruiser and the report is discredited.

BUCKTOUCHE, N.B, Aug. 15.—There is no truth in the report of a Canadian cruiser sinking an American schooner off this place.

HIGH COURT FORESTERS.

The Ontario High Court in Session at Hamilton—A Large Attendance.

HAMILTON, Aug. 15.—The High Court of Ontario, Independent Order of Foresters, opened its annual session in the hall of the Order, 22 King-street east, this city, at 2 o'clock this afternoon. Among the distinguished officers present are Dr. Oronhyatekha, Supreme Chief Ranger, London; Mr. Edward Botterell, Past Supreme Chief Ranger, Ottawa, and the following members of the High Standing Committee: H. C. R., G. A. Proctor, Sarnia; P. H. C. R., W. W. Fitzgerald, London; H. V. C. R., N. F. Patterson, Port Perry; H. Sec., James R. Halkett, Ottawa; H. Treas., T. G. Davey, London; H. Coun., J. W. Frost, Owen Sound; H. Phys., Thos. Potter, M.D., Ottawa.

Credentials were received from about 160 delegates from all parts of Ontario. The reception of the reports of the High Court officers and the appointing of standing committees was the principal business of this afternoon. After this afternoon's session the visitors were taken for a sale on the bay and lake by the steamer Mazeppa, and this evening they were entertained to a banquet at the Ocean House. The High Court meeting will last until Wednesday, and on Thursday the Supreme Court will meet in Montreal.

FATHER PARADIS OBSTINATE.

And Hon. James McShane Fails to Appear in Court.

OTTAWA, Aug. 15.—At Aylmer this morning the case against Father Paradis charging him with forgery was, at the request of Mr. Foran, enlarged for a week in order that another effort may be made to have Hon. James McShane present and make him produce the check on which the forgery is said to have been committed. The magistrate endeavored to induce Father Paradis to waive further evidence and consent to the case being sent to the Grand Jury, but he declined to do so.

Cannot Recover the Body.

KINGSTON, Aug. 15.—Men have toiled for two days for the body of James Fowler, who umped off the steamer Pecrepont on the evening of the Civic Holiday while mentally deranged and was drowned.

It Saved My Wife's Life.

This is the report of a Princess street gentleman who had the opportunity a few nights since of testing Polson's NERVILINE, the great pain cure. Be prepared for any emergency by having a bottle of Nerviline at hand. It costs only 10 cents to test it, and you can buy test bottles at any drug store. Get a 10 or 25 cent bottle to day. Sure in rheumatism, neuralgia, cramps, colic, headache. Nerviline, the sure pop pain cure. All druggists. 25 cts. a bottle. 6dw33

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

For the Babies

It is not necessary to buy corn cures. Men and women should remember that Putnam's Painless Corn Extractor is the only safe, sure and painless corn remover extant. It does its work quickly and with certainty. See that the signature N.C. Polson & Co. appears on each bottle. Beware of poisonous imitations. 6dw33

Broken Down.

"After suffering with dyspepsia, kidney disease, loss of appetite and pain in the head until discouraged, I heard of B. B. B., took two bottles and am happy to say I feel as well as ever." Mrs Rufus E. Merry, New Albany, N. S. 2w31d

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eodw31

Palmo-Sulphur Soap.

Is Marvelously Efficient in clearing the Skin of Impurities, and keeping it in a perfect state of health. It beautifies the complexion, while as a Healing agent for Sores or Wounds it passes all praise. There is no Form of Eruptive Disease for which this Renowned Soap has not proved efficacious. In the Bath it is as beneficial as the waters of the Renowned Sulphur Springs. Linens and Woolens washed with it are rendered superlatively white, and are disinfected when germs of disease linger in the material. The value of Sulphur as a Cleansing and Purifying agent is everywhere recognized. Ask for Palmo-Sulphur, and refuse all others, and you want be deceived.

DAVIS & LAWRENCE CO., Montreal.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Nobis are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

VAPOR. OF TREATMENT

COLD MEDICATED.

N. WASHINGTON

M. D. L. C. P. S. O.

Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR,—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thus troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. Dunn,
C. P. R. Agent, Peterborough Ont.

P. S.—Use this as you deem prudent. —J.P.D. d143w36

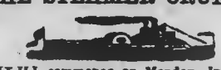
Tuesday, Thursday and Saturday will be open for charter to excursion parties or towing. d22

THE STEAMER CRUISER.



WILL commence on Monday, June 27th her daily trips to Stony Lake, leaving Lakefield on arrival of morning train from Peterborough; returning will arrive at Lakefield in time to connect with train for Peterborough.

The Steamer has been thoroughly overhauled and a new and powerful engine put in her, thus making her the fastest boat on these lakes.

Special reduction to Excursion Parties. Season and return tickets at reduced rates from A. I. WRIGHT, Lakefield or from CAPTAIN EDEN on board.

Commencing on August 1st, the steamer will leave Lakefield on arrival of the evening train for the A.C.A. Camp, Stony Lake. Returning will leave the camp at 6 a.m., and connect with the morning train for Peterborough.

A. I WRIGHT, Proprietor. R. M. EDEN, Master. d138w23

STEAMER FAIRY.

THIS POPULAR STEAMER, having been thoroughly overhauled and repainted, will begin her regular trips between Lakefield, Young's Point, Burleigh Falls, Mount Julian, and the A. C. Camp on Monday morning. Each day except Sunday's on the arrival of the morning train from Peterborough, she will leave Lakefield, taking the above route; will return to Lakefield in time to connect with the evening train for Peterborough. The steamer can be chartered for any special occasion, and due notice will be given in this paper of any day on which the regular route is cancelled. The route of the Fairy embraces the pleasantest course available in the back lakes to pleasure-seekers. Small excursion parties not wishing to charter the steamer will be given special rates, which, with any other information, will be made known on application to

P. P. YOUNG, Proprietor. WM. SCOLLARD, Master. d141

Tickets for Sale at T. Menzies, Peterborough.

From this date the steamer Fairy will make an additional trip every evening to the A. C. A. Camp, leaving Lakefield on the arrival of the evening train.

THE KEY TO HEALTH.

BURDOCK BLOOD BITTERS

Unlocks all the clogged avenues of the Bowels, Kidneys and Liver, carrying off gradually without weakening the system, all the impurities and foul humors of the secretions; at the same time Correcting Acidity of the Stomach, curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Dropsy, Dimness of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.

LOCAL NEWS.

Men's Cordovan shoes at KIDD's for $1.25 a pair.

KIDD is not trying to do the shoddy trade but the solid, substantial, first-class boot and shoe trade of the town, and he is doing it.

Just opened out at Turnbull's, the Kabo Corset (entirely new) warranted not to break or roll up with one year's wear.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.00. Call and see them.

The Jubilee Endowment.

Principal Grant stated in Ottawa last Sunday that $140,000 out of the required $250,000 for the jubilee fund for Queen's university was already subscribed, and he had no doubt of getting the balance.

You will find at Turnbull's the far-famed Alexandre Kid Gloves, cut to fit the hand, every pair warranted.

Thursday Excursion.

Steamer Golden Eye will run an afternoon excursion to Jubilee Point, leaving the wharf at 1 o'clock, returning leave Jubilee Point at 6 p.m. Hot water and meals provided on the boat. Round tickets, 50 cents; to Faucher's Park, 25 cents. H. McDonald, master. 2439

The Clerkly Combine.

A largely attended meeting of the dry-goods clerks of the town was held in the Y. M.C.A. reading room Monday night. Every establishment in town was represented, about thirty young men being present. The matter of the formation of a club or guild of salesmen for social objects was discussed with a good prospect of this aim being carried out.

Suits made to order promptly, and at Prices to please everybody, at Turnbull's

Collegiate Institute.

A meeting of the Committee on Appointments of the Board of Education was held last night to consider applications for the vacancy in the commercial department of the Collegiate Institute, made by the resignation of Miss Greenwood. Out of the numerous applicants two names were selected for fuller enquiry into their qualifications and fitness for the position.

Lacrosse Excursion.

The Riverside Lacrosse Club will run an excursion per steamer Golden Eye to Jubilee Point on Monday, Aug 22. The tickets are fixed at 50 cents, ladies 25 cents. The Riversides have played a most successful season, and have done nobly in upholding the lacrosse reputation of the town and they are worthy of liberal encouragement. Buy a ticket for their excursion and go. eod39

C. P. R. Change of Time.

A change of passenger time table came into effect on the C. P. R. yesterday. The changes which affect the local travelling public are as follows. Going west the 5-31 a.m. express becomes the 5-11 a.m. express; 8-39 a.m., no change; 6-42 p.m. express becomes the 5-52. Going east the 11-31 and 7-53 p.m. trains remain the same; the 10-56 p.m. becomes the 11.41 p.m. train.

On the way Minden, Persia, destined for Turnbull's Dry Goods Establishment, fine Astrachan Mantle Cloths and Trimmings the correct Material for Mantles this Season.

Another Plume in Porter Bros.' Cap.

The following extract is from the report of the races of the Ottawa Driving Association, as published in the *Citizen*. "The winner of the colt stake, in addition to taking the prize wins the road cart presented by Messrs. Porter Bros., of Peterborough. Mr. C. Porter, of the firm, and Mr. Stewart, the book-keeper, came down from Peterborough yesterday just in time to see Freeman D., owned by A. McLean, win the prize donated by the firm. The Ottawa Driving Club were very pleased to see the interest that the gentlemen took in the races, more especially as it was with difficulty that they could get away to attend them." The explanation of this is that some time since Messrs. Porter Bros. presented to the Association, as a prize, one of their celebrated O'B & S road carts. Mr. C. Porter of the firm, went down to see the races on the 11th., keeping an eye at the same time to business, and in the latter he was highly successful—he secured orders for thirty of the firm's road carts to be delivered at once. This pushing firm is receiving a daily extension of their already large business, and there is ample reason; they make only the best vehicles and are, square, honest and prompt in their dealings.

Children Cry for Pitcher's Castoria.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

Just opened out at Turnbull's, New Shades in Fall Dress Goods, and Fancy Watered Plushes to match.

Royal Acknowledgement.

The chairman of the Jubilee Committee has received the following which has been considerably delayed in transmission through the mails:

"SIR,—I am commanded by His Excellency the Governor-General to convey to you on behalf of the inhabitants of the town and county of Peterborough, the Queen's thanks for the loyal sentiments expressed in their address. I have the honour to be, sir,

"Your Obedient Servant,
"CHARLES J. JOSEPH,
"for the Gov-General's Secretary.
"Ottawa, Aug. 5th 1887."

Down on the Vags.

Belleville policemen are down on the vagrants. When caught they are cooped, and if they do not promise to at once leave the city they are jailed. This sort of remedy may operate well in warm weather, but as winter draws on and the weather becomes too cold to make haymow dormitories pleasant, the tramp will hail with joy the prospect of a comfortable winter in jail with enough to eat and nothing to do. Our citizens have their share of attention from the vagrant pauper, and some means should be devised to give them work enough to pay for the food the corporation is forced to provide for them. If the tramp was confronted with a hammer and a heap of stones as conditions for his receiving food and lodging, he would give the town a wide berth.

An Enterprising Firm.

Messrs. Rush Bros., as a result of the enterprise which characterizes their commercial operations, have received direct from China a large shipment of black tea of the first quality. This tea they have placed before their customers, and its superior quality is commanding a ready sale. The public who desire a sample of pure tea of the very best quality should place their order with Messrs. Rush Bros. Direct importation saves to the customer the cost of the profit of middle-men and gives the consumer a better article at a cheaper figure than more ordinary teas not so imported. The Messrs. Rush Bros. are bound to keep pace with the times. Hotel-keepers and householders will be pleased to learn that the firm have made arrangements for a regular weekly supply of sea fish. They receive every Friday morning, per C.P.R. early express, fresh sea salmon, fresh mackerel, fresh cod, and fresh haddock. Their shop is the place for everything first-class required in their line by the public.

M'ssed the Train.

Between fifty and a hundred of the Toronto excursionists missed the train last night. The train steamed out of the Midland Station sharp on time, to the minute, and left Peterborough several involuntary citizens. The railway authorities claim that the town clock was five minutes behind railway time and thus the people were deceived. The railway company, however, strove to do the fair thing by the excursionists and made their tickets good for to-day, and a host of the left ones left for Toronto on the 8:15 express. The reason given for the train leaving so promptly was the desire to get the excursionists to Toronto in good time. There was considerable delay in starting in the morning owing to six or seven excursion trains leaving the city at the same time yesterday morning. The visitors to the town enjoyed themselves immensely, and the majority of those left did not much grumble at the prolongation of their enjoyment and stay in town and for a chance to get a drink of good water.

Just opened out at Turnbull's, a handsome Range of Boating Shawls, New Styles.

How It Was Done.

Visitors to the town and everybody who saw the skating rink and the old music hall, where the military Oddfellows were quartered, were surprised to see one hundred and thirty well-made beds of uniform pattern, all supplied with first-class mattresses, and they wondered how it was done. Well, in one sense it was done with difficulty, and would not have been done at all if one man had not taken hold of the matter. Numerous applications were made, and no one would undertake so heavy a job on so short a notice, till Belleghem, the Furniture King, was engaged. With only two weeks to do the work in, he engaged to supply the 130 bedsteads and mattresses, and so large is his staff and so complete the equipment of his factory in every department, that the work was done, well done, and in good time, too. He also supplied two hundred chairs, and these hardly made a noticeable hole in his stock. When anything is required in the furniture line, and to be done well, either on a small or large scale, Belleghem is the man to do it. Hundreds of visitors went away from town holding high opinions of Belleghem and his enterprise, and thus his name becomes known in distant parts of the province and it is known in this district as a household word. His immense factory and big staff of workmen are kept busy as bees and so thronged is he with orders that he is tempted to quit advertising, if that would not be like discarding the bridge that carried him safely over the stream. He has received the contract for furnishing the new Masonic hall, and has also carried away from Toronto competition, the contract for fitting up and furnishing Miss Veals' new Ladies' School in Toronto.

Fenelon Falls Pulp Works.

Mr. John R. Scott, manager of the Napanee Paper Mills and of the Fenelon Falls Pulp Works was in town to-day. He states that the latter are doing an extensive and brisk business. Arrangements are being completed to enlarge the capacity by 25 per cent. These will be completed about the first of September. The output capacity will then be daily about ten tons of chemically prepared wood pulp. The most of it will be required for the use of the company's mills at Napanee Mills. It is the intention to close down the pulp mills of the company at Newburgh, leaving the machinery in position, however, for use in case of fire or other accident to the works at Fenelon Falls. The premises at the latter place are admirably adapted for the purposes required. On the one side is lake wharfage, and, on the other, a 2000 feet railway siding, capable of containing twenty cars of wood. The company aim to be entirely self-contained. To this end they have purchased the steamer Ontario, in Lindsay, for towing barges to be loaded with poplar wood at different points on the lake. The company also keep a trim little yacht, the "Nobby", for the use of the manager and foreman, and well does she deserve the name. These works are a great boon to Fenelon Falls and the surrounding country. The employes add considerably to the producing and consuming population of the town, and create a demand among the farmers for a large quantity of wood, useless for other purposes.

Willow and Wicket.

Parkdale vs. Peterborough.—A Close Win for the Stone Hill by 30 runs.

Our home team scored another win yesterday, defeating the Parkdale eleven by 73 runs. The game was well contested, seven of the Peterborough wickets having fallen when there were still a dozen runs wanted to tie the Parkdale score. At this critical juncture, however, a timely stand by Rogers and Stirling, who scored nearly 60 runs while they were together, averted the danger of defeat.

Play commenced with Parkdale at the bat, Logan and W. A. Stratton bowling. The wicket being in good run-getting condition, few maiden overs were bowled. Smith played a fine innings for 28, although he had his share of luck. Sills got his twelve in four hits—2 fours, a three and a single, the fours being two tremendous on-hits. Garratt also got his doubles in good shape. Stratton took 5 wickets for 41 runs, and H. Ray two for 19. The fielding was rather better than the average of Peterborough.

Smith and Dignum started the Parkdale bowling, S. Ray and W. Stratton batting first. The ill-luck which has pursued Sam so much this season in the first innings of a match stuck to him, as he was bowled in the first over; and when two other reliables, Stratton and Rutherford, were bowled by Smith in one over before the total score had reached the dignity of double figures, there were some long faces among the home players. Hugh Ray and Thomas put a little better face on affairs, but Dignum managed to shiver Thomas' timbers at 35 for a finely played 18. Max Hamilton then joined Ray and a good stand was made which caused a double change of bowling, the score being 60 when H. Ray, who had played excellent cricket for 18, was captured by mid-on. By the time 73 was reached two more wickets had gone, those of Hamilton and Logan, the former of whom played in quite his old form for his dozen. The game was now exciting, there being twelve runs to get, and three wickets to go down. Rogers and Stirling played steadily for a few overs, then Rogers tied the score by batting a full pitch out of the ground for four, and in the next over a three by Stirling won the match. After the Parkdale total was passed, scoring became much more free, in spite of several changes of bowling; and the pair were not separated until 130 was reached, when Stirling was caught at short leg for a well-played 30, obtained just when wanted. E. Stratton got ten very rapidly in good form, and then Rogers, who looked like carrying out his bat, was bowled for 43, got by excellent cricket, just in the nick of time. Dignum had 5 wickets for 42 runs, Smith 3 for 43, and Eyer 2 for 24, the rest of the runs coming from Hall and Featherstonehaugh. The fielding was fair.

Parkdale went back to the wickets, and when time was called had lost 6 wickets for 103 runs, of which Ledger (for whom a sub. batted in the first innings) scored 20 in good style, Smith 28, Hall 26 (not out), Garratt and Featherstonehaugh ten each. Seeing the match could not be won by an innings, the Peterborough captain gave some of his change bowlers a chance to distinguish themselves, with the result that five bowlers took wickets: W. Stratton having two for 23, H. Ray, Hamilton, E. Stratton, and Thomas one each for 16, 15, 12 and 14 runs respectively. The less said, the better, about the Peterborough fielding in this innings, although it should be stated that, owing to two of the Peterborough team being disabled, subs. had to field for them.

SNICKS.

The cricketing season has been lively with the Peterborough club this year, and they have no reason to be ashamed of the record they have made. They have played ten matches already, and out of these they have won six and lost three, with one draw altogether in their favour.

There are still five matches to be played, three abroad and two on the local grounds.

These do not include the match with Staten Island, (N.Y.) club. A match with this club on the Association grounds is under negotiation, which will probably be successful as the club is making a tour of Ontario and will be within reach.

The Cricket Dispute.

To the Editor of the Examiner:

Tuesdays' EXAMINER contained a letter written by some anonymous scribbler, re cricket match with Omemee 2nd eleven, which cannot be left unanswered. Fair Play denies that lemonade was sold on the grounds. It seems that it, like the writer, was sailing with a false name. Then the *Herald*'s correspondent gave them more credit than they deserved as it was not even in the "proportion of one lemon to a barrel of water." Boys carried a drink, which they called lemonade, and sold it to the Omemee players at one cent a glass. This can be verified by affidavit if necessary. Can you fancy a visiting team having to pay for a glass of water during a game of cricket? On the dinner question, "Discretion proves better than valor." Imagine again two cricketers accompanying a visiting team to dinner. What was guaranteed them about age of players before they came here I cannot say as the match was not arranged by the captain of our club. When there we objected only to Ray, and you will agree with me that he does not form part of a junior eleven nor yet one that could be called a "local youngster." His talk about our grounds is uncalled for and foreign to the dispute; and the reference to our gazing in "stupid wonderment at the excellence of their grounds" is simply childish. We have seen one or two cricket fields in our time. The attack on our umpire is not only uncalled for but ungentlemanly and disgraceful. Was it not enough to question his decisions on the field. One sample of the courtesy shown us on the field will be sufficient; a rule was read from Lillywhite's Cricket Annual of '87, when one of those gentlemanly Juniors asked, "Did you get that printed in Omemee? We're quite satisfied to rest under the imputation of being "green" and are sorry we cannot return the compliment as the Omemee eleven considered them a well mannered team when leaving here. When they define the age of a "Peterborough Boy" perhaps our 2nd eleven will consider their challenge for myself I have no desire to mingle with such gentlemanly youths. It speaks of our boys when we get the cream of home cricket. Certainly the actions of some of them were boyish, even baby-like. Find aggregate age of team and we are ready to compare.

I remain
Yours truly,
J. H. SHEPPARD,
Sec. O. C. C.

[While acknowledging that the subject of this dispute is of momentous importance we hope that it will not be further protracted in these columns. The page of a newspaper is a poor place for deciding the relative merits of two cricket elevens.—SPORTING EDITOR EXAMINER.]

Lacrosse.

The Riversides Again Victorious—They Defeat the Young Torontos Two to One.

A very lively and evenly matched game of Lacrosse took place on Riverside Park on Monday afternoon, between a team of the Riversides and Young Torontos. There was a good attendance of spectators, among which was a large number of ladies. The ball was faced at 2.30 and play continued till five o'clock the time limit for playing. The players were pretty evenly matched for size and agility, but the Riverside lads showed the best form throughout. The first two games fell to the lot of the home team. The visitors captured the next two and two of a kind was continued by the Riversides winning the next two. Time was up and the Riversides were again the victors, four to two or two to one. There was at one time danger of a little bit of unpleasantness, but matters quieted down and the game passed off amicably, the two teams cheering each other vigorously at the cessation of playing. The victory of the boys added to the success of the Peterborough cricket club, makes two defeats for Toronto in one day. The following is the composition of the respective teams:—

Riversides.	*Young Torontos.*
E. Rogers ..... goal	E. Maguire
A. Rose ..... point	A. Gorley
— Butler ..... cover point	J. McGrath
J. Meagher ..... 1st defence field	P. McMichael

T. Duncan ..... inside home	W. Park
M. McDonald ..... field captain	W. Curran

Oddtellow Amenities.

Honouring and Entertaining the Grand Officers.

Last evening the Fire Brigade Band having heard that Grand Secretary King had stayed over in town on the invitation of Otonabee Lodge, gave him the graceful compliment of a serenade. At 8 o'clock they assembled in front of the residance of Mrs. E. E. Henderson, where Mr. and Mrs. King were and have been guests for the past week, and rendered several beautiful selections in their usual excellent style. Mr. King, on behalf of himself and Mrs. King, gave the boys a brief address, thanking them for their excellent music, which he praised very highly. The serenade, he added, was of a piece with the kindly attentions he had received on all sides during his stay here and which had tended to intensify in no mean degree the pleasant recollections he would carry away from Peterborough. Mr. Henderson then invited the members of the band inside the house when they were presented to Mr. and Mrs. King and regaled with refreshments. After playing a few selections they took their departure.

AT OTONABEE LODGE.

Mr. King then proceeded to Otonabee Lodge rooms, where he was joined by Dr. Bell, Grand Warden, and the two grand officers were introduced and received with the grand honours. They witnessed the introduction of a new candidate, which was done by Otonabee Lodge team, which had been specially coached by Bro. Thomas D. Workman, P. G., and Bro. R. M. Roy, and the manner in which they performed their duties testified to their efficiency and the excellence of their instruction. After the ceremony the Grand Warden, Dr. Bell, addressed the members of the local lodges thanking them for the interest they have taken in his promotion, and for the support they had given him. He assured the brethren that he would earnestly strive to merit a continuance of their support, and that nothing would be left undone by him to promote the success of Oddfellowship both in Peterborough and in the province at large. Then Bro. King, Grand Secretary, gave a brief but felicitous speech. He complimented the Oddfellows of Peterborough on the success of the magnificent demonstration which had taken place under their auspices. It was one of the best if not the best that he had ever seen in connection with a Grand Lodge session. In fact the whole arrangements in connection with the session had been most complete, and from personal knowledge he could say that all the delegates were delighted—in the first place with the thriving and beautiful town of Peterborough, and with the perfect success and smoothness with which the arrangements of the local brethren for the entertainment of visitors had been carried out. Speaking for himself he could freely say that on no occasion, in no town nor city, had he ever received a warmer and more cordial hospitality and more brotherly kindness and courtesy than he had received from the Oddfellows (and he might include the citizens) of Peterborough, during his present visit. He would always cherish the recollection of the days spent in this town as the pleasant memories of his Oddfellow life. His remarks concluded, Bro. Jas. Stevenson, P.G., Mayor of the town, followed with a brief congratulatory address. At the close of the lodge Bro. C. H. Clementi proposed three cheers, for the visiting Grand Officers, which were given with a will. The evening's entertainment was brought to a close by Dr. Bell, Grand Warden, entertaining the brethren at a luncheon, spread by those well known caterers, Messrs. Long Bros. Grand Secretary King and Mrs. King leave this evening for Toronto by the 5.52 C.P.R. express.

NOTICE.

THE MEETING OF THE ODDFELLOWS' Reception Committee, called for this Monday evening, is postponed until to-morrow TUESDAY EVENING at 8 o'clock, in the Peterborough Lodge Room. All parties having accounts against the Committee will please file the same with the undersigned before 6 p.m., the 16th inst.

Signed.
ANDREW McNEIL,
2433 Secretary I. O. O. F. Recep. Com.

Personal.

Mr. John Gerrey, of London, is in town.

Mr. R. Kay Coleman, formerly head-master of the Public Schools here, and at present head-master of the Port Arthur Public school, is spending his holidays in Port Hope.

Mr. Andrew McFarlane's many friends will regret to learn that since the closing meeting of the Grand Lodge of Oddfellows he has been confined to his room through illness. We are pleased to state that he is now much better and hopes to be about as usual in a few days.

Rev. F. H. Wallace, M. A., B. D., leaves this evening by the 5-52 C. P. R. express for a month's holidays. He will visit during his absence Toronto, Niagara, and several other points in Western Canada. His numerous friends wish him a pleasant and successful month of pleasure seeking.

Police Court.

TUESDAY, Aug. 16th.

Walter Kerr, the thoroughfare merchant, remanded a week ago by Mayor Stevenson, was arraigned this morning as an uncomplicated drunk. He was dismissed being penitent and resolving to turn over a new leaf with a great rustle.

A watch larceny case, arising out of a complicated commercial concatenation of circumstances was withdrawn.

A young man from Nassau of unsound mind was committed.

WEDNESDAY, AUGUST 17, 1887.

AN AUDACIOUS RASCAL.

THE JACQUES CARTIER BANK AT MONTREAL DONE OUT OF $25,000.

The Forgery Cunningly Executed, But the Money Paid—The Criminal Finally Captured—He Also Cheated the Custom House.

MONTREAL, Aug. 16.—A very cool and audacious swindle was perpetrated upon the Jacques Cartier Bank to-day whereby that institution has been mulcted to the extent of $25,000. It appears that this afternoon Joseph Duclos, of Joseph Duclos & Co., commission merchants in French, English and Belgian tweeds, St. Therese-street, presented himself at the bank and asked cash for what appeared at first sight to be an accepted check for $25,000, drawn payable to the bearer on the Banque du Peuple by C. O. Beauchemin & Son, booksellers and printers, St. Paul-street. The teller could not have paid very close attention to the check, other than assuring himself that the signature was all right, for it appears he paid over the round $25,000, and without submitting the check to the examination of the cashier.

As is customary every morning with the city banks the exchanges were made up and a messenger despatched with the check in question to the bank on which it was drawn. It was at this period discovered that Beauchemin & Son had no such amount at their credit at the Bank du Peuple.

The figures, $25, and words for the same amount written in the body of the check, dated yesterday, are in light-colored ink, whilst three forged decimals, making it $25,000, with the written word "thousand" are clumsily added in ink of a much darker shade, making it quite impossible for the ordinary eye not to detect the change which had been accomplished.

As soon as the fraud was brought to the notice of the manager of Jacques Cartier Bank he notified the police and detectives were soon at work on the case. Mr. Duclos says that a young man, a friend of his, named Chas. Page, head book-keeper with Messrs. Beauchemin & Son, came to him this morning and saying that he was not well known at the bank, asked if he (Duclos) would be good enough to go to the Jacques Cartier Bank and get the check cashed for the firm with whom the former was engaged. He complied and gave Page the money and has not seen him since. Duclos in assisting the police in their endeavors to capture Page, who was book-keeper for Glover & Brais, importers, St. Paul-street, and had to cross the lines on account of some fraudulent entries passed by him, and by which at the time it was realised, he had succeeded in defrauding both the firm and the customs out of considerable sums of money.

Arrested With all the Money.

MONTREAL, Aug. 16.—Page, who swindled Jacques Cartier Bank out of $25,000, was arrested this evening at Versailles, about six miles from St. Johns, Que., and about eighteen miles from the border line. All the money was found in his possession.

VICTORIA TO GROVER.

The Queen's Message to the President of the United States.

WASHINGTON, Aug. 16.—The following letter has been received by the President from Queen Victoria in response to a letter from the former congratulating her on the occasion of her jubilee;

Our Good Friend: We have received from the hands of Mr. Phelps, United States Minister at our court, the letter which you addressed to us on the 29th of May last and in which you convey your congratulations and those of the people of the United States on the occasion of the celebration of the fiftieth anniversary of our ascension to the throne. We request you to accept our best thanks for this proof of your friendship and good will which, with the similar proofs we have received from rulers and peoples of other states has caused us most sincere gratification. In thanking you also for the choice which you have made of Mr. Phelps to be interpreter of your sentiments on this occasion, we request you to accept in return our best wishes for your own uninterrupted happiness and welfare and for the prosperity of the United States, and so we recommend you to the protection of the Almighty.

Given at our court at Windsor Castle this 18th day of July, in the year 1887, and in the fifty-first year of our reign. Your good friend.
VICTORIA.

The Plague Record.

ROME, Aug. 16.—The cholera returns for Monday are as follows: Naples, 8 new cases and 6 deaths; Palermo, 7 cases and 4 deaths; Catania, 17 cases and 6 deaths; Syracuse, 5 cases and 3 deaths; and at other places 95 cases and 46 deaths.

LONDON, Aug. 16.—At Malta during the past 24 hours there were 3 new cases of cholera and 2 deaths.

Coopers Out on Strike.

BUFFALO, Aug. 16.—Nearly all of the flour barrel coopers of the city are on strike to-day. The strike does not affect coopers on light work. About 200 men are out. The flour barrel makers are nearly all Knights of Labor, organized in two assemblies, North Buffalo Assembly and Erie Assembly. They are now getting 9 cents a barrel and demand 10 cents. They make on an average about 100 barrels a week, or $9.

Children Cry for Pitcher's Castoria.

A CONSERVATIVE EXODUS

WILL PROBABLY CAUSE THE LOSS OF TWO IMPORTANT BILLS.

Comments of the Press on the Northwich Election—The Situation Recognized as Grave—Mr. Brunner Takes His Seat—Received with Acclamation.

LONDON, Aug. 16.—Owing to the exodus of Conservative members of Parliament, the Government will probably find it necessary to abandon both the Allotment and the Education Bills.

The New Man Takes His Seat.

LONDON, Aug. 16.—Mr. Brunner, the new Gladstonian member for the Northwich division of Cheshire, took his seat in the House of Commons to-day for the first time. He received an ovation from the Gladstonites.

Press Comments on the Northwich Election.

LONDON, Aug. 16.—The Daily News, referring to the Northwich election, says seldom has any Government a year after its formation met with such an emphatic rebuff. A remnant or simulacrum of the dissident party still flits about the lobbies and benches of the House of Commons, but in the constituencies it is not to be seen.

The Morning Post is depressed over the result and urges the Conservatives to effect a better organization. It refuses to believe that the country is changing its mind in regard to home rule.

The Times says the Government make a fatal mistake if they see in the recent elections any reason for slackening their efforts to cope effectually with the forces of disorder in Ireland.

The Telegraph says the Unionist converts have become perverts, and the Abstentionists have returned to their Gladstonian alliance. The paper attributes the result in Northwich to the weakness of the Unionist candidates in the campaign, and begs the Unionist leaders to abandon the belief that it is sufficient to send a candidate to a district with their blessings to secure a victory.

The Standard thinks there is evidence that the Irish question is no longer so powerful a lever, proving that the minds of Unionist electors are becoming lulled to a condition of false security. The Northwich election, the Standard adds, shows unmistakably that the battle for the Union has yet to be fought.

THE CAPITAL'S BUDGET.

Liberal Nomination—C.A.R. Bridge Over the St. Lawrence—A Thousand Pilgrims.

OTTAWA, Aug. 16.—The Ottawa County Liberals held a convention in Hull to-day, and, as was generally anticipated, nominated Mr. Rochon as their candidate for the Local House.

Capt. Douglas, the representative of the Nordenfeldt guns in Canada, has received an order from Mr. A. P. Binder, who represents a company who are engaged in capturing porpoise in the Gulf of St. Lawrence, for a seven-barreled Nordenfeldt gun to be used in killing porpoises.

Mr. J. Grey, C.E., assisted by Mr. H. Fry, C.E., has gone to Comox for the purpose of locating a route for the proposed extension of a line of railway to the northern end of Vancouver Island.

Mr. Percy R. Todd, general freight and passenger agent for the Canada Atlantic Railway, says that the masonry work on the bridge over the St. Lawrence at Coteau will be commenced in September under the superintendence of the company's engineer, and after the stone work is completed tenders for the iron superstructure will be called for.

Twenty-five cars filled with over 1000 pilgrims for Ste. Anne De Beaupre left here by the Canada Atlantic this morning.

Mr. Wm. McKay's timber berths, Nos. 2 and 4 in the Township of Lownie on the South River, near Lake Nipissing, were sold at the Russell House this afternoon to Mr. John McKay of Renfrew village for $60,000.

THE THISTLE SAFE.

Arrived in New York Yesterday After A Pleasant Voyage—A Beautiful Yacht.

NEW YORK, Aug. 16.—The yacht Thistle has arrived. She dropped anchor off Tompkinsville at 6 o'clock this morning. She crossed the bar at 4 a.m., and was towed to her anchorage by the tug Goodwin.

The Thistle was met about 45 miles outside by the pilot boat. Capt. Barr reports a pleasant passage, except three days of rough weather and three without a puff of wind. The rest of the time they had a light breeze. Several vessels were signalled; but they evidently did not make out her number. The steamer Clyde was the only one which answered her signals. The Thistle is certainly a pretty model, and her model does not belie her claims to speed. She is clear cut forward, and carries an overhanging stern. She is strongly but lightly built, and has a wonderful amount of cabin room. Below decks she is comfortably but plainly finished, and is marked by the absence of decorative art. All her beauty is visible from the water line. Her dimensions are 20 feet beam, 85 feet on the water line, 105 over all and 13 feet draught. It will take about two weeks to clean her up, set her top-mast and bend on her rigging. She came over under a small main-sail, top-sail, stay-sail and jib. For two days of the trip she carried two reefs in her main-sail, the rest of the trip she shook out everything. The trip took just twenty-one days. The officers and crew, twenty-one in all, are a fine looking lot of men. Captain Barr is a heavy set Scotchman, heavily bearded and bronzed by exposure to the weather. His crew share with him a just pride in their cutter. Mr. Bell, the owner of the Thistle, will arrive on the steamer City of Rome, Sept. 8.

POLITICS FROM TORONTO.

Also a Little Social Gossip About the Ministers and Members.

TORONTO, Aug. 17.

The Ontario Cabinet held a meeting yesterday at which Hon. T. B. Pardee, Mr. Hardy and the two Mr. Rosses were present. Routine business was transacted.

The Attorney-General will return to Toronto about Sept. 15.

Mr. George William Monk, the handsome Opposition whip who represents the capital county of Carlton in the Legislature, is in town arranging for his marriage with Miss Mulock, sister of Vice-Chancellor Mulock, M.P. Mr. Monk and his bride-elect were among those that enjoyed the beautiful August weather of yesterday afternoon on the promenade.

During these dull political days the gossips find time to talk about the vacant chivalry in York. Mr. G. B. Smith has not yet returned from England, but it is a matter of robust rumor that after all Dr. Widdifield will be the man. "If it is not the Doctor," said one of the inner circle to The World last evening, "it will be a North York man."

Treasurer Ross took in the band and the fakirs at the Island last evening. The Treasurer has just returned from a visit to New York.

$5000 DAMAGES.

An ex-Canadian Official Awarded £1000 in an English Divorce Case.

LONDON, Aug. 16.—The suit of Springett v. Springett and Scarth has been decided in the Divorce Court. The petition was that of Mr. Arthur Richard Springett, for a divorce by reason of his wife's adultery with the co-respondent, Mr. Robert William Scarth, farmer, of Cundall, near Boroughbridge, against whom damages were claimed. The petitioner, in his evidence, deposed that he was formerly agent under the Indian Department appointed by the Canadian Government, he having party the care of the Blackfoot Indians. He made the acquaintance of Ida Paley, the respondent, at Ripon. He married her in 1882. A fortnight after he married her he went to Canada, as he had no means. He was prepared to get his wife out there as soon as possible. He did not wish her to come out to him until he was able to receive her. He did not send her much money. His family never recognised the marriage, and they did not make any provision for her. At Canada he was ill for three or four months, and this cost him $350. After further evidence it was intimated that neither the respondent nor the co-respondent would be called. The only question that remained was as to the amount of damages to be assessed against the co-respondent. In the result the jury found for the petitioner, and assessed the damages at £1000. His Lordship granted a decree nisi, with costs.

FERDINAND GETTING SETTLED.

Forming His Ministry and Attending Banquets—Turkey Asks Advice.

SOFIA, Aug. 16.—Prime Minister Stoiloff has consented to form a provisional Cabinet. All the officers and soldiers of the garrison here have taken the oath of allegiance to Prince Ferdinand.

TIRNOVA, Aug. 16.—The garrison gave a banquet yesterday in honor of Prince Ferdinand. In reply to a toast the Prince expressed his devotion to Bulgaria and promised that he would preserve intact everything with which the name of Prince Alexander was connected in view of the fact of Bulgaria's love for its late ruler. Prince Ferdinand afterward reviewed the troops.

CONSTANTINOPLE, Aug. 16.—The Porte has sent a circular to the Powers asking their advice as to the course to be taken by Turkey toward Bulgaria in view of Prince Ferdinand's action.

BERLIN, Aug. 16.—The North German Gazette says the manifesto of Prince Ferdinand announcing his acceptance of the Bulgarian throne appears to be intended as a declaration of Bulgarian independence, and aggravates the breach of the treaty of Berlin of which he has been guilty. Germany, says the paper, cannot approve of Prince Ferdinand's course.

TORONTO TOPICS.

TORONTO, Aug. 17.

The negotiations for the absorption of the business of the Bank of London in Canada by the Bank of Toronto are about completed. Major F. B. Leys, Vice-President of the Bank of London, and Mr. Duncan Coulson, Cashier of the Bank of Toronto, had a lengthy conference at the Queen's Hotel last evening. It is understood that Mr. W. R. Wadsworth, Manager of the Bank of Toronto's Port Hope agency, will take charge of the London branch under the new arrangement, and that the Cobourg and Port Hope offices will be amalgamated.

The Bank of London has a subscribed capital of $1,000,000, of which $223 588 is paid up. Its directors are Henry Taylor, President; F. B. Leys, Vice-President; Thomas Long (Collingwood), T. H. Purdom, J. Leys, Jr. (Rice Lewis & Son, Toronto), and John Morrison (Toronto.) The bank has branches in Brantford, Petrolia, Dresden, Watford and Ingersoll.

"Lou" Sievert, the victim of vitriol-throwing, is progressing favorably at the hospital, and hopes are entertained of saving the sight of both eyes, but his face will be greatly disfigured.

Anderson, the man who suffered from injuries sustained by the falling shed on the Island on Saturday, is doing well.

UNITED STATES NEWS.

The engineers of the first and second divisions of the Mexican Central Railroad struck yesterday.

James Summers and his wife, living near Memphis, were struck by lightning and killed yesterday.

Mrs. George Gould last evening presented her husband, son of Jay Gould, with a son. Mother and son are doing well.

The United States Secret Service officers at Philadelphia made a raid on the breweries there yesterday, and seized ten of them for violating the Internal Revenue laws.

CABLE ITEMS.

Lieut. Chaplin and Lieut. Horvard, of the French flagship Minerva, now at Montreal, are at the Queen's.

Knoll Hall, the ancestral home of Sir Lionel Sackville West, the British Minister at Washington, has been partially burned.

Prof. Adolph Puntsch of Kiel University, who was a member of the German Polar Expedition of 1869, was accidentally drowned while sailing in Kiel harbor yesterday.

The Montags Zeitung states that Lord Randolph Churchill is living near Vienna under the name of Spencer. He leads a retired life, takes long walks and drinks Carlsbad water.

Bordeaux, France, has been visited by a hurricane which destroyed an enormous amount of property.

STRIFE ON THE PACIFIC.

WHOLESALE SEIZURES OF CANADIAN SEALING VESSELS.

By American Cruisers—Behring Sea Declared in the Mediaeval Limit—Seal Skins Confiscated and the Vessels Held—Our American Confrere Taken.

WASHINGTON, Aug. 16.—The Secretary of the Treasury has received reports from Captain Shepard, commanding the revenue steamer Reish, Ounalaska, Alaska, July 11 and 16, in regard to his cruise in the waters in that vicinity. He says that on July 9 in Behring Sea, 70 miles distant from Cape Cheerful, he boarded and examined the British schooner W. P. Sayward of Victoria, B.C., and found that she was on a sealing voyage and had been in Behring Sea for four days. Her captain reported 485 sealskins on board, 64 of which were taken in Behring Sea. The vessel was under short sail, and one canoe with two Indians was sealing at the time. Her crew consisted of six white men and seventeen Indians. The vessel was seized for violation of the revised statutes and towed to Ounalaska, where the captured seal skins were delivered to the United States Deputy Marshal. The vessel and crew were then sent to Sitka for delivery to the United States Marshal, and the crew was set at liberty.

On July 12 Capt. Shepard seized the British steam schooner Dolphin of Victoria, B.C., in Behring Sea, forty miles from Cape Cheerful. She had been in the sea for three days, and contained 618 sealskins. Ten canoes and one boat were out sealing at the time of the seizure, and a dozen dead seals were taken on the schooner from the canoes while the Reish was approaching, and three skins from seal recently killed were found in the small boat. The crew consisted of seven white men and twenty-six Indians from British Columbia. They had a number of fire arms with ammunition. She was seized for violation of the revised statutes.

Capt. Shepard seized the American schooner Lilly L. of San Francisco, which was found seal hunting in Behring Sea, about sixty-eight miles from St. George Island. Capt. Todd, her master, admitted that he went into Behring Sea to hunt seal and said he had a perfect right to any seal he might catch anywhere outside the nine mile limit from shore.

On July 17 Capt. Shepard seized the British steam schooner Grace in Behring Sea, ninety-six miles from Ounalaska, for violations of the seal fishery laws. She had been in Behring Sea ten days and had 700 sealskins on board. Capt. Shepard saw one seal shot and taken into a small boat while he was approaching the schooner, and he saw many more seal which had been recently killed. The vessels were all sent to Sitka and turned over to the United States Marshal for prosecution.

The British schooner Anna Beck, previously seized, has also been sent to Sitka.

VICTORIA, B.C., Aug. 16.—The Government had another conference to-day with Minister of the Interior White. The latter announced that the Dominion Government had instructed Mr. Drake, Q.C., of this city, to proceed to Sitka and attend the trial there on Aug. 22 in connection with the sealing seizures on behalf of Canada.

Giddy American Youths.

NIAGARA FALLS, Aug. 16.—Peter Balz and Fred. Seitsman, two Buffalo youths, were to-day fined $5 and costs each by Police Magistrate Hill of Niagara Falls, Ont., for disturbing the peace. The case is peculiar and has excited much of a turmoil in the usually quiet village of Fort Erie, Ont., the other side of the river. The two young men referred to were flirting on Sunday at Fort Erie Grove with a half-witted girl named Maggie Nort, when they were observed by a lady who thought things were not all right and she called to some friends who arrested the young men. There was a good deal of excitement and talk of lynching them owing to the reports spread by the lady, but the trial developed the fact that the proceedings were not so bad as reported and Stipendiary Hill cautioned the lads and fined them as above.

The Mexican Engineers' Strike.

MEXICO, Aug. 16.—The mail and passenger trains on the Mexican Central Railway are running on time despite the strike of the engineers, but it is feared that freight cannot be handled. The officials of the road maintain that the strike was prompted by professional agitators from the United States and that no real grievances exist. The engineers claim that they struck because an engineer was discharged without proper enquiry.

The Editor on His Muscle.

EL PASO, Texas, Aug. 16.—E. C. Smith, editor of the Republican, shot W. M. Caldwell, an attorney, yesterday. Smith had been publishing articles reflecting on Caldwell, who armed himself and hunted for the editor. Both parties shot at about the same time, but Caldwell missed his mark and Smith's bullet lodged in Caldwell's right thigh. The wound is not thought to be serious.

Brought to His Senses.

He would not say the words although
She did her best to please,
So she gave him a pinch of old Scotch snuff
And brought him to his senses.

REMOVAL.

HALL, INNES & Co.

Have removed the balance of their stock to the

PARLOR ROLLER RINK,

on Water Street, where for the next few weeks, during the time alterations are being made in their premises, they will offer goods in every Department, at greater reductions than ever.

The stock is well assorted in every department, and will be cleared out at lower prices than heretofore.

Don't forget the place—Parlor Roller Rink, Water Street.

HALL, INNES & CO.

The Daily Examiner.

WEDNESDAY, AUGUST 17, 1887.

PETERBORO' FESTIVITIES

The year 1887 will ever be remembered in British History as the year of Jubilee. So far as Peterborough is concerned, its local historian will probably write it down as the year of great gatherings. Ever since the stormy advent of January last the town has been the centre of festivities, and public holidays have been frequent. Scarcely had the turmoil of the sharp contest and struggle of the Provincial election ended, until the municipal elections were on. These were succeeded by the School Trustee elections. Then followed the exciting battle for supremacy at the Dominion elections, when whole weeks were spent in public meetings and the great leaders of politics on both sides held forth in the Opera House. A brief lull succeeded, giving all who were interested in the campaign time for breathing freely, and then the 24th of May was upon us. The day was right royally observed, and a large contingent of Toronto citizens visited Peterborough, their behavior as the day closed not being of the best. A few weeks more and the Jubilee was ushered in, for due celebration of which great preparations had been made. The day unfortunately proved wet, but the evening's illuminations were simply magnificent. Again came Dominion day and once more the town was *en fete*. Then the Orangemen had their brilliant anniversary and Peterborough was thronged with visitors from all parts of the district, the celebration being wonderfully successful. The Oddfellows' demonstration on the 12th of August, and the A. C. A. camp in which Peterborough bore an important part, have crowned the year's festivities with no mean garland, the former celebration eclipsing all gatherings of the kind, which Peterborough has yet seen. With the Agricultural Show in prospect, we think the town has done well in the matter of festivities for this year, and can rest satisfied with the manner in which they have all been carried out. The citizens have shown a very commendable public spirit in all these celebrations and they may be assured that such gatherings tend to advance the best interests of the town, and to make known our numerous advantages, social, educational and commercial to visitors from all parts of Canada.

THE MORMONS.

Occasionally a great outcry is raised in the United States against the Mormons. Many have thought in the past that the delusion would soon cease, still it does not appear to be waning much as yet. It still flourishes, and seems as aggressive as ever. Restrictive legislation and the strict enforcement of existing laws have not checked the progress of this vile imposture. We now and then read in the United States press that "the Mormons must go"; blatant politicians occasionally declare force must be used, and sentimental divines talk rosy-tinted platitudes, but still the evil spreads and the work of proselytising goes on. It is, in fact, spreading into other states, and there are some who believe they are likely to capture Nevada, where a considerable number of Mormons are to be found already. Six thousand voters would enable them to control the state, and give them possession of the state government with all its advantages and immunities. The most recent insinuation, however, is the vague statement that they are about to enter the Northwest and form a colony there. Nothing could be further from the truth. The Latter Day Saints are not at all likely to attempt such an invasion. They know well they are much more likely to retain their peculiar privileges where they are, than if domiciled under the British flag. Mormons have endeavored to secure followers in Canada in recent years, but their success has not been encouraging. The pioneers of Mormonism in this country have been given the "cold shoulder", and they know well that British pluck and vigor, against which no enemy can long stand, would soon make an end of a colony whose laws and institutions were directly opposed to the general well-being and the good of the state.

Not in America can Mormonism succeed in securing followers. It is only among what Carlyle terms the "Drudge Sect", men of no learning, hard, ignorant, boorish toilers that Mormon elders can hope to secure converts. Then it is the prospect of material comfort, to rhapsodies on which they fondly listen, that the poor dupes pay heed, rather than to any destructive spiritual teaching or peculiar religious views. If Mormonism had to depend on local sources of supply, it would soon show signs of inevitable decay. Its vitality is altogether dependent on foreign recruits, and it is amazing to read these are sent to European countries, to New Zealand, the Sandwich Islands, and elsewhere by the score! What a contrast to what the Church is doing for Foreign Missions! After all, the strength of Mormonism is somewhat overrated. The total membership is only a little over 130,000, including children, and of this number nearly one-third are officials. We are glad to say that in Canada, as in Ireland, the Mormon propaganda is a complete failure. May it long prove so.

STARTLING AND TRUE.

The Gong again gives no Uncertain Sound. GOUGH, the Old Terror, creating Sad Havoc in the Furnishing Goods Trade.

Our Great Sale of Clothing at 40 Cents on the Dollar was an IMMENSE SUCCESS, July Sales being Equal to any Month in the Year. There are a few of those Extraordinary Bargains in Suits yet.

George Street, Peterboro, and Queen St. West, Toronto. N. B.—Wholesale and Retail.

GOUGH

The Acknowledged Clothier of the Age.

Mothers.

There are upon the skin of every human being, child and adult alike, 2,500,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of gradually digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world-wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unnecessities for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. 4w33

Children Cry for Pitcher's Castoria.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain. eodw

An Open Letter.

Messrs. T. Milburn & Co., Nov. 25th, 1886.

I wish I had used B. B. B. sooner, which would have saved me years of suffering with erysipelas, from which I could get no relief until I tried B. B. B., which soon cleared away the itching, burning rash that had so long distressed me. Mrs. Edward Romkey, Eastern Passage, Halifax, N.S. 2w31d

A GREAT RUNNING HIGH JUMP.

Page of the Manhattan Athletic Club Beats the Record.

NEW YORK, Aug. 16.—Jackson of the Manhattan Athletic Club has received the following cablegram from W. B. Page, who went to England to represent that club:

STORMBRIDGE, Eng., Aug. 15.—At the Stornbridge athletic games this afternoon I jumped 6 feet 3¾ inches on first trial.

This beats P. Davin's record of 6 feet 2¾ inches, and is the best world's record. This jump is the more remarkable as Page is only 5 ft. 6 in. tall.

What Teemer Said in New York.

New York Herald: John Teemer, champion sculler of America, who beat Hanlan from start to finish on Saturday, arrived in New York on Monday. Teemer looked as happy as a king, but referred very modestly to his victory, although he said that from the turning buoy, where he was purposely run into by a sailboat, he had fears that he would not get to the finish without being injured in some way. There were demonstrations in many instances by parties in boats near him that he did not like, and, when the race was over, he was not only glad that he was the winner, but that he was safe and sound. Teemer's shell was smashed in its transportation to New York, but he is in hopes of being able to have it repaired, as it is one of the best boats he ever owned.

Gossip of the Turf.

A match race has been arranged between Harry Wilkes and Argyle, to be trotted at Poughkeepsie. James Temple bets F. A. Wiethoff $1000 that Harry Wilkes will beat Argyle, best three heats in five, in harness.

The directors of the Kentucky Trotting Horse Breeders' Association will give a free-for-all purse of $1000, to be trotted on Oct. 15, which is the fourth day of the fall meeting. Jay-Bye-See, Patron, Clingstone and Harry Wilkes will be barred.

Messrs. Morris and Harwood, the young turfmen of Baltimore who were so successful at the Rockaway Spring Meeting are said to have won $134,000 over Wheatley's victory in the Trouble Stakes at Saratoga recently when he was pilloried by Mr. Harwood.

The Canadian steeplechaser Wizard at Saratoga has been taken from Warder's charge and placed under McBride's care in the Red Bank Stable.

The Dwyers have sent Hanover, Kingfish and Fordham back to Saratoga, presumably to give them a rest and freshen them up. Hanover will return to Monmouth on Friday, where he will start for the Omnibus Stakes on Saturday. The Junior Champion and Champion Stakes won by Kingfish and Hanover respectively on Saturday last amounted to over $25,000.

The stake feature to-morrow at Monmouth Park is the West End Hotel Stakes for 3-year-old fillies at a mile and a half, to which the proprietors of the West End Hotel will make their seventeenth annual contribution of $1000. On Saturday the Criterion Stakes for 2-year-olds will be run, as will the Omnibus Stakes for 3-year-olds. The conditions are: $100 each for starters, with $10,000 added, of which $7500 to the winner, $1000 to the second and $1000 and $500 respectively to the nominators of the winner and the second. It is a race with 5 and 7 pounds penalties, and with an allowance of 5 pounds for maidens. The stake closed with 183 subscribers, of which Hanover will have to carry 126 pounds, while the other starters should include Kingston, Ormsmore, Cappoquin, Kingfisher, Carabyne, Dynasty, Hyphen, Chelsea, Panaffier, Firenzi, Dolphiera, Ostkab, Alary, Venetian, Raveller and Vinegard.

An Old Favorite.

An old favorite, that has been popular with the people for nearly 30 years, is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children and adults. It seldom or ever fails to cure cholera morbus, diarrhœa and dysentery. 2w31d

Praiseworthy.

"Last summer I was entirely laid up with liver complaint, a friend advised me to use Burdock Blood Bitters, I did so, and four bottles cured me. I cannot praise this remedy too much." John H. Rivers, Orr Lake, Ont. 2w31d

Keep Your House Guarded.

Keep your house guarded against sudden attacks of colic, cramps, diarrhœa, dysentery and cholera infantum. They are liable to come when least expected. The safest, best and most reliable remedy is Dr. Fowler's Extract of Wild Strawberry. 2w31d

Children Cry for Pitcher's Castoria.

HON. JUDGE GIROUARD.

It Would Look Well, But Won't Be Possible at Present.

MONTREAL, Aug. 16.—L'Etendard says it is announced that Mr. Girouard, M.P., has just been appointed a judge. The rumor is very variably received among politicians and members of the bar. Some consider it well founded, while others believe Mr. Girouard would not accept the chance of position in the Cabinet, and also regards the opinion that the only judgeship vacant, that of Terrebonne, belongs by right to Mr. Saulton."

OTTAWA, Aug. 16.—There is no truth in the statement made by L'Etendard that Mr. Girouard, M.P., has been appointed a judge. The fact of the matter is that there is no vacancy in the Quebec bench at present, the last being filled by the appointment of Judge Davidson. It is true that Parliament at its last session made provision for the appointment of an additional Superior Court Judge, but as it was understood that this was intended to supply a resident judge for the district of Terrebonne it is not likely that the appointment will be made during the absence of the member for Terrebonne, Hon. Mr. Chapleau.

HARRYING THE WHITES.

The Utes Devastating Wyoming—Colorow Said to Have Been Defeated.

CHICAGO, Aug. 16.—A special from Rawlins, Wyoming, says a messenger has just arrived from White River. Col., who reports that about 150 Utes are fighting at Beaver Creek, fifteen miles from Meeker. Families are rushing into Meeker, and more Indians are coming. The country is all on fire below Meeker, between White and Bear Rivers. Mr. Golden, the messenger, is trustworthy. One hundred mounted men are ready and will march on the Utes. Women are making bandages, and the town is thoroughly excited.

A special from Grand Junction, Col., says the manager of the Philadelphia Cattle Company came in yesterday from camp to the Uintha reservation below Rangeley, and the Indians forced his party back and drove them before them at full speed. Decker and other cattlemen are riding night and day, gathering up their cattle and hurrying them from the White River range. All settlers in that locality have been warned by white couriers to leave, and they are abandoning everything to get away before the Indians arrive from the reservation.

DENVER, Col., Aug. 16.—A special from Glenwood says that a battle has been fought with the Indians, and that Colorow got the worst of it. It is known that five Indians were killed or wounded, and that the renegade Utes have concluded to go back to the reservation if permitted to do so.

THE BRITISH COLUMBIA BUDGET.

Funeral of the Late Hon. Allen Francis—Departure of the Earl of Dalhousie.

VICTORIA, B.C., Aug. 16.—The funeral of the late Hon. Allen Francis, United States Consul at St. Thomas, Ont., formerly of here, was one of the most impressive ever held here. The procession was an unusually long one, all ranks and conditions of life being represented. He was beloved by all who knew him. The noble man has gone to his reward, whose memory will always be cherished by Victorians. His wife and family will continue to reside here.

The ship Beaconsfield has been libelled by James Keith, late master, in cause of subtraction of wages. The vessel is now in the hands of the deputy-marshal.

A lad, aged 14, named Thomas Williams, was drowned at Saanich yesterday while bathing.

The barque Von Moltke sailed on Sunday for San Francisco.

The Earl of Dalhousie sails to-morrow from Departure Bay for San Francisco.

A CONFESSION OF HIS THEFT.

The Story of the Manhattan Bank Defalcation Revived—Whereabouts of Scott.

NEW YORK, Aug. 16.—Richard Seaman Scott, who absconded with $160,000 that belonged to the Manhattan Bank, of which he had been a pet employe in 1885 and about whose disappearance and whereabouts there was such profound mystery, has made a confession before Consul-General Walter at London. For a time there was all manner of rumors about his location, but after a spasmodic story which took over a year to tell in the newspapers it was dropped by the public. People who were directly interested in the case were more active and have long since known of his movements. A suit has just been instituted in the Supreme Court which discloses not only Scott's action but the fact that he was not alone in this stupendous defalcation. This suit is against John R. Dunn, Scott's colleague, for the recovery of $140,000. The documents included in this case embrace an affidavit by the defaulter, which is a statement of the history of the case, but it is in truth a confession of his theft.

It Saved My Wife's Life.

This is the report of a Princess street gentleman who had the opportunity a few nights since of testing Polson's NERVILINE, the great pain cure. Be prepared for any emergency by having a bottle of Nerviline at hand. It costs only 10 cents to test it, and you can buy test bottles at any drug store. Get a 10 or 25 cent bottle to day. Sure in rheumatism, neuralgia, cramps, colic, headache. Nerviline, the sure pop pain cure. All druggists. 25 cts. a bottle. 6dw33

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

For the Babies

it is not necessary to buy corn cures. Men and women should remember that Putnam's Painless Corn Extractor is the only safe, sure and painless corn remover extant. It does its work quickly and with certainty. See that the signature N.C. Polson & Co. appears on each bottle. Beware of poisonous imitations. 6dw33

Broken Down.

"After suffering with dyspepsia, kidney disease, loss of appetite and pain in the head until discouraged, I heard of B. B. B., took two bottles and am happy to say I feel as well as ever." Mrs Rufus E. Merry, New Albany, N. S. 2w31d

McGregor & Parke's Carbolic Curate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbolic Curate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eodw31

"MADRE E HIJO."

TO Contractors and Builders

Drain Tile Pipe.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

George Street, opposite the Market. d

Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR,—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and to-day the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all who troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. DUNN,
C. P. R. Agent, Peterborough Ont.

P. S.—Use this as you deem prudent. —J.P.D. d143w35

CATHOLIC MUTUAL BENEFIT ASSOCIAT'N

LOCAL NEWS.

Men's Cordovan shoes at KIDD's for $1.25 a pair.

KIDD is not trying to do the shoddy trade but the solid, substantial, first-class boot and shoe trade of the town, and he is doing it.

Just opened out at Turnbull's, the Kabo Corset (entirely new) warranted not to break or roll up with one year's wear.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.00. Call and see them.

A Cricket Match for Blood.

A phenomenally exciting and important cricket match is on this afternoon, between the first eleven of the Cricket Club and the Amalgamated Duffers and Buffers.—22 to 11.

Masonic Temple.

Mr. D. Bellegham, the Furniture King, began this morning upon the work of preparing the furniture and fittings of the new Masonic Temple, Dunsford Block, Water street.

That Smoke.

The air of the town was dense with smoke last night. It was thought that there were extensive bush fires in the vicinity, but it appears that there were only fires on the pasture on the farm of Mr. John Bertram, of Smith. A strong north-west wind brought the smoke down upon the town in dense volumes.

Just opened out at Turnbull's, New Shades in Fall Dress Goods, and Fancy Watered Plushes to match.

Telephone Extensions.

The Bell Telephone Company announces that the following places are now connected with the rest of its system, and are open for business over the wires from other points, viz: Cargill, Greenbank, Niagara-on-the-Lake, Orillia, Paisley, Pinkerton and Saintfield.

Past Grand Jewel Lost.

During the week of the Oddfellows' demonstration, one of the delegates to Grand Lodge lost his Past Grand Jewel (five-pointed star). Any person finding or having it in possession is kindly requested to hand it to Mr. E. E. Henderson, who has received a letter of inquiry from the gentleman who met with the loss.

You will find at Turnbull's the far-famed Alexandre Kid Gloves, cut to fit the hand, every pair warranted.

Thursday Excursion.

Steamer Golden Eye will run an afternoon excursion to Jubilee Point, leaving the wharf at 1 o'clock, returning leave Jubilee Point at 6 p.m. Hot water and meals provided on the boat. Round tickets, 50 cents; to Faucher's Park, 25 cents. H. McDonald, master. 2d39

A Secretary Called.

The Young Men's Christian Association held a special meeting of members last night for the purpose of electing a new general Secretary. There were several applicants for the position, and after a good deal of discussion, it was decided to invite Mr. W. H. Stevens, of Montreal, to take charge of the work here. Mr. Stevens has had two years of valuable experience under the Secretary at Montreal, Mr. D. A. Budge, and it will be a good thing for the Peterborough Association if it can secure him.

Welcome to a New Business Man.

Mr. Thomas L. Bayeur, of Belleville, who has purchased the boot and shoe business of Mr. J. McAleer, George street, has arrived in town and taken possession. The shop is closed for the present, while the stock is being marked down, but will re-open on Saturday next. Mr. Bayeur has been in Belleville ten years and has an excellent record both as a business man and citizen. The EXAMINER makes him welcome to Peterborough and has every confidence that his business ability, honorable dealing will bring him success.

Off to the Races.

Messrs. F. J. Daly, Alex. Gibson, William and Samuel Clancy, Ned Brown, H. C. Winch and Joe Daly who joined the party at Lindsay went up Tuesday to see the Orillia races. The track course is a good one, but the track being new was heavy and the time made was slow. W. Clancy's "Royal Jim" entered for the two-forty-five trot, but was disabled and drawn the first heat. He stepped into a hole and sprained his foot.) "Mayflower" a horse well known in town was also badly injured. In scoring she was run into the wagon was upset, the horse ran away, and was seriously cut and injured. There was a big field of horses and a good days sport.

Children Cry for Pitcher's Castoria.

Dwelling for Sale.

By reference to advertisement in another column it will be observed that Mr. John Bertram offers for sale his fine residence adjoining the town. This is an excellent opportunity to secure first-class commodious premises at a very low price.

Third Class Examinations.

Notwithstanding the fact that the papers given at the recent examination as a general rule were rather easier than those of last year, and that a considerable bonus was given on each paper, there seems to have been a wholesale plucking of candidates for Third Class non-professional Certificates. There were over 4000 candidates, of whom about 1320, or about 33 per cent., passed. In addition to these, about 100 passed in Latin alone, while the names of those who wrote for both Second and Third Class do not appear in the Third Class list if they obtained a Second Class. Last year about 47 per cent. of the candidates were successful.

The Lakes Traffic.

Passenger traffic over the Lakefield branch to the back lakes still continues brisk. At present there are a large number of campers returning home. There are not as many campers going out now, but every train outward takes large numbers to spend a day among the islands of our beautiful sylvan lakes. These lakes are taking on more the character of fashionable watering places, and, of course, there is greater attention paid to dress and toilets. One old camper was heard to bewail the fact that the retirement and seclusion of the lakes were gone—the days were past when he could disport himself, fishing rod in hand, without a collar, clad in a slouch straw hat, and *passe* pantaloons.

A Departing Citizen.

Mr. J. McAleer, having disposed of his boot and shoe business, will, in a short time, remove to Barrie, where he enters into business as a general merchant. Mr. McAleer, during his ten years' residence in town, has shown the possession of first-class business abilities—shrewdness combined with square honest dealing, and a disposition to give the public in every transaction full value for their money. He reduced the one-price system to perfection, and business dealings with him were always prompt and satisfactory. Personally, while being retiring and unobtrusive, he was a most respected and valuable citizen, and the town of Barrie is to be congratulated upon so desirable an addition to her business men and citizens. The EXAMINER wishes Mr. McAleer every success in his new home.

The Leading Grocery House.

Messrs. Rush Bros. have long held a leading position as general grocers and they show a disposition to maintain their lead. Their latest exhibition of enterprise is the direct importation of teas. They have received per C. P. R. direct from the place of growth and production 50 packages of black teas of the best quality known to the trade, which they are now offering to the public at most moderate rates. Customers make a great saving in buying these teas. The direct importation admits of selling a superior article at a much lower price than if the profits of intermediate dealers were added, and a fresh prime article is secured. This line of tea is meeting with a ready sale and the firm expects another consignment of fifty additional packages in about three weeks. In the other lines of their trade they are fully up to the mark, as shown by their splendid stock of staple and fancy groceries, Crosse & Blackwell's goods in all lines, and every variety of goods to be found in a first-class grocery establishment. A splendid line of imported cigars is kept in stock. The Messrs. Rush Bros. are bound to keep pace with the times. Hotel-keepers and house holders will be pleased to learn that the firm have made arrangements for a regular weekly supply of sea fish. They receive every Friday morning, per C. P. R. early express, fresh sea salmon, fresh mackerel, fresh cod, and fresh haddock. Their shop is the place for everything first-class required in their line by the public, and prices are always reasonable.

Wooed an' Married an' A'.

This morning at 10 o'clock, at the residence of the bride's mother, Mrs. Johnston, Water Street, Mr. Thomas McJanet, of Ottawa, was married to Miss E.J. Johnston, the Rev. I. Tovell performing the ceremony. The groom was supported by Mr. R.H. Cowley, of Ottawa, and the bridesmaids were Miss Annie Cameron, Iowa, and Miss Annie Holmes, Cobourg. At the conclusion of the ceremony the newly-wed took the 11.31 train for the east. They will pass their honeymoon at Bristol, P.Q., and will return to Ottawa, their future place of residence. Miss Johnston was for many years in the choir of St. Paul's Church, and for the last year and a half leading soprano in the Charlotte church choir. How highly she was esteemed in the latter relation is shown by the fact that, on the occasion of her marriage, the congregation contributed to the numerous and valuable wedding presents the bride received, a magnificent silver epergne and a beautiful silver-mounted salad bowl. The Mission Band of St. Paul's Church also gave her a certificate of life membership in the Women's Foreign Missionary Society of the Presbyterian church. Miss Johnston was a young lady worthy of the high esteem in which she was held. Her vocal services have always been cheerfully, frequently and acceptably rendered, and she will be greatly missed at many social and church gatherings. The EXAMINER joins her numerous friends in cordial congratulations, and wishes her long years of wedded happiness.

Mud Lake Floating Bridge

This bridge is now undergoing thorough repairs under the superintendance of County Engineer, Mr. J. E. Belcher. It is being partially re-planked, new floats are being provided and other necessary repairs being made. About a dozen men are employed on the work. There is a continual danger of accident from the neglect of the drivers of teams to observe the regulations for turning out. On Monday Mr. Thomas F. Hoolihan, formerly of Peterborough, now of Rochester, accompanied by a young lady from Montreal, had a most narrow escape. He was returning from Ennismore to Peterborough about 9 o'clock in the evening. Before going on to the bridge he thought he was sure that there were no other teams on it. He had not gone far before he heard the approaching of horses and shouted to the drivers to turn out. They paid no heed but three conveyances one after the other came along. In the confusion of meeting in a narrow place the horse, buggy and occupants were forced through the railing into the water. By great exertion Mr. Hoolihan got the young lady safe on the bridge, but of the five parties who were in the other vehicles not one lent a hand to help and the horse was drowned. Not only did they refuse to help but they met Mr. Hoolihan's reproaches of their inaction by threats of throwing him and the young lady in the water again. The guilty parties are well known and it is probable that legal proceedings will be taken to punish them for their disregard of life and property. Other instances of refusing to give right of way occur frequently and if such conduct is practised in vigorous steps should be taken to procure a due regard of public convenience and the safety of life and property.

Help the Horticultural Society.

To the Editor of the Examiner.

DEAR SIR.—"A thing of beauty is a joy forever," so says the poet, and so said the thousands of strangers who visited our fair town during this summer, but especially those who were amongst us during the past week, for the purpose of attending the Oddfellows Demonstration. Outside of the many handsome decorations and the kind treatment of the local Oddfellows and citizens in general, the great attraction to sight-seers was undoubtedly our pretty little park or Horticultural Gardens. All were unanimous in pronouncing it the handsomest park of its size to be seen in any town or city in Canada. This is something that every citizen of Peterborough is proud of, and the question should naturally arise, who are we to thank for it? Is it not the Horticultural Society backed up by the indefatigable efforts of a few of its live members? In preparing and fixing up the park some of the Directors of this Society have not only spent a great deal of valuable time, which in itself is considerable, but they have also spent a large amount of money out of their own pockets. It is true, now, that the Town and County Councils give them a yearly grant, but they would not ask the grant if the Society could raise funds otherwise. They have a yearly exhibition but it seems as if the public in general does not consider it a point of duty to patronize those exhibitions, but I think this is however chiefly owing to want of thought, for, if we but once consider how much we are indebted to this Society we would certainly try to encourage it in a different manner from what we do. The Society is endeavouring to fix up the Central Park on George Street, something after the style of the Horticultural Gardens. Of course this will take some time, as well as a large amount of money, and, to show that the efforts of the Society are appreciated, the citizens should turn out and assist in making the coming exhibition, which takes place on the 30th of this month, in the Opera House a grand success. We can render valuable assistance either by joining the Society or by sending plants, flowers or fancy articles to compete for prizes or by our presence during the exhibition. I understand that a number of towns in Ontario, which have not the business snap nor show which we have, give far more encouragement to their Horticultural Societies. This should not be the case, and, as this is the Jubilee year, I know no more fitting away to finish up all the demonstrations &c., which we have had, than by assisting in every possible manner to encourage or aid those men who are doing so much to beautify the town for the benefit of the inhabitants in general.

Yours &c.,
S. S.

Peterborough, Aug., 16th.

A Natural Gas Well Struck in Otonabee.

An Important Find within Nine Miles of the Town—Leary & Co. Boring For Water—They Strike Both Water and Gas.

Messrs. Thomas Leary & Co., drillers of deep wells, have been busily engaged for some days sinking a shaft on the premises of J. H. Fallin, a blacksmith living on the Norwood road, about nine miles from Peterborough; the place is otherwise known as Germano, a little post village in Otonabee. Drilling through solid rock had been done for eighty feet. Tuesday evening a strange rumbling noise was noticed and the drills were withdrawn; while uncoupling the rods a strong odour of coal oil was observed. Mr. Leary lit a match and applied it to the end of the tube, and instantly a flame three feet in height and of corresponding breadth broke from the mouth of the tube. It continued to burn with a clear, strong, steady light, more like electric light than gas. After burning all night, at the latest accounts the gas is still burning as strongly as ever. Mr. Leary, who has seen a great deal of natural gas wells, pronounces this one more promising than many he has known which have been conducted to towns 20 miles distant for illuminating purposes. This well is the deepest drilling he has done in solid rock in this vicinity. The discovery has made a great commotion in the neighborhood, and Mr. Fallin is greatly elated over his luck. He has got both water and gas, for the water rises sixty feet in the boring while the gas comes through the tubing and must be drawn from below the source of water supply. He is making arrangements for using it in his forge and for cooking and lighting purposes in his dwelling. The rock is a limestone formation, the same as that which underlies Peterborough. When its discovery becomes known, the place will be overrun, doubtless, with speculators and capitalists. The find, if the supply holds out, is a most important one.

Settling Up Matters.

The Oddfellows Demonstration Committee held a meeting in Peterborough Lodge rooms on Tuesday night. Payment was ordered of over $850 of certified accounts and accounts to the amount of over $100 were referred to the Finance Committee. As to the receipts the returns are not all in, but there is a hope of making accounts balance, which is a most satisfactory state of affairs considering the very heavy expense which was incurred. Resolutions of thanks were adopted—to the ladies who assisted in entertaining the Cantons and bands at the rink; to those who contributed provisions; to the Town Council for their liberal grant; to the Electric Light Company for their generous supply of illuminations both at the park and on George Street; to Mr. D. Bellegham for the prompt and in every way satisfactory manner in which he carried out his contract in furnishing beds; to Mr. H. W. Kent, for the free use of telephone in rink; and to all those citizens, who in many ways assisted to promote the success of the Demonstration and the entertainment of the visiting Oddfellows.

French kid boots in the latest styles and prices to suit everyone, at KIDD's.

FOR TOOTHACHE.—Go buy a bottle of Pain Killer and find relief in the twinkle of an eye. withdw

CARD OF THANKS.

THE Oddfellows' Demonstration Committee desire to return their warmest thanks to the ladies who so kindly waited upon the Cantons at the rink, to the citizens for their liberal and gratuitous contribution of provisions, to the Town Council for its generous grant of $200, to T. G. Hazlett Esq., Manager of the Peterborough Electric Light Company for his generosity in lighting the Jubilee Tower and Lamps on George Street, with Electric Light; to Jas. Stevenson Esq., for the handsome light presented by the arch. erected by the Peterborough Gas Company; to Mr. H. W. Kent, of the Bell Telephone Company for the use of telephones at the rink, kindly placed there by the Company for the use of the visitors and committee; to D. Bellegham for the extra time and trouble in the difficult task of supplying beds and chairs for the Cantons, and those who in any way assisted in making the recent demonstration the success it assuredly was.

The Oddfellows trust that their efforts in bringing Peterborough so conspicuously before such a large number of prominent visitors will have a beneficial effect in sounding the numerous advantages of Peterborough as a business, educational and commercial centre throughout the entire Dominion.

On behalf of the Committee.

R. W. BELL, M.D.
D. H. MOORE.

BEHRING SEA SEIZURES.

THE CANADIAN ACCOUNT DIFFERS FROM THE AMERICAN.

The Sayward Only Took Seals in the Pacific Ocean—Premier Norquay's Visit to the Capital—Premier Mercier and the Timber Tolls—The Brewers on Barley.

OTTAWA, Aug. 17.—The Department of Fisheries to-day received the official report of the seizure in Behring Sea of the Canadian schooner W. P. Sayward, the first announcement of which appeared in this correspondence on Aug. 6. The account varies somewhat from the account given by the American authorities, the most important difference being that the American account says that the seals found in the vessel were caught in Behring Sea, while the mate of the Sayward, who makes the affidavit forwarded to the Canadian authorities, says that the seals were all caught in the Pacific Ocean, north of Vancouver Island, and not one was taken after the vessel entered Behring Sea. It appears from the affidavit of the mate that the schooner sailed from Victoria on May 18 on a sealing voyage carrying a crew of seven men and sixteen Indian hunters, that a good deal of fishing was done in the Pacific Ocean, off Cape Scott, at the north end of Vancouver Island, 479 fur seals being taken; and on July 3 the vessel entered Behring Sea, but took no seals there as the weather was very foggy. On July 9 the vessel was captured by the United States revenue cutter Rush while about forty miles from the nearest land, and was taken to Ounalaska. From thence the vessel was sent to Sitka, where the officers were held for trial on Aug. 22. They were only allowed to remove their clothing from the vessel. The Indians were left to find their way back as best they could, they being about 700 miles from their villages. On the receipt of this information the Department of Fisheries took immediate steps to bring to the notice of the Imperial authorities the facts above stated.

Hon. John's Expected Visit.

It is announced that Premier Norquay left Winnipeg for Ottawa yesterday on business connected with the Red River Valley Railway. It is difficult to see how he can do much business just at present, as the Ministers have not yet returned from their summer vacations, and he can hardly expect that the four that are here would take any action in the railway matter during the Premier's absence.

Timber Limits' Ground Rent.

Shortly after he got into power Mr. Mercier increased the ground rent of timber limits in the Ottawa region $1 per square mile. A committee of lumbermen waited on him, and he promised that the question should receive immediate consideration, and that was the last of the matter. As the rents are due on Sept. 1 the lumbermen will hold a meeting to-morrow and appoint another deputation to wait on the Quebec Premier and endeavor to get the old rate re-established.

The Brewers and the Barley Crop.

The crop of barley in Carleton County will be very short this year and it is claimed by the anti-Scott Act people that this is the result of its being a Scott Act county as there is no sale for the barley. Mr. Geo. Mace, Carling & Co.'s agent here, informed a reporter that the smallness of the crop is due to the retaliatory measures taken by the brewers throughout the country against those counties which accept the Scott Act. The brewers would, he said, rather pay 10 cents, or even more, extra per bushel to a grower in a non-Scott Act county. In fact they would not buy it at all in a county where the Scott Act is in force. He said that his firm had transferred their order from Middlesex to Prince Edward County for that very reason. On the other hand the Scott Act men claim that Carleton barley never was sold to any extent to Canadian brewers, especially local ones, but was shipped to the States. Last year the crop was poor, and it could not be sold. Many of the farmers became discouraged and did not sow this year. No matter what the reason is, it seems to be pretty well admitted that the crop of barley in Carleton will be small.

Sundry Notes.

Steps have been taken by the Department of Justice to secure the extradition of the two half-breeds arrested in Montana last week for the murder of McLeish, a Northwest settler.

The Canada Atlantic Railway Company are getting some new Wagner sleeping cars which will be lighted by electricity. It is claimed that these will be the first cars in Canada fitted with electric light.

Acknowledged the Corn—Juice.

BELLEVILLE, Aug. 17.—John Naphin, charged by Inspector Lally with keeping liquor without a license, acknowledged the charge in Court this morning and was fined $30 and $5 costs.

The Bailiff Caught James.

OTTAWA, Aug. 17.—Hon. Jas. McShane has been served with a subpœna to appear at Aylmer on Aug. 22, as a witness in the trial of Gilmour vs. Father Paradis. A bailiff followed the hon. gentleman from Aylmer to Cacouna.

Lieut.-Gov. Wasson Will Visit Europe.

QUEBEC, Aug. 17.—Lieut.-Gov. and Madame Masson leave for Europe on Sept. 1 by steamship Parisian.

Children Cry for Pitcher's Castoria.

A COALITION IS POSSIBLE.

LOOKED UPON AS THE PROBABLE SOLUTION OF ENGLISH POLITICS.

The Standard Openly in Its Favor—The Nationalists Jubilant—Evictions Postponed—The Liberal Door Wide Open for the Unionists.

LONDON, Aug. 17.—In the House of Commons last night Mr. James Ferguson, Parliamentary Secretary for the Foreign Office, announced that at the next session he would ask for the appointment of a committee to inquire into the immigration of destitute aliens, and report on the measures adopted by other countries to remedy the evil.

The Standard openly advocates a coalition Ministry. It admits that Mr. Gladstone is still followed by the bulk of the Liberals in the country, through the anomalous position occupied by the Unionists.

The Cabinet will sit to-morrow to decide finally upon the course of business during the remainder of the session.

At the League Meeting.

DUBLIN, Aug. 17.—At the regular fortnightly meeting of the National League yesterday Mr. Harris, M.P., announced that the receipts since last meeting amounted to £2128, of which £2000 came from the Parliamentary Aid Society of New York. The Nationalists, he said, were on the eve of success. The victory in Northwich virtually made Gladstone Premier. Of his Home Rule measure, he (Harris) hoped it would be an advanced one. If the landlords got one half of what Mr. Gladstone offered them before they ought to be happy.

The proposed evictions at Herbertstown and Ardagh have been postponed, Magistrate Finalstt having stated that he was unable to furnish a force of police to assist the evictors.

The Unionists May Come Back.

LONDON, Aug. 17.—Lord Rosebery, speaking at Manchester to-day, said the result of the recent bye-elections showed that the hour of triumph was fast approaching. The Liberals had but one leader and one principle. The concessions made by Mr. Gladstone were sufficient to warrant the Liberal-Unionists in re-entering the Liberal party, the doors of which were wide open.

Gladstone Writes a Letter.

LONDON, Aug. 17.—Mr. Gladstone has written a letter to Mr. Bunner, the successful candidate for Parliament in Northwich, in which the ex-Premier says: "Few will seek to disguise the unquestionable addition thus made to evidence, now rapidly approaching a demonstrative character, that the people of England intend to do full justice to the people of Ireland by confiding to them in a spirit alike generous and wise the conduct of Irish affairs. It is to be lamented that years of the precious legislative life of the country should have been spent in a controversy which can only end in one way, but while it is important that national judgment be speedy, it is more important that when it does come it shall be unequivocal and decisive."

AFTER THE UTES.

The Cavalry Ordered Out to Run the Redskins Down.

DENVER, Col., Aug. 17.—Governor Adams last evening received a telegram from Adjutant-General West at Glenwood Springs, containing an appeal from Sheriff Kendall for assistance. In response to this the Governor ordered the cavalry companies at Denver, Colorado Springs, Canon City, Leadville and Aspen to start for the front at once. The Governor has also telegraphed Gen. Crook at Omaha that the situation was becoming serious, and urged the War Department to protect the settlers.

A despatch from Meeker dated Monday morning says: N. Major has just returned from the Ute camp after holding a conference with Colorow and other Ute chiefs. Mr. Major requested them to leave the state. They promised to comply with his demands. They asked fifteen days in which to gather their stock and allow the wounded to recover. The request was granted and no further trouble is anticipated.

VAN HORNE'S LATEST MOVE.

Rebuilding an Old Spur Line to Head off the Line of the Red River Railway.

WINNIPEG, Aug. 17.—On General Manager Van Horne's orders, six carloads of ties and rails were shipped from Emerson this morning for the purpose of relaying some of the Emerson loop line from Rosenfeldt Junction to Emerson. Mr. Van Horne says he is going to teach the Red River men a few tricks before he is through. It is generally thought that his object is to have the loop line track laid before the Red River Valley graders reach the once abandoned line, in order to prevent, if possible, the provincial road from going through.

Mr. H. O. Strong, the Chief Engineer of the Red River line, stated that it didn't make a dot of difference if the Canadian Pacific Railway laid a hundred tracks, as the Red River Valley boys would go through fire and water to reach the boundary, Egan Bros. had the contract there, and the grading to the boundary would be completed by the end of the present week.

Fifty men were also sent out and were to work all night at the construction of a spur line to the Red River, crossing the route of the Red River Valley Road, thus obstructing the latter. The property on which the spur is to be built is owned by Montreal capitalists who are interested in the Canadian Pacific. An open conflict between the forces of the opposing roads is expected to-day, since the Red River Valley graders are nearing this point.

YOUNG AMERICA AT WORK.

A Boy Opens a Swing Bridge and Nearly Causes a Frightful Accident.

CHICAGO, Aug. 17.—A small boy who is being eagerly sought for by the police created a good deal of excitement at the Lake-street bridge this morning and nearly succeeded in bringing about a frightful accident. While Bridge Tender Casey was at the west end of the bridge tightening a lock the youngster succeeded in getting where he could pull the steam throttle that sets the bridge in motion. A street car loaded with passengers was coming down grade to the bridge and was barely stopped at the edge of the river, while the immense structure was swinging open at full speed. The engineer shut off steam before any damage was done, and pursuit was made for the boy, but after a chase of half a mile he was lost in the crowd.

YANKEE LIARS NAILED.

Official Denial of the Alleged Destitution in Newfoundland and Labrador.

ST. JOHN'S, Nfld., Aug. 17.—The despatches sent from here recently, regarding the failure of the fisheries and bankruptcy, are false. The Colonist to-day contains a denial over the signature of Sir Robert Thorburn, Premier of the local Government, in which he says that neither bankruptcy nor destitution exist, and that the Labrador fisheries are much better than last year.

A BULLET THROUGH HIS HEART.

Edward Lamb, an Ex-London Policeman, Takes His Own Life.

TORONTO, Aug. 18.

A deliberate and premeditated suicide was committed last evening by a young man named Edward Lamb, residing at 48 Camden-street. Up to last fall the suicide, who is stated to be but 25 years of age, was on the police force at London, Ont. He resigned from that body and since has been engaged at various places in different capacities. Five months ago Lamb got married, and with his wife went to live with a married sister in Camden-street. He was at the time employed at a cedar-block saw-mill, in the West End, but some few weeks since was obliged to leave work in consequence of failing health. Symptoms of malaria were apparent, and by the advice of a physician he went to the hospital for treatment. He left that institution on Tuesday much improved, so much so that he was able to be up and about the same evening and again yesterday. However, he appeared to have contracted a species of melancholy, and no efforts on the part of his relatives could rouse him up in spirits. Being naturally of a lively temperament they felt considerable uneasiness at this gradually-developed though decisive trait, and even took the precaution of watching his movements closely. His brother-in-law's revolver was, among other precautions, particularly set aside, but the deceased managed to discover its whereabouts, and putting the deadly weapon in his pocket retired to the rear of the house, and there shot himself through the heart. The bullet passed clean through the chest and heart and found an exit through the back. Death was instantaneous. Coroner Powell was notified, but the case is so clearly one of suicide that he did not deem an inquest necessary. Lamb was on the best of terms with his relatives, with whom he lived, and no cause for the act can be assigned other than that his recently weak state of health affected his mind.

FERDINAND'S BED OF ROSES.

Russia Growls Out a Protest and Germany Not Satisfied.

SOFIA, Aug. 17.—It is stated that Austria, England and Italy have notified the Porte that their agents will remain in Bulgaria and continue relations with the Government.

Russia insists that the appointment of Artin Effendi as Turkish commissioner to Bulgaria be cancelled.

BERLIN, Aug. 17.—The North German Gazette's article saying Germany cannot approve of Prince Ferdinand's course is supposed to have been inspired by Prince Bismarck, as a result of his interview with Count Schouvaloff, the Russian ambassador.

ST. PETERSBURG, Aug. 17.—The Journal de St. Petersburg says the Russian Embassy at Constantinople has handed the Porte a protest against Prince Ferdinand's occupancy of the Bulgarian throne. It declares he has been guilty of an audacious attempt against the rights of the powers, and the responsibility for his adventure, and for his flagrant violation of these rights must now rest entirely with him, even should the other powers think fit to permit the violation of their privileges. The Journal, however, makes this pertinent enquiry, "Can it be supposed that Russia will consider herself alone bound to become the defender of what remains of the Berlin treaty?"

CONSTANTINOPLE, Aug. 17.—The Russian protest referred to by The Journal de St. Petersburg is a copy of Russia's circular to the Powers wherein the Czar requests the Powers to take concerted action to uphold the Berlin treaty.

PAGE WAS A DANDY.

He Had Also Done the Bank of Montreal out of $7600—Committed for Trial.

MONTREAL, Aug. 17.—Detective Gladau arrived in the city this morning with Page, the bank forger and Duclos the victim. The prisoner had $451.50 on his person. Page confessed to executing another forgery on the Bank of Montreal, by raising a check from $76 to $7600. He also drew $900 he had on deposit. He took the detective to a field where, buried under some straw and earth, was found about $32,000. This left $1000 unaccounted for. The prisoner said he gave $1000 to his father but the father denies it and says he had only $5. In court the prisoner made a statement entirely exculpating Duclos and taking all the blame on himself. He was committed to the Queen's Bench and Duclos discharged.

Picton's Civic.

PICTON, Aug. 17.—This was Picton's civic holiday. The Catholics had a large picnic on the Agricultural Society's grounds. Four boat loads of excursionists from points on the Bay of Quinte and Kingston arrived during the day.

White Eagle Nearly Killed.

MONTREAL, Aug. 11.—White Eagle of the Caughnawaga, well known as an old lacrosse player and runner, received a terrible beating the other night at Lachine, from which fatal results are feared. He was going home late, and while walking along the bank of the river he was set upon by two men, knocked down and badly kicked about the head and face. There are several large wounds on his head, which is swollen to an abnormal extent.

THE WAVE STILL ROLLS ON

RAILWAY ACCIDENTS AS THICK AS BERRIES ON A BUSH.

Four People Killed in Connecticut—Freight Trains Smashed in New Jersey—Three People Killed and Sixteen Injured in a Wellington Depot—A Freak on the Intercolonial.

NEW BRUNSWICK, N.J., Aug. 17.—Two sections of a freight train collided here this morning. Five cars were wrecked. On the top of this came another freight train, which crashed into the rear of the second one, throwing several cars from the track. The engineer and fireman jumped in time to save their lives.

Three Killed and Sixteen Hurt.

WASHINGTON, Aug. 17.—The St. Louis, Chicago and Cincinnati express train on the Baltimore and Ohio Road, due here at 6.30 this morning, ran upon what is known as the "Y" near the depot at the rate of forty miles an hour. A general wreck ensued, and all the cars except the sleeper were badly smashed. The only deaths reported at this hour (10 a.m.) are those of Hamilton Browne, engineer of the train, and two passengers. The fireman was badly scalded, and fifteen passengers were seriously injured. The signal tower was completely demolished. The telegraph operator fortunately observed the derailment in time to escape by jumping from the window of the structure. His arm was broken, but he was not otherwise injured.

The following is believed to be a full list of the injured. They were sent to Providence Hospital with the exception of Healey and Barker: Charles Koch, Cincinnati, badly injured in the back; Mrs. Chas. Koch, Cincinnati, slightly shocked; Charles Morrison, Cincinnati, injured in the back; Frank Donnaner, St. Louis, shoulder dislocated; J. H. Smith, fireman, Cincinnati, both legs broken; Wilhelm Buck, Cincinnati, head cut badly; Mrs. Mary Beck, Cincinnati, shocked; Ed. Loohemeyer, Cincinnati, slightly injured; Joe Healey, Washington, seriously injured; Will Baxter, telegraph operator, Washington, painfully injured about the head. The injuries of Mr. Koch may prove fatal. Albert Thomas, express employe, collar-bone and left shoulder injured, severe scalp wounds and left eye probably destroyed; F. J. Fuchs, Cincinnati, bruised badly; Augusta Bond and child, Cincinnati, bruised; Francis J. Tuck, Cincinnati, cut in the right knee and badly bruised.

Four People Killed at New Haven.

NEW HAVEN, Conn., Aug. 17.—The Newport express train for New York yesterday struck a carriage containing four persons, a man, two ladies and a boy, at Five Mile River. All four persons were killed.

Relics from Chatsworth.

HAMILTON, Aug. 17.—Among the passengers on the fatal excursion train that plunged into the open culvert near Chatsworth, Ill., were several relatives of Joseph Reid, Grand Trunk Railway conductor, of this city. They were his father, his sister Mrs. Brown, her husband and two children, and were on their way to visit Mr. Reid. When he learned of the accident Mr. Reid telegraphed to the railway officials inquiring the fate of his relatives, and he received a reply to the effect that they were uninjured. To-day, however, he received a letter from his brother, who lives near Peoria, Ill., and the letter contains some graphic particulars of the accident and relates the injuries which Mr. Reid's relatives received. His father had three ribs broken, was injured in the hip and his shoulder was badly hurt; he will be a cripple for life. Mr. Brown's shoulder was broken and he was seriously bruised. Little Flora Brown had one of her hands hurt. Mrs. Brown and her little son escaped without serious injury, though the lady was prostrated by the shock.

The Intercolonial Ploughed Up.

RIVIERE DU LOUP, Aug. 17.—A serious accident occurred on the Intercolonial Railway at St. Arsene, about 2 o'clock this morning. An east bound freight train was taking siding when a west bound freight struck the cars destroying four or five of them, and ploughed into the ground on the public crossing about five feet deep. It appears that the west bound train came into the station slowly, the driver intending of course to stop there, but the throttle of the engine broke and he lost control, it being on a down grade. Both driver and fireman had a miraculous escape. No one was injured, but there was a delay of a few hours to the express trains.

DYNAMITERS AT WORK.

Sundry Arguments on the Irish Question —Barricades and Nitro-Glycerine.

DUBLIN, Aug. 16.—The tenants on the Ponsonby estate have engaged a civil engineer to supervise the construction of works of defense in preparation for expected evictions. Barricades are being erected and trenches and drains made, and in case of emergency the farms will be flooded from a bog.

Two dynamite cartridges were exploded on the West Clare Railway bridge at Ennis to-day. No serious damage was done. Two other cartridges were found on the bridge which had failed to explode.

The Town Hall at Crusheen, County Clare, was fired into to-day, but no damage was done.

REMOVAL.

HALL, INNES & Co.

Have removed the balance of their stock to the

PARLOR ROLLER RINK,

on Water Street, where for the next few weeks, during the time alterations are being made in their premises, they will offer goods in every Department, at greater reductions than ever.

The stock is well assorted in every department, and will be cleared out at lower prices than heretofore.

Don't forget the place—Parlor Roller Rink, Water Street.

HALL, INNES & CO.

The Daily Examiner.

THURSDAY, AUGUST 18, 1887.

CHURCH DISESTABLISHMENT.

The question of the disestablishment of the Church of England in England is slumbering at the present moment, but it certainly is not dead. Thrown into the background, like some other great questions, by the clamorous and all absorbing Irish difficulty, its promoters are quietly biding their time. However, it cannot be said that they are idle. On the contrary, their lecturers are busy all over England, holding meetings, educating the people and preparing for the next great electoral struggle. They feel certain that the subject will come to the front again, and that by "a reconstructed Liberal party, with religious equality as one article of its faith", the assault will be pushed right up to the last defences. This view of the matter is undoubtedly correct. The men who are clamouring for disestablishment are not animated simply by social jealousy of the *prestige* and pre-eminence of the English Church, or by a restless Radical craving for political change and reconstruction. The greatest strength of the movement lies in the fact that it is upheld by men who take their stand much more upon religious than political or social grounds. Many good and earnest men amongst nonconformists (as they are called), are possessed by a deep-rooted conviction that the establishment of religion is, in principle, wrong, that it is decidedly opposed to the word of God, and that it is an invasion of the prerogatives of the Supreme Head of the Church. Herein lies the real vitality of the movement. So long as this belief exists, the disestablishment controversy will not cease. Men impelled by religious conviction will fight on, however mere political allies may hesitate and waver in their support. They will keep this subject to the front and force it on attention until a supreme effort is made to overthrow the establishment. That this is the case is evidant from recent utterances of the *Christian World*, and the *Methodist Times*. The latter organ says, "We are not influenced by a political or bad motive in our opposition to the Church, but by a solemn conviction that the political union of Church and State is unfavourable to religion" This religious argument is, as we have said the very strongest, and it is thus put forth by Dr. Dale in his manual of congregational principles: "It is of the very substance of Congregationalism that the civil magistrate has no authority over the faith, discipline, or the worship of the Church. It has become the universal conviction of Congregationalists that a Church cannot receive support from the State without sacrificing some measure of its spiritual freedom, and that a Church must therefore decline to accept political privilege and maintenance from national revenues in order to preserve its loyalty to Christ."

This is the strength of the movement and that it will be successful in the future goes without saying.

Dominion and Industrial Exhibition.

Canada's great fair. The Toronto Industrial Exhibition Association are bringing out from England the artist, who superintended all the illuminations at the various Jubilee celebrations there, to take charge of the fireworks and illuminations during the Exhibition. A member of the association is in England purchasing materials and every available pyrotechnic novelty for the occasion. The city, too, is preparing for a grand display so that during the evenings of the fair the streets and the Exhibition grounds will present miles of the most brilliant illuminations undoubtedly excelling anything of the kind ever produced in Canada. The entries to hand are more numerous than in any previous year, including, as they do, all the leading exhibitors of the country, whether in the live stock, agricultural or industrial classes, and the directors are confident that the coming Exhibition will surpass all previous ones in completeness, variety and merit. The Exhibition runs from Sept. 5th to the 17th.

Reconstituted and Improved.

The Orangeville *Advertiser*, whose office was destroyed by fire on the first of July, has performed the Phœnix act and is out again more sparkling and better than ever. It has a new dress printed on a Campbell power press. Our contemporary is to be congratulated upon its excellent appearance and make up, and the enterprise of its management in so speedily, overcoming a serious reverse augurs well for the future prosperity of the *Advertiser*.

STARTLING AND TRUE.

The Gong again gives no Uncertain Sound. GOUGH, the Old Terror, creating Sad Havoc in the Furnishing Goods Trade.

George Street, Peterboro, and Queen St. West, Toronto. N. B.—Wholesale and Retail.

GOUGH

The Acknowledged Clothier of the Age.

Young's Point.

(*From Our Own Correspondent.*)

NEW SCHOOL HOUSE.

Our school trustees have decided to build a new school house. It was their intention to have the old one repaired, but when the carpenters began work it was found that the timbers were considerably decayed. The new building will be frame, veneered with brick 29 ft. x 39 ft. and is to be finished by Oct. 1st. Mr. A. Hendren of Lakefield is the contractor. The children are likely to have an extended vacation.

Mr. and Mrs. C. Young were in Toronto last week.

The Last Year, 1887.

After the above year is ended there need be no person suffering from Rheumatism, Neurrlgia, Toothache, Headache, Lumbago, or any acute pain, if they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by John McKee, Druggist. eodw31

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaint, Indigestion and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50cts. and $1 bottles at John McKee's Drug store. eodw31

I was troubled with Chronic Catarrh and gathering in my head, was very deaf at times had discharges from my ears, and was unable to breathe through my nose. Before the second bottle of Ely's Cream Balm was exhausted I was cured, and to-day enjoy sound health.—C. J. CORBIN, 923 Chestnut St., Field Manager, Philadelphia Pub. House, Pa.

My son, aged nine years, was afflicted with Catarrh; the use of Ely's Cream Balm effected a complete cure.—W. E. HAMMAN, Druggist, Easton, Pa. eodw33

ONLY TWO BOTTLES.—Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well known U.S.A. General had been cured of Catarrh by the two bottles of Ely's Cream Balm. eodw31

Mothers.

There are upon the skin of every human being, child and adult alike, 2,500,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of promptly digesting the food eaten. If was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so common among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomach and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccountable for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. 4w33d

Children Cry for Pitcher's Castoria.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain. eodw

An Open Letter.

Messrs. T. Milburn & Co., Nov. 25th, 1886.

I wish I had used B. B. B. sooner, which would have saved me years of suffering with erysipelas, from which I could get no relief until I tried B. B. B., which soon cleared away the itching, burning rash that had so long distressed me. Mrs. Edward Romkey, Eastern Passage, Halifax, N.S. 2w31d

THE MEN IN GREEN.

High Court Foresters Conclude Business—The Officers Elected.

HAMILTON, Aug. 17.—The Ontario High Court, I.O.F., concluded its session to-day. The representatives to the Supreme Court elected were: W. W. Fitzgerald, I. R. Halkett, Geo. A. Proctor, J. W. Frost, R. McDonald, George Parrish, W. R. Hickey, H. Gibbens, Dr. Potter, James Crawford, S. S. Merrick, N. F. Patterson, E. Botterell, Thomas Ross, Wm. Gerry, A. Flemming, A. H. Packhouse, J. D. Mursay, C. C. Whale, A. R. Milne, Dr. Hutchinson, A. McMuire, Peter Robertson, J. D. Kennedy, J. Forrestman, R. Gilray, John Quiltman, E. H. Crandell, G. L. Dickenson, George Keating, Thomas Butler, Wm. Rea, James Slater, A. H. Dixon, Geo. McClelland, Charles Leggatt, J. F. Cullen, E. J. Hearn, J. W. Hamilton, A. G. Pittaway, A. D. Campbell, W. Tackaberry, B. W. Greer, W. N. Yerex, C. Pabst, Geo. Spence, J. T. Hickmett, Dr. Zimmerman, Geo. Shambrook, Wm. McMurdy.

The High Court officers elected were: W. Griffith, High Chief Ranger; A. R. Milne, High Vice-Chief Ranger; J. R. Hackett, High Secretary; T. G. Davey, High Treasurer; W. R. Hickey, High Counsellor; W. N. Yerex and Thos. Webster, High Auditors; Dr. Thos. Patter, High Physician.

The High Chief Ranger-elect made the following appointments: Rev. H. A. Thomas, Ailsa Craig, H. Chaplain; T. Lawless, Hamilton, H. J. Secretary; H. Williams, Cornwall, H.S.W.; W. Cruse, St. Thomas, H.J.W.; G. L. Dickenson, Mansonick, H.S.B.; A. H. Dixon, Toronto, H.J.B.; A. Aikman, London, H. Mar.; R. McDonald, Guelph, H. Constable; J. W. Hamilton, Sarnia, H. Messenger.

The following Supreme Court officers accompanied by the representatives of the High Court of Ontario, just elected, left by special train at 6.20 o'clock this evening for Montreal: Dr. Crombyatabbe, S.C.R.; E. Botterell, P.S.C.R.; E. S. Cummer, S. Sec.; T. G. Davey, S. Treas.; J. A. McGillivray, S.C.; W. H. Henderson, S.P.; T. Millman, S.M.B.; Thomas Lawless, S.A.; C. W. Jones, S.A.; Thomas Potter, S.J. S.; W. Griffith, S.S.W.; George Parish, S.S.B.; W. Gerry, S.J.B.; A. R. Milne, S.M.

Missionary Day at Grimsby Park.

GRIMSBY PARK, Aug. 17.—This was "missionary day" at the camp ground and a great crowd of people were present. Several notable speakers addressed the meeting, among them being Rev. Dr. Williams, General Superintendent of the Methodist Church of Canada; Rev. Sharpe McOuat, Rev. Dr. Potter, the eminent missionary from India and Mexico, and Rev. Dr. Sutherland.

Lunatics Cross the Continent.

KINGSTON, Aug. 17.—Four criminal lunatics transferred from the British Columbia to the Kingston Penitentiary arrived here to-day. They were secured in a baggage car divided into cells, and had a journey across the continent occupying seven days.

An Old Favorite.

An old favorite, that has been popular with the people for nearly 30 years, is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children and adults. It seldom or ever fails to cure cholera morbus, diarrhœa and dysentery. 2w31d

Proto worthy.

"Last summer I was entirely laid up with liver complaint. A friend advised me to use Burdock Blood Bitters, I did so, and four bottles cured me. I cannot praise this remedy too much." John H. Rivers, Orr Lake, Ont. 2w31d

Keep Your House Guarded.

Keep your house guarded against sudden attacks of colic, cramps, diarrhœa, dysentery and cholera infantum. They are liable to come when least expected. The safest, best and most reliable remedy is Dr. Fowler's Extract of Wild Strawberry. 2w31d

Children Cry for Pitcher's Castoria.

THE ROYAL CITY EN FETE.

Bowmanville Carries Off the First Prize at the Guelph Band Tournament.

GUELPH, Aug. 17.—This Royal City of Guelph is dancing with delight this evening and the air is full of the ear-piercing fife and the soul-stirring drum. The streets are dressed in gay colors and are grandly illuminated in honor of the opening day of the band tournament and Dominion Exhibition. There are visitors here from every city, town and towns in the province. The City Band met all the incoming trains and escorted the visiting musical organizations and fire brigades to their respective rendezvous.

The proceedings of the day began by all bands and firemen falling into procession at the Market-square and proceeding along Wyndham-street to Exhibition Park. During the afternoon there were 3000 people on the grounds. The program consisted of the marching band competition and an exhibition of fancy drill by Captain Clark's Highland Cadet Corps. In the band competition only three organizations entered. These were the Waterloo Brass Band, 20 pieces; the Sarnia Brass Band, 35 pieces, and the Bowmanville Band, 20 pieces. The first prize, $275, was awarded to Bowmanville; the second, $125, to Sarnia, and the third, $75, to Waterloo. The music rendered by the three bands was highly creditable to themselves and much enjoyed by the visitors.

The manœuvres and field movements of the cadets were much admired and gave general satisfaction. Towards the close of the afternoon's exercises a drizzling rain poured very much the day's sport.

This evening Captain Clark put his young soldiers through the drill which was exhibited before Queen Victoria on her jubilee celebration. The grounds are illuminated by 600 Chinese lanterns and all the bands are playing.

The fete is under the auspices of the citizens of Guelph. The prizes amount to over $1200. Ald. James Hewer makes an excellent chairman of the demonstration, ex-Ald. F. B. Skinner is vice-president, James Hough, jr., secretary, and T. D. Fenwick treasurer, these gentlemen being ably assisted by Chief A. Robertson of the Fire Department.

To-morrow's program will include a grand trades procession, consisting of all the manufacturers, merchants, dealers, City Council, Board of Education, societies, military, Capt. Clark's Class, firemen, bands, citizens, etc. The procession will be the finest of its kind ever seen in this part of Ontario.

THE GRAIN KING'S VICTIMS.

Two Very Sudden Deaths—Decease of a Promising Young Citizen.

HAMILTON, Aug. 17.—A few minutes before 2 o'clock this afternoon, Peter Rymal of Chicago dropped into Mr. S. Easter's hotel, James-street, to see Mr. Easter, an old friend. Mr. Easter rose to meet him, and after shaking hands Mr. Rymal told him that he had just arrived from Chicago yesterday. He then went over to a time table to see at what time he could return, and while there he said he had been to see a sick relative residing on Pearl-street, and that this relative would not live long. "Poor fellow," he added, sympathetically. Suddenly he exclaimed "Oh," staggered and fell forward. Mr. Easter and Mrs. Easter ran to him and, thinking he had taken a fit, Mrs. Easter besirred herself to get some remedies while Mr. Easter ran to the police station. Detectives Doyle and Reid returned with him, and just after they got to Mr. Rymal he gasped and died. Dr. MacKelcan was called and in a very few minutes was present, but no power on earth could be of any service. Dr. F. E. Woolverton was also present. They examined the deceased and pronounced death to be the result of heart disease.

Mrs. Jane TenEyck, one of the oldest residents of Hamilton, died suddenly last night. She was visiting at the house of S. Davis, East-avenue south. While sitting on the verandah, talking with her friends, she complained of a pain in her head, and soon afterwards fell forward, unconscious, and died about midnight. Mrs. TenEyck was 60 years old, and lived her whole life in or near Hamilton, having been born within a few miles of the city.

John Alexander Orr of the firm of Orr, Harvey & Co., who has been ailing with congestion of the lungs for the past few weeks, succumbed to-day at noon to the dread disease. Mr. Orr was a remarkably fine young man and possessed many sterling qualities, and his death has deprived Hamilton of a most valuable citizen.

Pretty Comfortably Fixed Now.

BOSTON, Aug. 17.—Richard Bean of this city, a herdic driver, and his brother John, also a hackman, and a sister, who is the wife of a member of the Springfield fire department, have been notified that they are joint heirs to a fortune of $10,000,000, left by Thomas Bean, who recently died at Bonham, Texas. The family belonged to Fredericton, N.B., and are children of Thomas Bean's brother.

It Saved My Wife's Life.

This is the report of a Princess street gentleman who had the opportunity a few nights since of testing Polson's NERVILINE, the great pain cure. Be prepared for any emergency by having a bottle of Nerviline at hand. It costs only 10 cents to test it, and you can buy test bottles at any drug store. Get a 10 or 25 cent bottle to day. Sure in rheumatism, neuralgia, cramps, colic, headache. Nerviline, the sure pop pain cure. All druggists. 25 cts. a bottle. 6dw33

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

For the Babies

It is not necessary to buy corn cures. Men and women should remember that Putnam's Painless Corn Extractor is the only safe, sure and painless corn remover extant. It does its work quickly and with certainty. See that the signature N.C. Polson & Co. appears on each bottle. Beware of poisonous imitations. 6dw33

Broken Down.

"After suffering with dyspepsia, kidney disease, loss of appetite and pain in the head until discouraged, I heard of B. B. B., took two bottles and am happy to say I feel as well as ever." Mrs Rufus E. Merry, New Albany, N. S. 2w31d

McGregor & Parker's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parker's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eod-v31

S. DAVIS & SONS,
Montreal and Toronto.

West's Cough Syrup instantly relieves and speedily cures bronchitis, sore throat, and all throat diseases. Try it and be convinced. All druggists. dwd

West's Cough Syrup, the most reliable remedy for all throat and lung diseases. For safety keep it always in the house. All druggists. dwd

The increasing demand for West's Cough Syrup is evidence of its great virtue in all throat and lung diseases. Three sizes. All druggists. dwd

National Pills are the favorite purgative and anti-bilious medicine; they are mild and thorough. dwd

To remove Dandruff.—Cleanse the scalp with Prof. Low's Magic Sulphur Soap. A delightful soap for the toilet. dwd

Don't worry if you are out of employment. Write to Mr. Kowdy, 41 Wellington Street East, Toronto. Send stamps for reply sufficient.

World-wide is the reputation of West's Cough Syrup, the truly marvelous remedy for coughs, colds, croup, whooping-cough, asthma and consumption. All druggists.

A Crying Evil.—Children are often fretful and ill when worms are the cause. Dr. Low's Worm Syrup safely expels all worms. dwd

Chilblains, frosted feet, and all frost bites cured by a few applications of West's World's Wonder or Family Liniment, the magic cure. Try it. 25 and 50c. All druggists. dwd

MOTHERS TAKE NOTICE.—West's Cough Syrup contains no opiates, opium or any minerals, and can be given to the youngest and most delicate child with perfect safety. It is an infallible cure for croup and whooping cough. A bottle should always be kept convenient, as it is always a certain cure for coughs, colds, consumption in its early stages, bronchitis, asthma, and all throat and lung troubles. 25c., 50c. and $1 per bottle. All druggists. dwd

TO Contractors and Builders

Drain Tile Pipe.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has afflicted my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thos troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. DUNN,
C. P. R. Agent, Peterborough Ont.

P.S.—Use this as you deem prudent.—J.P.D. d145w26

Just opened out at Turnbull's, a handsome Range of Boating Shawls, New Styles.

Sporting.

All those interested in having successful fall races in the Peterborough Driving Park this Fall, are invited to a special meeting convened for that purpose at the Hub Restaurant, on Friday evening, the 19th inst., at 8 o'clock p.m., sharp.

Lacrosse Excursion.

The Riverside Lacrosse Club will run an excursion per steamer Golden Eye to Jubilee Point on Monday, Aug 22. The tickets are fixed at 50 cents, ladies 25 cents. The Riversides have played a most successful season, and have done nobly in upholding the lacrosse reputation of the town and they are worthy of liberal encouragement. Buy a ticket for their excursion and go. eod39

Just opened out at Turnbull's, the Kabo Corset (entirely new) warranted not to break or roll up with one year's wear.

Evangelical Services.

Messrs. Stubbs, McFadden, and others, of Peterborough, have, for some Sundays past, been assisting in holding special religious meetings at Fowler's Corners, township of Smith, and are encouraged in the good work by seeing the interest manifested by the surrounding community, several hundred being present last meeting. A cordial invitation is extended to all who desire to attend. —COM.

Decorations Disappeared.

All the arches, except the gas arch, have been removed from George street, all the flags so lavishly displayed for the past three months of festivity, have, with few exceptions, been taken in and this thoroughfare once more takes on its wonted, and its admittedly improved appearance. This is a work-a-day world and business guise best suits the busiest town street in the Dominion.

You will find at Turnbull's the far-famed Alexandre Kid Gloves, cut to fit the hand, every pair warranted.

Rev. Father Sweeney's Pic-nic at Harwood.

The annual pic-nic of the congregation of Rev. Father Sweeney, Harwood, will be held at Idyl Wild on Wednesday, August 24th. The steamer Golden Eye is chartered for the Peterborough section. She will leave the wharf and return at a convenient time. Boats will also leave Harwood, Keene, and Hastings; all will arrive at Idyl Wild, where a splendid day's enjoyment will await them. All the usual pic-nic attractions will be presented. The grand attraction of the day will be a contest for a gold-headed cane, between two popular young doctors, Dr. Collins, of Peterborough, and Dr. Edmondson, of Harwood. Tickets, per Golden Eye, round trip, 50 cents. Admission to Idyl Wild, free. Further particulars furnished by posters.

Lacrosse at Millbrook.

The juniors of Peterborough went to Millbrook yesterday to play the juniors of that place. The result was that our boys were defeated, three games to one. The boys from town are not surprised, as they had to play in ploughed field against a team of 12 juniors (?) comprising seven of the first twelve. The youngsters complain of rough usage. The Millbrooks refused to give the names of their players. The Peterborough Juniors were composed of: J. King, goal; F. Jones, point; first defence, Jack Sanderson, second, Sid Weir, third, Jim Sullivan; T. Begley, centre; first home field, Ab. Weir, second, Bob Duncan, third, Geo. Adams; outside home, Fred Metherall; inside home, Dick Canning; field captain, M. Kincaid; umpire, Frank Larone.

Children Cry for Pitcher's Castoria.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

KIDD is not trying to do the shoddy trade but the solid, substantial, first-class boot and shoe trade of the town, and he is doing it.

Church Improvement.

The interior of St. Mary's R.C. Church, Hastings, has been decidedly improved by the staining and varnishing of the pews, and painting of the aisles.

Sale of Furniture.

On Friday, 19th August, at one o'clock, the sale of Mr. Geo. E. Williams' furniture will take place. The opportunity to secure nice furniture will be a good one. 1d

"Remember,"

as Charles I. said in front of Whitehall palace, remember—the electric light sports in the P.A.A.A. grounds on Friday evening. The band will be present. Look out for programme to-morrow.

Chevaliers, Attention!

Capt. Grant and Clerk Cameron, of Outounais Canton, No. 9, Ottawa, will be in town this evening, and will meet the "recruits" of Canton Peterborough, No. 10, in Peterborough Lodge room, to initiate them into the rudiments of drill. Every chevalier is asked to be on hand at 7 o'clock, sharp, to-night.

Summer Lodge Burned.

A telegram gives the information that the summer lodge of Mr. J. G. Macklin, C. E., Engineer of the Midland Division of the G. T. R., which is situated on Lake Couchiching, took fire this morning and was destroyed, the occupants barely having time to escape.

Suits made to order promptly, and at Prices to please everybody, at Turnbull's

Stethem's Improved Premises.

Within the past few weeks marked improvements have been made to the hardware premises of Mr. Geo. Stethem, George street. New plate glass side windows (flanking the entrance) have been put in as well as glass plates in the doors. The side walls of the shop have been beautifully papered, and the panelled wood ceiling has been artistically painted in a pale ash gray shade, the mouldings picked out in a warm salmon shade. The cornices and shelving have received similar treatment from the painter's brush. A new hardwood floor has been laid and various minor improvements carried out till now Mr. Stethem has one of the most commodious and nobbiest hardware shops in town.

One Bright Spot for the Farmers.

Amid all the wholesale havoc played with the hopes and harvest of the farmer by the dry, hot weather, there is still one bright spot. Cheese, at present, is "just the cheese"; the price is high and the market buoyant, and if rain does not speedily improve the pastures the price promises to be higher. The high price for cheese promises to recoup the producers some for their loss in other respects as well as to make up for the low prices last summer. Mr. W. H. Wrighton, a careful calculator, estimates that the product of cheese in this county in June was 10 per cent. greater than June '86. The July product fell off five per cent. in June. Taken altogether, both as to price and product, the cheese business so far this season is estimated to be an improvement on last year. It is hard to estimate the August prospects. The pastures are literally burned up, and cows feeding on grass are actually eating hay, the grass being so parched and burned that it is more like a poor quality of hay than rich succulent grass. With the most abundant rains, it is too much to hope that the reviving pastures can have any effect upon the milk product before October.

On the way Minden, Persia, destined for Turnbull's Dry Goods Establishment, fine Astrachan Mantle Cloths and Trimmings the correct Material for Mantles this Season.

Gossippy Journalism.

Some rural journals allow their correspondents considerable latitude in dealing with personal items. The following is a sample from a score of similar paragraphs in the regular correspondence of a country exchange:

"Luther seems to enjoy those rows on our miniature lake immensely."

"Say, Wess, she says you may come next Sunday, Tom won't be there."

"W—m's headquarters are at the big brick, while H—r is still doing business at the old stand."

"It is hardly fair that one young lady should monopolize the attentions of so many of our young men. For instance, there are John, Robert, Luther and George, all offering incense at the same shrine, while some of our young ladies are without a single cavalier."

"Jack, the dandy from Dartford, is all right on the level, but when he tackles a Hill he gets left. It was certainly rather hard to get the shake after waiting around until church was out to see F—d home."

A Magnificent Uniform.

Mr. W. A. Sanderson does not forget the old musical associations of the days when he played the b flat cornet in the band, and he is as anxious now as when he was a member to promote the interests of the organization. In exemplification of this spirit he has made a present of a magnificent uniform for Drum Major Graham. The tunic, busby and belts arrived this morning, having been ordered from the celebrated London, England, Military Outfitters, Hobson & Sons, and it must be said in this case, that "Hobson's choice" was a good one. The tunic is made of the superfine scarlet cloth used for army officers' uniforms and is resplendent with heavy and rich gold lace—gold lace frogs in front, gold lace collar, gold lace down the back seams and the gold lace *chevrons* of a drum major on the right sleeve at the wrist; altogether the tunic is a superb specimen of military clothing, and it fits Major Graham as though it grew on him and he cannot be blamed for feeling proud of it, especially when to it are added the genuine white patent leather shoulder and waist belts and pouch. The imposing busby is of the regulation size and shape, made of sealskin, and is ornamented in front with a gold ornament—a crown and trumpet enclosing the figures "57". The uniform may be seen on exhibition in the show window of Habiliment Hall. Mr. Sanderson's liberal example of encouraging the band boys is worthy of being followed by others.

SMOKERS.

Ask for the "CABLE" (size) CONCHA CIGAR.

Better than ever. A quarter of a century in the market, which fact speaks for itself.

S. DAVIS & SONS,

"To "B" or Not to "B"—

That is the Question"—with Reference to our Insurance Rating—Mr. Inspector Pell's Final and Conclusive Test.

Wednesday Mr. H. S. Pell, Inspector of the Fire Underwriters' Association, was in town to ascertain if the conditions necessary to rating the town "B" for insurance purposes required by the letter of Mr. McLean of July 19th to the Fire, Water and Light Committee had been answered and if necessary to make a test. The Fire Alarm boxes or "public" call boxes one in each of the four wards he found had been provided, also the two Babcock fire extinguishers and with these as he saw them Mr. Pell was satisfied. However, anxious to secure the fullest information, Mr. Pell decided on a test. Accordingly at 8 o'clock the alarm was rung at Mr. Spry's, corner Dalhousie and Stewart streets, to test the ward hose; in less than twenty seconds the hose wagon and truck were on the way to the scene of the fire, a bonfire of evergreens from the Oddfellow arches. As Mr. Pell's report will be what the board of Underwriters will act upon, it is better to give his version of the results of the test. He said to a representative of the EXAMINER this morning that the results "were excellent." The hose wagon was on the spot and 600 feet of hose laid ready for water in 3½ minutes after the alarm, and very shortly after the steamer, with steam up and ready for action, was on hand, and the balance of the apparatus was ready for work. This test was, in one sense, exceedingly satisfactory, but Mr. Pell, not being certain that the brigade had not had some hint of their being called out, decided to apply still another test. Strolling along the streets in at 11 p.m. company with Mr. McNeil, chairman of the Fire, Water and Light Committee, in such a manner as to allay any suspicion of his intention to give an alarm, he suddenly decided to give the alarm at "call-box" No. 2. He gave the boys of the Fire Brigade a genuine surprise party, but they were equal to the occasion. The distance is considerable from the Fire Hall to Mr. Hackett's residence, yet in five minutes the brigade was on hand with water playing. The steamer and other apparatus was also on time promptly. This was a genuine surprise and a genuine test. Many of the firemen turned out half dressed, yet they made connections in so prompt a manner as to win his hearty approval. He gives permission to give, in his name, the most unqualified praise to the Fire Brigade for their activity, alertness, promptitude and general fitness for their positions. He was ready to admit that all the conditions required by the Board to give the town a "B" rating had been fulfilled and he would so report to the Board, and the decision would be then in their hands. Mr. Pell left town this morning.

Almost a Tragedy.

Aqueous Escapade of Hyper-gallant Ottawaites.

On Wednesday afternoon the shores of Anchorage Island, Stony Lake, were the scene of what narrowly escaped being a triple drowning tragedy. Three Ottawa gentlemen, Messrs. James Menzies, of the Ottawa *Free Press*, Clerk Cameron and Captain Grant, of Outouais Canton, had been enjoying, for day or two, the hospitality of the occupants of Anchorage Island. Wednesday evening their visit drew to a close, and they started for home. After the usual effusive tete-a-tete adieus, the trio embarked in a canoe to go to the steamer, which was to bring them to Lakefield. In the effusiveness of his gratitude, Mr. Cameron was not satisfied with the valedictory performances he had enacted on shore, but stood up in the canoe, and was about making a most elaborate and flourishing farewell salutation, when all at once he lost his equilibrium, the canoe was capsized and the three voyageurs were plunged into the water. Mr. Menzies being a good swimmer, managed to easily regain the shore, and after a hard struggle Mr. Cameron was rescued safely, but Captain Grant, like the gallant chevalier he is, was determined, voluntarily or involuntary to be the last to leave the ship. He scrambled to the bottom of the upturned canoe and was perched there dripping like a sea-god, till he was taken from his position of unpleasant and damp conspicuousness and safely transferred to the boat. Having started for home the trio continued their journey in a very moist condition and melancholy mood. When they arrived in Peterborough, in spite of the precautions they had taken on the downward trip, their clothes were still super-saturated with the souvenir water of Stony Lake they had carried away with them—the assiduous application of liquid warmth, within, and of radiated heat, without, had not made them dry. The Ottawa party are full of gratitude for their miraculous escape from a more protracted and serious ducking.

Personal.

Mr. Ed. Carter and Dr. Doyle, of Pittsburgh, Pa., after enjoying "immensely" a month's camping on Eagle Mount, Stony Lake, returned to town last night, *en route* for home. They speak in the highest terms of the enjoyment and benefit to health obtainable on the back lakes.

Rev. Father Keilty, of Ennismore, was in town to-day making arrangements for the annual pic-nic in connection with his congregation, which takes place on Sept. 1st at Chemong Park. These pic-nics have been an unvaried success and the one this year will be in advance of all its predecessors.

Rev. I. Tovell, pastor of the Charlotte street Methodist Church, left town for the west last night on his month's holidays. He will visit various places including perhaps the sea-side resort, Old Orchard Beach, Maine.

In Brief, And To The Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Examiner Bindery.

Merchants and business men, now is the time to call at the EXAMINER bindery and leave your orders for journals, day books, ledgers, invoice books, cheque books, and all blank books used in business. Don't wait till the moment you want to use them. All blank books last longer for not being used immediately after being finished.

Worms often destroy children, but Freeman's Worm Powders destroys Worms, and expel them from the system. dwl

Willow and Wicket.

Crushing Defeat of the Amalgamated Butters and Duffers. The Regulars Triumphant.

The grand match of the season was played out on the Association grounds on Wednesday afternoon, and was a splendid example of "cricket as she is play." The first eleven had pitted against them no less than twenty-six redoubtable players, yet, in spite of the mighty odds against them, were victorious. The "regulars" went to bat first, facing the bowling of Sabine and Minore. The men who contributed double figures to their total score of 129 were: Stirling 17, E. Stratton 17, W. A. Stratton 26, and S. Ray 21. The fielding was a sight to behold. With 26 men on the field, it would be thought impossible to place a ball out of a fielder's hands, yet it was done, the ball sometimes passing between two or three fielders' the third or fourth would fall upon it and stop its career. Fielders stumbled over and fell on each other, and in the face of this solid phalanx of opponents the score made by the regulars was very creditable. Credit should not, however, be omitted for a splendid catch made by Muncaster, which nipped Rutherford's record at 2. Tom made one of his heavy drives straight over the bowler's head. It was good for four and was a hot one, too, but Muncaster captured it finely, his performance bringing down the house. The syndicate went to bat and succeeded in putting together 87 runs, and a beautiful basket of goose eggs. Out of the twenty-six who went to the bat fourteen compiled duck eggs with great brilliancy,—the score sheet was honey-combed with cyphers. The processional portion of the game was its most entertaining feature. Mr. George Burnham (prof.) who captained the militia is entitled to great credit for the clever manner in which he marshalled the procession. No sooner did he get one man harnessed for the fray than the latter was sure to meet the ambulance bearing back the previous victim, with his bat in one hand and his egg in the other. The double figure players were Strickland (old timer) 22, Dee 15 and extras 16. Minore, Sanderson and Muncaster "were sixes", each scoring half-a-dozen. Though conquered, the militia are not subdued; they claim they can wallop the regulars yet. They complain that the old cricketers palmed off old ricketty, cracked, split, invalided bats upon the amateurs, and thus heavily handicapped them. The score is too sacred to be exposed to the vulgar gaze of the public, and out of respect to already largely lacerated feelings, is witheld.

Peterborough Markets.

[Supplied by W. H. Wrighton, Grain and Produce Dealer & General Grocer, George St.]

AUGUST 17th, 1887.

The grain trade is inclined to be inactive, the only grain that shows any life being barley; the price of wheat is more promising This year's sample of all grains is below the average in quality. Most of the barley is light in weight or off color, a good deal of it both. Prices are as follows:—Fall and Spring wheat range from 75c. to 78c; barley from 50c. to 60c; peas 55c; oats 33c to 35c; other commodities are unchanged.

Fall Wheat	$ 0 55	to	$0 78
Spring Wheat	0 55	to	0 78
Bran, per ton	13 00	to	0 06
Shorts, "	18 00	to	0 00
Barley, per bush	0 55	to	0 60
Peas, "	0 50	to	0 55
Oats, "	0 33	to	0 35
Rye, "	0 45	to	0 45
Beef, hind quarter	5 50	to	6 50
" fore "	4 00	to	4 50
Mutton, per lb	0 07	to	0 08
Lamb, per lb	0 08	to	0 10
Hogs, per 100 lbs	5 75	to	6 25
Butter, roll, per lb	0 20	to	0 23
Butter, tub, "	0 12	to	0 14
Eggs, per doz	0 13	to	0 14
New Potatoes, per pk	0 25	to	0 00
Apples, per bag	0 75	to	1 25
Apples, per bbl	2 00	to	2 25
Turkeys	0 60	to	1 00
Geese	0 50	to	0 60
Ducks, per pair	0 50	to	0 70
Chickens, per pair	0 50	to	0 60
Hay, per ton new	8 00	to	9 00
Straw, per load	3 50	to	4 00
Beef Hides	4 00	to	5 00
Calf's Skins (Deacon)	0 15	to	0 30
" " Veals per lb	0 8	to	0 9
Sheepskins	0 75	to	1 00
Pelts	0 15	to	0 25
Wool	0 20	to	0 20
Tallow	3 00	to	4 00

Omemee.

The harvest is all about completed except ing a few oats. Threshers say the barley yield is turning out better than was expected.

The Chicago railway disaster is the chief topic. If the Missing Link bridges "Double's" and "Lily Lake" are not improved, travel over this route will certainly be reduced.

The Firemen's excursion to Orillia from Port Hope, Millbrook and Omemee on Friday promises to be well patronized. Their respective bands will accompany.

About thirty people from here attended the Oddfellows' demonstration last week at Peterborough and returned delighted with the proceedings and now think Peterborough furnishes city-like entertainments.

The Omemee junior cricket club are not all of the same opinion about their cool reception at Peterborough believing that as much interest was taken in them as any similar or large sized place. Our old time cricketers feel annoyed at such unnecessary wrangling over the grand and noble game affording so much past pleasure.

Evans & Redpath are busy manufacturing their "Village and Factory" fire engines, which have stood very satisfactory tests.

Literary Notes.

THE KINDERGARTEN & PRIMARY DRAWING COURSE.—Parts I and II. Authorized for use in the public schools. Each part 10c. For sale by all booksellers. Toronto: Selby & Co. Publishers.

The wants of the age have long demanded such a series of drawing-books for the very young children, such as the Kindergarten and Primary Drawing Course recently authorized for use in the public schools by the Minister of Education.

One great feature of this series is that it requires no previous knowledge of drawing by the teacher before beginning teaching. This will enable it to be introduced into schools where drawing has not hitherto been taught. The very simplicity of the series is its best recommendation, it is founded on the Froebelian plan, and has much of the idea and spirit of the Kindergarten, and one wonders at the multiplicity and simplicity of the designs, and they cannot fail to be appreciated by parents, teachers and pupils. Their use is authorized from the infant class to the junior second.

CARD OF THANKS.

THE Oddfellows' Demonstration Committee desire to return their warmest thanks to the ladies who so kindly waited upon the Cantons at the rink, to the citizens for their liberal and gratuitous contribution of provisions, to the Town Council for its generous grant of $200, to T. G. Hazlett Esq., Manager of the Peterborough Electric Light Company for his generosity in lighting the Jubilee Tower and Lamps on George Street, with Electric Light; to Jas. Stevenson Esq., for the handsome light presented by the arch, erected by the Peterborough Gas Company; to Mr. H. W. Kent, of the Bell Telephone Company for the use of telephone at the rink, kindly placed there by the Company for the use of the visitors and committee; to D. Bellegham for the extra time and trouble in the difficult task of supplying beds and chairs for the Cantons, and those who in any way assisted in making the recent demonstration the success it assuredly was.

The Oddfellows trust that their efforts in bringing Peterborough so conspicuously before such a large number of prominent visitors will have a beneficial effect in sounding the numerous advantages of Peterborough as a business, educational and commercial centre throughout the entire Dominion.

On behalf of the Committee,

MERCIER TO TAKE A HAND

THE QUEBEC PREMIER TO STUMP IT IN OTTAWA COUNTY.

The Annual Statement of the Loan and Building Societies of Ontario—Timber Limit Holders in Quebec Province Make a Proposition.

OTTAWA, Aug. 18.—The contest in Ottawa county promises to be a lively one and both sides are very confident. Mr. Mercier will take a hand and is expected to address several meetings in the county. It was reported that he would open the campaign in Hull next Sunday, but it is now said that he will make his first appearance in the constituency on nomination day, which is expected to be about Sept. 15. Mr. Cormier is holding meetings up the Gatineau where a good deal of his strength lies. Mr. Rochon opens his campaign at the Peche on Saturday and will have a meeting in Hull on Sunday. Last election he had over 400 majority in Hull, but it is expected this will be greatly reduced, as the Riel cry has lost much of its force there.

The annual statement of the loan and Building Societies in the Dominion of Canada for the year 1886 will be published in next Saturday's Canada Gazette. From it it appears that there are ninety-four companies doing business, of which seventeen, for various reasons, do not make returns. The total liabilities of the companies making returns is $98,375,218, being $6,250,707 less than last year. Assets $98,016,992, being $6,645,429 less than last year. The dividends declared vary from fifteen per cent. by the Commercial Building and Investment Society of Toronto, to three per cent. by the Scottish Ontario and Manitoba Land Company of Toronto.

Mr. C. T. Thomson, of The Detroit News, is here for the purpose of trying to boom commercial union. He is not likely to meet much success in this section.

It is stated that the holders of timber limits in the Province of Quebec have made a proposition to the Government to pay a fixed rate of $3 per square mile annual ground rent, and an advance of twenty per cent. over the Ontario rate for dues, instead of the $5 per mile ground rent as fixed by the order-in-council passed by the Mercier Government last session. The Government are now considering the proposition.

The Buctouche yarn has received its quietus by the receipt by the Fisheries Department of the usual weekly returns, showing the movements of each of the fishery cruisers, not one of which has been near Buctouche.

Mr. Morrison of this city, contractor for the new steel bridge across the Coulonge River, on the line of the Pontiac Pacific Railway, has commenced work. The ten miles of track beyond the river now under contract will be completed by Nov. 1.

Mr. Parmalee, Assistant Commissioner of Customs, has returned to the city from an official visit to British Columbia, where he investigated the opium trade.

The Customs Department has received no advices as to required changes in the customs regulations at Emerson and Gretna.

Failure of an Oil Firm in Montreal.

MONTREAL, Aug. 18.—W. E. Elliott & Co., dealers in lubricating oils, etc., St. James-street, assigned this afternoon with liabilities of about $50,600. The assets have not yet been made known. The insolvents declare the cause of their failure has been the large amount of accommodation paper they have been dealing in and general depression in the oil trade.

Telegraphers in Council.

PHILADELPHIA, Aug. 17.—The United States Military Telegraph Corps and the Old Time Telegraphers' Association met in their seventh annual convention in this city to-day, and were called to order by President C. C. Hine. There are about fifty delegates present. Mr. Hine in his annual address reviewed at some length the methods employed by the ancients to transmit messages from one point to another, beginning with the Persian Empire 2461 years ago and coming down to the United States signal code of 1856. The election of officers to serve the ensuing year was next taken up, and David Brooks of this city was elected President. After taking the chair he spoke some time upon topics of interest to old-time operators. J. Dugan of Louisville, Ky., was elected Vice-President and W. J. Healy, manager of the Western Union Telegraph Company, New York, was elected Secretary and Treasurer.

He's Making a Good Start.

LONDON, Aug. 17.—Frank McLeary, a youth about 12 years of age, who has been employed as errand boy by Rice & Chapel, was charged at the Police Court to-day by his employers with larceny. Mr. Rice stated that the till had been repeatedly robbed while the lad was in his employ. A day or two ago he found the prisoner with his hand in the till and 73 cents of stolen money in his possession, but he was allowed to go on promising not to repeat the offence. On Monday he again broke into the store by removing one of the back shutters and smashing a light of glass and admitted stealing $2.50 but did not know anything about $3 more which was also missing. He was committed for trial.

Children Cry for Pitcher's Castoria.

Wanted.

Wanted.
ROOM and BOARD in private family, centrally located—Will give music tuition if desired. Address, H. HARRIS, Pianoforte Teacher at Rochester's Institute. d41

Wanted.

ACCOMODATION for four or five gentlemen boarders, within two minutes walk of the post office, $2.75 per week, or $2.25 for table board. Apply at EXAMINER Office. d151

For Sale or to Let.

For Sale.
TWO STOREY BRICK COTTAGE on Smith Town Hill. One quarter acre of land. Terms easy. Apply to
d139 G. A. MITCHELL.

'CHANCES.
IF you want to Rent, Buy or Build a house call on the undersigned who always has a large number of houses for sale or to Rent. W. LANGFORD, Water Street north. d&w

To Weavers—For Sale.
THREE HAND LOOMS with every appliance belonging to them; a good warping machine and all its requirements; a wheel for winding with spools etc. etc. Also a beam for carpet warp over 500 yards; a beamp of flannel warp about 400 yards. Any one thinking of starting weaving will find this a good chance of securing everything in good order, used by the late JOHN STEWART, weaver. Apply at his late residence Murray st. next St. Paul's church. 6d391w23

BARGAINS
IN
REAL ESTATE.
INTENDING purchasers can buy Lots on McDonnell street, west of Park street with frontage 55 feet, depth over 264 feet, containing One-third acre, for $300. No money required. Interest yearly at 6 per cent. Why buy lots 30 feet by 100 and pay more money.
TO BE LET.
NEW HOUSE, 11 rooms, Modern conveniences; heated throughout with hot water, situated on Walker Sold, near Gravel Road, beautiful site; rent moderate.
d2 G. W. HATTON.

E. C. STABLER
CONTRACTOR & BUILDER, Peterborough, Ont. Carries a large stock of the very best seasoned material. Builders will find it to their advantage to give me a call. All work finished up in good style, within specified time, and at very reasonable rates. Residence on Jas. Dixon Estate. Orders by mail looked after with promptness. Parties dropping me a card in the Post Office will find me on hand. 25w-dast.

CHEESE BOXES.
THE subscriber is now prepared to ship to all points, from Peterborough, any quantity of Cheese Boxes, and would be pleased to receive orders from all parties who may require them.
12d1w R. BICKLE.

CATARRH

ELY'S CREAM BALM
when applied into the nostrils, will be absorbed effectually cleansing the head of catarrhal virus, causing healthy secretion. It allays inflammation, protects the membrane of the nasal passages from additional colds completely heals the sores and restores sense of taste and smell. Has a Liquid or Snuff. A quick relief. A positive cure.
A particle is applied into each nostril and is agreeable. Price 50 cents. Druggists, or by mail on receipt of price. Circulars free. ELY BROS. Druggists Owego, N. Y. 6eod77w1

STANLEY REPORTED MURDERED.

But the Rumor is Discredited in all Well-Informed Circles.

PARIS, Aug. 17.—A despatch to the Foreign Office dated at Zanzibar, states that Stanley the African explorer, was deserted by his escort and massacred by the natives.

LONDON, Aug. 17.—Neither the Foreign Office nor the Emin Bey Relief Committee has received any news regarding the massacre of Henry M. Stanley. The officials at the Foreign Office are surprised at the intelligence in the despatch received by the French Government, and say that if news of Stanley's death had been received at Zanzibar the British agents had failed to send it.

BRUSSELS, Aug. 17.—At the offices of the Congo Free State Association in this city and in other well informed circles here, the report that Stanley was murdered is discredited.

LONDON, Aug. 17.—Sir Francis DeWinton, President of the Emin Bey Relief Committee says that trustworthy news of the Stanley expedition cannot possibly have arrived at Zanzibar so soon after the arrival of the expedition at Arinchini in June.

BRUSSELS, Aug. 17.—Letters received today from the Congo, dated July 15, say that a large party of Tippoo Tib's Arab slave traders had descended below Stanley Falls and that the Basoko natives affected to receive them with open arms, but surrounded and attacked their camp during the night. One hundred Arabs were killed.

When Stanley's expedition approached the Basoko country the natives, believing that it was a fresh Arab expedition coming to punish them, ran away. Stanley, therefore, traversed their country without meeting with any hostility. Nevertheless the previous official telegrams announcing Stanley's arrival at the confluence of the Aruwimi Falls and the Congo on June 2 seem to have been erroneous. His expedition only reached Bangola Station on May 26, and could not, therefore, have arrived at Aruwimi before June 9 or 10. Still no anxiety is felt as to his fate.

NEWS OF STANLEY.

The Explorer and His Party Were All Well on June 19.

LONDON, Aug. 18.—Letters were received here yesterday from Henry M. Stanley, dated June 19, from Gambruya, a village near the Rapids of the Aruwhimi, reporting himself and party all well.

CHRISTENING THE PEAKS.

DALHOUSIE, N.B., Aug. 18.—An interesting ceremony, in commemoration of the visit of Sir J. A. Macdonald and Hon. Mr. Carling to Dalhousie, was performed here to-day in the presence of a large number of citizens and visitors. At 4 o'clock the party assembled on the spacious grounds of the Inch Arran House and proceeded to a picturesque spot on the shore of the bay and formally christened two of the most prominent mountain peaks in the rear of the town Macdonald's Heights and Carling's Cliff, and the cliff on which they were assembled Hamilton's Cliff, after the Hon. W. Hamilton, M.L.C., one of the oldest residents of the vicinity, who is also the owner of a large portion of the property in this district.

Hon. J. C. Barberie, M.L.C., was the orator of the day, and performed the duties committed to his charge with grace and eloquence. He expatiated on the beauties of the bay at Dalhousie, with its stately background of noble hills, its unrivaled scenery and splendid beach, and named the most prominent heights back of the town after Sir John Macdonald.

Carling's Cliff is beautifully situated on the extremity of the same range, and Hamilton's Cliff extends along the eastern shore of the Restigouche River from the lighthouse at the point down to the town.

Sheriff Phillips also made a neat speech, referring in gracious terms to the distinguished gentlemen whose names had been perpetuated in the everlasting hills.

Hon. Mr. Hamilton reviewed the wonderful changes which had taken place in the district since Confederation. Mr. Meredith made a speech also. The party cheered heartily for the ladies and for the Queen, and that part of the ceremony was over.

A move was then made for the west of the hotel, where Mrs. Meredith, daughter of Hon. J. Carling, named a new street which is being opened up Hamilton-avenue. This street will be a great benefit to the locality and its construction is due chiefly to the energy of Mr. Geo. Moffat, M.P., Hon. Mr. Barberie and Mr. Haaquoit.

Hon. Mr. Carling left for Ottawa this morning. His family remain the balance of the season.

UNITED STATES NEWS.

A very heavy rain-storm visited New England yesterday and caused wash-outs on a number of railroads.

Six hundred miners are on a strike at the Pittsburg, Laurel, Altamont and neighboring mines near Lexington, Ky.

Admiral Luce, owing to his misunderstanding with Secretary Whitney, has asked to be relieved from the east coast station.

The date fixed for the commercial union meeting in Detroit, at which Mr. Wiman, Mr. Butterworth and Goldwin Smith will speak, is Aug. 27.

Jake Sharp, the New York boodler, had several chills yesterday and it was thought that he would die, but he was considerably better last night.

Owing to the menacing attitude of the Utes in Colorado, Governor Adams has been asked to send troops to the front at once to protect settlements and ranches.

The Vermillion Iron range in Minnesota, which turned out 310,000 tons of ore last year, has been purchased by a syndicate, composed mainly of Chicago capitalists, for $8,000,000.

Jane Lynch, an employe, was killed and John O'Neill, the elevator boy, was fatally injured by the fall of an elevator in the collar and cuff manufactory of G. Seidenburg, New York, yesterday.

CABLE ITEMS.

It is semi-officially stated that cholera in Sicily has been overcome.

It is reported in Moscow that Gen. Tchernaieff will succeed the late M. Katkoff in the editorship of The Gazette.

It is denied that Russia has made an agreement with England to partition Afghanistan in the event of the Ameer's death.

It is reported that the revolutionary movement in Russia continues to spread rapidly, especially among students and priests.

The French War Ship in the St. Lawrence.

Montreal Correspondence of The Week, Aug. 18.

La Minerve is an old ship, having been built twenty-six years ago at Cherbourg; she will bid a final farewell to the sea next May. Apart from rather furious old port holes, there seems nothing very remarkable about the vessel—unless it is her extraordinary cleanliness and the politeness of her crew, or rather, officers. The former of these characteristics is invariable of a man-of-war; the latter is not so invariable, at least, not so charmingly so. I often wonder why so large a majority of our English friends, while duly appreciating the manniere Francaise still fight shy of profiting by the Frenchman's example. "Oh! what may be all very well for a Gaul," Mr. Stiff-jointed Britisher, would say but prove of advantage if more generally adopted. A fortunate thing, we all take it, that the Minerve is to remain with us three weeks.

A Fine Classification.

Foreman (to country editor): Do you want the Rev. Mr. Goodman's sermon, "Feed my Lambs," to go on the editorial page?

Editor (absentmindedly): No. Run it in the "Agricultural Department."

THE PERILS OF THE ROAD.

DISASTER SEEMINGLY RUNS THE RAILWAY TRAINS.

A Chicago Express While Rounding a Curve Swings off the Track—A Railway Employe Responsible for the Chatsworth Calamity.

PITTSBURG, Aug. 18.—About 4 o'clock this morning the through express train, which left Chicago at 3.15 yesterday afternoon over the Fort Wayne and Chicago Railway, was wrecked at Bayard, Ohio, on the Pittsburg and Cleveland road, about eighty-one miles west of Pittsburg. When the train reached Alliance, Ohio, it was found that the Fort Wayne road was obstructed by a freight wreck some miles east of Alliance, and the train was ordered around by the Cleveland and Pittsburg road. The train was made up of three baggage and express cars, one smoker, one passenger coach, two Chicago sleepers and a Toledo sleeping car, which was attached to the rear of the train.

After leaving Alliance the train was proceeding at the rate of thirty miles an hour. As it swung around a sharp curve near Bayard the rails spread and the Toledo sleeper was derailed, falling on its side. The two Chicago sleepers also jumped the track, but after running nearly three hundred yards they were pulled on again and escaped injury.

When the crash came the porter, O. Warner, ran to the forward platform and jumped, but got off on the wrong side of the car and when he fell over on his side he was buried under it. Fortunately there were only three persons besides the porter on this sleeper, and they escaped, being thrown about the car like balls, and all were seriously hurt.

When the train stopped the passengers and trainmen rushed back to ascertain what damage had been done. The injured were speedily removed from the car, but no trace of the porter could be found until nearly an hour afterwards, when a hand was seen projecting beyond the wreck of the sleeper. Work was immediately commenced and the crushed and mangled body was found.

The casualties were: O. Warner, colored porter, Pittsburg, crushed to death; J. L. Maloney, Detroit, badly cut about the face, head and breast, believed to be fatally injured; W. H. Dennison, Pittsburg, badly cut and bruised, very weak, but will probably recover; Geo. D. Lawson, Washington, D.C., badly cut about the head, neck and breast, will recover; W. A. McCoy, Pittsburg, bruised and injured internally, very serious.

The passengers in the other sleeper were badly shaken up, but sustained no serious injuries. The injured were taken to a hotel at Bayard and placed in the care of the company's physicians and the train came on to Pittsburg, arriving three hours late.

Train Wreckers at Work.

CHICAGO, Aug. 18.—An attempt was made last night near Belvidere, Ill., to wreck a passenger train on the Northwestern Railroad. Persons living in the vicinity heard strange noises near the track, and upon going to the scene caught a view of two men hurrying away. The train came along at this moment and was nearly derailed by a huge stone that had been placed between the rails. The cow-catcher was smashed, but no other damage was done. Fifty passengers were aboard the train.

The Chatsworth Calamity.

CHATSWORTH, Aug. 18.—The coroner's jury in the railroad disaster, after a deliberation of three hours, returned a verdict to the effect that Section Boss Coughlin was guilty of gross criminal negligence in leaving fires burning across the track. It was recommended that he be held to appear before the Grand Jury. The company are censured for not having the track patrolled all the evening. Coughlin will be arrested.

Eton Waters of the Peoria Watch Company, who was injured in the recent accident, died this morning. He had a hole in his thigh as big as a man's wrist, together with internal injuries, but he bore up so bravely that the physicians dubbed him "the hero." He did well until last evening, when blood poisoning and a failure of the heart intervened and he sank slowly.

This makes the total number of verified deaths 79. The jury made out separate verdicts for each of the victims.

Seventeen Cars Wrecked.

BALTIMORE, Aug. 18.—A collision occurred last night on the Baltimore and Ohio Railroad by one freight train running into another freight train. Seventeen cars were wrecked. The engineer and conductor of the trains were severely, and, it is believed, fatally injured. The firemen are also probably fatally hurt.

Evictions in Canada.

BELLEVILLE, Aug. 17.—This afternoon High Constable Johnston, acting under instructions from Col. James Brown, evicted Miss McAdie from property that she has occupied for years. She is over 60 years old. Her household effects were strewn along the fence, where they had been dumped over. The neighbors say that her cries for mercy whilst the work was going on were pitiful. The W.C.A. have interested themselves in her case.

A WINONA FARMER WANTS TO D E.

Sudden Death at Hamilton—The New Life-Boat—Death of a Retired Builder.

HAMILTON, Aug. 18.—John Gain, a well-to-do farmer residing near Winona Station, some time ago had been drinking more heavily than usual, and a few weeks ago he quit it. The sudden reaction seemed to have brought on depression of spirits, and on Wednesday afternoon he drew a butcher knife across his throat. The knife was not very sharp, and consequently the wound was not as deep as was intended. A physician was summoned, who at once sewed up the gash. Gain had bled considerably—so much so that his life is yet despaired of. He is about 45 years of age, and was always well respected by his neighbors.

Mr. James Fitzgerald of 179 Bay-street north was found dead in bed this morning. He had been ailing for some time.

The new life-boat now being built by Mr. Bastien for use at the Beach will be 20 feet in length over all, 4 feet 10 inches beam, 2 feet 5 inches deep, bow and stern, 1 foot 6 inches deep amidships; cedar, copper fastened. Besides the crew she will accommodate twelve persons.

Mr. William C. White died at his residence, Burlington-street north, East Hamilton, yesterday. Mr. White was for many years a builder in this city, but retired a short time ago. He was a prominent officer and class leader in the First Methodist Church and was held in high esteem by the members.

QUEBEC'S PROVINCIAL LOAN.

The Details of the Scheme as at Present Proposed.

QUEBEC, Aug. 18.—The provincial loan continues to be widely discussed. The following is said to be the official agreement of the loan, which was negotiated through General Wiswall of New York, who has been in the city for some weeks, and Mr. Nelson, broker, of Wall-street, New York, for the syndicate, composed of rich American capitalists: The province is to issue debentures to the amount of the loan, which are redeemable at the end of forty years. The Chemical Bank of New York takes these debentures at 94 per cent. of their value, payable in New York, without any expense or commission to be added. The Government will deal directly with the bank, and therefore dispenses with the usual agency. The syndicate will assume the full amount of the debentures if the Government so desire. As a guarantee $3,000,000 in United States and city of New York bonds will be deposited in the Chemical Bank between now and Aug. 23, which the Provincial Government will have the right to sell should the syndicate fail in their agreement. The loan is to pay off the floating debt of the province, and is very favorably looked upon as a financial undertaking.

Miss Gould's Admirer.

NEW YORK, Aug. 18.—A young man from King's Creek, West Va., who calls himself J. M. Traber, has for some time been trying to captivate Miss Nellie Gould, eldest daughter of Jay Gould, by writing her letters and seeking interviews. He secured a notice in a western paper announcing his engagement to Miss Nellie, which has been extensively copied throughout the country. Jay Gould in a card announces Traber as a half-crazy crank, but does not think the matter of sufficient consequence to justify legal proceedings against him.

An Autumn Session Decided Upon.

LONDON, Aug. 18.—At a meeting of the Cabinet to-day various measures were discussed, and it was finally decided to hold an autumn session of Parliament. It is considered certain that numerous reform measures will be brought forward at the session in the autumn.

A Disastrous Storm in England.

LONDON, Aug. 18.— The damage caused by yesterday's storm in England is very serious. In London three persons were killed and a number of churches and houses were struck by lightning. In the country also there was much destruction of property, and many persons are reported killed.

Who Killed Stone's Wife?

ROCHESTER, N.Y., Aug. 17.—Alonzo Stone, a young tinsmith, lives at East Rochester, with his wife and one child. About 6.30 o'clock last night Stone found Mrs. Stone dead in the cellar of his house. She was lying at full length with a cloth knotted tightly about her neck, while a cut was found on the temple evidently inflicted by some sharp instrument. There were evidence of a struggle on the floors above. Stone has been arrested, but he asserted his innocence. Several neighbors say that they saw a strange man in the vicinity of Stone's house in the afternoon.

Three Cowboys Destroyed.

ALBUQUERQUE, N.M., Aug. 17.—Several cowboys left Holbrook some days ago in search of a man named Blevins, who had been missing for several days. They were reinforced by four other cowboys, who joined in the search. When they reached the residence of the Tewksburys on Tonto Basin, and after making inquiries about the missing man, they turned to ride away when a volley was fired from the house, killing John Paine and J. R. Gillespie and severely wounding G. Tucker. Tucker died before they reached the ranch.

Educated HEADS

REMOVAL.

HALL, INNES & Co.

Have removed the balance of their stock to the

PARLOR ROLLER RINK,

on Water Street, where for the next few weeks, during the time alterations are being made in their premises, they will offer goods in every Department, at greater reductions than ever.

The stock is well assorted in every department, and will be cleared out at lower prices than heretofore.

Don't forget the place—Parlor Roller Rink, Water Street.

HALL, INNES & CO.

The Daily Examiner.

FRIDAY, AUGUST 19, 1887.

THE NEW HEBRIDES.

It was said by the Canadian delegates to the recent Colonial Conference at the Mansion House dinner, that, while it was true English people knew little of the colonies, yet they knew more of the colonies than the colonies did of each other. We were reminded of this remark the other day, when a well-informed Canadian gentleman asked what was the trouble about the New Hebrides Islands, which, he thought, were off the Scottish coast! How, he inquired, could French soldiers get a footing there? These islands, it is necessary to remark, therefore, lie in the West Pacific Ocean, about 200 miles from New Caledonia. The largest of them was discovered in 1606, and, from its size, was thought to be Australia. The population exceeds fifty thousand, and many of the islands are now christianized. It was on one of these islands that Bishop Patteson and Captain Goodenough were murdered, but the savagery and inhospitality of the inhabitants was traced to the misconduct and cruelty of slave traders.

A serious divergence of opinion occurred with respect to the New Hebrides at the recent Colonial Conference. The French have been occupying one of these islands for over a year, in violation of an express agreement, by which England and France mutually renounced all intention of appropriating them. In answer to frequent remonstrances, France has repeatedly declared that she does not desire to annex these islands, and has only sent her soldiers there for the temporary purpose of protecting some of her subjects from violence and injustice. In spite of these declarations, the soldiers still remain, and are actually erecting barracks. The Australians, who are the nearest colonists, are naturally indignant at this. They experience much inconvenience already, in the escape of French convicts from New Caledonia, and are therefore eager to prevent the acquisition by the French of more islands in their neighborhood, to be used for a similar purpose. England is anxious to come to an agreement with France on this question, and a proposition was made that the New Hebrides should be ceded to France under a guarantee that France should cease to send her convicts to these seas. The Australians, however, rejected this proposition, and negotiations were then entered into so as to place the islands under the protection of a joint naval commission of the two nations. This does not please the Australians either, and recent accounts seem to indicate that the French propose to forcibly annex the New Hebrides.

CHILD MARRIAGE IN INDIA.

A great deal has been written on the evils and hardships incident to the system of child marriage in India. They have been very strikingly illustrated in the case of a Bombay lady named Rukmibhai, which has attracted much attention throughout India. The lady was the only daughter of a leading citizen of Bombay and heiress to a considerable amount of property. Like other girls of her class she was married, without consent on her part, at the age of eleven, the average age for this ceremony being between eight and ten. Her husband was a poor sickly youth of nineteen, a relative of her step-father. After the formal marriage ceremony she returned home to her mother's house, and here she attained the best education available. She is in fact one of the most accomplished and attractive native ladies of Western India. Some years ago she published a series of letters in a leading Bombay paper on the subject of child marriage and enforced widowhood. In 1884 ten years after her marriage she was claimed as wife by the nominal husband of her childhood, who had grown up a mere oaf and a wholly uncultivated man, unable to earn his own support. His child wife refused to join him, in which action she was supported by her family, so he instituted proceedings in the High Court for a restitution of conjugal rights. It was pleaded, on Rukmibhai's behalf, that she was not bound by a marriage arranged by others on her part, when she could not understand its meaning and that she could not be compelled against her will to spend her life with one whom she could not love and who had no means of supporting her. The Judge decided in her favour, and said it would be a barbarous, a cruel and a revolting thing to compel a young lady under the circumstances to go to one she dislikes. From this decision the husband appealed, and the Judges reversed the former decision on a point of law. They refused to see any distinction between a suit for the institution and one for the restitution of conjugal rights, the gist of an action in either case being the same, viz, that married persons are bound to live together. They said they could not alter the law and ordered Rukmibhai to join her husband within a month or abide by the consequences of her refusal. The case will probably go to the Privy Council and it affords a good illustration of the difficulties which are met in the attempt to lead reform in this pernicious system of child marriage. Legislation is urgently needed, enabling our courts to dissolve marriage contracts unless they are genuine and real as understood by English law.

STARTLING AND TRUE.

The Gong again gives no Uncertain Sound. GOUGH, the Old Terror, creating Sad Havoc in the Furnishing Goods Trade.

Our Great Sale of Clothing at 40 Cents on the Dollar was an IMMENSE SUCCESS, July Sales being Equal to any Month in the Year. There are a few of those Extraordinary Bargains in Suits yet.

REMEMBER, Visitors, one of the Chief Attractions in Peterborough is GOUGH'S BIG STORE, and we will show you Bargains enough to make you happy; therefore be not deceived by any Catch-Penny-Clothier, but go straight to

George Street, Peterboro, and Queen St. West, Toronto. N. B.—Wholesale and Retail.

GOUGH

The Acknowledged Clothier of the Age.

The Last Year, 1887.

After the above year is ended there need be no person suffering from Rheumatism, Neuralgia, Toothache, Headache, Lumbago, or any acute pain, if they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by John McKee, Druggist. eodw31

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaint, Indigestion and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50cts. and $1 bottles at John McKee's Drug store. eodw31

I was troubled with Chronic Catarrh and gathering in my head, was very deaf at times had discharges from my ears, and was unable to breathe through my nose. Before the second bottle of Ely's Cream Balm was exhausted I was cured, and to-day enjoy sound health.—C. J. CORBIN, 923 Chestnut St., Field Manager, Philadelphia Pub. House, Pa.

My son, aged nine years, was afflicted with Catarrh; the use of Ely's Cream Balm affected a complete cure.—W. E. HAMMAN, Druggist, Easton, Pa. eodw33

ONLY TWO BOTTLES.—Messrs. Johnston, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both of the officers and the wife of a well known U.S.A. General had been cured of Catarrh by the two bottles of Ely's Cream Balm. eodw31

Mothers.

There are upon the skin of every human being, child and adult alike, 2,250,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration vaives upon a childs body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. fw30d

Children Cry for Pitcher's Castoria.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failedyou, you may depend upon this for certain. eodw

An Open Letter.

Messrs. T. Milburn & Co., Nov. 25th, 1886.

I wish I had used B. B. B. sooner, which would have saved me years of suffering with erysipelas, from which I could get no relief until I tried B. B. B., which soon cleared away the itching, burning rash that had so long distressed me. Mrs. Edward Romkey, Eastern Passage, Halifax, N.S. 2w31d

IMPORTANT TO ALL

Who are Bald, or have Thin, or Grey Hair, or who are troubled with DANDRUFF.

DR. DORENWEND'S

GREAT GERMAN

"HAIR MAGIC"

Will be found invaluable for the hair and scalp. It cleanses the scalp of all Dandruff, invigorates the growth of the hair, and in cases of baldness where there are the slightest signs of roots left it will produce good crops of hair. It restores grey hair to its original color, and is an excellent dressing.

DO NOT DELAY, if your hair is in a weak condition, get a bottle at once.

FOR SALE BY J. D. TULLY, and all druggists.

Ask for it. A. DORENWEND, Sole Manufacturer, Toronto, Canada.

A. Dorenwend is the leading manufacturer of Hair Goods in Canada. dw

LATEST SPORTING NEWS.

The Baseball Scores—Other Items of Interest to Sportsmen.

JERSEY CITY, N.J., Aug. 18.—Crane pitched a magnificent game here to-day and fielded his position splendidly. He was given perfect support by Oldfield and in the field. In fact, the Torontos appeared to have overcome the inertitude which distinguished the play of both teams yesterday, while the home team were still suffering from it. The Torontos completely out-batted and out-fielded the home nine, Rickley and Kearns doing splendid work in the infield. Albert, Crane, McCormack and Slattery did superior work with the stick. The score:

Hanlan's Departure.

TORONTO, Aug. 19.

Amid the cheers of a few friends and admirers, Edward Hanlan, once champion of the world and later ex-champion of America, left Toronto, his native home, at 1.05 yesterday for San Francisco en route to Australia, where, on Nov. 6 and on the Paramatta River, he hopes to win back from William Beach the laurels which he once wore as the world's champion sculler. His wife, his two pretty little girls, his sister-in-law, Miss Sutherland, and Mrs. W. R. Bingham were also there to say good-bye.

Dave Ward and Hanlan Make it up.

Yesterday morning a mutual friend suggested to Hanlan that he ought "to make it up" with Dave Ward, his old-time backer, before leaving town. They have not spoken for seven years. Hanlan consented, and walking over to Mr. Ward's office he said: "Dave, will you give me your hand; I may never return." Dave willingly did so, they shook, and neither could speak further. Hanlan said afterwards that he went away ever so much lighter in heart.

The Tour of the Scullers.

WATKINS, N.Y., Aug. 18.—Teemer, Bubear, Hamm and Plaisted arrived here to-day to participate in the regatta which takes place here on Wednesday and Thursday next.

Gossip of the Turf.

The Fairfax Stable, at Sheepshead Bay, which is one of the most complete of its kind, has been sold, so report says, to Mr. Haggin, the California turfman.

An innovation which Victoria can surely lay claim to as its own particular property is a lady bookmaker. This is decidedly a feature of colonial civilization which leaves England in the lurch. Not that betting men envy them, or yet that womenkind will be tempted to follow suit.

An Old Favorite.

An old favorite, that has been popular with the people for nearly 20 years, is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children and adults. It seldom or ever fails to cure cholera morbus, diarrhœa and dysentery. 2w31d

Praise-worthy.

"Last summer I was entirely laid up with liver complaint, a friend advised me to use Burdock Blood Bitters, I did so, and four bottles cured me. I cannot praise this remedy too much." John H. Rivers, Orr Lake, Ont. 2w31d

Keep Your House Guarded.

Keep your house guarded against sudden attacks of colic, cramps, diarrhœa, dysentery and cholera infantum. They are liable to come when least expected. The safest, best and most reliable remedy is Dr. Fowler's Extract of Wild Strawberry. 2w31d

Children Cry for Pitcher's Castoria.

A Vacation.

NAPERVILLE, Ill., Aug. 18.—At 4.45 o'clock this morning a cattle train was standing on the main track of the Chicago, Burlington and Quincy Railway when another stock train crashed with terrible force into the rear end. The caboose was thrown twenty feet down an embankment and the engine plowed through three cars loaded with fat steers, almost totally demolishing them, and killing and maiming the cattle. Engineer Robinson of the second train was severely bruised.

The Brakes Did Not Work.

WOONSOCKET, R.I., Aug. 18.—As the "rawhide" freight on the Milford branch of the Boston and Albany Railroad, due at Milford, was approaching the terminus of the rails in Milford, Mass., the brakes did not work. The engine was running with such force that the end of the rails was cleared and a dash made into a meadow, where the locomotive sank deep into the earth. Engineer Croft was thrown from the cab and seriously injured. One brakeman had both legs broken. The damage aggregates $5000.

A Conductor Fatally Injured.

DODGE CITY, Kan., Aug. 18.—The Cannon Ball passenger train on the Union Pacific road yesterday ran into a freight train standing on the main line in the yards in this city, derailing and tearing into splinters the caboose and three cars. Freight Conductor J. N. Elliott was fatally injured. None of the passengers were hurt.

FERDINAND THE FORTUNATE.

The Young Prince Seems to Have Secured the Throne.

LONDON, Aug. 18.—The Standard warmly supports Prince Ferdinand and reminds him that the smallest symptoms of hesitation for fear will be fatal. If he continue, says The Standard, he may ignore Russia and count on the warmest sympathy of the people of England, Austria, Italy and Germany, though the Governments of those countries may be compelled to act circumspectly.

Germany's Attitude.

LONDON, Aug. 18.—The German agent at Sofia has been instructed to continue administrative relations with the Bulgarian Government, but to avoid anything of a nature that might lead Prince Ferdinand to suppose that Germany was holding official relations with him.

Boycotted by France.

LONDON, Aug. 18.—The French consuls in Bulgaria have been instructed to discontinue even business relations with the Government.

Denounced by the Church.

PARIS, Aug. 18.—A despatch from Varna says the Primate of the Bulgarian Church at Constantinople has published an encyclical letter declaring Prince Ferdinand an usurper.

TILSONBURG'S TOURNAMENT.

Twenty Fire Companies and Eight Bands of Music Struggled for Supremacy.

TILSONBURG, Aug. 18.—The firemen's demonstration and band tournament here yesterday was witnessed by between eight and ten thousand spectators. Twenty visiting fire companies and eight bands took part. Victoria Hook and Ladder Company of Brantford won the prize in fancy drill. Watford Hose Company won the hose reel race; time 1.45. Second money was divided between Thamesville, Petrolea and Aylmer. The Thamesville hooks took the hook and ladder race; time 1.44½; Aylmer 2d, 1.52½. The prize in the professional band class went to the 30th band of Simcoe, and the prize in the amateur class to the Villa Nova band. The $25 silver cup was won by the Shamrock Lacrosse Club of Tilsonburg, and W. Boyd of Woodstock, and R. J. Everett of Tilsonburg took the majority of the prizes in the athletic games.

A SOCIABLE PROCEEDING.

Members of an I.O.F. Lodge Divide the Funds When the Lodge Disbands.

HAMILTON, Aug. 18.—Proceedings will be commenced in the courts at once against recent members of Burlington Lodge, I.O.F. by the Grand Lodge. The lodge disbanded recently, and the members divided up the funds on hand, $1800, between them. All but four members received a share of the money. These four were Dr. Richardson, James Allen and W. Kerns, M.P.P., of Burlington and Dougal Mackenzie of Hamilton. The members will be proceeded against individually.

Trying to Secure McGarigle.

CHICAGO, Aug 18.—Senator Campbell departed last night for Springfield with papers upon which the application for the extradition of McGarigle is to be made, and will lay them before the Governor to-day. It will take at least two or three days for the Governor to examine them, when, if favorably reported, Assistant State Attorneys Baker and Jampolis will proceed immediately to Washington.

It Saved My Wife's Life.

This is the report of a Princess street gentleman who had the opportunity a few nights since of testing Polson's NERVILINE, the great pain cure. Be prepared for any emergency by having a bottle of Nerviline at hand. It costs only 10 cents to test it, and you can buy test bottles at any drug store. Get a 10 or 25 cent bottle to day. Sure in rheumatism, neuralgia, cramps, colic, headache. Nerviline, the sure pop pain cure. All druggists. 25 cts. a bottle. 6dw33

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

For the Babies

it is not necessary to buy corn cures. Men and women should remember that Putnam's Painless Corn Extractor is the only safe, sure and painless corn remover extant. It does its work quickly and with certainty. See that the signature N.C. Polson & Co. appears on each bottle. Beware of poisonous imitations. 6dw33

Broken Down.

"After suffering with dyspepsia, kidney disease, loss of appetite and pain in the head until discouraged, I heard of B. B. B., took two bottles and am happy to say I feel as well as ever." Mrs Rufus E. Merry, New Albany, N. S. 2w31d

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one here, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eod-w31

The Palace

Grocery House

For the Best Brands of Groceries of every description, the Palace Grocery is second to none.

FAMILIES will do well to try us. Our prices are Reasonable, our goods the best in the market.

HOTELS will find it to their advantage to visit us. They will be dealt with most liberally.

CAMPING PARTIES can here suit themselves with a full and unique outfit of all that can add to the material comfort of an outing.

And to the public in general we tender the most cordial invitation, feeling confident that one visit will suffice to gain permanent custom.

ELLIOTT & TIERNEY.

Burnham's Block, George Street,
Peterborough, May 13th 1887 d81w14

TO Contractors and Builders

Drain Tile Pipe.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

M. D. L. C. P. S. O.

Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M. D., Throat and Lung Surgeon, Toronto.

DEAR SIR.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thus troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. Dunn,
C. P. R. Agent, Peterborough Ont.

P. S.—Use this as you deem prudent.—J.P.D. d143w25

Full Government Deposit for the Security of Policy Holders!

During the year 1355 applications for $2,722,450 were received, upon which were issued 1259 policies for $2,520,950, and seven policies for $16,350, which had lapsed for non-payment of premium, were revived. This is a volume of new business amounting to nearly $600,000 over that of any former year, and sixty per cent. in excess of that done by any other Canadian Company in the same period of its history.

ABSTRACT OF REVENUE ACCOUNT AND BALANCE SHEET.

Income for the year 1886	$194,249 39
Expenditure (including payment to policy-holders of $37,067.66)	107,748 94
Assets (including uncalled Guarantee Fund)	657,151 98
Liabilities to policy-holders	313,685 00
Surplus for security of policy-holders	353,466 98

THE SEMI-TONTINE RETURN PREMIUM PLAN

Provides that should death occur prior to the expiration of the Tontine period the whole of the premiums that have been paid will be payable with, and in addition to, the face of the policy—thus securing a dividend of 100 per cent. on the premiums paid, should death occur during said period.

THE COMMERCIAL PLAN.

The large number of business and professional men who have taken out large policies on the Company's Commercial Plan, show the demand for reliable life insurance relieved of much of the investment elements which constitutes the over payments of the ordinary plans, is not confined to men of small incomes, but exists among all classes of our people.

Agents wanted in all unrepresented districts.

W. R. MILLER, Inspector, Toronto. 4w32d1aw

CAPT. E. SANDERSON, District Agent, Peterborough.

MONEY TO LEND!

Having resigned his connection with the Peterborough Real Estate Investment Company, Limited, the undersigned has made arrangements for lending an unlimited amount at SIX PER CENT. on terms more favourable than any Peterborough or Toronto Company; and will be pleased to see his many friends with a view to making them new advances or readjusting their present Mortgages.

A. P. POUSSETTE,

LOCAL NEWS.

Suspended Payment.

The Bank of London (Ont.) suspended payment this morning.

THE cooling rain can not suit the thirsty ground any better than the low price of KIDD'S boots suits purchasers.

Just opened out at Turnbull's, New Shades in Fall Dress Goods, and Fancy Watered Plushes to match.

Street Improvement.

Street Inspector Pope has begun operations in water-tabling King street, west of the railway track.

PUT your foot in it! In what? Why in one of KIDD'S easy-fitting boots; and you can't help buying a pair when you hear the price.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.00. Call and see them.

High School Record.

Norwood High School claims to have as a record of its year's work two matriculants in Arts, five second class and seven third class non-professional successful candidates, in all a total of fourteen.

Just opened out at Turnbull's, a handsome Range of Boating Shawls, New Styles.

Almost Completed.

The new Baptist church, Norwood, is nearly finished. It is now in the hands of the painter. It is described as decidedly neat in appearance and a credit to the denomination.

The Schools.

The rural public schools generally resumed work last Monday. The town schools, including the Collegiate Institute, open September 1st. Only twelve days more liberty for the youngsters, and only twelve days more worry for mothers.

A Canoe Club for Norwood.

According to the *Register*, there is some talk of organizing a canoe club for Norwood. Canoeists should take the matter in hand at once, and let their spirits Ouse out in the right direction.

Lacrosse Excursion.

The Riverside Lacrosse Club will run an excursion per steamer Golden Eye to Jubilee Point on Monday, Aug 22. The tickets are fixed at 50 cents, ladies 25 cents. The Riversides have played a most successful season, and have done nobly in upholding the lacrosse reputation of the town and they are worthy of liberal encouragement. Buy a ticket for their excursion and go. eod39

Examiner Bindery.

Merchants and business men, now is the time to call at the EXAMINER bindery and leave your orders for journals, day books, ledgers, invoice books, cheque books, and all blank books used in business. Don't wait till the moment you want to use them. All blank books last longer for not being used immediately after being finished.

Merited Words of Praise.

Mr. F. A. Latshaw, who represented Valley City Lodge at the Grand Session of the Grand Lodge of Oddfellows, held here last week, according to the Dundas *True Banner*, has nothing but words of praise for the manner in which the members of the Grand Lodge were treated by the people of Peterborough. The whole affair was, in his opinion, far superior to every previous Grand Lodge he ever attended. In short he was delighted.

A. O. U. W. Funeral.

The funeral of the late Mr. John Irwin yesterday afternoon was largely attended. It took place under the auspices of the Ancient Order of United Workmen, who made a new departure by attending in cabs instead of in procession on foot, accompanied by the band. Among the large number of flower designs sent in was a beautiful anchor of flowers contributed by the lodge. It was formed of white flowers with the letters A. O. U. W. and C. H. P. in purple flowers

A Moving Scene.

Scores of spectators clustered round the market square to-day witnessing the operation of removing the two story roughcast double tenement house belonging to the Chamberlain estate, from its foundations, next Mr. E. Phelan's residence, to the vacant lot on Charlotte street, east of the creek and opposite English's canoe factory. The house is occupied, yet, the occupants are not in the least disturbed by the moving, all the domestic concerns moving along as usual, so dexterously and quietly does Mr. McCarthy carry on his moving operations. The unusual spectacle will be visible for two or three days.

Children Cry for Pitcher's Castoria.

An Ocean Steamer Burned.

"City of Montreal" Destroyed by Fire.—Thirteen Lives Lost.

(Special Cable to Examiner.)

QUEENSTOWN, 19th.—The steamship York City arrived here to-day, and brought the news of the burning of the "City of Montreal". She had on board the crew and passengers of the ill-fated steamer, with the exception of 13, who perished. The York City was *en route* to London from Baltimore.

Loop Line Arbitration Cases.

Three Awards Given Substantially in Excess of the Original Tenders.

The arbitrators selected and appointed to determine the value of lands, on the behalf of the Midland Railway and Messrs. N. T. Laplante, D. W. Dumble and C. W. Sawers, made their award this morning. There was awarded Mr. N. T. Laplante for land taken and damages, $1,550—original tender $800, arbitrators' fees, $146. The award to Mr. D. W. Dumble was $1,400—original tender was $1,000, arbitrators' costs $205. In the C. W. Sawers' case (crossing the old Boswell lot) the award was $2,000—original tender $1,500, arbitrators' costs, $165. In all these cases, the awards being in excess of the amount tendered by the company, the latter has to pay the fees of the arbitrators and the other costs incurred. The arbitrator for the company was Mr. J. M. Irwin; the arbitrators for the parties respectively were,—for Mr. Laplante, Mr. John Bertram; for Mr. Dumble, Mr. Edg. Pearce; for Mr. Sawers, Mr. H. T. Strickland. The third arbitrator appointed by Judge Weller was Mr. Jay Ketchum, barrister, Colborne.

Improving the Golden Lion.

Mr. R. Fair is making new improvements to his already excellent premises. In the rear of the main shop, he is removing the central stairs to the northern wall, thus giving more space and one unbroken sweep of hall from floor to floor. This will also admit of the millinery and mantles all being placed on the first floor. The office and cash desk have been removed to the central portion of the main shop, and several other improvements will be made as the work progresses which is now being briskly pushed by Mr. T. Rutherford, contractor.

The "Examiner" Bindery.

During the past few days the EXAMINER bindery has turned out some splendid samples of work, and the staff is busy on others of a high-class nature. The public requiring first-class, strong, neat, artistic binding, equal to any city work and done at greatly lower rates, should give the EXAMINER Bindery their orders. Patronize a home establishment, get better work at lower prices, and save the cost of express charges, delay, etc. Call at the EXAMINER Bindery, George Street.

Just opened out at Turnbull's, the Kabo Corset (entirely new) warranted not to break or roll up with one year's wear.

Nocturnal Sports.

There will be some fine sport at the second of the series of Electric Light Sports of the P. A. A. A., to be held on their grounds, Ashburnham, to-night. Starter's bell rings at 8 o'clock. The following is the programme:

100 Yards Race	Medal
Sack Race	Prize
Hook Race	Prize
440 Yards Race	Medal
Three-Legged Race	Prize
Tug-of-War—Return Pull, P.A.A.A. vs. Fire Brigade	Prize

Fire Brigade Band in attendance. Tickets 15 cents.

A Large Funeral.

The funeral of the late Thomas J. Starr, of Norwood, who was drowned in Stony Lake a few days since, took place on Wednesday of last week and was the largest, says the *Register*, ever seen in this section, there being over 250 persons in the procession. The long line of mourning friends bore testimony to the high esteem in which deceased was held by the the community in general and the sincere and deep sympathy of those who knew him is tendered the bereaved relatives.

Range and Rifle.

The weekly practice match of the Peterborough Rifle Association was held Thursday with the following results:

	200y.	500y.	600y.	
Geo. Fitzgerald	25	21	14	21—81
W. Bunton	26	24	23	6—79
Pte. W. A. Bell	19	26	21	8—74
Lieut. W. H. Hill	16	19	20	16—71
D. Belleghem	15	19	18	16—68
John Campbell	21	19	16	11—67
D. Cameron	19	23	10	14—66
R. Smith	13	22	20	11—76
F. Soringer	21	18	13	11—63

Another practice match is on this afternoon. On Monday a team of six or seven from the local association will go to compete in the Annual matches of the Ontario Rifle Association, Toronto.

Suits made to order promptly, and at Prices to please everybody, at Turnbull's

The Clerks do not Co-operate.

The meeting of the clerks announced to be held in the Y.M.C.A. reading room on Thursday night, was not well attended and no business was done. This apathy arises from the fact that most of them are hopeless of obtaining the six o'clock closing movement the year round. They contend that if it is impossible to get some of the merchants (two in particular) to honorably keep the summer six o'clock closing agreement it cannot be expected that they would observe one the year round. And in such arrangements, like some games of ball of our school days—"one out; all out."

A Ripe and Sound Old Age.

Mr. John Barnard, of LLindsay has reached the ripe age of 89 years, and is still in fair strength with well-preserved mental faculties. He has been recently visiting his children at their homes, and has been in the habit of inviting in old neighbors and friends to enjoy what, at his age, might be considered a farewell visit. The other evening, at the residence of his daughter, Mrs. Thos. Parrington, he had his son, Jos. Barnard, of South Monaghan, and his son-in-law Mr. James Gillespie, of Otonabee, and several friends, passed a most enjoyable evening. Mr. Barnard is exceedingly active for a man who is on the verge of 90 years of age. He has always been a most respected member of the community, and a staunch Reformer. Last February he went from Lindsay to Bailliseborough to cast his vote for Mr. Cox.

HARD TIMES could never come to Peterborough if all goods were sold as low as KIDD sells boots and shoes.

SMOKERS,

Ask for the "CABLE" (size) CONCHA CIGAR.

Better than ever. A quarter of a century in the market, which fact speaks for itself.

S. DAVIS & SONS,
Sole Manufacturers

COMMERCIAL UNION.

The Sentiments of Peterborough's Prominent Citizens.

They Give Their Views on the Subject to the Detroit "News"—Opinion Divided—An American Journal's Views Endorsed from the Situation.

The *Detroit News* of Monday, August 16th, contains the following letter from its correspondent who visited town a few days ago, to secure and collate the opinions of our prominent citizens on the subject of Commercial union:—

It will be a hard nut for the Kingston *News* and other organs to crack, when they learn that even Conservative members of the Dominion Parliament are throwing up their hats for commercial union. It has begn the habit of these papers to urge that union was only a Grit scarecrow; but mingling with the people discloses a very different state of facts. In nearly every town I find men of both parties eager for commercial union. Here, in this vigorous interior place of some 10,000 inhabitants, the commercial union ranks have at their head no less a distinguished Conservative than James Stevenson, member of the Dominion Parliament and Mayor of the city. With him are other Conservatives, W. H. Wrighton and William Claxton, leading merchants and representative citizens. Annexation, too, seems to have taken a strong hold here. The views of Mr. Ellyott, a prominent business man, hereafter quoted, show how outspoken the sentiment is in some quarters. Much of it, however, is a sort of passive feeling. As Peter Hamilton an extensive manufacturer, suggested, he saw a probability of Canada's political independence from Great Britain, and yet the people wouldn't lose any sleep if annexation came their way

James Stevenson, M.P., and mayor, is a self-made man, of vigorous and independent idea. He doesn't wait to find out which way Sir John and his party are going to flop, but strikes out boldly on his own hook. Mr. Stevenson is a short man with shaggy gray beard and a ruddy face.

"I was alway in favor of broader commercial relations," said he, "and I favor commercial union now. The only obstacle that I see is as to the course of the United States. Will they grant it? I don't believe they will. They have not seen fit to accept reciprocity, so I can't see why they would be disposed to go farther and have commercial union. But if the United States would have commercial union I would favor it myself, and I think Canada is quite ready to grant it. The feeling seems to be that way."

Geo. A. Cox is one of the characters of Canada. He is another Erastus Wiman. Only a few years ago he was shouting "Ready, now!" as he ducked his head under a cloth and took photographs; very poor photographs, too, I am told. But now he owns two-thirds of the best property in Peterborough, is President of the Central Canadian Loan and Savings Association, and heads the telegraph, express and other businesses. At one time the Midland railway was in straits until he came to the rescue, bought a controling interest and became its president. He has run for the Dominion Parliament against Mr. Stevenson, only to be beaten by such majorities as 1 and 16.

"There's no doubt as to my feelings," said Mr. Cox, "I am for commercial union every time. I am a member of the Toronto Board of Trade, and went down to all the meetings held to discuss the question. I wanted to be on hand to vote for commercial union."

Further than this, however, Mr. Cox didn't want to get before the public.

Wm. Claxton is an ardent Conservative and an equally ardent commercial union advocate. He is even so much interested in the union cause that he has thrown some hot shot into the *Review*, the local Conservative paper, for its editorials against union. Mr. Claxton says:—

"Men might as well try to stop the rising of the sun as to endeavor to stop this great movement, the most important question that has ever engaged the minds of the people of Canada. Canada has had a taste of reciprocity in the past, and the people are hungry for a fuller meal. If the vast sums of money paid for duties on Canadian farm produce exported to the States were distributed among Canadian farmers in giving them advanced prices for nearly everything they raise, they would soon be able to remove encumbrances on their farms, and it would also enable them to buy more land for their sons. If we had unrestricted reciprocity with the United States would it be unreasonable to suppose that our trade in cattle, horses, sheep, lambs, butter, wool and poultry would increase tenfold? Every farmer would get from $20 to $30 more for every horse, $10 more for every ox, $10 more for every $50 worth of sheep, lambs or poultry, and 10 cents per pound more for every pound of wool exported to our neighbors across the line. What a change this would make in the butter trade to which you have alluded in your letter. At present the Canadian farmer has to send his butter 3,000 miles to the English market, where he has to compete with German butterine and oleomargarine, articles now so perfectly manufactured that not one person out of one hundred could distinguish them from fine dairy butter. He has also to submit to the old-fashioned way of doing business there, where he is docked in weights, eaten up with excessive charges, and where he has to sell at four months' credit, when he might have a market almost at his own door, where he could sell for cash and have quick returns; the duty of four cents per pound being removed by the obliteration of the customs line."

Another Conservative of the same bent is W. H. Wrighton, commission and general merchant.

"I favor commercial union," said he, "if the United States will accept it. But I doubt as to the course of the States. They are in no hurry to settle the fisheries trouble, and I can't see why they would make further concessions. The States, too, would be giving Canada a preference over other countries, and I don't know whether they could do that without overhauling all their other treaties. But if these incidental questions can be adjusted, I would favor commercial union. There is some annexation talk here, arising mainly from the feeling against the religious and race tendency of the lower provinces. Everything is becoming Catholic and French in the same way that Germans are Germanizing certain parts of the United States. This causes dissatisfaction in the upper provinces, and results in annexation feeling."

Mr. Ullyott is one of the leading lumbermen and citizens here. Of course he is for commercial union, but, incidentally, his views on annexation cropped out in a decided form, as he referred to the fact that he had often been called a rebel.

"You favor annexation, then?" he was asked.

"Yes, sir," responded Mr. Ullyott, emphatically. "I believe in annexation, and it will come, too. Perhaps it may not be in my time, but it will come. What does loyalty amount to? Don't we pass laws discriminating against Great Britain as to the tariff? I would just as soon buy from the States to-day, it wouldn't affect my loyalty. I don't see why it isn't more natural for Canada to be a part of the United States than to be part of Great Britain, 4,000 miles away.

"If favor commercial union because it would help my business; but apart from this consideration, and I think it would be of great benefit to Canada."

Richard Hall is the leading dry goods merchant of Peterborough. He is strongly in favor of commercial union.

"Experience has shown us the advantages of trade with the United States," said he. "During the famous reciprocity days my uncle did an extensive business with the South. He sold all of his white wheat in New York at good prices. Canada would be greatly benefitted by getting the United States market in certain lines. For instance, Canadian tweed can't be made on the other side. They would have a free market if the barrier was down. Our cotton mills might suffer, but it would be well if they did, if they couldn't exist against fair competition. Two years ago an over-production of cotton was brought on by the N.P. This has now resulted in a pool by which prices are kept up, and the manufacture of certain lines is divided up among the different concerns. I can't see that union would lead to annexation. That is merely a scare raised for certain political purposes."

The attitude of Peter Hamilton, a leading liberal, and head of a large implement factory, shows how parties are split up. He is dead against commercial union, and thinks it means annexation. This would not be particularly distasteful to Mr. Hamilton, but he sees a probability of Canada's political independence from great Britain. He says his opposition to commercial union does not come from the fact that he is a manufacturer but he does not like to see Canada go, cap in hand, and ask favours from the United States.

Wm. Hamilton, another Liberal and Manufacturer of Mill machinery, was understood to be of the same view, but it was impossible to see him.

From the foregoing it will be seen how feeling is split up here. The head Conservative, Mr. James Stevenson, M.P., is for commercial union. This is a notable accession to the ranks. With him are other staunch Conservatives, while the Reformers are practically united, with the exception of of the manufacturers named, who have personal interests at stake. As a whole Peterborough and its hereabouts would be strong for commercial union, while the annexation would receive many votes

How Long?

To the Editor of the Examiner:

DEAR SIR.—How long are the manufacturers on the Otonabee to suffer from the mismanagement of the water? It has been gradually falling for the last ten days and I understand is being held back at Buckhorn. I would like to know what is the good of holding it back there until the winter? We can all remember the annoyance we were subject early last spring by the water that had been held at Buckhorn all fall and winter being run off to make room for the spring freshet when it was of no use to us. I understand that the flooring is being put in the dam at Burleigh, but why should manufacturers suffer for the sake of contractors, especially as the water could be turned through Perry's Creek, thereby giving the manufacturers the water they require, as well as lowering it for the contractors.

Yours truly,
WATER WHEEL.

August 18th, 1887.

[We trust that the Engineer will at once recognize his position as a public servant and direct his actions in such a manner as to subserve their interests. The consideration of the interest of the many is paramount to the interests of one, and this principle should cease to be frequently disregarded by the engineer. His other duties do not make so exigeant a demand upon his time that he cannot find leisure to attend to this matter. His attention and that of the Department of Canals has been sufficiently often directed to grievances referred to in "Water Wheel's" letter and similar ones, not to afford the excuse of ignorance of what the public require of him and it. The public suffer enough from delay and indifference in the construction of an important work, and should not be asked to submit to overt outrage and actual injury.—Ed. EXAMINER.

Personal.

Mr. A. St. A. Smith, ledger-keeper of the Bank of Toronto, has returned home from a fortnight's pleasure-seeking in Muskoka.

Mr. Richard Reeves, who was for four years foreman in the boiler shop of the William Hamilton Manufacturing Co., has located in Ann Arbour, Michigan, where he has gone into business, having bought out a machine shop and foundry in that place, with excellent prospects. Mr. Reeves leaves town on Monday with his family.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

You will find at Turnbull's the far-famed Alexandre Kid Gloves, cut to fit the hand, every pair warranted.

A Fine Delivery Wagon.

Messrs. Fitzgerald & Stanger have turned out for Mr. James Fanning, proprietor of the "Persian Laundry" a beautiful two wheeled delivery van. The body is painted in dark wine color and with fine guilt lettering. The gear is light in colour and silver lamps complete a really handsome and serviceable vehicle.

W. C. T. U.

The W.C.T.U. will be grateful for contributions of books and papers for distribution among the lumbermen. Last year a few personal appeals were made, to which there was a generous response. It has been suggested that others, not aware of this line of work in connection with our Union, might be glad to contribute. *British Workman, London Illustrated News, The Graphic, Sunday at Home, Sunday Magazine* or any other magazine will be thankfully received. The men have expressed their grateful appreciation; shut out as they are from home influence and social intercourse, these contributions are a perfect boon.

M. J. SANDERSON,
Pres. W.C.T.U.

On the way Minden, Perets, destined for Turnbull's Bay Goods Establishment, fine Astrachan Mantle Cloths and Trimmings the correct Material for Mantles this Season.

This following paragraph, from the Detroit *News* of Aug. 17th, refers to the Peterborough letter from its correspondent, published in another column:

"Our Peterborough, Ont., letter yesterday, from the *News* correspondent, who has been travelling through that province canvassing the sentiment of the people on the subject of closer commercial relations with the United States, was of unusual interest. It reveals a state of facts which unquestionably presages a political revolution in the Dominion. The liberal party, with insignificant exceptions, stands squarely committed to commercial union. At Peterborough every prominent conservative is an enthusiastic advocate of the same great project. All along his route through Ontario our correspondent has met nearly as many conservatives as liberals who were personally in favor of it, although the conservative leaders timidly hold aloof from the subject. At Peterborough the conservative member of parliament is as outspoken as any liberal member in Ontario. The agitation has gone so far now that the government will have to face the question as soon as parliament meets."

Babies Can't Go to Goal.

Two babies in Warwickshire have had a strange adventure. They are aged ten and eleven months respectively. Their mothers are gipsies, and got into trouble with the police the other day. The gipsy mothers were committed for trial by the Magistrates at Rugby. They could not find bail, and were sent to goal at Warwick under charge of an officer. The babies went to Warwick, too, in the arms of their mothers. When the party got to goal the chief warden came to receive his guests. He looked at the warrants and then at the prisoners. There were no babies mentioned in the warrant. He pointed out this to the officer, who exclaimed that the infants were not accused of any crime. Ah! then they could not be admitted to prison. The warden asked the officer to take the innocents back to Rugby; the officer refused to take upon himself the duties of nurse. Here was a dilemma. Neither of these cautious officials could make up his mind what should be done with the babies. The gaoler would not let the officers go until the difficulty could be solved. Late in the evening the Governor of the prison arrived, and a consultation was held. As a result of the deliberations of this council of three, it was resolved to send back the children to Warwick and their mothers with them. The scruples of the gaoler and the officers were thus removed. The party returned to Rugby, and arrived there at midnight. Next morning the women appear to have been again brought before the Magistrates, and the problem what to do with the babies was attacked anew. The gipsies were asked to allow the children to be sent to the workhouse, but they refused to give their sanction. Finally the mothers were liberated on their own bail, and they and their babies are still in enjoyment of liberty.—*Glasgow Herald.*

THE TALK OF THE CAPITAL

SOMETHING FOR MR. GOURLAY, M.P., TO CONSIDER.

The Enquiry Regarding the Lobster Fisheries—Penitentiary Gas—The British Vessels Seized in Behring Sea Last Year Not Yet Released.

OTTAWA, Aug. 19.—The cable despatch from London, published to-day, that Mr. Gourlay, M.P., states that "the recent American seizures of British vessels in Behring Sea were ordered by the United States Government in consequence of the seizure of the American schooner Perkins off Prince Edward Island," is somewhat amusing from the fact that the seizures in Behring Sea were made more than a month before the detention of the Perkins.

The Government steamer Le Canadien arrived at Pictou, N.S., yesterday from the Magdalen Islands, having on board the Lobster Commissioners who are understood to have collected very important evidence there relating to the lobster fisheries.

Messrs. Poupore and Thompson, contractors for the dam at Little Rapids River, Du Lievers, P.Q., have commenced work. This work should have been commenced in the spring but the proprietor of the land required refusing to sell, the property had to be expropriated under the Public Works Act, which caused some delay. Construction will now be pushed rapidly.

It is understood that the present system of manufacturing gas for the Kingston Penitentiary will probably be abandoned as too expensive, and an arrangement made with the Kingston Gas Company for lighting the penitentiary.

The three British vessels seized by the American revenue officials in Behring Sea for illegal fishing are still tied up at Sitka, no doubt being gradually worm eaten. An impression has got abroad that they have been restored to their owners owing to the official orders received here from Washington in April to the effect that orders have been given to surrender them. Since that date the Department of Fisheries has heard nothing more of the matter, and the owners are patiently waiting for their vessels. No reason can be given for the delay exercised by the American Government.

Out of The Gazette.

OTTAWA, Aug. 19.—To-morrow's Canada Gazette will contain the appointment of Judge Ross as Deputy Judge of Prescott and Russell until Oct. 1.

An order-in-council has been passed abolishing the Inland Revenue Division of Cobourg, and declaring that for excise purposes the Counties of Peterboro, Victoria, Durham and Northumberland shall be constituted the Inland Revenue District of Peterboro, it being deemed advisable to amalgamate the present divisions of Cobourg and Peterboro in consequence of the large decrease in the excise business in the Cobourg Division, such decrease being mainly attributable to the coming into force of the Scott Act in the Counties of Durham and Northumberland, which comprised the division.

On the recommendation of the Acting Minister of Customs an order-in-council has been passed that wire of iron or steel, galvanized, tinned or coppered or not, of No. 16 gauge and smaller, when imported by manufacturers of wire cloth and wire work, to be used in their factories, shall be free of duty until the end of the next session of Parliament.

The name of the steamer International of Windsor, Ont., has been changed to Onaping.

Mrs. Mary Matilda White of Port Dover, Ont., gives notice of an application to Parliament for divorce from David Crystal White on the ground of incapability of consummation of the marital relations.

C. R. Chisholm, J. N. Greenshields and Richard White of Montreal, give notice of an application for letters patent incorporating "The Mutual News Company" of Montreal with a capital of $20,000, for the purpose of selling books, newspapers, etc., on tramway trains, steamboats, etc.

Letters patent have been issued to W. C. Edwards, R. McLean and others incorporating the Canada Lumber Company, with a capital of $500,000.

The Bay of Quinte Bridge Company gives notice that the stock books will be opened at Belleville from Sept. 1 to 14.

The universal statement of the Inland Revenue for the month of July shows the total amount accrued to be $481,616, of which $125,467 was for spirits, $34,477 for malt and malt liquor, $141,907 for tobacco and $54,935 for cigars.

The statement of circulation and specie for the month of July shows the amount outstanding to be $15,243,445, and the excess of specie and guaranteed debentures $910,500.

The total inland revenue receipts for the year ended June 30, 1887, were $6,978,054, of which $6,466,151 was from excise, showing an increase of $513,347 over last year.

Henry George Nominated.

SARATOGA, Aug. 19.—The United Labor party nominated Henry George for Secretary of State and filled out a complete state ticket. George stated that he didn't want the office, but was in the hands of his friends.

A Brakeman Killed.

LISTOWEL, Aug. 19.—Richard Mills, a brakeman on the Grand Trunk Railway, fell off the Stratford freight last night and sustained such injuries that he died this morning.

Children Cry for Pitcher's Castoria.

A BIG CRASH IN THE WEST

THE BANK OF LONDON SUSPENDS AND CLOSES ITS DOORS.

A Short-Lived Financial Institution—The Much Talked of Negotiations With the Bank of Toronto Suddenly Fall Through.

LONDON, Aug. 19.—"The Bank of London has suspended payment."

This was the legend that greeted the amazed eyes of the dwellers in this City of the Forests this morning at the hour at which banks usually open their doors to do business. It fairly paralysed the town. True, the bank was reported to be mixed up in the losses and doings of the Ontario Investment Company. True, that in consequence there had been a flurry among depositors and a run on the institution. True, that the crisis was known to have largely depleted the bank's available resources, but had not every demand been met? Had not it been publicly announced that the Bank of Toronto, an institution as financially sound as the Royal Mint, had examined into the affairs of its western contemporary and was prepared to take over its business? Had not the representative of the Toronto Bank arrived in the city to take charge?

But why? what had become of the negotiations with the Toronto people? What had become of that proud boast that everybody, shareholders included, would be paid 100 cents on the dollar. Why had not the deputation which had gone down to Toronto consummated the object that took it there? Why, if the bank was solvent and able to pay 100 cents on the dollar, were the doors closed and people unable to draw their 100 cents? Where was the hitch and what was the matter anyhow? And where was President Taylor?

Henry Taylor Has a History.

Henry Taylor has a history that reads like a novel. He is an Englishman. Long years ago, when he was quite a young fellow, he came to Canada as a clerk in the Commissariat Department, under Commissary-General Lundy. Young Taylor was a shrewd fellow with no money but plenty of pluck and dash, and no particular fear of consequences. That was at the time of the Trent affair. The American war gave him a chance, and, by the way, the story that he enlisted with the Federal troops and deserted is entirely without foundation. Before this he had purchased his discharge and was clerking in a store. But his natural love for finance led him to chafe under the slow gain of ordinary commerce. Watching his opportunity, he left the store and opened out a little brokerage office here in London. His first venture was to buy up all the American copper and nickel coins he could get hold of at the prevailing discount. Later he went into greenbacks, carrying them to Buffalo and Detroit and disposing of them at their face value. In this deal he made $4000.

After the war he went into oil and made a lot more money. Then he branched out as the Napoleon of Finance for the western counties, going into all kinds of manufacturing and business schemes until he was rated as a very wealthy man. He had a genius for finance and undoubtedly his generalship has saved many an institution and put many a crippled and sinking concern on its feet. It is said of him that when his affairs were in the most desperate straits, when there seemed no pathway of escape, when black ruin fronted him on all hands, at that time he was the most cheerful. Then was his cigar carried the most jauntily, then was he outwardly the happiest beggar, or richest prince alive.

Taylor's Fireful of Irons.

The number of irons he had in the fire was something startling. He is at present a director of the British American Insurance Company of Toronto, President of the City of London Gas Company, President of the Bennet Furnishing Company, a concern with a branch in Glasgow, Scotland, that divides with Oelshlager the school furniture trade of the west; a prominent partner in the London and Petrolea Cooperage Company, the almost sole proprietor of another large manufacturing concern here in London, a director of the Huron and Lambton Loan Society of Sarnia, President of the Ontario Investment Company, and President of the Bank of London, with several back townships yet to hear from. How was that for a day's work nicely cut out for one man?

The furniture company is a big affair. He bought it some years ago and in doing so squeezed out a lot of London men with the view, it is said, of realizing the next day. Then he found he could not sell and he had to finance the institution through the bank.

It is reported that on this account he has largely overdrawn at the bank. The figure is stated at $40,000, but it will be well to notice the denial of these overdrafts later on. The concern, however, assigned to-day.

The London and Petrolea Cooperage Company consists, it is believed, of three persons. The story is that Taylor was to put in $20,000, that one partner was to do the selling, one to manufacture and Taylor to do the financing, and it is reported that he has overdrawn to the extent of $11,000 in this connection.

Next comes the Ontario Investment Company, the doings of which have already been fully noted in the press and roundly denounced by no less an authority than The Monetary Times. Taylor was in England when the Ontario Investment Company, of which he was the founder, got into a bad way. Some time before Charles Murray, manager of the London branch of the Federal Bank, had resigned his position in that institution. Taylor called him to the Presidency of the Ontario Investment Company, vacating it himself for that purpose. Then he went to England and Murray acted as Manager. Meanwhile Mr. Benjamin Cronyn, solicitor of the institution, and proprietor, or at least financial manager, of the Globe Agricultural Works of this city, became involved with that industry and staved off his personal trouble by checks which he drew as solicitor of the company and which Murray passed on the understanding that certain wealthy relatives should go security. As the time came near for Mr. Taylor's return Murray pressed for the security, which Mr. Cronyn's rich relatives failed to put up. Then Mr. Murray put off to Chicago one fine evening, and Mr. Cronyn took the early morning train after him and brought him back.

Meantime Mr. Taylor had reached home and the fat was in the fire. Cronyn and Murray between them had dug into the Investment funds to the extent of $60,400, and their resignation and Murray's decamping to Omaha, Neb., did not bring the money back.

Before leaving this phase of the subject it may be stated that the investigation into the affairs of the Ontario Investment Company is still going on. A reporter was told to-night, on good authority, that through the failure of a brokerage firm in London, which was handling the bonds of the company placed in their hands by Mr. Taylor, another large loss has been sustained, but whether this is so cannot be stated as a fact until the report of the parties investigating the matter has been received. If this statement be true it will explain certain things that are now unexplainable.

The Bank of London's Record.

The Bank of London was organized by Mr. Taylor about four years ago. The nominal capital is $1,000,000, of which only $212,973 has been paid up and a reserve fund of $50,000 was announced. President Taylor himself holds $312,400 of this stock, on which he has paid $35,156. It is said that the Investment Company had a hand in getting the stock subscribed for the banking company. The modus operandi, as the story runs, was this: The Investment Company would loan money to individuals for the purchase of bank stock. When the bank opened up for business loans were transferred to the bank and charged against the borrowers as overdrafts. It is but fair to say that this report is strenuously denied. This much is certain, that for two years Mr. Taylor received no compensation for his services as president. When, two years ago, he was offered a bonus of $1000 he refused it, and when last year he was asked to accept $500 he also refused. But at the last annual meeting it was moved and seconded and carried that he be paid $2500 a year, dating from the time of the commencement of his services, in a word a cash bonus of $10,000, and this was carried largely by Mr. Taylor's own vote and the votes he held in trust. But this part of the business transacted did not appear in the published reports of the annual meeting.

However, the affairs of the bank ran on smoothly enough, and there was not, and is not, any charge of mismanagements until the Ontario Investment Company embroglio calmly floated to the surface. Mr. Taylor was president of both companies, and this fact frightened the depositors and caused a run on the bank. If the institution had not been in pretty fair shape it could not have withstood the charge. But it did, and confidence was once more restored. Nevertheless, the run had depleted the resources of the institution, the reserve fund was either gone entirely or horribly lowered, and the serious question of what next to do stared the directorate in the face. Negotiations were opened with the Bank of Toronto. That institution investigated the affairs of the London concern and offered to take it over. On Monday two of the board, Vice-President F. B. Leys and Director A. Purdom, went to Toronto to consummate the deal. At the last moment the Toronto people declined to go on, the delegates returned and to-day the bank suspended.

These are the bare facts.

The Bad Effect of the Suspension.

The suspension will cause a great deal of inconvenience to depositors whose money is locked up. But worse than that it has shaken public confidence in all the local financial institutions more or less, so that the effect cannot be wholly estimated. The Waterworks Department had $12,000 on deposit. The Western Fair Association has $3700 in the bank's vaults, and there were other large deposits that will have to lie idle in the meantime.

The Bennett Manufacturing Company, of which Mr. Taylor was the financial proprietor, assigned to-day to Henry E. Nelles.

The sum of the matter appears to be that through the absence of the president the bank has been put into its present bad shape, and the president's absence is caused by his connection with the Ontario Investment Company. The bank business will cause no loss to anybody, except to the shareholders, and probably not much to them.

THE LEAGUE PROCLAIMED.

The Marquis of Salisbury Announces the Action of the Government.

LONDON, Aug. 19.—In the House of Lords this afternoon Lord Salisbury announced that the Government had proclaimed the Irish National League.

Mr. Chamberlain and Mr. J. W. Russell have withdrawn from the Unionist party in consequence of the proclaiming of the Irish National League by the Government.

The Land Bill Amendments.

LONDON, Aug. 19.—In the House of Commons last evening Mr. William Henry Smith announced that the Government would abandon the Tithe Rent Charge Bill, the Technical Education Bill, Mr. Goschen's Revenue Collection Bill, the Irish Constabulary Bill and other minor measures. He indicated the measures that the Government intended to proceed with, which include a Land Allotment Bill.

On the report of the Land Bill Mr. Balfour said that the Government accepted the House of Lords' amendment relating to town parks. It was the Government's duty to see that justice was done to all classes. After a hot debate in which Sir Wm. V. Harcourt, Messrs. Goschen, Healy, Dillon and Chamberlain participated, Mr. Balfour's motion to accept the House of Lords' amendment was carried by 300 to 164.

On motion of Mr. Balfour, three of the House of Lords amendments were rejected.

Mr. Gibson, Attorney-General for Ireland, moved that the House confirm Earl Cadogan's amendment, which provides that the revision of rents be based upon the difference in prices in 1887 as compared with prices from 1881 to 1885. After a spirited debate, in which Messrs. Parnell, T. W. Russell, Chamberlain and others opposed the bill, the motion was passed under cloture, the vote being 215 to 161.

The Accident at Myrtle.

MYRTLE, Ont., Aug. 19.—The inquest into the cause of the accident near here on the Canadian Pacific Railway on July 18 last, by which Brakeman McIntosh of Pickering lost his life, resulted in a disagreement of the jury to-night. Another inquest will be held on Sept. 12.

AN INMAN LINER BURNED.

THE CITY OF MONTREAL ABANDONED IN MID-OCEAN.

A Fire in Her Hold Which it Was Impossible to Extinguish—The Passengers and Crew, With the Exception of Thirteen, Taken to Queenstown.

LONDON, Aug. 19.—The steamship City of Montreal, Capt. Land, of the Inman Line, sailed from New York for Liverpool on Aug. 6. When five days out, early on the morning of Aug. 11, the passengers were awakened by an alarm of fire. They dressed and got on deck as quickly as possible and with but little appearance of panic. The fire originated in the cotton stored in the after main hold. Nine streams of water were soon working on the flames, and the course of the vessel was shaped toward Newfoundland, 400 miles distant. The flames spread with great rapidity, and soon had burst with terrific force through the midway and after hatches, the heat being intense. It becoming evident that it was impossible to save the ship a momentary panic ensued. The boats were lowered and passengers and crew got into them. The boats soon scattered and one entirely vanished. This boat contained two stewards, two seamen and seven passengers, and there is but little doubt that the whole boat load perished. The boat did not contain a full crew, and left the City of Montreal against the captain's orders, as there was time to take many more in it. The other survivors consider the fate of the occupants of the lost boat as a judgment for their cowardice.

A barque was sighted shortly after the boats left the steamer, and her crew was preparing to pick up the survivors, when the steamer York City, attracted by the flames from the burning vessel, which were shooting up a hundred feet in the air, bore down and with difficulty took all hands on board. The rescued people were treated with the utmost kindness by the captain and crew of the York City, and the passengers speak with much feeling of the consideration which was accorded to them. The York City proceeded to London after landing the City of Montreal's passengers and crew at Queenstown. The survivors are unanimous in declaring that officers and crew of the City of Montreal did their duty nobly and skilfully.

The names of those in the missing boat are: Passengers—Samuel Kauffman, Geo. Arnold, Samuel McKee, Kenard Woolton, Stephen Tupper, Simon Rowtely and S. Kacheingka. Crew—Henry Frazer, Charles Reade, Wm. Franney, Patrick Hughes (trimmer), Charles Smith (interpreter), and Thomas Wilberforce (steward).

The steamer City of Montreal carried no first cabin passengers. The value of her cargo was $350,000, and the steamer was worth 2000,000. The crew numbered eighty-five men.

Ten Hours in Open Boats.

The boats were eight in number and consisted of four lifeboats and four pinnaces. These were launched and stocked with provisions. The flames spread with great fierceness, and the efforts to quench them, it was soon found, were futile. At 8 o'clock in the morning the passengers were marshalled on deck preparatory to entering the boats. Many of them were weeping, but on the whole they were quiet and orderly. The family groups presented a sight hitiful to see, as they huddled together in fear and trembling. There was a heavy sea running, and it was with great difficulty that boats were kept from being smashed. The crew worked splendidly, and all the passengers were placed in the boats in a comparatively short time. How the boats floated with their heavy loads is a miracle. As the last boat was pulling off from the ship several of the passengers and crew were seen aft. They had been overlooked and were screaming to the boats to return. They were subsequently heavily rescued, half dead from the effects of the smoke and heat. The masts of a ship were seen on the horizon, but ten hours elapsed before it came near.

COLLISION AT AYLMER.

The Engines of Two Freight Trains and Several Cars Damaged.

AYLMER, Ont., Aug. 19—About 4 o'clock this morning two freight trains collided a short distance east of the station, completely destroying an engine and several cars on the east-bound, while the west-bound had come to a standstill, and had its engine damaged considerably. It seems that both trains had orders to pass here. The east-bound passing arrived first, pulled through regardless of orders. The operator in charge of the station on seeing the train going through put up the east semaphore to stop it, but the engineer seemed to pay no attention, and soon struck the west bound, which had stopped on seeing the semaphore. The trainmen jumped and escaped injury except the brakeman on the east bound, who was thrown violently to the ground, but was not hurt fatally.

The Eclipse as Seen in Berlin.

BERLIN, Aug. 19.—There was an eclipse of the sun to-day. The eclipse was preceded by the appearance of deeply colored clouds. The color increased as the sun rose, but gradually faded, whereupon general darkness suddenly set in. Clouds of increased deep coloring returned after a few minutes and then daylight ensued. Thousands of people came to Berlin from different points to observe the phenomenon.

THE CHURCH, THE MINISTER AND THE PEOPLE.

SERMON BY LAYMAN.

Written for the Examiner.

The position and relation of the Church, the minister, and the people to each other, and the necessities and the rights and duties of each, seem to be greatly misunderstood. A great many persons seem to entertain the idea that a building called a church, and erected expressly for that purpose, is indispensable for the true worship of God. They don't seem to think that He can be worshipped in a barn or in the open air properly, but that there must be provided a grand house and grand furnishings, and that their prayers are more acceptable if uttered there than they would be if spoken inside of a log cabin or a stable. They apparently forget that God is everywhere, and that all human worship is acceptable if it but comes from the heart. And so it is with the man called a minister. What is a minister, and why is a person called a minister? And what are the objects and duties of a minister? A minister is but a man like ourselves, and he is selected as a matter of convenience and usefulness, to lead and to speak when all cannot speak, and to attend to and perform all the duties appertaining to religious matters, and to aid the people in the work of salvation and grace. This is the origin of the appointment of a minister. In the long course of time, however, and particularly at a time when mankind were devoid of leisure and education, the persons who thus performed the duties of the minister gradually became associated together, and formed a body of men distinct from other men, and by small degrees succeeded in elevating themselves to a position above their fellow men, and acquired an influence which they have taken care to increase. And thus, in the course of centuries, we find these favored individuals looked up to as the leaders of the rest of the world and endowed with a superior power and enjoying special privileges. And instead now of the people choosing the man to serve them, as they once did, these men dictate to the people whom they shall have, and they alone exercise the power which once was given them by the grace of the people We all know the simplicity of the worshippers of Christ's time. We all know how often he addressed the people in the open air, virtually ignoring churches, looking only to the welfare of the people and the salvation of their so ls. And we all know that the Jews refused to receive him because of his simplicity and poverty. And history teaches us that within a comparatively short time after Christ's death the people began to fall away from his examples and began to come under the influence of men who were looking only to their own aggrandisement and power. And by tracing the records of these things all the way down through the last eighteen hundred years we can see how sacerdotalism increased and how it grew in power until it finally ruled the world. And it would be well if a veil could be thrown over the sufferings and difficulties of the people caused by those who professed themselves to be the followers and the representatives of God upon the earth. But one good sign of the times is the fact that education is opening the minds of the people and preparing the way to a better state of things. And as intelligence increases we will see changes and improvements which will eventually enable the people to enjoy rights of which they have been so long deprived, and will enable them to exercise their religious duties and feelingain a more simple and satisfactory way. And as these things do take place all classes will realize the fact that God can be worshipped and acceptable worshipped without the intervention of costly churches, presided over by high-toned officials, and an unbecoming and unnecessary display of ornamentation and parade in dress, foreign altogether to the teachings of Christ, and in total opposition to the teachings of the Bible. As matters have hitherto existed, and as they stand at the present time, the church and the ministers rule, and the people are placed in the background and made to submit to those who so long have held the upper hand. They are, in fact, a merely secondary consideration, and they are only recognized when they become and remain useful to their masters. They have been held in subjection so long that they have forgotten their rights and humbly bow to the dictates of their spiritual rulers. And they apparently think that they ought to have no voice in the management of, and no control over ecclesiastical affairs, all of which belong to those who claim to be the keepers of their consciences, and their dictators in all matters of faith. And even the most enlightened of the people have not been able to shake off their feelings of subserviency and still submit to be led or driven in all matters of faith and remain willing to follow when they should lead. Take it for instance about this Christian religion. The Bible is an open book, accessible to all, and everyone may read and it is easily understood. And it is a mistake to suppose, as I have more than once heard preachers say, that it is necessary to have an educated ministry in order that they may interprete and explain to the people the easily understood teachings of the Bible. Education is necessary and beneficial to all men but not more so to ministers than to the people. But an elaborate education is not necessary for the reading and understanding of the Bible. And we have double proof of this in the success which attends the teachings of comparatively educated men when the ministrations of an educated ministry have altogether failed. It is satisfactory to know, however, that mankind are gradually emerging from the bigotry and slavery imposed upon them and that the light of reason and common sense is illuminating the earth and opening men's minds to a proper appreciation and understanding of their positions and rights and to the knowledge of the fact that religion is a duty between man and their God alone and that wherever the Bible is read and properly understood freedom prevails. God never intended it to be a sealed book the key of which should be in the keeping of any class of men. He gave it to His people for their enlightenment and for their comfort and safety. And He never meant that it should be locked up in the cloister, as was done in the dark ages, when the people were forbidden to possess or read it, and when men's minds were enveloped in ignorance and darkness The people must return to the example given them by Christ in His plain, simple, unassuming life. They must do as He did when He went to the inhabitants of the surrounding countries and preached to them with no covering but the sky overhead and the mountain side in the open field as their place of worship. Some of the churches of the present day claim to be the only legitimate successors of the Apostles, as if this bare assertion made them better or gave them any more value. They may claim what they like, but if they are the successors of the Apostles it is only in name. If they are what they say they are let them do as the Apostles did, travel from place to place, visiting the people and exhorting them as they went along. These holy men and their heavenly Master did not drive a hard bargain for big salaries nor require fine residences and luxurious furnishings. They did not go about clothed in fine broad cloth, nor did they treat the people with contempt and stand aloof from them, as if their presence or their touch was contamination to them. But they walked long journeys, o tentimes barefooted and hungry, content with the hard life before them, doing their Master's work cheerfully, knowing that by and bye their reward was sure. They did not seek to lay up treasures on this earth, and they were content to be poor, and they never sought to usurp the people's rights nor to claim the authority to dictate to them what they should do. How different all these things became after their time. A few crafty and ambitious men, by joining politics and religion together, overthrew the former simplicity of the gospel and established in its stead the most stupendous system of tyranny, under the name of religion, that the world has ever seen. And for more than fifteen hundred years free thought and free discussion were the signals for murder and robbery in their worst, most refined, and most cruel form. The priesthood ruled supreme, and all that was permitted to the people was slavery and a forced obedience to the iron will of their masters. But, happily, those days of ignorance and suffering are past. The Bible is now an open book, and the rapid spread of education and knowledge is bringing the people to the front and fitting them for all the duties appertaining to religion and the salvation of souls. And men are beginning to see that, if they are to be saved, it must be through themselves, and not through the interposition of others no better than themselves. And when the people come to the full realization of these things, and learn that all men, priest and layman, are alike, that all are but human, all subject to sickness and death, and to the final judgment of God, and that the minister is but the servant of the people, appointed to help the people and to comfort them in this world, reminding them of the world to come, then will come the happy time of the equality and union of all, rich and poor, sinner and saint alike. And the pride of the churches will be known no more.

Children Cry for Pitcher's Castoria.

STARTLING AND TRUE.

The Gong again gives no Uncertain Sound. GOUGH, the Old Terror, creating Sad Havoc in the Furnishing Goods Trade.

Our Great Sale of Clothing at 40 Cents on the Dollar was an IMMENSE SUCCESS, July Sales being Equal to any Month in the Year. There are a few of those Extraordinary Bargains in Suits yet.

REMEMBER, Visitors, one of the Chief Attractions in Peterborough is GOUGH'S BIG STORE, and we will show you Bargains enough to make you happy; therefore be not deceived by any Catch-Penny-Clothier, but go straight to

George Street, Peterboro, and Queen St. West, Toronto. N. B.—Wholesale and Retail.

GOUGH

The Acknowledged Clothier of the Age.

In Brief, And To The Point

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existense. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics. But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy. Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

An Open Letter.

Messrs. T. Milburn & Co., Nov. 25th, 1886. I wish I had used B. B. B. sooner, which would have saved me years of suffering with erysipelas, from which I could get no relief until I tried B. B. B., which soon cleared away the itching, burning rash that had so long distressed me. Mrs. Edward Romkey, Eastern Passage, Halifax, N.S. 2w31d

LATEST SPORTING NEWS.

The Baseball Scores—Other Items of Interest to Sportsmen.

NEWARK, N.J., Aug. 19.—The game here to-day between the Torontos and Newarks was witnessed by a large concourse of spectators, and it was one of the most exciting contests of the season. Hughes, who was in the box for the Newarks, after the first inning was wonderful. Sheppard also pitched a good game, although he was in great luck, as no less than twelve of the Newarks were retired on flys to the outfield, many of them being hard line hits. Both pitchers were supported in good style, Kearns of the Torontos being the only player that made a bad break. The only unpleasant feature of the game was the chronic and uncalled-for kicking of Faatz, for which he was fined $110 by the umpire. The score:

NEWARK.	R	B	O	A	E	TORONTO.	R	B	O	A	E

Gaudaur challenges Teemer.

ST. LOUIS, Aug. 19.—Jacob Gaudaur has telegraphed the editor of The Turf, Field and Farm, challenging John Teemer to row a three-mile race for the championship and $1000 a side, the race to take place on a lake course and upon smooth water, any time between Sept. 17 and 24. Lake Quinsigamond is suggested as the water.

Gossip of the Turf.

The black stallion Atlantic, record 2.24¼, by Almont, dam Isabella Clay, by Kentucky Clay, has been sold by R. W. Davis of West Williamsfield, Ohio, to J. H. Goldsmith of Washingtonville, N.Y.; price $6000.

Arrangements have been perfected by Messrs. Cridge & Co. of New York for racing at Yonkers on the "off days" of the meeting at Jerome Park. The track there is a half mile, and if the venture is a success, there is some talk of making it a mile track for next year.

A stabbing affray occurred on Wednesday at the Brighton Beach race track which may result fatally. John Smith, colored, aged 13, and James O'Rourke, about the same age, were wrestling with each other. Smith threw O'Rourke to the ground. This angered the latter, who, gaining his feet, wanted to fight. Smith refused. O'Rourke rushed at him and began pummelling him and then cut him with a pair of scissors. After supper the fighting was resumed, in which Smith used his pocketknife, stabbing O'Rourke in the abdomen, making a severe wound. Smith was arrested and held in default of $1000 bail pending the result of O'Rourke's injuries.

An Old Favorite.

An old favorite, that has been popular with the people for nearly 30 years, is Dr. Fowler's Extract of Wild Strawberry for all varieties of summer complaints of children and adults. It seldom or ever fails to cure cholera morbus, diarrhœa and dysentery. 2w31d

Praise worthy.

"Last summer I was entirely laid up with liver complaint, a friend advised me to use Burdock Blood Bitters, I did so, and four bottles cured me. I cannot praise this remedy too much." John H. Rivers, Orr Lake, Ont. 2w31d

Keep Your House Guarded.

Keep your house guarded against sudden attacks of colic, cramps, diarrhœa, dysentery and cholera infantum. They are liable to come when least expected. The safest, best and most reliable remedy is Dr. Fowler's Extract of Wild Strawberry. 2w31d

Children Cry for Pitcher's Castoria.

PREMIER NORQUAY TALKS.

The Railway to the Boundary Will be Finished at all Hazards.

WINNIPEG, Aug. 19.—Premier Norquay of Manitoba is in the city. Concerning the railroad war in Manitoba he says: "We are going to get to the boundary line, and that's all there is about it. Manitoba was a province before the Canadian Pacific received its charter from the Federal Government, and we have the same right to build railroads as has the province of Ontario or any other province of Canada. The people are getting terribly excited over this thing, but some of this excitement, I am afraid is being created for personal purposes and the excitement may be worked up to such an extent that those who have created it may not be able to entirely control it.

"There is nothing in this talk of annexation to the United States. That is simply cheap political chaff. There is no danger of an uprising. Whatever is done will be done quietly. I don't believe in the injunction method to stop us, because I don't consider that an injunction can lie as against the authority represented by the Provincial Government. It would be the Crown against the Crown, so, as in your country, the State against the State, and such a proceeding would certainly not be possible. There is a liability of the construction gang of the two roads meeting, but I don't think there would be a serious collision in such a case, because I hardly think that the employes feel sufficiently interested in the contest to make a fight. I think they will leave it to the Government and the corporation to fight it among themselves. The Manitoba Government is right and will maintain its position."

ILLEGAL SEALERS SEIZED.

American Revenue Cutters Protect the Grounds of the Alaska Company.

SAN FRANCISCO, Aug. 19.—Details of the seizures made by the revenue cutter Rush show that the American schooner Angel Dolly had 178 sealskins aboard, the American schooner Ann 380 skins, the British schooner Ella 300 skins, and the British schooner Alfred Adams 1400 skins.

It is estimated that the aggregate value of all the schooners' cargoes and outfit seized by the Rush, between July 9 and Aug. 7, is not much below $100,000, and the figure is placed much higher by several good authorities. Just before the Angel Dolly was seized her captain, Alfred N. Tunis, was killed by the accidental discharge of a rifle which he was dragging across the deck. A seizure of 400 skins was made on one of the islands of Gunalaska while the season was at its height. Acting on private information a force of men was sent from the Rush and unearthed the skins, which had been secured by the British schooner Lottie Fairfield. Reports were received that six or eight schooners were hovering about the islands, killing seals at every opportunity, and defying the employes of the Alaska company. The Rush was expected to gather these in.

BROCKVILLE AND THE C.P.R.

The Town Asks the Company for Better Mail and Train Service.

BROCKVILLE, Aug. 19.—Last night a meeting of the Brockville Cheese Board of Trade was held to take into consideration the recent changes in the mail and trains on the Canadian Pacific Railway.

After some discussion the following resolution was unanimously passed: Moved by Robert Cavanagh, seconded by M. K. Everetts: "That this Board of Trade memorialize the Canadian Pacific Railway Company that the present train and mail service connecting this town with a large northern portion of this section is very imperfect at present and materially interferes with the despatch of our business. We want to work cordially with the railway company, but think the importance of our industry demands a reasonably good service, and trust that the railway company will see their way clear to give us the same."

A Railway Station Burned.

MIDLAND, Ont., Aug. 19.—About 3.20 this afternoon a fire was discovered in Chews' lumber pile, and as a strong wind was blowing it immediately caught the station and baggage room, which were burned to the ground. Everything of value is supposed to have been saved.

The Charge Against Father Paradis.

OTTAWA, Aug. 19.—At Aylmer this morning the case against Father Paradis, for alleged defacing of the marks of logs owned by Gilmour & Co., was at the request of Father Paradis' counsel postponed till Monday morning at 10 o'clock.

Failures in Business.

The failures during the last seven days number, for the United States 135, for Canada 26; total 161, compared with 180 last week. For the current week of 1886 the figures were: United States 161 and Canada 25; total 186.

It Saved My Wife's Life.

This is the report of a Princess street gentleman who had the opportunity a few nights since of testing Polson's NERVILINE, the great pain cure. Be prepared for any emergency by having a bottle of Nerviline at hand. It costs only 10 cents to test it, and you can buy test bottles at any drug store. Get a 10 or 25 cent bottle to day. Sure in rheumatism, neuralgia, cramps, colic, headache. Nerviline, the sure pop pain cure. All druggists. 25 cts. a bottle. 6dw33

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

For the Babies

it is not necessary to buy corn cures. Men and women should remember that Putnam's Painless Corn Extractor is the only safe, sure and painless corn remover extant. It does its work quickly and with certainty. See that the signature N.C. Polson & Co. appears on each bottle. Beware of poisonous imitations. 6dw33

Broken Down.

"After suffering with dyspepsia, kidney disease, loss of appetite and pain in the head until discouraged, I heard of B. B. B., took two bottles and am happy to say I feel as well as ever." Mrs Rufus E. Merry, New Albany, N. S. 2w31d

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eod-v31

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING
By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE
George Street, opposite the Market. d

M. D. L. C. P. S. O.
Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.
Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and to-day the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thus troubled the advisability, or consulting you immediately. Accept my many thanks. Yours etc.,
J. P. DUNN,
C. P. R. Agent, Peterborough Ont.
P.S.—Use this as you deem prudent.—J.P.D.

The Fall Races.

No date for the Fall Driving Park Races was decided on last night.

THE cooling rain can not suit the thirsty ground any better than the low price of KIDD'S boots suits purchasers.

Just opened out at Turnbull's, New Shades in Fall Dress Goods, and Fancy Watered Plushes to match.

Preparing for a Pic-nic.

To-day Rev. Father McGuire, of Lindsay, was in town making arrangements for base-ball and lacrosse matches to serve as attractions for the grand parish picnic to be held on August 31st.

Another Meeting.

A meeting of the general Demonstration Committee of the Oddfellows was held last night. Several additional accounts were ordered to be paid. Another meeting will be necessary to conclude the business.

Proud of the Feat.

The West Durham *News* mounts a crowing cock on the head of the Bowmanville Band winning first prize at the Guelph Band competion with 464 points to Sarnia's (2nd prize) 448 and Waterloo's (3rd prize) 414 points.

Just opened out at Turnbull's, a handsome Range of Boating Shawls, New Styles.

Young Men's Missionary Meeting.

There should be a large attendance of young men at the Y. M. C. A. rooms to-night to hear the Rev. Mr. Davis, who is to leave next month for India as a Missionary. The meeting will commence at 8 o,clock.

The Art School.

Lopaz & Needham's Art school is proving a success, having now three classes a day, and for the accommodation of those who cannot take day lessons there will be an evening class opened on Monday evening next at 7:30 o'clock. Terms of tuition 50c per lesson of two hours. Studio on Hunter street, near George street.

Market Mems.

There was a largely attended market this morning. The principal offerings were fruit. Plums were worth 60c. to 65c. per pail, crab-apples 10c. per peck, apples 20. Chickens 35c. to 50c. per pair, ducks 60c. Butter bought from 20c. to 23c., tomatoes 30c. to 40c. per peck, potatoes $1 to $1 25 per bag. There was the usual garden "truck." Hay $10 to $11 per ton.

Breakers Ahead.

The Cobourg *World* has rashly opened its columns to a pen and ink tournament on the subject of "Scriptural Baptism." The *World* will find that its experience will be analagous to that of Little Red Riding Hood, consequent upon her too ready extension to the wolf of the hospitality of her grandmother's cabin.

Lacrosse Excursion.

The Riverside Lacrosse Club will run an excursion per steamer Golden Eye to Jubilee Point on Monday, Aug 22. The tickets are fixed at 50 cents, ladies 25 cents. The Riversides have played a most successful season, and have done nobly in upholding the lacrosse reputation of the town and they are worthy of liberal encouragement. Buy a ticket for their excursion and go. eod&w

Just opened out at Turnbull's, the Kabo Corset (entirely new) warranted not to break or roll up with one year's wear.

Dangerously Ill.

It is with great regret that the serious and and dangerous illness is announced of Mr. H. B. Weller, barrister, Millbrook, son of His Honor, Judge Weller, who is lying dangerously ill in Toronto. He was in the city undergoing treatment for an affection of the ear; an operation was performed, and alarming complication of the brain supervened. The latest information to hand reports Mr. Weller as unconscious, and no hope of recovery is entertained. His father, Judge Weller, is now with his son, having gone to Toronto yesterday.

Since the above was in type, information has been received that there was a slight change for the better in Mr. Weller's condition,

Children Cry for Pitcher's Castoria.

Commercial Union.

Checking the Report of the "Interviewer" of the Detroit "News"—Agreements and Misrepresentation.

As a compliment to the report of the representative of the Detroit *News* in reference to the opinions of our prominent men on commercial union, a reporter of the EXAMINER called on several of the gentlemen who had expressed opinions and questioned them respecting the correctness of the report given.

Mr. PETER HAMILTON said, as far as the report made him an uncompromising opponent of commercial union it was correct. He was opposed to it for several reasons. It was but a stepping stone to annexation to the United States. He was, above all things, a Canadian, and believed in the future of Canada. This country had within herself all the elements of a great nation. Patience and perseverance and a development of our own resources would make Canada a great country. The people had only to labour and wait. He did not think annexation would be good for this country; we were better as we were. He told the Detroit "*News*" man that there were doubtless some Canadians who "would not lose much sleep" in case of annexation. He had met many farmers who inclined that way and he did not wonder at that. The public sentiment of the country was demoralized as the result of the iniquitous rule of the present government, a people who would submit to some things which Sir John Macdonald had imposed upon the country, were ripe for anything—ready to jump at any change they fancied would better the condition they had brought on themselves. They had supported the N.P., and having found that to be a "fraud", they were ready to go for commercial union. In the second place, a commercial union could not be arranged with the United States except on terms which the latter would think best for themselves. They would be sure to have the best end of the bargain. A treaty could only be made for a certain number of years and then it would come to an end and the markets of Canada would be thrown back to their present condition, only they would be completely demoralized by the temporary change, and it would take years to recover. It would be humiliating for Canada to be going every once in a while to the United States to beg of them to regulate her commercial matters. He believed Canada was all right as she is now. The country was fairly prosperous and the people generally in as good condition as they were in the United States. He was decidedly and emphatically opposed to Commercial Union. It meant annexation, and he was too good a Canadian to stand that.

Mr. W. H. WRIGHTON, said the report of his remarks to the *News* was correct enough except that he had not stated positively that he was in favor of Commercial Union—he could not foresee the result it would be likely to produce, but he did tell him that he was in favor of increased facilities of commercial intercourse with the United States.

Mr. WILLIAM HAMILTON, of the William Hamilton Manufacturing Company, to whom the *News* man attributed the same views as those of Mr. Peter Hamilton, is opposed to Commercial Union, and thinks it is but a pretext for securing annexation. Canada was well enough off as she was and had no need to go begging for favors of the United States.

Mr. D. ULLYOTT, said the report of the *News* was incorrect as regarded his views on annexation. What he did say on this subject was, that "it would make no difference if we were annexed if we had Commercial Union, which he considered the equivalent. He had always been a British subject and was loyal to British institutions, but he presume that if annexation took place he would be as loyal to the new flag that protected him and his business.

Mr. JAMES STEVENSON was out of town, down the St. Lawrence, and his opinion could not be secured, and Mr. CLUXTON'S position, having been quoted from his writings, is of course subject to no revision.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.00. Call and see them.

HARD TIMES could never come to Peterborough if all goods were sold as low as KIDD sells boots and shoes.

Private School.

Mrs. George Cluxton will, as seen by advertisement in another place in this issue, re-open her school for girls and young ladies on September 1st. The branches taught are English, French and music Mrs. Cluxton is an educated and accomplished lady with considerable experience in teaching, and will, no doubt, render effective services to those who wish to avail themselves of the opportunities her school affords,

On the way Minden, Persia, destined for Turnbull's Dry Goods Establishment, fine Astrachan Mantle Cloths and Trimmings the correct Material for Mantles this Season.

Electric Light Sports.

The sports at the Association grounds on Friday night were not largely attended, except by the horde of unmanageable boys who stole over the fences. The Fire Brigade band was in attendance, and the published programme was fully carried out and resulted as follows:—

Hundred yards race—A. Moore.
Sack race—Dixon Davidson.
Boot race—Walter Brundett.
Four hundred and fifty yard race—A. Moore.
Three-legged race—Moore and Thomas.
Tug-of-war—Fire Brigade team.

Only Two in Twelve Years.

Thursday afternoon the funeral of Miss Annie Lynch, an employee of the tailoring department of Messrs. T. Dolan and Co., took place. The young lady was the healthiest, roniest and most robust girl of the staff, but typhoid fever did its deadly work. She was the daughter of Mrs. James Lynch, whose husband, it will be remembered, was killed by the fall of a tree while in the employ of Mr. D. Ullyott. Here is the second break made by death in the ranks of the employees of the firm, numbering fifty, since the business was established some twelve years ago—the other being the lamented Thos. Molloy. At Miss Lynch's funeral, the entire staff, from the senior partner to the errand boy, with the exception of one or two to keep the dry goods department open, attended. The young lady was highly respected by her associates and by all who knew her.

SMOKERS,

Ask for the "CABLE" (size) CONCHA CIGAR.

Better than ever. A quarter of a century in the market, which fact speaks for itself.

THE NEW SUBSTITUTE FOR PILLS—Campbell's Cathartic Compound. Easily taken, much more effective. fsdw

Camp Life on Stony Lake.

A Gossipy Letter From "Stony Shanter."

CAMP COMFORT, OTTER ISLAND
STONY LAKE, Aug. 17th 1887.

DEAR EXAMINER,—

The Fairy is seen to call at our camp on the way to Lakefield, so I must write in a hurry and say what little there is to say—for in this lonely and barren country no very exciting events occur. Camp life consists of boating, sleeping and eating—largely the latter. Saturday night the "Fairy" left us on the rocky shore of Otter Island about half past ten o'clock. Quickly our supplies were hoisted off on to the lonely rock, and soon a huge fire was blazing to keep company with the scores of others glimmering faintly on the distant shores about us. Everything was shrouded in inky darkness, and the idea of pitching a tent had to be given up after a few minutes search for a suitable spot; so with nothing but the clear, star-studded sky as a canopy, we "bivouacked" in the open air on our camp beds and slept the sleep of righteous weariness to the cheerful crackling of the camp fire. In the morning we rise at dawn, stiff, cold and damp, our outside covering and everything left exposed saturated by a heavy dew, but the warm rays of the sun soon dispelled all these discomforts and we felt like—there goes the gong for dinner!

[Three quarters of an hour later]—My, how we do eat! The invigorating air gives one the appetite of a shark. I

LEFT OFF AT DAYLIGHT

—not with eating, but my letter. We felt like new-made men, and after working an hour or two ate a breakfast that would put to shame the "city appetite" we were wont to cultivate. On Monday morning the rest of our party, which numbers twenty persons, half ladies, arrived, and since that we have had a jolly time. Our camp is located on a high promontory, with a beautiful view at three sides, and in convenient proximity to the route of the steamers. Several Union Jacks float proudly in the breeze over our half-dozen of canvas residences, and we pride ourselves on making the best "display" on the lake. Right across from us is "Kenmore" lodge, the summer residence of Mr. T. Mossies. Mr. Peplow, of Port Hope, and Mr. Dixon's party, of Peterborough, are located on Anchorage Island, while in Bobchink Narrows are Messrs. Hall and W. G. Ferguson, on Eagle Mount Mr. Geo. Cochrane and Mr. Griffin have residences. Gis Island, though, is probably the most populous, several large camps being pitched there. The A. C. A. camp store has departed, so that no letters are able to reach us now. The various camps are most friendly to each other, visiting and returning visits continually. We are "at home" this afternoon and expect a number of friends. Sunday is well observed here. Last Lord's day, service was held at Grassy Island in the morning, and

A SONG SERVICE AT MR. PEPLOW'S

in the evening. About seventy-five people turned out in the evening, and the services were most interesting. Sunday morning (or Saturday night) was also observed in another and by no means satisfactory manner to the parties concerned. Messrs. T. Hall, C. McClelland and Alex. Elliott lost their canoes—they were stolen while the owners were reclining in the arms of "Murphy", so to speak. Then again, a couple of our party were much edified at witnessing the cruel death of a mink, which a couple of men holed at McCrackens' Landing. This morning we all visited "Clegg's". Everyone who has ever visited Stony Lake knows where and what "Clegg's" is. Tasy have all partaken of the hospitality of the two kind old people who live in the quaint old farm house about two miles from Otter Island, and have registered their names in the old ledger that dates back nearly a dozen years. They have also gazed at the picture-covered wooden walls of the "auld house", the work of the rough looking, horny-handed old pioneer who is "lord" over his domain, and who, though never receiving a lesson on painting in his life, yet produces some pieces that show an artist's native touch.

One great drawback to our camping place is the absence of pure water. "Water, water everywhere, and not a drop to drink"—nearer than McCrackens' Landing, two miles distant. Such "trifles", though, do not at all trouble us.

FISHING SEEMS TO BE PLAYED OUT, ALSO;

at only one meal has our table been graced by the presence of piscatorial pabulum, and at a heavy discount. Only bass fishing then scarcely enough to go around. Trawling seems to be at all productive.

Excellent weather has attended our outing so far, and, barring a shower during last night, could not have been better. Bathing is largely indulged in here, but the greatest care is exercised, nearly every one taking to heart the terrible lessons imposed upon them by the recent deaths of Messrs. Deeprose and Starr.

Fairy Lake, a little gem of water twenty feet above the level, in the centre of an island a couple of miles from here, is a pretty place indeed. Every day excursions are made to various places of interest, and so far not a single accident has occurred to mar the general enjoyment. Toot! Toot! There comes the Fairy. Good-bye. More anon.

Yours,
C. C. OMFORT.

Church Chimes.

Services will be conducted in the Baptist church, to-morrow, by the Rev. Mr. Davis, of Toronto, who shortly leaves as a missionary for India.

Rev. Mr. Greatrix, Frazerville, will preach in the Charlotte Street Methodist Church in the morning and Rev. Mr. Limbert of Hastings in the evening.

Rev. Mr. Limbert will preach in the George Street Church in the morning and Rev. Mr. Greatrix in the evening.

Personal.

Mr. W. T. Brown, Toronto representative of Leonard & Sons, Engine Builders, London, Ont., was in town yesterday and to-day, the guest of Mr. W. Henderson, Charlotte street, Superintendent of water-works.

PUT your foot in it! In what? Why in one of KIDD'S easy-fitting boots; and you can't help buying a pair when you hear the price.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

You will find at Turnbull's the far-famed Alexandre Kid Gloves, cut to fit the hand, every pair warranted.

Salvation Army Squibs.

On his return from the Maritime provinces Adjutant Bolton will convene a big Salvation Army convention in Peterborough, the divisional headquarters. It will take place about the first of September, and besides all the officers and soldiers of the division, Commissioner Coombs and Major Bailey will be present.

Capt. Williamson, late of the Salvation Army here but now of Montreal, is in town on a visit.

CANADIAN NEWS.

A young Quebec chemist has devised means by which all perishable goods, such as meats, etc., can be kept in the natural form for any length of time without breaking but through a heavy chemical process.

It is reported that rich gold bearing quartz has been discovered in the neighborhood of Beaver River, Que.

Capt. McDonald of the Salvation Army in Quebec was pelted with stones on a street of that city on Thursday night and severely wounded.

Sam Jones and Sam Small will be at Grimsby on Aug. 23, 25 and 28.

The old Pantaffico in Hamilton will be used as a city hall during the construction of the new building.

James McKay of West Flamboro, near Hamilton, attempted suicide on Thursday night by cutting his throat. He will recover.

On Thursday night the house of Patrick Donnelly, 245 John-street north, Hamilton, was struck by lightning. No one was hurt.

UNITED STATES NEWS.

The annual report of the St. Paul, Minneapolis and Manitoba Railway shows net earnings of $3,715,000.

Two men were killed and six injured during a storm at Republican City, Neb., on Thursday.

A despatch from Hammondsport, N.Y., says Chas. Haight shot his wife at 10 o'clock yesterday and then shot himself. Both are dead.

While making her pier in Hoboken, N.Y., yesterday the steamer Trave collided with the structure. A portion of a shed fell upon the steamer's bow, severely injuring several steerage passengers.

A brother of the captain of the United States revenue cutter Bear, living in Portland, Ore., received a letter a few days ago from the captain which contradicts the report of the loss of that vessel.

CABLE ITEMS.

Fifteen tons of dynamite exploded at Khoab, Afghanistan, two natives being killed.

News has been received from Badakshan that 5000 Russians have arrived at Karakul, and 6000 at Birkhal.

Emperor Francis Joseph's birthday was celebrated throughout the Austrian empire on Thursday with the usual rejoicings.

Gen. Ferron, French Minister of War, has gone to the Alps to establish definitely the defences of the southeastern frontier and to organize a new Alpine corps.

TORONTO TOPICS.

The History of the Handkerchiefs—Caught With His Plunder—Other Items.

TORONTO, Aug. 20.

An important arrest in connection with the Ogilvy burglary case has been made at Balaclava, a village 17 miles from Owen Sound. The prisoner is a man named Henry Hunt, a general store keeper, who is alleged to have sold a number of the silk handkerchiefs stolen from Ogilvy & Alexander's in July last to a merchant tailor named T. W. Douglas, carrying on business in Owen Sound. Hunt acknowledges having sold the handkerchiefs, but his accounts as to how they came into his possession are conflicting and unsatisfactory. He has two brothers carrying on business in Toronto, from whom he said he got the articles, but this statement he subsequently withdrew, averring that the goods were sold to him by a stranger. Detective Reburn made the arrest and brought his man to the city yesterday.

Detective John Cuddy last night noticed a man acting in a suspicious manner on Richmond-street between Yonge and Victoria. The man carried a parcel and had just come out of a lane. On being questioned by the officer he confessed that the parcel contained goods which he had just stolen from Weese's store at 149 Yonge-street, having got into the place by the back way. Among the articles were a knitted jacket, silk ties and a bed spread. The self-confessed thief gave his name as Albert Goodhall, living at 43 Dovercourt-road.

Phillips Williams, night watchman at the Imperial Bank, received a nasty wound yesterday morning by reason of his pistol accidentally going off. He was lying on a couch in his apartment, and on rising his pistol fell out of his pocket and the trigger snapped. The bullet struck Williams in the leg, just above the calf, tearing away a portion of the flesh. Dr. Sweetnam temporarily dressed the wound and ordered the sufferer's removal to the General Hospital.

The petition against the return of Hon. Edward Blake as member for West Durham has been withdrawn for want of sufficient evidence.

A Dangerous Counterfeit.

The most dangerous counterfeit in circulation in Canada is that of the $10 note of the Bank of Commerce, Toronto, dated May 1st, 1871, letter D. These counterfeits have the words "Capital $6,000,000," and are signed W. Cooke, cashier. The easiest method of detecting the bogus article is in this way:—Under all the letters of the words "Ten Dollars" are five black parallel lines of shading while on the genuine notes there are only four lines. The lion's face has also on the counterfeit note more of a scared or startled expression, and his right ear is not so prominent and pointed.

The Sparrow in Disgrace.

The English sparrow, it seems, says the Hartford *Courant*, was responsible for the recent burning of the Paterson, N. J., iron works. The birds had gathered old garters, handkerchiefs, sticks, straws papers, paper collars, etc., and built nests in such profusion that, when a spark lodged there, fire was instantly produced.

Suits made to order promptly, and at Prices to please everybody, at Turnbull's

Mothers.

There are upon the skin of every human being, child and adult alike, 2,500,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. *Thirty years extensive use has given it a history never attained by another medicine.* 4w304

DIED.

HALL—At Longford, on the 20th August William Norman, infant son of Mr. Maxwell Hall, aged 8 months.

Funeral on Monday 22nd, from the Grand Trunk Station on arrival of noon train.

CHAMBERLAIN A STAYER.

GOVERNMENT'S ACTION AGAINST THE LEAGUE SUITS HIM.

The Member for Birmingham Says He and His Colleagues Will Continue to Occupy the Position of Independent Friends of the Government.

LONDON, Aug. 20.—Mr. Joseph Chamberlain made a speech at Birmingham to-night. He dilated upon the waste of the greater part of the session by the obstruction to the Crimes Bill and said:

"This legislation has been, in my judgment, grossly misrepresented. I regret that such a bill is necessary for any part of the kingdom, but the act was, in my judgment, intended to protect our Irish fellow-subjects. I do not believe it has given a moment's apprehension to any loyal subject or Irishman who does not desire outrage or is not willing to see it. [Applause.] Our experience, so far as it has gone, justifies the government policy, which we supported. I admit that crime and outrage are less than for many years past. But why is this? It is because those who stimulated disorder and anarchy and winked at outrage have discovered that the law is stronger, and that future law breakers must pay the penalty of their misdeeds. I regret that the Government have proclaimed the league. I will not blame the Government severely, but think they were mistaken, though I and others who acted with me are precluded from condemning the proclamation in strong language. [Cheers.] When the Government asked for these powers we agreed to give them, and now if they consider it absolutely necessary to use them that doubtless is the last resource, but it is for their discretion, not ours. As a matter of, principle, I think it right for the Government to have these powers in order to hold them in reserve, but, as a matter of policy, I regret that the Government has thought it necessary to use them at the present time."

Mr. Chamberlain dwelt upon the absence of crime in most districts of Ireland. "We are told that in some districts the league is still paramount, tyrannizing over the minority in districts in which its authority prevails. But I think the other clauses of the Coercion Bill are quite sufficient to enable the Government to deal with isolated cases. The clause enabling stipendiary magistrates to inflict a maximum punishment of six months' imprisonment at hard labor upon persons found guilty of boycotting and for other offences under the act is sufficient to meet any emergency which has arisen." [Cries of "hear, hear."]

Mr. Chamberlain continued: "The Government is responsible, not we. If they think it imperative to use the powers conferred upon them by the Crimes Act, I do not blame them. I admit that they were justified in disregarding our advice and taking the course which they deemed it their duty to take, but I claim also for myself and my colleagues that we shall continue to occupy the attitude we have hitherto adopted—independent friends of the Government. When we differ, as now, we shall express our differences in the usual way—by our votes in the House of Commons. I do not know whether or not you heard the report that I had resigned my connection with the dissident party. [Laughter.] The statement is entirely unauthorized and absolutely without a shadow of foundation [Cheers.] It is true that I differ from the Government on this one point, but I am prepared to support their general policy so far as, in my judgment, it tends to maintain the union. I have seen no reason why any dissident should desert his party or his leader, the Marquis of Hartington, who up to the present time has led us with conspicuous ability and loyalty."

Referring to the Land Bill, Mr. Chamberlain said: "I do not think the measure perfect; but as it stands, it is a great boon to the tenants." He referred in appreciatory terms to the Allotments Bill, which he said went far towards the realization of the hopes of Mr. Jesse Collings. If it were passed both the Government and the dissident party would have a legislative record of which no man need be ashamed. [Cheers].

"The recent elections," Mr. Chamberlain said, "seems to have perplexed a great many of our friends. I read the other day that the elections showed that the dissidents were wiped out of existence, but I am glad to find that there are still a good few existing who, when the next general election is held will give a good account of themselves. [Cheers.] We are told that the bye-elections prove that the country is returning to its loyalty to Gladstone. The country never wavered in its loyalty to Gladstone. It thought Mr. Gladstone grievously mistaken, but it has not lost its sense of gratitude for his past services. It will be a happy day for all when Mr. Gladstone enables us to again range ourselves on his side. [Cheers.] I complain that the recent elections were won under false colors. Mr. Gladstone's candidates adopted radical Unionist principles and only gained majorities by throwing overboard altogether Mr. Gladstone's policy comprised in the two great bills we opposed in 1886. This constitutes the greatest danger of our present situation. These gentlemen declare that they accept our conditions and coincide in our objections, but their leader, Mr. Gladstone, is either silent or so vague that it is possible that the people will interpret him in altogether different ways. Consequently if Mr. Gladstone returns to power he will be entirely unpledged, and if he thought it his duty to revert to the policy we once have defeated, I have sufficient confidence in the firmness, resolution and consistency of the eager converts and repentant sinners, as the Gladstonians call them, to believe that they would stand by their colors instead of blindly following Gladstone, even if he led them by the path which they declare they have forever abandoned."

In conclusion Mr. Chamberlain emphasized the necessity of maintaining the Unionist principles to which they had given adhesion.

An Urgent Whip Issued.

LONDON, Aug. 20.—Mr. W. H. Smith, Government leader in the House of Commons, has issued an urgent circular to the Conservative members of the House. He tells them it is imperatively necessary that the Government be strongly supported in the House during the remainder of the session, and he entreats them to remain at their posts and to decline to pair. This whip is the strongest that has been issued for many years.

Mr. Parnell and a number of Irish Nationalists departed to-day for Paris.

Mr. Timothy M. Healy declared in a speech at Harwich this evening that if the National League was a dangerous association before the proclamation the Government would find it ten times more so now.

Dublin to Protest.

DUBLIN, Aug. 20.—A meeting of citizens of Dublin will be held in the rotunda on Tuesday, the Lord Mayor presiding, to protest against the proclamation of the National League. Messrs. Dillon and O'Brien and several English members of the House of Commons will address the gathering.

Mr. Balfour is at the Castle in consultation with the officials there.

How New York Irishmen View It.

NEW YORK, Aug. 20.—Irishmen here say there never was a proclamation of a national organization issued before in Ireland which will meet with such a determined resistance as this one. They say it will be simply impossible to put down the National League, and that if money flowed into Ireland before from this country in thousands it will be certain to do so now in increased volume.

Michael Giblin, President of the Home Rule Club, said: "You are certain to see bloodshed and slaughter more horrifying that what was witnessed during the worst days of the Forster regime. There will be collisions with the police and soldiers; there will be attempts to rescue those arrested under the Crimes Act, a more determined and general resistance to evictions and stubborn fights all around to keep Nationalist meetings going on in spite of the well-appointed armies of Great Britain that will be sent to scatter and shoot them down."

I.O.F. SUPREME COURT.

How the Funds of the Order Will Be Invested—Election of Officers.

MONTREAL, Aug. 21.—The Supreme Court of I.O.F. resumed its session yesterday in St. Lawrence Hall and amongst the business done was the voting of $2000 to the Chief Ranger for services during the past year and further that in future he be paid $2500, and also to invest the funds of the order as follows: $10,000 in the Ontario Loan and Debenture Company; $10,000 in the Dominion Savings and Investment Company; $10 000 in Now Brunswick debentures and bonds; $10,000 in City of Hamilton debentures; $10,000 in City of Toronto debentures; $5000 in Bank of British North America or Bank of Montreal; $10,000 in city or county debentures.

The election of officers for the ensuing year resulted as follows: Supreme Chief Ranger, Dr. Oronhyateka; Supreme Vice-Ranger, H. C. Creed; Supreme Secretary, E. S. Cummer; Supreme Treasurer, T. G. Davy; Supreme Physician, Dr. T. Millman; Supreme Councillor, J. A. McGillivray; Supreme Auditors, B. Greer and Thomas Lawless. All were elected by acclamation. The next meeting of the Supreme Court will be held at the Thousand Islands in 1889.

A ROW AT CHAUTAUQUA.

The Cottage Owners and the Assembly to Plunge Into Law.

JAMESTOWN, N.Y., Aug. 20.—The row at the Chautauqua Assembly grounds between the assembly management and the cottage owners is assuming enormous proportions and promises to devolve into a long and tiresome contest. Three arrests were made to-day. Deputy Sheriff Jenner left the city this morning supplied with an armful of papers which have been served upon President Lewis D. Miller of the Chautauqua Assembly, and Policeman Benmis, who arrested C. H. Wade of this city, and Leroy G. Dale, on the occasion of the recent trouble at Chautauqua. The papers in the case consist of a Supreme Court summons and complaint directed against Lewis D. Miller and Policeman Taylor, accompanied by an order of arrest, in which bail in the sum of $2000 is demanded.

In the affidavit and complaint Mr. Wade sets forth that at the time of the annual meeting of the cottage owners he appeared in a lawful capacity and that Policeman Taylor, by order of President Miller, illegally arrested him without any reasonable cause or justification, and demands judgment in the sum of $5000 together with the costs of action. Leroy G. Dale, who acted as chairman of the bolting meeting and was arrested with Mr. Wade, makes out a similar case against President Miller and Policeman Benmis, demanding damages at $5000 with costs for action. The cases call for $20,000. John E. Wilson and C. W. Coffield swear they are worth $10,000 above their debts and liabilities, and pledge themselves to become responsible for the costs of the action in the event of the failure of Mr. Wade to make out a case. It is understood that Chancellor Vincent has threatened that there would be no program at Chautauqua in 1888, and that the gates would be closed unless the cottage owners submitted to the decree of the management. The arrest caused great excitement.

LETTERS FROM STANLEY.

On June 19 the Explorer Was Pushing on to Emin Bey.

LONDON, Aug. 20.—In the letters of Henry M. Stanley, written at Gambuya, near the rapids of the Aruwimi, June 19, the explorer says the natives evacuated the place upon the arrival of the expedition owing to fright produced by the vigorous blowing of the steamboat's whistle. They return d afterward, evincing a very amiable disposition, and promised to supply the expedition with provisions. They informed Mr. Stanley that there were other rapids higher up more difficult of navigation and that further progress by river would be impossible.

Sir Francis de Winton, President of the Emin Bey Relief Committee, commenting on the letters, says he calculates that by this time Stanley and Emin Bey have met.

CABLE ITEMS.

The German Reichstag will assemble at the beginning of November.

The alarming reports regarding the condition of the Emperor William are declared to be without foundation.

The Duke of Marlborough is a passenger on the Cunard steamer Umbria, which sailed from Liverpool for New York on Saturday.

Mr. Sexton will be inaugurated as Lord Mayor of Dublin on New Year's Day. Mr. Gladstone has been invited to the inaugural banquet.

A despatch from Vienna to a Paris paper says that the Bulgarian Government has ordered 25,000 repeating rifles from an American firm.

Children Cry for Pitcher's Castoria.

A WAR-TATTERED TROPHY

THE ROYAL CANADIANS SENDING THE COLORS HOME.

A Young Farmer Killed in a Runaway Accident Near Ottawa—A Boy Robs His Employer of $127—A Young Man Released From the Penitentiary.

OTTAWA, Aug. 21.—In the spring of this year representations were made to the Canadian Government, through the War Office and the Colonial Secretary, that it was the wish of all ranks in the 1st Battalion of the Prince of Wales Leinster Regiment (Royal Canadians) to offer the old colors of the battalion to the Dominion of Canada. Sir Adolphe Caron, the Canadian Minister of Militia, has now recommended that the present be accepted with thanks by the Dominion Government, with a view to their being suitably cared for as a memento of the distinguished corps which formerly carried them. The Canadian Government had decided accordingly and the colors will shortly be forwarded to the Dominion.

Found Dead on the Road.

Last evening a young man named Robert Curran and a friend named Johnson, both of the township of Gloucester, left the city together on their way home. Both were together in Johnson's wagon, Curran's team and wagon being hitched behind. After driving some distance that way Curran got into his own wagon and attempted to pass Johnson, who playfully drew across the road to prevent him. Curran pulled up and Johnson drove on but had not gone far when he heard Curran's team coming up at a rapid rate, and pulled out of the road to let them pass, which they did at a furious pace, having run away. Curran was not in the wagon, and going back a little Johnson found him lying on the road dead with his skull fractured. The horses had evidently been frightened in some way, and starting suddenly threw Curran out, his head striking a large stone and killing him instantly.

He Knew the Combination.

Harry Throsbag, a lad of about 18, who came from Montreal about eighteen months ago and got employment with Dr. C. C. Stackhouse, surgeon dentist, skipped out on Friday night with $127 and is supposed to have gone to Toronto. Dr. Stackhouse is away, and his landlord was looking after his office for him. About 8 o'clock on Friday Throsbag went to the landlord for the key of the office, saying there was a small job which was wanted early in the morning and he would go to the office and finish it. He returned the key in half an hour. He knew the combination for opening the safe, and when the landlord went to it yesterday morning he found that Throsbag had made use of his knowledge and decamped with all the money there was in the safe.

Released from Penitentiary.

William Black of this city, one of five young men sentenced to imprisonment for life for rape on Miss Trueman two years ago, has been pardoned and released from Kingston Penitentiary, it having been shown that this was a case of mistaken identity, Black not being one of the five men who assaulted Miss Trueman. An attempt to prove an alibi was made at the trial, but was unsuccessful. Since their incarceration the other four prisoners have made affidavits exonerating Black, and other evidence has been adduced to show that he has been mistaken for another party who removed to the States shortly after the outrage.

CUTLER'S NEW LINE OF ACTION.

He Discovers a Flagrant Abuse of the Marine Law by a Canadian.

BUFFALO, Aug. 21.—A Lockport special to The New York Tribune says: "Steamboat men on the Niagara River below Lewiston at Youngstown have made complaint to the Collector of Customs O. W. Cutler, at Suspension Bridge, of the flagrant abuse of the marine law by the str. Chicora between Lewiston and Toronto. The boat is a Canadian one and stops daily at Youngstown and then goes to Lewiston, another American port. A penalty of $2 for each passenger carried by a foreign vessel between two American ports is fixed, and the management of the steamer have been warned that they will be held to the law."

This will be news to the steamboat men on the Niagara River below Lewiston, and some one should hasten to tell them. The seekers will need magic appliances to find the steamboat men referred to, as their existence doesn't seem to be prominent. At least well-informed residents of the river locality below Lewiston at Youngstown do not know where to look for the complaining steamboat men. Collector Cutler is probably working a new take, his anti-Canadian labor crusade not having materialized to his complete satisfaction.

THE TAY CANAL.

Expected to be Open for Navigation in a Couple of Weeks.

OTTAWA, Aug. 15.—The Rideau Canal authorities state that the Tay Canal, which is about seven miles long, and joins the Ottawa near Oliver's Ferry, will probably be completed in two or three weeks, and will be opened for traffic at once.

THE LOST CITY OF MONTREAL.

No Tidings of the Boat That Sailed Away With Thirteen Occupants.

NEW YORK, Aug. 20.—The New York agency of the Inman Line Steamer Company received no further news to-day regarding the burning of the City of Montreal. The office was quiet, and the usual routine business proceeded just as if nothing untoward had happened. Notwithstanding the publication far and wide of the list of missing passengers, no anxious relatives appeared to ask about their safety, and even if they had the company could only have told them that they also were as yet in the dark as to whether the first boat that left the doomed vessel's side had been picked up. They still cling to the hope that it had, as it was in the direct course of ocean ships.

A curious feature of the disaster is the comment excited in some quarters by the fact of the missing boat containing the number of thirteen. That there were not more in a boat that could easily have held many more is said to be attributed to the cowardice of the thirteen who, in their anxiety to save themselves, pushed off before the life-boat had its full complement. Although there were several women and children on board, not one was taken in the boat.

Nothing definite has been learned about the insurances. The City of Montreal was undoubtedly fully insured. The company will compensate the passengers for their losses, and in all probability as many as desire it will be returned to this country without further charges. The official report of the occurrence will in made to the Liverpool Chamber of Commerce before the shippers to whom the cargo belongs can recover the amounts of their insurance.

There were rumors in maritime circles yesterday of a probable agitation in favor of laws forbidding the loading of cotton on passenger-carrying ships. Cotton is not a dangerous material in itself, but it possesses the peculiar property of treasuring up a little spark for days and weeks, and this spark is almost certain to cause a fire that cannot be extinguished.

A SMASH-UP AT HAMILTON.

Part of a Train Runs Down a Grade and Collides With an Engine.

HAMILTON, Aug. 20.—Freight No. 69 left for the west at 2 a.m., and as the train was light no pilot was sent along to help it up the long grade to Copetown. About half way between the Desjardins junction and Dundas station the train came to a stand owing to the fact that the one engine did not furnish sufficient motive power. The train was cut in halves and part went on to Dundas, while the caboose and four loaded freight cars were left standing on the track. After awhile they began moving down the grade to Hamilton station and started back at a speed that increased continually. No obstruction was encountered on the way until the cars ran right up the yard within a few hundred yards of the station. There a pilot engine barred their further progress. The caboose dashed into it, completely wrecking it and two lumber cars following. A brakeman sleeping in the cupola on the roof of the caboose escaped without injury, although nearly every part of the car was knocked into splinters. Robert Martin, driver of the pilot was rather badly shaken up but not seriously hurt. The pilot was badly wrecked. The track was cleared by 8 o'clock and no delay took place.

BACK AT DALHOUSIE.

Sir John and Lady Macdonald Conclude Their New Brunswick Trip.

DALHOUSIE, N.B., Aug. 20.—Sir John and Lady Macdonald arrived here last evening, having concluded their New Brunswick trip. Sir John was very much fatigued, having answered three addresses, made two speeches and shaken hands with over 2000 people in one day. He intends remaining quietly here a week to recoup, as he finds the air here very invigorating.

The fishing here is very fine—a party of Toronto and Montreal gentlemen caught 250 trout in the Nouvelle River on Thursday, and Mr. Munro, Manager of the Bank of Montreal, Chicago, accompanied by Mr. Woodruff of Ottawa, caught nearly one hundred pounds of codfish to-day in one hour within a hundred yards of the hotel.

Among the late arrivals here are: Mr. John S. Hall, M.P.P.; Mr. and Mrs. Torrance, Mr. Sinea on White and Mr. C. E. Howard of Montreal; Messrs. Travers, Lewis and James Fletcher of Ottawa; Mr. F. Wyld and family of Toronto; Mr. Vandyke of New York; Mr. and Mrs. Jas. Shannon and Mr. Lewis Shannon of Kingston; Lord Alex. Russell and his son, Capt. Russell, A.D.C., of Halifax.

THE CHOLERA PLAGUE.

Decreasing in Italy But Holding Its Own in Malta.

ROME, Aug. 17.—King Humbert has sent $6000 to be used in relieving distress in the cholera infected districts. The King's liberality has greatly stimulated private donations.

The latest reports show that the cholera is fast decreasing everywhere. In Palermo yesterday only three new cases and two deaths were reported. At Naples and Resina there are only isolated cases.

LONDON, Aug. 17.—There were ten new cases of cholera and five deaths at Malta during the last twenty-four hours.

MONDAY, AUGUST 22, 1887.

THE KINGDOM OF ITALY.

Sir Charles Dilke has recently contributed a very interesting series of articles on the great powers of Europe to the pages of the *Fortnightly*, and his shrewd comments on the present condition of affairs have attracted universal attention during the past few months. No writer is better informed on the resources of European countries, and his views are consequently of no light importance. He shows that Italy well deserves the title of the sixth great power, and speaks highly of her position in the commonwealth of nations.

The accession of Italy to the Austro-German alliance secured, for a time, the peace of Europe. Russia, at that time, was meditating an attack on Austria, relying on the French, yearning for revenge, to balance the possible intervention of Germany, but she drew back when she discovered Italy would be in coalition against her.

Italy is, in fact, a great and growing power, with fewer dangers than any of the others to contend with. She is free from Nihilists, unlike Russia, and she has no race difficulties like Austria. She does not suffer like Germany from a weak military position between two first-class military powers; she has not a dearth of statesmen like France, nor is she burdened like Great Britain with enormous responsibilities and military unreadiness to meet them. She has the advantage of a fixed and continuous policy. There is no important difference of opinion among the great body of Italians about any material questions of foreign or domestic policy. Parliamentary strife is simply a succession of personal struggles. She is, therefore, at at peace without and within.

Italy possesses a good navy. It is often said she spends too much money in this way, and it would be better employed in extending her commerce, promoting education, suppressing brigandage, and generally developing her resources. The writer in the *Fortnightly* thinks otherwise. He says her position as a kingdom, with an immense coast-board, and threatened by France on all sides, necessitates the combination of a large army and a powerful fleet. We cannot speak very confidently of her army. She has a large force on paper, but good judges say it is really less than that of Austria. But her fleet consists of enormous sea-going ironclads of the first class, larger, stronger, swifter, and more heavily armed than any afloat. If her army is the fifth, she has at least, the third navy of all the powers. It is pleasant to think, however, that nothing short of a European war would be likely to bring Italy into the field. She has no enemies who are watching for opportunities of attack upon her, and no ambitions which would lead her to become the aggressor. Some in the kingdom would like to provoke a war with Austria that they might secure the Tyrol. But these are an insignificant minority. Most Italian statesmen would, of course, like to add the Tyrol to Italy, because the population is really Italian in feeling, as well as language, and it would substitute a strong for a weak frontier. But they look forward to obtaining it, not by war, but by a friendly arrangement with Austria perhaps as a reward for service rendered in a war with Russia. The only real difficulty of Italy is the Papacy. Leo XIII is not a subject of King Humbert. The Vatican forms no part of the kingdom and the Pope exercises an absolute freedom from secular control. He is, however, confined within the limits of the Vatican and his palaces, from the simple fact that he will not tread on soil which is the prey of an usurper. Still the conflicting claims of Church and State may yet be adjusted under the wise and conciliatory guidance of the present pontiff. All should fervently desire this, because it would not only conduce to the general welfare of western Christendom, but it would strengthen the peace of Europe, for a strong Italy might secure in the future, as it has done already an alliance with other nations too powerful to be attacked by any European power.

George Street, Peterboro, and Queen St. West, Toronto. N. B.—Wholesale and Retail.

GOUGH

The Acknowledged Clothier of the Age.

THE MANITOBA RAILWAY WAR.

An Injunction to Restrain Contractors on the New Line Applied for.

WINNIPEG, Aug. 20.—The first blow has been struck against the Red River Valley Road. To-day an injunction to restrain the contractors from crossing certain lots on the line owned by a Mr. Browning, an agent of the Canadian Pacific Railway, was applied for and granted. The application was ex-parte and stands until next Wednesday, when a motion will be made to continue. The bill of complaint sets forth that the land was graded within a short distance of the lots; that the intention of the contractors was to cross them forthwith, and that unless an injunction was issued at once a dumping car would be constructed and the values of the lots seriously impaired. The prayer was that Premier Norquay, Minister of Public Works Wilson, and the contractors be restrained from building the grade, laying ties or rails, and in any way constructing the road across the lots.

To-night a messenger from the scene bears the important news that the entire outfit of contractors turned out and, by working like beavers all day, succeeded in constructing the grade across the lots for which the injunction was issued.

FIRE AT MARKHAM.

Property to the Value of $16,000 Destroyed—The Amount of Insurance.

MARKHAM, Aug. 21.—Shortly before 3 o'clock this morning a fire broke out at the rear end of The Markham Sun printing office. The fire spread very rapidly, and Mr. Chauncey and family barely escaped with their lives. The fire extended south, burning Mr. Fleming's piano and organ store, owned by Mrs. Marr, and two stores and dwellings owned by Mr. Moore of Eglinton.

On the north side Mr. H. B. Reesor's beautiful residence caught fire on the cornice. The Speight Manufacturing Company's powerful steam pump began to play as once, but being short of hose had to send to Clarry & Robinson's Woolen Mill for extra hose before the stream could be brought to bear on Mr. Reesor's house which, being farthest away from the pump, was nearly consumed.

Loss on H. B. Reesor's house, $3000; on contents, $500; insured in the Waterloo Mutual, on house, $2000; contents, $300. The Sun printing office and dwelling and stable, owned by J Robinson, loss $2000; insured in the British American for $1000. Mr. Chauncey's loss on presses, type, plant, paper, store goods and household furniture, about $7500; insured in different companies for $5000. Mr. Fleming's dwelling, owned by Mrs. Marr, loss about $2000; insured for $1200. Mr. Moore's loss, $1800; insured for $600. Cause of fire unknown.

B. B. B. Stood the Test.

"I tried every known remedy I could think of for rheumatism without giving me any relief, until I tried Burdock Blood Bitters, which remedy I can highly recommend to all afflicted as I was." Henry Smith, Milverton, Ont. 2w34d

We Caution All Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price 50 cts. eodw34

SMOKERS.

FOR DEEP SEATED COLDS and Coughs, Allen's Lung Balsam cures where all other remedies fail. mtdw

An Undoubted Opinion.

"I was severely troubled with diarrhœa and having used some of the wonderful Dr. Fowler's Wild Strawberry, I was in a short time completely cured. I can recommend it as a splendid medicine." Wm. A. Stafford, Shedden, Ont. 2w34d

Have You Tried it?

If so you can testify to its marvellous powers of healing and recommend it to your friends. We refer to Dr. Fowler's Extract of Wild Strawberry, the grand specific for all summer complaints, diarrhœa, cholera morbus, dysentery, cramps, colic, sickness of the stomach and bowel complaints of infants or adults. Let its merits be known to all who have not used it. 2w34d

The Last Year, 1887.

After the above year is ended there need be no person suffering from Rheumatism, Neurrigia, Toothache, Headache, Lumbago, or any acute pain, if they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by John McKee, Druggist. eodw31

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaint, Indigestion and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50cts. and $1 bottles at John McKee's Drug store. eodw31

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

BASEBALL SATURDAY.

All the Scores—The Standing of the Three Leagues.

NEWARK, N.J., Aug. 20.—Umpire Grace Pearce gave less satisfaction here to-day than in the previous game, and seems determined to get himself into trouble as much as possible. His decisions were very faulty throughout and he was badly roasted by the crowd, even while favoring the home team. Some 2500 spectators saw one of the best games of the season. In the early innings the Torontos batted Stovey hard. An unfavorable wind knocked out his control of the sphere. The wind died out after the third inning, however, and from then until the close of the game the Torontos were confined to three scattered hits. Except for an excusable error by Fields and a fumble by Smith, the Newarks played a clear game and gave Stovey brilliant support. Errors at short and in right and left field by Toronto did not materially affect the score, which is as follows:

NEWARK.	R.	M.	O.	A.	E.	J.	M.	TORONTO.	R.	M.	O.	A.	E.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, 'all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain. eodw

Very Valuable.

"Having used B.B.B. for biliousness and torpid liver, with the very best results I would recommend it to all thus troubled. The medicine is worth its weight in gold." Tillie White, Manitowaning, Ont. 2w34d

SALVATION FOR SHAREHOLDERS.

They Will Probably Come Out Unscathed —How Things Look Now.

LONDON, Aug. 21.—Although this is Sunday, still there has been a good deal of talk in town over the suspended Bank of London. It has been about the only thing that has received any attention in business circles and around the hotels. It has in a sense cast a gloom over the city. From the towns where the bank has branches come much enquiry and anxiety. These are Ingersoll, Dresden, Brantford, Watford and Petrolia. They are all more or less affected by the suspension.

Mr. W. R. Meredith was in Toronto on Saturday in connection with the suspension, but he returned to town the same evening. Mr. T. G. Blackstock of Toronto arrived here this evening. It is said he will make an important move to-morrow, but in what direction is not yet known.

It is not at all probable that the liquidation of the bank's affairs—if liquidation is necessary, which is not certain—will cause much loss to the shareholders. There can be no loss to the depositors or billholders, and for this reason: The amount of subscribed capital is $1,000,000, of which $212,973, or 20 per cent., is paid up. This leaves the shareholders liable for the balance, 80 per cent., and another million dollars—bank stockholders in such cases are liable for double the face value of their stock—making a total of $1,787,027. From this, however, will have to be deducted the $312,400 held by the absconding president, Henry Taylor, on which it is not likely anything to speak of can be realized. As the shareholders are mostly wealthy men, they will be good for any losses that could possibly have been sustained. This of course is looking at the matter from the worst point of view, as unless the bank's affairs have been so managed as to conceal the evidence of losses from the keen eyes of the Bank of Toronto's experts, the shareholders will be at the loss only of the cost of liquidation which would probably amount to in the neighborhood of $50,000. And it is not at all likely that there is anything wrong with the bank's books or that they show the condition of affairs in other than their true light, otherwise Taylor would not have taken advantage of the recent depreciation of its stock to buy in wherever he could get his hands on it, intending, probably, to realize when the temporary trouble had subsided.

There is no longer any doubt here that President Taylor's failure to appear when wanted to settle the transfer to the Bank of Toronto, was owing to fear of actions that might be taken against him in connection with Ontario Investment matters. There is where the whole trouble has arisen. The enquiry into its affairs has not yet concluded, but there is no doubt that things are about as bad as they can be. At least one stockholder in that concern believes that not only has the entire reserve of $500,000 been swept away, but a big hole made in the capital as well. Here comes in a very curious story if true. It is to the effect that Taylor when in London, England, placed $100,000 worth of bonds in the hands of a broker to sell, that the broker sold and immediately went into bankruptcy, that a liquidator was appointed who failed to liquidate, and hence a loss of $100,000 to the company. If this report be true then it need not be wondered at that Mr. Taylor does not wish to return to Canada at present.

It is almost certain that when Taylor went away it was with the intention of returning. Had he intended quitting the country for good he would not have sunk any money buying up bank stock at a low figure, he would have taken with him the 20,000 he drew before leaving and he would have cashed several thousand dollars worth of negotiable paper that he left behind. It is pretty certain that after he reached Alexandria Bay the news was received that decided him to remain. As to the Investment Company, if one-half the rumors about its affairs that are going about are true, the report of the investigating committee will tell the story of a financial disaster beside which the bank suspension will be a mere trifle.

London Stock and Money Market.

LONDON, Aug. 20.—The demand for money hardened during the week. The American demand for gold has been diverted to Paris, which is now the cheapest market. The probable further extent of the American drain is anxiously discussed. To-day money was abundant at 1. Three months' discount was firm at 2⅛ to 2⅜. On the stock exchange foreign securities were almost at a standstill. In American railroads there was an indication of a hopeful feeling, but after the firmness of the earlier part of the week there was a reaction on the small amount of Government bonds purchased by the treasury.

Liquor Dealers Blacklisted.

MONTREAL, Aug. 20.—The Supreme Court of Foresters are in session here and have resolved that bartenders, saloonkeepers and hotelkeepers in whose houses intoxicating liquors are sold be put in the protestant class.

To Cure Pain.

The means which may be readily and successfully employed to relieve pain are important and should be known by all. We give you the name of the best remedy in the world for pain, and the information that a 10 cent sample bottle can be purchased at any drug store. Polson's Nerviline, the new sure pop pain cure, will never fail you in time of need. Nerviline is a safe and prompt cure of all kinds of pain, neuralgia, cramps, toothache, headache. Sure always. Ten and 25 cent bottles at drug stores. 6dw34

Without Equal.

Wilson Montrose, of Vienna, Ont., having used Dr. Fowler's Extract of Wild Strawberry in his family for summer complaint, says, "I cannot speak too highly of it, for children as well as aged people troubled with diarrhœa it has no equal." 2w34d

A Good Corn Sheller for 25c.

A marvel of cheapness, of efficacy, and of promptitude, is contained in a bottle of that famous remedy, Putnam's Painless Corn Extractor. It goes right to the root of the trouble, there acts quickly but so painlessly that nothing is known of its operation until the corn is shelled. Beware of substitutes offered for Putnam's Painless Corn Extractor—safe, sure and painless. 6dw34

A Valuable Discovery.

F. P. Tanner of Neebing, Ont., says he has not only found B.B.B. a sure cure for Dyspepsia, but he also found it to be the best medicine for regulating and invigorating the system he has ever taken. B.B.B. is the great system regulator. 2w34d

McGregor & Parke's Carbolic Cerate.

TO Contractors and Builders

Drain Tile Pipe.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

George Street, opposite the Market. d

COLD MEDICATED.

N. WASHINGTON
M. D. L. C. P. S. O.
Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR,—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thus troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. DUNN,
C. P. R. Agent, Peterborough Ont.

P. S.—Use this as you deem prudent.—J.P.D. d143w26

Thursday Afternoon Excursion.

Steamer Golden Eye will run to Jubilee Point leaving Peterborough wharf at 1 p.m., returning at 9 p.m. Round tickets, 50 cts. To Faucher, 25 cents. CAPT. MCDONALD. 2d44

THE cooling rain can not suit the thirsty ground any better than the low price of KIDD'S boots suits purchasers.

A General Holiday.

A singular circumstance, not frequently occurring is this. The pulpit of every Protestant Church in town, except St. John's, was filled by a stranger yesterday.

Just opened out at Turnbull's, New Shades in Fall Dress Goods, and Fancy Watered Plushes to match.

Off for Toronto.

This morning several marksmen of the Peterborough Rifle Association left by the 8:39 C. P. R. train for Toronto to take part in the matches of the Ontario Rifle Association. They were, Lieut. W. H. Hill, Private W. A. Bell, D. Cameron, A. Blade, and Geo. Fitzgerald

Missing.

A girl named Hannah Huffman, aged 17, low set, five feet four inches in height, dark complexion, heavy dark brown hair, a scar caused by a burn under the chin, dark brown eyes, a mole about two inches square on the left arm above the elbow, is missing from her home since 3rd March last. Anyone knowing of her whereabouts should address Robt. Huffman, Millbrook.

To Meet the Demand.

To meet the demand for lots Mr. Dumble is throwing into the market 30 lots lying east of the Dixon Dam being subdivision of Block N. The lots are 50x20 feet. They are to be sold by auction on the 6th of September. This part of Ashburnham has taken a spurt, and as the land is well situated and quite close to the centre of the town, there will, no doubt, be a big rush for them. 2d44

Suits made to order promptly, and at Prices to please everybody, at Turnbull's

The House Moving.

The house being moved westward on Charlotte street by Mr. McCarthy is gradually approaching its destination—but not, it appears, without some civic complication. The house had arrived pretty close to the Charlotte street bridge, and the civic authorities fearing that the bridge would collapse under the weight of a house built of the ponderous timbers of pioneer times, served Mr. McCarthy with an injunction to restrain him. The latter has, he says, been guaranteed the right of way and will proceed with the fulfillment of his contract.

Range and Rifle.

The following is the score of the practice match at the ranges on Friday, accidentally omitted from Saturday's edition of the EXAMINER:—

	200y.	400y.	500y.	600y.
Pte. W. A. Bell	21	20	27	16—84
Lieut. W. H. Hill	25	20	17	17—79
R. Smith	22	22	20	11—75
D. Cameron	—	27	34	13—66
D. Bellingham	19	18	20	8—65
John Campbell	—	20	25	7—52
R. Pentland	—	16	17	0—32

These are pretty fair scores, especially considering the strong wind which was blowing across the range at the time of shooting.

Central Exhibition.

A splendid mammouth three sheet poster was issued from the EXAMINER Printing Office on Saturday announcing the holding of the Peterborough Central Exhibition on Tuesday, Wednesday, Thursday and Friday October, 4th, 5th, 6th and 7th. The bill is printed in four colours and tints and presents a most effective display, and admirably serves the purposes of a poster. In arrangement, printing etc., it is a fair sample of the locally unsurpassed facilities of the EXAMINER Office for turning out artistic printing in a style equal to the work of the city printing offices.

Children Cry for Pitcher's Castoria.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.50. Call and see them.

HARD TIMES could never come to Peterborough if all goods were sold as low as KIDD sells boots and shoes.

A Fatal Alarm.

Through some inexplicable cause a fire alarm was rung from signal No. 4, Edgecombe's grocery, on Saturday afternoon. The brigade turned out as promptly as though their services had been required.

Lorrame Excursion.

The Golden Eye took a considerable number down the river this morning on the Riverside Lorrame Excursion. The boys and their many friends, doubtless spent an enjoyable day.

Advertising the Exhibition.

The directors of the Central Exhibition seem determined to have the Central Exhibition well advertised. Having procured excellent posters, they are determined that they shall be well placed, and Mr. Joseph Tully, one of the directors of the Society, left this morning for Tweed, where he begins the work of posting them, working westward.

Collegiate Institute.

The head master requests the announcement that the Peterborough Collegiate Institute will re-open on Monday, August 29th. It is particularly requested that all contemplating attendance the coming term will be present, so that the examinations for proper grading may be held, and include all the students.

A Sunday Runaway.

On Sunday afternoon, about six o'clock, an Emily farmer was driving in the western part of the town. His spirited horses suddenly shied, bolted into a ditch, became unmanageable and ran away. The pole broke and the point thrust into the ground, stopped the wagon suddenly, and threw the driver flying a considerable distance clear of the wagon, the horses in the meantime getting clear. A spectator thought the gentleman would have been killed or seriously injured, but in a moment he sprang to his feet and made after his horses, which had been caught. It was a remarkable escape.

Just opened out at Turnbull's, a handsome Range of Boating Shawls, New Styles.

A Mighty Maskinonge.

Mr. Harry Denne Jr., while trawling in Stony Lake near Burleigh, this morning hooked a monster maskinonge and had the pleasure of a game tussle with the big fish before he succeeded in getting him under the thwarts. He had to kill him while in the water, and then he was able, with considerable effort, to get him in his canoe. The fish weighed 28½ pounds and is by all odds the catch of the season in these waters. He was considered too large for cottage consumption and was brought to town. He was exposed to public view and admiration at the door of Messrs. Elliott & Tierney's grocery store, George street. For he's a jolly big fellow which nobody can Denne-y.

Chemong Lake Notes.

One of the EXAMINER staff made a pilgrimage to Chemong Lake on Sunday. He found some four or five Peterborough families sojourning among the beautiful trees in Chemong Park. The cottagers all speak in most glowing terms of Mud—excuse the English translation—Lake as a summer resort. One of the sights that occasionally amuse the campers is that of a lady cottager and her gentleman friend, both fittingly attired, giving an exhibition of equestrianism and swimming. They ride a stalwart horse, the gentleman sitting and the lady standing, some distance into the lake, when both take headers from off the horse into some twelve or fourteen feet of water letting the animal swim to shore some 300 pounds lighter.

Just opened out at Turnbull's, the Kabo Corset (entirely new) warranted not to break or roll up with one year's wear.

Central Park.

Operations are slowly going on in the work of improving Central Park. On Monday one man only was employed. It is probable that the work will be so advanced this season that the lawns may be put to grass this fall. Meanwhile the drinking fountain is a broken cistern which holds no water. The blame of this Sahara-like condition of the fountain is sometimes attributed to the Water Company, but it appears they have done their part, as the connection with the mains have been made. The authorities in connection with the erection and maintenance of the fountain have their share to do. An ice-box should be placed under the walk in front of the fountain to cool the water. Whoever has power and authority to move in the matter should do so. The hot season is pretty fully past and it is possible that the fountain may be put in working order when the wet season comes on and we have rain seven days in the week and wells are overflowing.

The Lindsay R. C. Pic-nic.

Arrangements have been completed for the R. C. Pic-nic which will be held in the Agricultural grounds, Lindsay, on Wednesday, Aug. 31st. An excursion from Peterborough will be run in connection with the pic-nic which promises to be of unusually interesting and attractive character. Games and sports will be presented in a most complete manner. A lacrosse match for a trophy—a silver cup valued at $20—will be played between the Riversides and the Y. M. C. A. club of Lindsay; a baseball match between Peterborough and Lindsay will decide the ownership of a valuable silver cup. Return ticket from Peterborough at single fare. The Lindsay Brass Band will meet Peterborough excursionists at the train and heads procession of the visiting clubs to the hotel and to the grounds. Valuable prizes will be given for the usual athletic sports and amateur races and cash prizes for professional races. A platform for dancing and a first rate string band will be another attraction. This promises to be the pic-nic of the Mid- and District.

Personal.

Rev. R. J. Beattie of Guelph, is visiting friends in town.

Mr. D. Creighton, M.P.P., North Grey, is in town to-day.

Rev. J. Campbell, of Listowel, who is visiting friends in town, conducted the services and occupied the pulpit of St. Andrew's Church Sunday evening.

Mr. J. B. Hutchins spent Sunday in town. At the evening service in St. Johns choir he was in his old place in St. Johns Church and rendered a delightful tenor solo during the offertory.

Outside Demonstration Echoes

Complimentary Comments on Peterborough's Odd-fellow Reception.

Those journals who have taken the trouble to notice the recent visit of the Oddfellows to Peterborough, have spoken in the most flattering terms of the entertainment in which Peterborough entertained the visiting Oddfellows and the militant brethren, as well. The EXAMINER, with just pride in the good name of the town of Peterborough, has had much gratification in publishing some of these kindly tributes, and submits the following addition:

The Dominion *Oddfellow*, the official organ, in prefacing its report of the proceedings of the Grand Lodge week says:—

In the evening the representatives to the Grand Lodge arrived by every incoming train, and soon all hotels were full—"Standing room only" being the cry heard on every side—yet after patient waiting, and a little manipulation here and there by the chairman of the Hotel Committee, Bro. E. E. Henderson, every brother who had by forethought secured his room got it; those who did not, got comfortable quarters, so that, with the rarest exception, every one was comfortably located. The evening was given over to welcome and cordial greetings. The members of the local committees were ubiquitous, and a complaint of any kind had but to be expressed before it was remedied by some brother who had charge of the department complained of, but complaints were so rare that probably they should not be referred to. We would like to give the names of every member of the vast committee of gentlemen and ladies, but have not got them all. Bros. R. W. Bell, M.D., D. H. Moore, J. E. Stratton, A. Macfarlane, E. B. Hamilton, Thomas D. Workman, A. McNeil, as chairmen of committees, did their work so well that it would be hard to suggest in what way a repetition of their work could be improved, and they were each so ably aided by the members of their several committees, that

EVERYTHING PASSED OFF WITHOUT A HITCH.

The arrangements for the Cantons were simply perfect. The wings of the large drill shed were filled with elegant bedsteads, each provided with the best of clothing, and here the Cantons and bands were quartered, the officers having a separate and private mess, where General J. C. Underwood, who was present, had a separate room, preferring to be with his "boys" to having the parlour and bedroom provided for him at the "Oriental." The first night, Tuesday, was marked by a short allowance of sleep.

The whole force had their meals in the lower portion of the rink, where three times each day the tables were spread with everything that the season produced or the appetite could ask for. These tables and the eating department were presided over in the most complete manner by the following ladies, under the charge of Bro. R.R. Hamilton, Chairman of the Refreshment Committee:—Mrs. S. White, Mrs. R. Nimmo, Mrs. D.H. Moore, Mrs. Wm. Galley, Mrs. A. McFarlane, Mrs. J. Stanger, Mrs. J. Gilmour, Mrs. J. Stratton, Mrs. J. R. Stratton, Mrs. Wm. Mand, Mrs. Helm, Mrs. Bacon, Mrs. Herrington, Mrs. John McKee, Mrs. R. R. Hamilton, Miss Tully, Miss Walton, Misses Webber, Miss Galliye, Miss White, Miss Mellville, Miss Renolds, Miss Gallesly, Misses Evans, Miss McMillan, Miss Errett, Miss McLeod, Miss Brown, Miss Weir, Miss Irwin, Miss Sears, Miss Norton. Too much praise cannot be given to these ladies for the trouble, time and expense they expended in entertaining their guests, the Uniformed Branch of the Order. Bro. T. D. Workman was chairman of this entire department.

It would take two or three times the space we can give to it to tell of all the courtesies and hospitalities extended by the Peterborough brethren and sisters; so during the next few issues we will give such of the important events as we can get together until the beautiful story is all told; and if told in aught but simple language, much of it would appear like fiction.

A SEMI-SECULAR OPINION.

The Whitby *Gazette* says:—Several of the Oddfellows of Whitby and vicinity visited Peterborough last week during the session of the Grand Lodge in that ambitious town and if they did not get their money's worth of fun they were very hard to please. The several cantons of patriarchs militant were quartered in the curling rink. We have seen that old rink fairly shake with the hilarious uproar that prevailed at a curling carnival but that was a tame affair when compared with the merry making that prevailed last week. * * The street parade and the fancy drill of the several uniformed cantons was worth miles of travel to see and was well worthy the noble order under whose auspices it was held. The town of Peterborough looked its handsomest and the citizens did everything possible to aid the local societies in carrying out their extensive programme. The trip to Stony Lake was delightful, despite the rain of early morning which frightened away many from undertaking it. On Thursday night a lodge of instruction was convened that was said to be the best ever held at a meeting of the Grand Lodge. Oddfellowship should boom in the Midland district as a result of such a grand demonstration.

Our Summer Temperature.

The Record of the Summer of 1887.

The report of the Ontario Bureau of Industries gives the following information respecting the temperature during the past portion of this summer:

The summer temperature and sunshine records of Ontario this year show considerably higher averages than those of the five years 1882-6, but the average of rainfall is considerably less. The mean temperature of May was 8° to 10° higher; of June, 1° to 2°; and of July, 6°; while the highest temperature exceeds the highest in the five years by 7½°, the July record ranging from 90° in Simcoe to 100° in Hamilton. The sunshine for May was 40 hours and for July 41 hours in excess of the average of the past four years, and for June it was 30 hours less; for the stations from Toronto westward, the July average of this year was 321 hours, against 261 hours for the four years. The rainfall of the three months in the west and south-west, centre and east and north-east districts was 4 inches less than the average of the five years 1882-6, but only 1½ inches less in the north and north-west district. In the latter the fall of July exceeded the average by nearly an inch, being 1¾ inch more than in the eastern district and two inches more than in either of the others. The general effect of the long period of drouth was accentuated by the high temperature and clear sky which prevailed throughout the maturing stage of cereals.

You will find at Turnbull's the far-famed Alexandre Kid Gloves, cut to fit the hand, every pair warranted.

Lakefield vs. Peterborough—The Home Team Wins by an Innings and 37 Runs

A match was played here between the above clubs on Saturday, which resulted in an easy victory for Peterborough. The match was arranged on short notice, so the home team was not as well represented as usual. Peterborough batted first and scored no fewer than 227 runs of which Rutherford got 101, S. Ray 31 and Hatton, 24 not out. The Lakefield 1st innings reached only 58, Cooper getting 14 and James Watson 11. In their second innings, however they did much better, the score amounting to 114, of which Rowe got 30, R. C. Strickland 18, Martin 15 and Cooper 14, all in good shape. Martin, who is a very young player, gives especial promise of future capabilities with both bat and ball.

Phenix Ins. Co., of Brooklyn.

Report of Examiners Appointed by the New York State Superintendent of Insurance.

(*New York Times.*)

ALBANY, Aug. 12.—The examination of the affairs of the Phenix Insurance Company, of Brooklyn (not to be confounded with the *Phœnix of London, England*), conducted by Michael Shannon and John A. Horan, under the direction of Superintendent of Insurance Maxwell, shows a serious impairment of the capital. The company were organised in 1853 with a capital of $1,000,000, and has done an insurance business in all parts of the country, with heavy marine risks also. After a long investigation of the books of the company the examiners makes a report of the company's financial condition on Dec. 31, 1886, in which the liabilities are stated to be $578,980 greater than was reported in the annual statement to the department. They made the total value of the available assets $5,307,105.95, while the aggregate amount of liabilities is $5,404,085.39, showing an impairment of the capital stock of $97,959.43.

The examiners say:—"Having ascertained the financial condition of the company on Dec. 31, 1886, we next turned our attention to its condition on June 30, 1887. From the company's monthly statements we learn that its net assets on Dec. 31 amounted to $5,041,807.08, and on June 30, 1887, they amounted to $4,733,204.93, showing that in the first six months of this year the company lost $338,602.15. Adding this amount to the amount in which the capital stock was impaired on Dec. 31, 1886, we find that on June 30, 1887, the company's capital stock was impaired to the amount of $436,562.08. But the loss on the business was really much greater during the first six months of 1887 than the amount above stated, the actual loss being $485,389.93. The difference is due to a higher valuation of the real estate which the examiners do not think is justified. In January and July of this year the company paid semi-annual dividends of 5 per cent. each."

Superintendent Maxwell has directed the officers of the company to make a requisition on the stockholders to pay in the amount of the deficiency, or to call the Board of Directors together to take immediate steps for the reduction of the capital to $500,000, under the provisions of the statute applicable to such cases.

On the way Minden, Persia, destined for Turnbull's Dry Goods Establishment, fine Astrachan Mantle Cloths and Trimmings the correct Material for Mantles this Season.

PUT your foot in it! In what? Why in one of KIDD'S easy-fitting boots; and you can't help buying a pair when you hear the price.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

BIRTH.

TORONTO TOPICS.

The Strike of the Carpenters Ended at Last—Horrible Death of a Child.

TORONTO, Aug. 22.

At last the carpenters' strike is over. For three months it has lasted, and has collapsed somewhat suddenly. The number of men on strike has been growing smaller as the weeks advanced. Many had left the town and found work elsewhere. Of those who remained a section desired to recommence work on their masters' terms, whilst others were for continuing the strike. It had also transpired that there was nothing tangible in the suggested general strike, as the bricklayers and masons had entered into a three years' engagement with their masters and were in honor bound to keep to their stipulations.

These questions were fully discussed, and the present position of the dispute, as a well attended meeting of the strikers on Saturday morning in Temperance Hall. After a protracted discussion, during which a letter was read from the Masters' Association adhering to their position, it was resolved that the strike be terminated. The decision appeared to be very generally approved, and the meeting terminated with cheers for the committee who had conducted the strike.

There will be a pretty general resumption of work this morning.

A boy named George Ogg, aged 6 years, residing at 22 Harris-street, met with a horrible death on Saturday evening. With a number of other children he was playing about, while a large iron street roller was being driven past by David Milina. The little ones followed the horse, and endeavored to get a seat on the roller framework. The driver hunted them away several times, but they persisted in the dangerous amusement. George Ogg succeeded in getting a seat on the frame, and Milnie turned round to put him off, but before he could do so, the child had fallen under the weighty roller, which went clean over him, crushing his head to a regular pulp. Death was instantaneous. The body was at once removed to the home, where the child's mother became almost delirious upon seeing the mangled form. Coroner Stevenson was communicated with, but as the case was clearly one of accidental death he did not deem an inquest necessary.

Mothers.

There are upon the skin of every human being, child and adult alike, 2,000,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. tw30d

AFFAIRS AT THE CAPITAL.

Experimental Farming—The Ottawa County Writs.

OTTAWA, Aug. 22.—Mr. F. T. Shutt, a Fellow of Toronto University, has been appointed chemist at the Central Experimental Farm. Prof. Saunders and Mr. Shutt have just returned from a visit to some of the best laboratories in the United States where they have been inspecting some of the latest scientific discoveries and improvements. Prof. Saunders also made a trip to the Maritime Provinces and inspected a number of farms offered in Westmoreland, N.B.; Cumberland, N.S., and Kings, N.B., as sites for experimental farms. He reports the soil in both provinces better than he had been led to expect. He attended the summer meeting of the Nova Scotia Fruit Growers Association and made enquiries into the condition of agriculture and horticulture. The crops in both provinces have suffered a good deal from drought.

Mr. Jas. Isbester, contractor for the second section of the Cape Breton Railway, has returned from an inspection of the location, and reports everything in readiness to commence work at once.

The Ottawa County campaign is now in full blast, half a dozen meetings being held in different parts of the constituency yesterday. There appears to be some doubt as to the issue of the writ. Mr. Rochon, the Liberal candidate, who was in the city to-day, stated that he did not know when the writ would be issued.

The Macdonald Club held a meeting to-night and discussed the question of sending delegates to the Young Conservative Convention in Toronto next month.

Hon. Mr. Foster, Minister of Marine and Fisheries, and Hon. Mr. Carling, Minister of Agriculture, have returned to the city and attended council this afternoon, Sir Hector Langevin and Hon. Mr. Pope being the other members present. It is understood that only a few pressing departmental matters were attended to.

Lord Herschell, who was Lord Chancellor under Mr. Gladstone, arrived here to-day accompanied by Lady Herschell and Messrs. Butler and Williamson.

Sir Hector Langevin will leave for Montreal on Wednesday, and will accompany the Montreal Harbor Commissioners on their trip down the river on Thursday. He will go on to Quebec and return here early next week.

DEGRADED BY DRINK.

The Chief Officer of a Canadian Cruiser Meets Bad Company.

CHARLOTTETOWN, P.E.I., Aug. 22.—The Examiner prints the following telegram from Souris: Between sixty and seventy sail of American fishermen arrived here on Friday night in anticipation of a storm. The cruiser Vigilant was among the fleet. About 800 men came on shore and began indulging at the Scott Act hotels. The chief officer of the Vigilant fell in with some of the drinking parties and was drugged. Shortly after he was seen lying on a pile of rubbish behind the American Eagle, and while in this condition he was assaulted by the American fishermen, the buttons and bands of his uniform being torn off. Neither his rank nor the insignia of his position protected the unfortunate young man from the jeers and insults of the rowdy mob.

Collector Foley wired Capt. Gordon of the condition of affairs, and on Sunday morning the Acadia arrived on the scene and straightened out matters, taking the Vigilant away and placing her by the cruiser Critic. The unfortunate young officer is very penitent, crying like a child over his mishap.

A TERRIFIC STORM.

A Most Destructive Gale on the North Carolina Coast.

NORFOLK, Va. Aug. 22.—The Sea Coast Telegraph Line was repaired yesterday and information has been obtained showing that the storm which prevailed along the North Carolina coast on Saturday was one of the most destructive that has visited that section for years. At Kitty Hawk the gale blew away the apparatus for measuring the velocity of the wind at the signal station, and the observer reports that the fury of the storm was almost indescribable. He estimates the velocity of the wind at about 125 miles an hour, and states the damage to shipping in that vicinity must be unusually heavy. The telegraph line out of Kitty Hawk was entirely wrecked. The poles were torn out of the earth, broken into match wood and blown away.

After the Failure.

CONSIDERABLE TALK AT BRANTFORD.

BRANTFORD, Aug. 22.—The failure here caused considerable talk, but has not affected business to any great extent.

TRADE HURT AT DRESDEN.

DRESDEN, Aug. 22.—The failure of the bank has materially hurt trade, though the feeling is strong that bill holders and depositors will suffer no loss. The inconvenience to merchants and others, whose available capital is thus locked up for an indefinite period, has caused a feeling of depression. The effect will be felt for some time.

NO SERIOUS DAMAGE AT PETROLEA.

PETROLEA, Aug. 22.—The failure is too young yet to give a correct opinion as to the harm it will do. Several of our people are depositors, the Bank of London being the only chartered bank in town, and of late has been doing a good business. Too early yet to ascertain the extent it has affected business, but it has done no serious damage.

NO FAILURES AT INGERSOLL.

INGERSOLL, Aug. 22.—It will be only a temporary inconvenience. No failure caused by the suspension.

A Curious Relic of Old Times.

From The Nashville American.

A relic of the ancient time was revived in Virginia last week when counsel for a man about to be tried for murder asked that the indictment be quashed because the foreman of the grand jury that returned it was the owner of a grist mill. The old law forbade the possessor of a mill from serving on a jury.

Children Cry for Pitcher's Castoria.

PRISONERS AND PLUNDER.

LARGE QUANTITIES OF STOLEN GOODS RECOVERED.

Everything From Canary Birds to Cloth—A Peculiar Case From Watertown, N.Y.—A Confidence Man in Limbo.

TORONTO, Aug. 22.

Sheriff James F. Felt of Watertown, N.Y., arrived here on Saturday in search of Ellen McCollom, aged 30, who had escaped from his jail on Thursday last. Three years ago the woman was sentenced to the State Penitentiary for three years for grand larceny. An appeal was made and while awaiting its result she remained in the Jefferson County Jail under Sheriff Felt's charge.

And here comes in a striking illustration of the proverbial "law's delay." The Appeal Court has not yet handed down judgment, although the term of Mrs. McCollom's sentence elapsed on Friday last. The day before, Thursday, a friend told her that the court would soon give judgment against her. Although the woman had put in three years in jail, if the court's decision was unfavorable she would have to do another three years in the penitentiary. So on Thursday she disappeared; which was not difficult to do, as she enjoyed considerable freedom round the jail. The local papers raised a howl, accusing Sheriff Felt of having been bribed to let her go. As a matter of fact she had served her term with the exception of one day, only that it was in a jail instead of a penitentiary. In order to vindicate himself, however, the Sheriff started out in pursuit. He traced the "refugee" to Cape Vincent, then to Kingston, and then to Toronto, where he arrived on Saturday as before stated. Detective Inspector Stark placed Detective McGrath at his disposal, and the two started out on a search of the city. Late in the afternoon they found the woman at the Albion Hotel, where she was working in the laundry room. She consented to go back with the Sheriff, and the pair started for Watertown the same night.

The case is a peculiar one, and it will be kind of hard if Mrs. McCollom has another three years' imprisonment.

Two Prisoners From Hamilton.

Detective Burrows yesterday went up to Hamilton for Dora Wilson, whose arrest there for stealing articles from Mrs. Adams of Teraulay-street was reported in these columns. The officer brought the girl down all right, but had no sooner locked her up at Headquarters than he was summoned back to the Ambitious City to bring down another prisoner, Wm. Hall, alias Carruthers, aged 60, wanted here for stealing coats from George Hastings at St. Lawrence Market and from Bryce Bros.' lumber yard. Burrows caught the next train and arrived here with Hall on the 7.45 express.

"Slim" Wynne Run In.

Harry Wynne, the bunko steerer and confidence man, is again in the hands of the Law, having been arrested yesterday by Detective McGrath at King and York streets for false pretences. Several months ago Wynne ran up a board bill of about $25 at the Wellington Hotel, Guelph. He "settled" with what proved to be a bogus check for $30, receiving the change in hard cash from the landlord. Then "Slim" got away with himself. The occurrence was only made known to the Toronto detectives yesterday, otherwise Wynne would have been arrested long ago, having been knocking round the town for months. Chief Randall will come down from the Royal City to-day and take the prisoner back for trial.

Plunder Buried in a Back Yard.

Albert Goodhall says he is a carpenter by trade, but he appears to have discarded the honest plane for the burglar's jimmy. As has already been reported, Detective John Cuddy captured him on Richmond-street on Friday night last, with a bag of plunder which he had just stolen from George W. Wesse's store, 149 Yonge-street. The bag contained a piano cover, bed spread, water pitcher and three dozen spoons and forks. Goodhall owned up to the burglary and gave his address as 13 Dovercourt-road.

Subsequently he made further confessions, with the result that Detective Cuddy has recovered a large quantity of goods, all the property of Mr. Wesse, who had not missed them from his store. A portion of the plunder was unearthed from the Dovercourt yard, and the remainder was found in an upper room away out Queen-street west, where Goodhall had opened an "office." These goods were taken from Wesse's store within the past fortnight, and Goodhall admitted that he was assisted in their removal by his brother-in-law, a tea peddler, who lives at the Dovercourt-road house, but who left the city when the cat got out of the bag. The brother-in-law is regarded by the police as the worse of the two, having put up the jobs. He did business with Mr. Wesse and was well acquainted with the premises.

In order to show how extensively the pair went into the business, the list of goods recovered is appended: 37 nickel watches; 4 dozen breast pins; 21 rings; 8 sets pearl cuff buttons; 1 revolver; 5 yards tweed; 2 dozen briar-root pipes; 4 dozen merino drawers; 4 dozen stockings; 2 ladies' hand satchels; 10 scarfs; 3 pairs flannel drawers; 5 pairs socks; 4 dozen plated chains; 14 dozen teaspoons; 13 forks; 14 knives; 5 quires note paper; 1 memo book; 3 plush photograph frames; 5 dozen ladies' plated chains; 4 pairs lace curtains. Truly, a pretty good showing for amateur thieves.

A BAD WOMAN'S CRIME.

An Infatuation Which Led to a Rich Man's Ruin and Death.

PITTSBURG, Aug. 21.—At Clarion to-day Mrs. Ella Dinsmore was convicted of complicity in the murder of James C. Davis. Davis' infatuation for the prisoner caused him to separate from his wife and to sell his oil wells and put the proceeds into a handsome house for Mrs. Dinsmore, instead of paying his creditors. Subsequently he went on a visit to St. Louis, and while there received letters from the woman, who tried to prevent his return by holding up alleged threats of creditors. When Davis still announced his determination to return Mrs. Dinsmore coolly informed him that she had transferred her affections to David King. Davis returned to Clarion, however, and went straight to the house, which he had purchased with his own money, which was occupied by Mrs. Dinsmore and her daughter. Upon his arrival, as shown by the prosecution, the woman did all in her power to irritate Davis, for the purpose of setting up the plea of self-defense for the crime that she had previously plotted. King lay concealed in an adjoining room, to which Mrs. Dinsmore enticed Davis, and at the door of which King shot and killed him. King was convicted of murder in the first degree, and the same verdict was rendered in the case of Mrs. Dinsmore.

Failure of Gas Fixture Makers.

NEW YORK, Aug. 22.—It is stated that Mitchell, Vance & Co., manufacturers of gas fixtures, are in financial difficulty and that a receiver may be applied for. Dennis C. Wilcox, President of the company, shot and killed himself a year ago. Wilcox was at one time worth $2,500,000, but lost everything he had in unfortunate speculations and involved the company. The capital is $1,200,000, and it is said the assets are ample to cover liabilities.

Married in Sixty Seconds.

Hagerstown (Md.) Cor. Baltimore American.

A couple from Downsville, this county, were married this morning at the Cumberland Valley Station, this place, in just one minute. They arrived on the 8.15 train and hurried into the waiting-room, where the Rev. C. K. Marshall, who was en route to Mont Alto, tied the knot in time for that gentleman to board his train at 8.16. An employe connected with the passenger department of the railroad accurately timed the marriage ceremony.

Valuable in an Emergency.

From The New York Sun.

Jack—Is that a valuable ring you've got on, Gus?

Gus—I've loans it up for $75.

Jack—You don't say so?

Gus—Yes. Seventy five times. Dollar each time.

TORONTO TOPICS.

Premier Norquay in Town—An Editor Threshed—Lou Cornish's Escape.

TORONTO, Aug. 22.

Big John Norquay, Premier of Manitoba, reached the city yesterday morning from Winnipeg via Chicago. The hon. gentleman won't travel by the Canadian Pacific Railway on account of the existing unpleasantness between his Government and the big railroad anent the disallowance of the Red River Valley line by the Federal powers. Mr. Norquay was pretty busy throughout the day and among those that called on him at the Queen's were four newspaper reporters and Mr. C. W. Bunting of The Mail. To all, Mr. Bunting included, he had nothing to say for publication about the alleged railway crisis in his province.

Toronto is a poor town for the gutter-snipe journal to exist in. At least C. W. Parker thinks so about this time. Parker is the publisher of Vanity Fair, a paper containing a weekly mass of personal attacks on ladies and gentlemen of Toronto and surrounding towns under the guise of "social" news. Many, or nearly all, of these odious contributions are furnished the scandal-monger by outside parties. Vanity Fair is likely to follow in the wake of Town Talk and other similar publications. If it does not, the "editor," C. W. Parker, should get every day in the week what Mr. Harry Gamble gave him yesterday afternoon in the passage on the west side of the Postoffice. Parker was formerly associated with a church weekly in the city. He is said to be well connected.

In its issue of Aug. 13 Vanity Fair contained about as dirty a paragraph as could be put in type about Mr. Gamble. The latter went to the office, at No. 23 Adelaide-street east, yesterday afternoon and demanded satisfaction from Parker. He got it. Parker was invited outside, and when Postoffice-lane was reached Mr. Gamble pounded him in proper style. His eye was peipted a beautiful black.

It is not likely Parker will take any further liberties with the social foibles or fancies of men he can't lick.

Lou Cornish, a negro of the worst stamp escaped from the custody of Bailiff English yesterday morning. A week ago Cornish was convicted of a grand assault upon Constable Beattie, for which he was sentenced to two years' imprisonment in the Central. He was yesterday to embark with five other prisoners for Kingston Penitentiary. The prisoners were crowded into one hack, handcuffed in couples. Cornish managed to conceal a file in his clothing, and no sooner had the hack started than he set to work to sever the iron link which bound him to his fellow prisoner. The task was accomplished by the time he reached Queen and Chestnut streets, and, awaiting a favorable opportunity, he leaped from the hack and darted off at his quickest pace. English immediately discovered the escape, but having five other prisoners in charge, dare not give chase. He called to a police constable, who set off in pursuit, but as Cornish had got a good start he was soon out of sight. Up to 1 o'clock this morning he was still at large.

Lt. Bernardo has arrived in the city with 150 of his boys from Stepney, London, Eng. They will be taken to the Home at Peterboro.

Chief Engineer Henry Perley of the Department of Public Works, Ottawa, in response to a communication, writes to City Engineer Stewart that he will not visit Toronto with reference to the completion of the Island breastwork until the city and Government have settled about $100,000 which the latter is to receive. He also desires to become better acquainted with the wants of the Toronto subcommittee.

The Grand Trunk Railway has made arrangements to give thirty days on local return tickets instead of the present limit of six days. The change will take effect shortly, of which due notice will be given.

Could Do Something For Her.

From The New York Sun.

"Tongue cannot tell how much I love you, Miss Clara," he said, "I would do anything in the world for you."

"Would you?" she asked, wearily.

"Try me."

"Well go and spend the evening with Lily Brown."

"Lily Brown! What for?" he asked, astonished.

"I hate her."

RIOT IN A MINING TOWN.

The Row Grew Out of an Attempt to Stop Sunday Trading.

WILKESBARRE, Pa., Aug. 22.—A fearful riot took place yesterday at Glen Lyon, five miles from Nanticoke, in which more than 300 miners were engaged. The place is solely occupied by the breakers of the Susquehanna Coal Company. The combatants were composed of men of all nationalities. It seems that it has been the custom of several Hungarian and Polish merchants of Nanticoke to send peddlars to Glen Lyon to supply certain boarding-house keepers. The Susquehanna Coal Company always selects Saturday for pay day. However, for the first time they have paid their men at Glen Lyon and Morgantown on Sunday, which day has always been chosen by the merchants to make their collections. The Rev. Mr. Taggart of Glen Lyon has frequently preached against what he called such a desecration of the Sabbath, and he finally determined to put a stop to it, if possible. Yesterday he organized a posse of his church members for that purpose. The men got wind of it and made up their minds to resist any overtures of the kind. The collectors made their appearance as usual and the natural excitement of the moment was augmented by a universal indulgence in beer and whiskey. As the day advanced the churchmen became alarmed at the situation and kept themselves in hiding.

The feeling of antagonism was so intense, however, that it finally culminated in a free fight between men of opposite nationalities. Mad with drink it was not long before hundreds of men were furiously engaged in battle with sticks and clubs for weapons. The riot lasted for half an hour, and many men were struck down on all sides. Dozens were carried away upon improvised stretchers with cracked and bleeding heads to their homes. The riot ceased only when its participants were to few to carry it on. To-day it is reported that more than sixty of the rioters were seriously hurt; many of them fatally. The town is in a fever of wild excitement.

FERDINAND ORDERED OFF

RUSSIA WILL NOT PERMIT HIM TO RULE IN BULGARIA.

A Circular to the Powers in Which the Czar Announces That the Prince's Election to the Throne Would Not in any Way be Recognized.

ST. PETERSBURG, Aug. 22.—It is officially announced that the Government has sent a circular to the powers declaring that it is unable to recognize the validity of Prince Ferdinand's election to the throne of Bulgaria. According to the circular Prince Ferdinand acquainted the Czar with the fact of his election, and requested permission to visit St. Petersburg in order to learn the Czar's wishes before going to Bulgaria.

The Czar replied that the Prince's election would not be recognized by Russia, and that the Prince could by no pretext justify his journey to Bulgaria. The circular in conclusion expresses the hope that the Bulgarian people will coincide with the Russian views and not permit a flagrant violation of the Berlin Treaty.

The Moscow Gazette says the Russian circular to the powers regarding Prince Ferdinand has given great satisfaction throughout Russia. It believes Prince Ferdinand's retirement now to be inevitable and says if he does not leave Bulgaria Russia will renounce her obligations under the Berlin treaty, which "she has always regarded as a bitter deception after a glorious war."

CAUSED BY A MATCH.

A Farm House Burned, One Life Lost and Woman Driven Insane.

QUEBEC, Aug. 22.—A conflagration, accompanied by loss of life, occurred yesterday near St. Laurent, on the Island of Orleans, about fifteen miles from Quebec. A farmer named Jean Leclerc arose about 4 o'clock to go to his barn. He lit his pipe before leaving and it is believed that in throwing away the burning end of the match that he threw it on a straw palliasse which was placed under the stairs leading from his bedroom, in which his wife and three children were asleep. A few minutes after Leclerc reached the barn he noticed the flames in the interior of the house. He immediately rushed and caught up the burning mattress and carried it out, being severely burned about the face and hands in doing so. By this time the fire had gained considerable headway and had burned away the stairs, leaving his wife and three children prisoners in the room, with no means of escape. Leclerc finally secured a ladder, and by this means broke in the window and rescued his wife and two of his children. The third child, a boy 13 years of age, was burned to death.

Mrs. Leclerc, who had been in a weak state for some months past, on learning of the sad fate of her son became a raving maniac. All the remains that could be found of the victim was his heart and a piece of bone. The house and contents were completely destroyed. Loss about $1,000, with no insurance.

FAMINE THREATENING.

Failure in the Cod and Seal Fisheries Shortens Food Supplies.

QUEBEC, Aug. 22.—The Chronicle correspondent at Shigawke County, Bonaventure, says he is in receipt of news from the northwest coast of Newfoundland which regard to the cod fishery there, which has always been good, but the present year is an exception to this rule, as the fishery is a total failure so far, and even at the present time many families are in a state of worse than semi-starvation. To make matters still worse, the seal fishery in the spring also proved a failure. There is one small island on the coast upon which reside eight or ten families. In former years it was by no means uncommon for the families to have at this time of the year as many as 200 quintals of fish apiece. Now they have not half that quantity amongst them all. No one who observes the state of affairs in Newfoundland, as they at present exist, with even a careless eye, but can be convinced of their extreme gravity.

The Centenary of the Colonial Episcopate.

PORT PERRY, Aug. 22.—At the Church of the Ascension yesterday morning Rev. Dr. Carry preached on the subject of the centenary of the colonial episcopate, his text being Psalm lxxx. 13: "She sent out her boughs unto the sea, and her branches unto the river." At a future day the offerings of the people will be asked for the Halifax Cathedral Fund.

SAFE IN CANADA.

A Baltimore Defaulter Located at a Hotel in Montreal.

BALTIMORE, Aug. 22.—Wm. Lorman Roberts, the stock broker who has caused quite a sensation by leaving the city abruptly and hurriedly, has been located at the Windsor Hotel, Montreal, Canada. The cashier of the Franklin National Bank stated to-day that they held $13,000 of Roberts' paper, $10000 of which is indorsed by good men of this city, but that the balance of $40000 will be lost to the bank. It also developed to-day that Roberts had borrowed $80,000 from his mother recently and sunk it in his speculations. It is feared, too, that much of the Lorman estate, of which Roberts was sole trustee, and which amounted to about $800,000, has been used up in Roberts' business.

THE LEAGUE PROCLAMATION.

The Division on the Question Fixed for Friday Next.

LONDON, Aug. 22.—The division on the proclamation of the league has been fixed for Friday next, before which time the Government will make a further explanation, with a view of retaining the support of Mr. Chamberlain.

ONTARIO CROP REPORTS.

The following report of the Bureau of Industries, in reference to the condition of the crops in this province, will prove an interesting subject of perusal to all classes of readers:

Fall wheat has suffered from a succession of reverses extending all through the growing season. First came the severe night frosts and the cold, dry weather of early spring, and then the extreme heat and drouth of summer, which continued up to the time of ripening. The effect was to cause the crop to grow thin on the ground, with short heads, and the grain under the usual size. Generally, however, the grain, though small, is reported to be plump and bright, with the exception of a few localities in central western Ontario, where it was shrunken by rust. In other localities the Hessian fly and the midge did some injury. Where threshing has been reported, the yield runs generally from 10 to 18 bushels per acre, the average being about 16 bushels, or 5 bushels less than the average of the past five years. The general yield will probably not exceed two-thirds of an average crop, the estimate being 14,435,505 bushels against 20,635,843 for the average. Many correspondents, however, console themselves with the reflection that after all fall wheat has been the best crop of the season, the heat and drouth having so seriously affected all the cereals. Spring wheat is almost a total failure in western Ontario, and only a few districts in the east report even a fair crop; the estimated yield is 4,500,000 less than the average of the five years 1882-6. The harvest came in unusually early, reaping becoming quite general in the south-western counties during the first week in July, and in the northern and eastern districts about ten days later. The wheat was taken off, in most cases, without a drop of rain, and was therefore secured in excellent condition. The labor supply was generally ample, owing to good harvest weather and the increasing use of self-binders and other labor-saving implements.

Owing to the prolonged heat and drouth, barley was ready for cutting almost as soon as fall wheat. Some barley was cut as early as the 8th of July, and from the middle to the end of the month harvesting was general. This early maturing had its effect on the berry, which is reported as rather small, and likely to prove two or three pounds light in the bushel. Early sown came out best, both in plumpness and quality. The yield runs all the way from a half to a full crop, and the straw was short all over. In the extremes of Bruce in the west and the St. Lawrence counties in the east, cases of rust are reported; but elsewhere it does not appear to have done any harm. The redeeming feature of the crop is the splendid condition in which it was saved; for though lacking in size and weight, the sample was of a remarkably bright color; in fact it is many years since the barley crop of the province was saved so free from the discoloration by rain. The estimated total yield is 17,436,322 bushels, being 2,136,000 bushels less than the average of the five years 1882-6 although the breadth in crop is 80,000 acres more.

Saving a few fields of late grain, the oat harvest was finished throughout the province by the end of the first week of August. From almost all the counties the reports are well agreed as to the injurious effect of the drouth. In the Lake Erie, Lake Huron and Georgian Bay counties, and in the Northern districts, early sown fields matured fairly well; but elsewhere the general complaint is that the grain ripened too fast, turning white with the extreme heat. As a result, the kernel is shrunken and light, while the yield of grain is small compared with the quantity of straw. In some places rust has injured the crop, and in others complaint is made of the ravages of grasshoppers. The estimated yield of the province is only 30 bushels per acre, whereas the average yield of the past five years was 35 bushels. The total estimate is 3,000,000 less than the yield of last year, and 5,000,000 less than the average.

The rye crop, of which there is but a small area grown, was perhaps not so seriously damaged by the drouth as other crops, from the fact that it was farther advanced before the effects of the long continued dry season began to be felt. The grain, however, is more or less shrunken, and the estimated yield does not reach one-half the average of the past five years.

Of no crop are more variable reports given than of peas. A vigorous growth appears to have been made up to the forming of the pods, when the drouth began and resulted in their being imperfectly filled, although from many points a good yield is reported. Early sowing was the salvation of the crop. The straw is bright in color, and will likely be in great demand for fodder owing to the shortage of the other straws. A few cases of injury by the wire-worm have been mentioned, but the pea-bug is almost unheard of. The estimated yield is nearly the same as the average of the five years 1882-6, and 3,000,000 bushels less than last year.

Indian corn will be a short crop, with the exception of a few localities, in moist situations, or where the planting was done unusually early. In many fields no ears have formed at all, and the stalks are stunted and partly dried up. Fodder corn is also very light. Beans are almost everywhere a failure, owing to the excessive heat in the blossoming season.

The prospect of the potato crop can be fairly indicated, but the other roots have arrived at a critical period when everything depends upon rain. The drouth told severely upon potatoes, especially on late planted fields, and the bug appeared in unusually large numbers. As a rule, the yield will be small; there will be few tubers in a hill, and these will doubtless be of smaller size than usual. The fly and the grasshopper injured the turnips in several counties, already thinned by the dry weather at the planting season. Early raius may yet make an average crop of turnips, mangelwurzels and carrots, but otherwise these roots must be a decided failure.

Though the drouth has reduced the bulk of the hay crop, its effects have not been so serious as might have been expected. The weather during haying was of the most favorable character possible, and except that in some cases the crop might have been a trifle over-ripe, it has been housed in prime condition. As to the aggregate yield, it appears probable that owing to increased acreage the crop will be little below the average. The clover seed crop will prove as nearly as possible a total failure, and much of this year's seeding will amount to nothing. Alsike withstood the spring frosts and summer drouth much better than red clover.

B. B. B. Stood the Test.

"I tried every known remedy I could think of for rheumatism without giving me any relief, until I tried Burdock Blood Bitters, which remedy I can highly recommend to all afflicted as I was." Henry Smith, Milverton, Ont. 2w34d

We Caution All Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price 50 cts. eodw34

A Tragedy Between Infants.

MEMPHIS, Tenn., Aug. 19.—Willie Hawkins, aged 3, and Oliver Atkins, aged 5, were playing under the porch of a house on Dean avenue last evening, when the older picked up a pistol belonging to a man asleep under the porch and, pointing it at the younger child pulled the trigger. The bullet pierced the little one's heart, killing him instantly.

IMPORTANT TO ALL

Who are Bald, or have Thin, or Grey Hair, or who are troubled with DANDRUFF.

DR. DORENWEND'S

GREAT GERMAN

"HAIR MAGIC"

Will be found invaluable for the hair and scalp. It cleanses the scalp of all Dandruff, invigorates the growth of the hair, and in cases of baldness where there are the slightest signs of roots left it will produce good crops of hair. It restores grey hair to its original color, and is an excellent dressing.

DO NOT DELAY, if your hair is in a weak condition, get a bottle at once.

FOR SALE BY J. D. TULLY, and all druggists.

Ask for it. A. DORENWEND, Sole Manufacturer, Toronto, Canada.

A. Dorenwend is the leading manufacturer of Hair Goods in Canada. d w

Gossip of the Turf.

Mr. Philip Dwyer and his brother, Mr. Mike Dwyer, looked sad after the Omnibus race at Monmouth on Saturday, and it is said they lost a great deal of money over the defeat of their colts, Hanover and Kingston.

The picture of the finish for the Omnibus Stakes on Saturday will illuminate the posters of the Monmouth Park Association next season.

Mr. W. Hendrie of Hamilton has purchased the thoroughbred stallion Van Buren Doran from Mr. B. Roche, Watford. Van Buren Doran was foaled in 1872, by Vandal, dam Dew Drop by Lexington, second dam Queen by American Eclipse.

Laggard, the winner of the Omnibus Stakes at Monmouth and the conqueror of Hanover, was bred by Mr. Withers at his farm, Brookdale, near Red Bank. The colt is well bred, being all American on his sire's side and all English on his dam's side. As a 2-year-old last year he ran in five races, of which he won the Optional Stakes at Monmouth, worth $2910, but it cost Mr. Withers $605 to buy him in, he having been entered to be sold for $1000. He also won a small sweepstake at Jerome Park in the autumn. This year he made his debut at Sheepshead Bay in a seven furlong dash, which he won from a field of twelve. He again started at that meeting in a dash of a mile and the Universal Handicap, but was unsuccessful. His next appearance was at Monmouth Park, where he won two handicap sweepstakes, was unplaced in another, and finished second to Kingston in another such race. He again won laurels by capturing the Raritan Stakes, in which he defeated Hanover, and was again second to Kingston for the Palisade Stakes. He again achieved success by finishing first for the Delaware Handicap, and on Saturday last won the Omnibus Stakes, which was no doubt his greatest victory, having behind him Firenzi, Hanover, Esquiman and Kingston. Laggard's future engagements include the Bridge and September handicaps at Sheepshead Bay and other races that he may have been entered for on Aug. 15.

Harved's $780 pool at Brighton Beach on Friday last was the third largest known. The largest was Nickajack ($1170) at Jerome Park, Oct. 12, 1872. Wapahonita paid $1685 at Saratoga, July 17, 1883, and Col. Sprague paid $760 at Washington, May 18, 1882. The story current relative to Nickajack's is romantic as well as thrilling. The horse was the property of James Thompson, the hotel proprietor of Fordham, N.Y., who has a friend, an undertaker, named McBride, who never permitted one of Thompson's horses to run without having at least one ticket on it. On the day in question he bought two tickets on Nickajack, the only ones sold on her, securing $2336 for his $10 investment. He made a present of $500 to the colored boy who rode the horse, and current gossip has it that the boy has never been seen since that night. Some think he was murdered for the money in his possession. At all events his disappearance under the circumstances was very mysterious.

The Caramen at Watkins.

WATKINS, N.Y., Aug. 22.—The caramen have nearly all arrived for the professional regatta, which will take place on Wednesday and Thursday of this week. Seneca has been behaving badly during the past few days, and the caramen have experienced some difficulty in practicing. The course surveyed lies along the west bank of the lake, and rough water will not be likely to interfere with the races The men are all in fine condition. The following are at the various hotels in the village: Hubsar, Teemer, Courtney, Ten Eyck, Lee, Conley, McLafferty, Geary, Plaisted and Hamm.

Wednesday's events will be three trial heats with the following positions: First, Hubsar, Courtney and Plaisted; second, Hamm, Ten Eyck, McLafferty and Lee; third, Teemer, Conley, Geary and Ilsen. On Thursday the winner in each heat will take part in a final race. The junior scull race will also take place on that day.

An Aged Professor's Daring.

ST. PETERSBURG, Aug. 20.—The eclipse of the sun was not observed here yesterday, owing to the clouded condition of the sky. At Kliu the sun was also obscured, but an aged professor named Mendeleieff made a balloon ascension alone so as to get above the clouds and take an observation. As there had been a hitch in the filling of the balloon, there was considerable doubt felt as to its ability to carry the aeronaut, but the ascension was successfully made and the professor descended in safety, near Mossow, forty miles distant.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain. eodw

Very Valuable.

"Having used B.B.B. for biliousness and torpid liver, with the very best results I would recommend it to all thus troubled. The medicine is worth its weight in gold." Tillie White, Manitowaning, Ont. 2w34d

MORGAN THE MURDERER.

He Says He is Innocent of Killing Sheriff Lynch at Algona.

RAVENNA, Aug. 22.—Since the death of Sheriff Charles Lynch of Algona, "Illinois" Morgan evidently feels the tight clutches of the law closing around him. Since his incarceration here in the Ravenna jail, as well as that of his pals, Coughlin and Robinson, no one has been permitted to see them. This afternoon Morgan gave to the press for publication the following letter:

TO THE PUBLIC:

RAVENNA JAIL, Aug. 22.—All the conversation I have had here about my case was to say that I am innocent and will prove so at my trial. In speaking of the affair in Algona I stated that I was sitting in a rocking chair at a table with Mrs. Williams and her three children, arranging some flowers, when I saw one of the children look up scared. I looked around and saw three or four men running towards me, and before I could get up from the chair I was knocked down on the floor. One of them got me by the throat and choked me and one of them jumped on my stomach. I heard one of them say "kill him." I got my revolver out and fired two shots. Then the revolver was wrenched out of my hands and I was taken to the station house. Some of the citizens there said under the circumstances they would have done the same as I did. That is all the conversation I have had about the case. CHARLES MORGAN.

TO INTERVIEW THE QUEEN.

Her Majesty Will Receive the Representative of the British in Chicago.

LONDON, Aug. 22.—Mr. Frank H. Collier of Chicago has succeeded in obtaining an appointment for an audience with the Queen at Osborne House next week for the purpose of presenting to Her Majesty the jubilee address of the residents of Chicago of British birth and parentage. The success of Mr. Collier in obtaining the royal permission is most remarkable, upwards of 9000 addresses having been refused personal presentation, and was achieved through the efforts of Mr. W. P. Sinclair, the wealthy ship owner and member of Parliament for Talkirk Burghs, who has large business interests in Chicago, Cincinnati and Kansas City.

Mr. Sinclair presented Mr. Collier to the Home Secretary and urged his reasons for wishing an exception made in his case so forcibly that Mr. Matthews applied to the Queen for the desired permission and succeeded in impressing Her Majesty with the arguments Mr. Sinclair had advanced in favor of Mr. Collier's request.

NIPPED IN THE BUD.

The Proposed Association of Iron Workers Refused a Charter.

PITTSBURG, Aug. 21.—The proposed new association of iron and steel workers under the auspices of the Knights of Labor has been officially nipped in the bud. Charles H. Litchman, the General Secretary of the Knights of Labor, in a circular letter over his own signature sits down upon the prime movers of this new organization with both feet. He gives reasons why the charter will not be granted, after first bitterly denouncing those who have stated that General Master Workman Powderly signed the charter as applied for by the iron workers and that it was in the custody of the General Secretary.

The circular says, in addition, that all the assemblies applying for the new charter are not in good standing; that out of the fifteen assemblies joining in the preliminary organization only three are square with the General Assembly. Eleven of these assemblies are in Pittsburg. In closing, it says, when all the laws are complied with the charter will be granted. This is a big disappointment to the Knights of Labor iron workers at Pittsburg.

Drowned in the Thames.

LONDON, Aug. 23.—An accident happened during a regatta on the Thames below London Bridge yesterday. About thirty-five spectators clambered up on a hay laden barge. The ropes holding the tarpaulin over gave way and all except one were thrown into the water. About seventeen were drowned. The water was only three feet deep, but there was eight feet of mud underneath.

Kilrain and Smith's Spanish Nobleman.

From The Rochester Union and Advertiser.

NEW YORK, Aug. 16.—The forthcoming fight between Jake Kilrain of Baltimore and Jem Smith, the English champion, is to be fought in Spain, on the estate of the Marquis de San Basilio, one of the richest noblemen of that country. After the fight the Marquis will accompany the American party back to this country. If he does it will not be the first time he has been on the western side of the water, and, if the fight takes place on his estate, it may be the occasion of reviving the rather unpleasant notoriety which the Marquis enjoyed some years ago, when he was darkly charged by the press of the City of Mexico with having instigated no less than four murders. How truthful these charges were no one but the Marquis will perhaps ever know. The matter quieted down, and, except for occasional hints in the Mexican papers, seems to have been almost forgotten.

To Cure Pain.

The means which may be readily and successfully employed to relieve pain are important and should be known by all. We give you the name of the best remedy in the world for pain, and the information that a 10 cent sample bottle can be purchased at any drug store. Polson's Nerviline, the new sure pop pain cure, will never fail you in time of need. Nerviline is a safe and prompt cure of all kinds of pain, neuralgia, cramps, toothache, headache. Sure always. Ten and 25 cent bottles at drug stores. 6dw34

Without Equal.

Wilson Montrose, of Vienna, Ont., having used Dr. Fowler's Extract of Wild Strawberry in his family for summer complaint, says, "I cannot speak too highly of it, for children as well as aged people troubled with diarrhœa it has no equal." 2w34d

A Good Corn Sheller for 25c.

A marvel of cheapness, of efficacy, and of promptitude, is contained in a bottle of that famous remedy, Putnam's Painless Corn Extractor. It goes right to the root of the trouble, there acts quickly but so painlessly that nothing is known of its operation until the corn is shelled. Beware of substitutes offered for Putnam's Painless Corn Extractor—safe, sure and painless. 6dw34

A Valuable Discovery.

F. P. Tanner of Neebing, Ont., says he has not only found B.B.B. a sure cure for Dyspepsia, but he also found it to be the best medicine for regulating and invigorating the system he has ever taken. B.B.B. is the great system regulator. 2w34d

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eodw31

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept. 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thus troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. DUNN,
C. P. R. Agent, Peterborough Ont.

P. S.—Use this as you deem prudent.—J.P.D. d128w35

Will leave every Monday, Wednesday, and Friday at 7.30 a.m., Peterborough wharf. Locks at 8 a.m., calling at Victoria Park, Gore's Landing, Harwood and Idyl Wild, connecting with Cobourg Railway. Returning leave Harwood at 3 p.m., on arrival of train.

Tickets, to Cobourg, $1.00, to Harwood 50c.; good for one day to return, 75c. Special rates to pic-nic parties.

Tuesday, Thursday and Saturday will be open for charter to excursion parties or towing. d23

THE STEAMER CRUISER.

WILL commence on Monday, June 27th her daily trips to Stony Lake, leaving Lakefield on arrival of morning train from Peterborough; returning will arrive at Lakefield in time to connect with train for Peterborough.

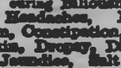
The Steamer has been thoroughly overhauled and a new and powerful engine put in her, thus making her the fastest boat on these lakes.

Special reduction to Excursion Parties. Season and return tickets at reduced rates from A. I. WRIGHT, Lakefield or from CAPTAIN EDEN on board.

Commencing on August 1st, the steamer will leave Lakefield on arrival of the evening train for the A.C.A. Camp, Stony Lake. Returning will leave the camp at 6 a.m., and connect with the morning train for Peterborough.

A. I. WRIGHT, Proprietor. P. M. EDEN, Master.
d125w23

STEAMER FAIRY.



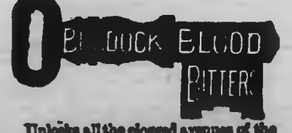
THIS POPULAR STEAMER, having been thoroughly overhauled and repainted, will ply as her regular trips between Lakefield, Young's Point, Burleigh Falls, Mount Julian, and the A. C. Camp on Monday morning. Each day except Sunday's on the arrival of the morning train from Peterborough, she will leave Lakefield, taking the above route; will return to Lakefield in time to connect with the evening train for Peterborough. The steamer can be chartered for any special occasion, and due notice will be given in this paper of any day on which the regular route is cancelled. The route of the Fairy embraces the pleasantest course available in the back lakes to pleasure-seekers. Small excursion parties not wishing to charter the steamer will be given special rates, which, with any other information, will be made known on application to

P. P. YOUNG, Proprietor. WM. SCOLLARD, Master.
d141

Tickets for Sale at T. Morales, Peterborough.

From this date the steamer Fairy will make an additional trip every evening to the A. C. A Camp, leaving Lakefield on the arrival of the evening train.

THE KEY TO HEALTH.



Unlocks all the clogged avenues of the Bowels, Kidneys and Liver, carrying off gradually without weakening the system, all the impurities and foul humors of the secretions; at the same time Correcting Acidity of the Stomach, curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Dropsy, Dimness of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.

TUESDAY, AUGUST 23, 1887.

LOCAL NEWS.

FOR DEEP SEATED COLDS and Coughs, Allen's Lung Balsam cures where all other remedies fail. m&tw

For fingering yarns, go to Turnbull's; a full assortment to select from.

Piano Tuning.

Mr. S. R. Huffman is in town. All orders left at Mr. Hartley's or Mr. McClelland's Jewelry store will be attended to. 3d45

The "Hub" Changes Owner.

Last night Mr Martin Conners concluded negotiations with Mr. John Irwin for the purchase of the Hub Restaurant which he will hereafter conduct in first-class style.

Kingston's Budget.

The estimated civic receipts of Kingston for 1887 is $172,043 27, of which $93,384 27 are raised by direct taxation. The estimated expenditure is $171,722 96, leaving a surplus of 320.

Opened out at Turnbull's, a full assortment of Baldwin's Scotch fingering yarns the best in the market.

Thursday Afternoon Excursion.

Steamer Golden Eye will run to Jubilee Point leaving Peterborough wharf at 1 p.m., returning at 9 p.m. Round tickets, 50 cts. To Faucher, 25 cents. CAPT. MCDONALD. 2d44

THE cooling rain can not suit the thirsty ground any better than the low price of KIDD'S boots suits purchasers.

Kingston's New Chemical.

Kingston is in high glee over a new chemical engine it has recently purchased, and boasts that it will squrt a distance of 105 feet. On trial it put out a hose fire in twenty seconds. The engine is mounted on wheels and is an elavated affair.

Port Hope Rifle Team.

The rifle team which represents Port Hope at the Association match in Toronto is composed of Messrs. W. Gamble, R. Deyell, Jas. Hunter, M. Thompson, J. Gamble, Jno. Laurie and Lieut. Milligan. From Toronto the will go to Ottawa.

Lindsay Central Exhibition.

The prize list of the Lindsay Central Exhibition is to hand. It is issued in a neat and compact pamphlet form from the *Post* job press, and represents the sum of $3,000 in prizes. The exhibition will be held on Tuesday, Wednesday and Thursday, Sept. 20th, 21st, 22nd.

Accepted.

Mr. J. A. Fife has written to the Chairman of the Committee on Appointments accepting the position of Mathematical Master in the Collegiate Institute. Mr. Fife who is a son of Mr. J. M. Fife, Asphodel, is a graduate of Toronto University, and received his preliminary training at the Peterborough Institute.

Knitters will find Turnbull's the right house to buy Canadian and Scotch fingering yarns from; all colors in Stock.

Accident at Burleigh.

Friday morning a laborer at the Burleigh locks, named Jervis, was severely hurt by the falling of the left beam of a derrick. It struck him and broke an arm, besides inflicting other painful injuries. In falling, the beam struck a large stone and glanced aside, or the man would undoubtedly have been killed. Max Hamilton and others were standing near by, and had a narrow escape.

A Promising Pic-nic.

A base ball match and a lacrosse match, amateur and professional races, bicycle races sports and games and dancing to good music are among the many attractions at the R.C. pic-nic, in Lindsay, on Wednesday, August 31st. On that day an excursion from Peterborough, at a single fare, will be run. All those desirous of a day of great enjoyment should avail themselves of this opportunity.

To Meet the Demand.

To meet the demand for lots Mr. Dumble is throwing into the market 30 lots lying east of the Dixon Dam being subdivision of Block N. The lots are 50x120 feet. They are to be sold by auction on the 6th of September. This part of Ashburnham has taken a spurt, and as the land is well situated and quite close to the centre of the town, there will, no doubt, be a big rush for them. 2d44

Children Cry for Pitcher's Castoria.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "Chilton Hall" for only $5.00. Call and see them.

HARD TIMES could never come to Peterborough if all goods were sold as low as KIDD sells boots and shoes.

No Decision Yet.

A special meeting of Peterborough Lodge of Oddfellows, No. 111, was held in their lodge rooms, last night, to consider and decide upon the question of procuring a new hall for this lodge. No decision was arrived at.

Re-opening of the Schools.

According to the Regulations of the Department of Education, both the Collegiate Institute and the the Public Schools will reopen on Monday, August 29th. Intending pupils of the Institute should make it a point to be on hand at the opening of the session. examinations for grading being held at that time.

An Episcopal Progress.

This morning Rt. Rev. Bishop Dowling, accompanied by his secretary, Rev. Father Radkins, took Grand Trunk train for Toronto, whence they will proceed by Northern R.R. to Collingwood, and take steamer for Port Arthur. His Lordship makes his first episcopal visit to the northern part of his diocese, and will be absent about three weeks.

The Fowl of Minerva.

The inhabitants of the south ward are considerably exercised over the presence of an owl abroad. Some who do not know that the owl is an emblem of wisdom, think that the bird of Minerva portends a streak of bad luck—the stricter enforcement of the cow by-law, or something of that kind. It should be caught, stuffed and set up in the Council chamber. Being an emblem of wisdom it would be somewhat of a *rara avis* in its new quarters.

The Late William Mackie.

The Port Hope papers have lengthy obituary notices of Mr. Wm. Mackie, proprietor of the St. Lawrence Hotel who died on Sunday. He has for many years been a leading citizen of Port Hope, of which he has been a resident twenty years. He has many friends in Peterborough who will hear of his demise with regret. "He leaves says the *Guide*, a son by his first wife, a widow (daughter of Mr. J. Jeffrey) and two young children to mourn the loss of a loving husband and an indulgent parent. William Mackie's presence will be greatly missed throughout this section of the country. Enterprising and energetic, open-hearted and out-spoken at all times. His death leaves a vacancy that will long remain unfilled."

The Industrial Exhibition.

This Fair, which runs from Sept. 5 to 17, will be the leading Fair of the season. The managers find demands for all of the increased accommodation they have provided and the entries and enquiries are being received from the most distant parts of the Dominion. The live stock display promises to be the largest ever brought together in Canada. Among others, there is an entry of 30 newly imported percheron horses, by one firm. The city streets and the Exhibition grounds and buildings, and exhibits will be specially illuminated during the evenings, presenting the most brilliant spectacle of the kind ever produced in Canada. A programme of special attractions, varying with each day, will be provided. The admission will be 25 cents for all of the day and evening.

Fall Exhibitions.

The following are the dates of the principal Fall Exhibitions:—

PETERBOROUGH CENTRAL EXHIBITION.—At Peterborough, Oct. 4 to 7. D.D. Gallelly, Peterborough, Secretary.

LINDSAY CENTRAL EXHIBITION.—At Lindsay, Sept. 20, 21 & 22. James Keith, Lindsay, Secretary.

DOMINION INDUSTRIAL FAIR.—At Toronto Sept. 5 to 17. W. J. Hill, Toronto, Secretary.

AGRICULTURAL & ARTS ASSOCIATION.—At Ottawa, Sept. 11 to 24. H. Wade, Toronto, Secretary.

FAT STOCK SHOW.—At Toronto, Dec. 13, 14 & 15. H. Wade, Toronto, Secretary.

EASTERN TOWNSHIPS AG'L ASSOCIATION.—At Sherbrooke, Sept. 13 to 16. Robt. H. Tylee, Sherbrooke, Secretary.

ONTARIO CENTRAL AG'L ASSOCIATION.—At Port Perry, Sept. 27 to 30. H. Gordon, Port Perry, Secretary.

MARIPOSA FALL EXHIBITION.—At Oakwood Oct. 6 & 7. W. R. Cunnings, Oakwood, Secretary.

Boosting the "Empire."

Mr. David Creighton M.P.P. North Gray, and Mr. George Birmingham, Toronto, are in town soliciting financial assistance from the faithful to start the new Tory organ, the *Empire*. The EXAMINER has not been taken into the confidence of the missionaries as to their success, but it is probable that a few of those who have thriven by monopolies fostered under the N.P. or by official favours, will be persuaded to disgorge. It is probable, however, that the rank and file, who do not see an office in sight, will be very chary of their loose change—they won't be over anxious to invest in party elephants. A Tory organ is an expensive matter. The *Mail* cost a barl of dollars, but, though it was not over fastidious, the demands for the advocacy of and apology for Tory methods were too much for it, and it bolted. This project is indicative of the characteristic abnegation and modesty of the Tory party. Though they can have the *World* for the asking, yet they will be satisfied with the *Empire*—if they can get it. If they fail to get the latter, they will put up with the *World*, which is fairly aching to bowl into the rut out of which the *Mail* bolted itself.

Mixed Sweets.

The Barrie *Gazette* is anxious to make a point in favor of its town at the expense of Peterborough, because that town has been selected as the next place of meeting of the Oddfellow Grand Lodge. The *Gazette* admits that "Peterborough is a very lively place, and is, no doubt, the most prosperous town in Ontario. The main street presents a very citified appearance, although", the truthful scribe has the effrontery to add, "many stores in Barrie are far ahead of any there". The writer must have had a very wide experience in writing up fishy fish stories, to perpetrate so bald a whopper. The *Gazette* is the first journal to assert, what the facts will not bear out, that "the delegates had trouble in getting adequate accommodation at the hotels." If this statement is a relation of personal experience, it is not surprising that, in a Scott Act town, trouble in securing adequate "accommodation" necessary to give a man such a view of the town as this writer takes, could not have been easily come-at-able. The *Gazette* is good enough to say that "the visiting Cantons and bands were provided with comfortable quarters at the rink, and the men were gratuitously provided with an abundant supply of refreshments by the ladies of the place during their stay there, for which all those who participated extend their hearty thanks."

The Melee of the Milky Way.

A Sweet Sixteen Sunday Scene at Sandy Point.

At Sandy Point, Stony Lake, the holy hush of last Sunday afternoon was rudely broken by sounds of milling and strife. Among the summer residences on Sandy Point are those of Mr. Fuller and Mr. Tom. S. Rubidge ex-engineer in charge of Trent Valley Canal works, and Mr. Aylmer. In this vicinity there is a road or path which has been used for years by the public and this path the lad who delivered milk to Mr. Fuller was in the habit of taking. But Mr. Rubidge, in a praiseworthy spirit of obstruction and obstinacy, characteristic of his meek and quiet disposition, forbade the boy the use of the road. The boy, trusting to the security of the right of use and possession so long enjoyed by the public, and acquainted with the peculiar methods and manners of his friend, the ex-engineer, paid no attention to the injunction. On Sunday afternoon he met his fate. Mr. Rubidge, accompanied by Messrs. Peter Whalen and Toker Barlee, sallied forth and taking the lad in *fragrante delicto* again curtly ordered him off "my property." Mr. Fuller bearing high words came out to the scene and naturally sympathised with his milk supply. Mr. Rubidge said the boy should not use the path in dispute, and Mr. Fuller said he should, and Mr. Rubidge peremptorily ordered Mr. Fuller off his property. The latter showing no disposition to make a precipitate retreat, Mr. Rubidge prepared to enforce his commands, calling his assistants to his aid. He began by aiming a blow with his walking stick at Mr. Fuller's head, which, however, only struck his shoulder. Mr. Fuller, seeing that fight was meant, proceeded to defend himself. He struck out strongly with his left, and landed a blow upon the eye of his assailant, bringing the claret and demoralising the recipient. The ex-engineer made another rush, but one of his assistants, coming to the rescue, pushed Mr. Fuller from behind, and caused him to fall upon Mr. Rubidge. Having his enemy so conveniently in his power, Mr. Fuller retained his advantage, and, without any other violence, held the ex-engineer down till he had cooled off. He was then released, and Mr. Fuller returned to his house, followed by a lurid shower of profane and opprobrious epithets, which made the air of the Sabbath afternoon murky, from the lips of the excited and discomfited ex-engineer. Sandy Point, Stony Lake, would appear to be an excellent site, and one of its residents a suitable subject, for *missionary enterprise*. The ex-engineer is applying to a court of law for salve for his wounded optics and outraged dignity.

Cheese.

The Peterborough Cheese Board is in session this afternoon.

The New Babcocks.

The two new Babcock fire extinguishers, ordered for the fire department, have arrived and are placed in position ready for use.

The "Goose Step."

Peterborough Canton, Patriarchs Militant will meet for drill in the old music hall Wednesday evening.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

Fire, Water and Light.

A meeting of the Fire, Water and Light Committee will be held on Thursday evening, and on Friday evening the Finance Committee will probably meet and strike the rate.

Turnbull's dress goods department is now laden with new dress goods in all the new colors. A first-class dressmaker in charge of the dressmaking department, to cut and fit or make up on short notice.

Expensive Hen Feed.

The beautiful flower plants in Court House Park are rather expensive provender for hens. Another bed was laid waste by a hen yesterday. Gardener Blade should be provided with a gun.

The Ball Sounded.

Private W. A. Bell, at the Ontario Rifle Association matches in Toronto Monday, got on for 26 points at 200 yards in the Macdonald match and won a prize of $3.00.

Mr. Weller's Illness.

A telephone message received in town at noon gives the information that there is no improvement in the condition of Mr. H. B. Weller, whose serious illness was noted in these columns a few days ago. There is little or no hope entertained of his recovery.

R. C. Pic-nic at Idyl Wild.

The public will please bear in mind the R. C. Picnic at Idyl Wild to-morrow. The steamer Golden Eye will leave her wharf, with palace scow attached at 7 a.m. Prof. Doucet's orchestra will furnish music for dancing, both *en route* and at the picnic grounds, and a competent floor-manager will accompany the excursion. The contest for a gold-headed cane, between Dr. Collins, of Peterborough, and Dr. Edmison, promises to be an exciting event. Let Peterborough people turn out and support their man. Fare, round trip, 50c. Free admittance to the grounds at Idyl Wild.

Merit Appreciated.

The following complimentary reference to Mr. J. S. Parker, organist in St. Paul's church, now on a visit to his native land, is from the Batley (Yorkshire) *News*:—"Our talented young townsman, Mr. J. S. Parker, who has come over from Canada on a visit to his native town, presided in an able manner at the organ at the Batley Parish Church on Sunday last. Mr. Parker, we are glad to know, is making headway in his profession, his playing being characterised by an elasticity and refinement only to be found in our best musicians."

Eniusmore Picnic.

The annual picnic of the now historic series of Eniusmore picnics will be held under the auspices of St. Martin's Church, Bridgenorth, on Thursday, September 1st 1887. A splendid programme of sports and games for excellent prizes will be presented. An exciting feature of the day will be a contest for a gold watch between, Miss McDonald, organist of St. Martin's Church, and Miss Hickey of Eniusmore. Polls close at 5 o'clock. Dinner served under the auspices of the ladies. Prof. Doucets Orchestra will provide excellent music for dancing. This will be by all odds the best of the splendid series of Eniusmore picnics. Admission to the grounds 25 cents, children under 12 free, dinner tickets 25 cts. It is to be hoped the general public will generously patronize this picnic as its object is one which all creeds can conscientiously assist in the promotion of, namely to secure funds for the purchase of a public library.

Police Calls and Police Officers.

To the Editor of the Examiner:

SIR—Sir,—I would like to ask you or any of your readers whether the Peterborough Police Calls and Police Officers are a synopsis of the Toronto sort, as given in last week's daily *Globe*. If they are, here is a remedy: close every church door, lock them up and take the money it costs to run them, and build twenty neat new cells so that each unfortunate being can have one by himself and have plenty of water and other things necessary, and then let us have men with hearts of flesh and blood, and not fiends and devils in human shape, to take care of our unfortunate fellow beings; and when that is done may we close our church doors and worship our God acceptably, and he will hear our prayers and not before; and I would respectfully suggest the remedy to the Christians of Toronto.

Respectfully yours,
HUMANITY.

[Toronto claims the pre-eminence in everything else and there seems to be no reason why she should not in the respects referred to by our correspondent. It is not probable that a condition anything analagous to what obtains, according to the *Globe's* amateur criminal, in Toronto, exists in Peterborough. The very few criminals incarcerated in our few cells do not afford opportunity for the development or even existence of a similar state of affairs.—Ed. EXAMINER.]

Orillia.

The Burning of Mr. Macklin's Cottage.

The following particulars of the destruction of Mr. Macklin's summer cottage which we briefly announced in the EXAMINER last week, will be read with interest. The cottage was built this spring, on the shores of Lake Simcoe, near Couchiching Park, where Mr. Macklin has been living for the last six weeks. On Thursday morning about half past four o'clock it was discovered to be on fire, and the flames had taken such hold, already coming through the roof, that the total destruction of the building was inevitable. The fire was discovered by Mr. T. Haultain, who was there on a visit. The dense smoke awoke him, and he at once aroused Mr. and Mrs. Macklin and Miss Haultain. The fire originated in the pantry where it is supposed that a coal oil lamp had been left alight and had exploded. The inmates had a narrow escape, owing to the extreme denseness of the smoke with its suffocating effect, and to the difficulty of seeing the means of egress. Mr. Macklin saved the papers at which he had been working but hardly anything else could be preserved. The long long grass round the house took fire and burned fiercely, adding to the difficulty of doing anything and even consuming some articles that had been carried out. The house was uninsured; it was valued with the contents at about $1,200. An outhouse, some distance away, in which the servants were sleeping was saved.

PUT your foot in it! In what? Why in one of KIDD'S easy-fitting boots; and you can't help buying a pair when you hear the price.

SMOKERS.

Ask for the "CABLE" (size) CONCHA CIGAR.

Better than ever. A quarter of a century in themarket, which fact speaks for itself.

S. DAVIS & SONS,
Sole Manufacturer

For Baldwin's Scotch Fingering in black and navy, go to Turnbull's.

Personal

The Secretary of the Young Men's Christian Association has received a letter from Sir Stevenson Blackwood C.B., who is at present in the country, saying that it is not improbable that he will visit Peterborough before he returns to England. If he comes he will porbably address a public meeting in connection with the Association. Sir Stevenson is well known as the author of "Shadow and Substance", "Forgiveness, Life and Glory", "Heavenly Arithmetic", and other books.

The Belleville papers state that among the judges selected for the coming Quinte District Exhibition, Mr. "H. W. Porter, of Peterborough", has been selected as judge on carriages. This doubtless means one of the firm of Messrs. Porter Bros., but no member of the firm has the above initial letters to his christian name.

BAKING POWDER

MARRIED.

JOHNSTON—THOMPSON.—At the parsonage, Ashburnham, on Monday the 22nd of August, 1887, by the Rev. J. C. Wilson, Mr. William Johnston to Miss Jennie, eldest daughter of Mr. James Thompson, both of Peterborough.

DIED.

LONSDALE.—At his residence, 324 Peel street, Montreal, on Wednesday, August 17th, 1887, J. C. Lonsdale, late of the firm of Lonsdale Reid & Co., Montreal, and brother of Mrs. J. W. Gilmour, Peterborough.

MACKIE.—In Port Hope, on Sunday, 21st August, 1887, Mr. William Mackie, proprietor of the St. Lawrence Hall, in his 51st year.

Mothers.

There are upon the skin of every human being, child and adult alike, 2,500,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration vents upon a child's body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. 4w36d

FIRE IN MONTREAL TENEMENTS.

An Attempt to Burn a Block in St. Jean Baptiste Ward.

MONTREAL, Aug. 23.—About 2 o'clock this morning another fire, which threatened to be very destructive, occurred in St. Jean Baptiste Ward, when the flames were noticed to spring simultaneously from the roof of a large wooden tenement, 556 and 558 Laval-avenue, and some sheds in the rear of another large wooden tenement, the latter being used by A. Prevost for is stables. This was easily got under control, but the fire had got a good hold in the tenement buildings, and by the prompt and energetic action of the firemen the flames were confined to this place. The two top flats were completely gutted, but the bottom one was uninjured. The top flat was occupied by Mr. Caron and the second by Mr. Willrstmy. Both lose all their furniture and are not insured.

Their loss will be about $1000. The fire is considered to be the work of an incendiary, as the straw and walls of the stable were saturated with coal oil, and a black gin bottle, smelling strongly of coal oil, was found buried in the straw. It is supposed to have been the intention of the incendiaries to sweep the entire block and in the confusion steal what they could.

A BOYCOTT THREATENED.

The Hamilton Bricklayers' Union Makes Certain Demands.

HAMILTON, Aug. 23.—About three months ago the Bricklayers' Union complained about the employment of John Buscombe and two other non-union men at corporation work, and asked that they be discharged. The Board of Works refused to discharge them, and the union men who were working at the engine house at the Beach were withdrawn, but the matter was arranged and the work proceeded again. Buscombe and his men have a sort of monopoly of the city jobbing and their work is said to be satisfactory, and they are not hampered by union regulations regarding hours and wages.

Yesterday the trouble was revived by the attendance of a deputation from the Bricklayers' Union composed of David R. Gibson and John Street, who waited upon the City Engineer and a number of aldermen and stated that unless Buscombe and his non-union bricklayers are dismissed from the city's service they will withdraw the men now at work on the engine house at the Beach and the Hunter-street school, and when the new city hall is to be built they will not allow union men to work on it.

The deputation will also wait upon the Sewer Committee on Friday night.

AN INSANE WOMAN'S FREAK.

At Night She Rowed Out on Lake Erie and Has Not Been Been Since.

PORT COLBORNE, Aug. 23.—A Mrs. Fares, wife of a farmer living about two miles up the lake shore, got into a small boat last night and rowed out in the lake. A man who was looking at her says she was rowing as far as he could see her. A tug went from here this morning in search of her, but returned to-night without any tidings of the boat or occupant. The woman has not been right in her mind, and unless she was picked up by some passing boat she has undoubtedly been drowned. A fresh breeze was blowing off the land all night and this morning, causing quite a sea, and it is thought that a small boat could not live long in it.

FERDINAND AT SOFIA.

The City Brilliantly Illuminated in Honor of the Prince.

SOFIA, Aug. 23.—Prince Ferdinand, on his arrival, received the usual offering of bread and salt, and was presented with an address of welcome on behalf of the municipal authorities. The route which he took through the city was crowded with people, who greeted the Prince enthusiastically. An artillery salute announced the Prince's arrival and a military guard of honor escorted him to the palace. The city was brilliantly illuminated.

THE CHICAGO ADDRESS.

A Reason of the Fork Town Lays it at the Feet of Her Majesty.

LONDON, Aug. 23.—Mr. Collier of Chicago was granted an audience by the Queen at Osborne House yesterday. When he presented to Her Majesty the address of the Chicagoans of British birth and parentage in honor of her Jubilee the Queen in replying said, "I thank you and the people you represent for this address and you personally for your own kind words. My answer to it you will find in this paper."

The Queen then handed a document to Mr. Collier, which read as follows: "I thank you for the address you have presented to me. Coming, as it does, from persons of English birth beyond the seas who retain feelings of love for their mother country and sympathy for her welfare, I receive it with peculiar satisfaction. That the people of Chicago should have given expression to these kind sentiments, not only toward the Anglo-Saxon race in these realms, but also toward myself, is to me a source of much gratification, and sustains me in the belief that the friendship and good-will which now exists between the two countries, and which I have always endeavored to promote is one of a real and enduring character."

Children Cry for Pitcher's Castoria.

THE STRANDED BANK.

AUDITORS INVESTIGATING PRESIDENT TAYLOR'S QUEERNESS.

Little New to be Told as Yet Regarding the Financial Wrecks Which Strew the Plain Where Diminutive London Throbs—Shareholders Completely Done.

LONDON, Aug. 23.—There is but little of what is new to report to-day as regards financial matters here. Early to-day Mr. Blackstock registered the deed of assignment which finally placed the effects of Henry Taylor in the hands of Thos. Long as assignee in trust for the creditors. Mr. Long arrived from Hamilton during the day and immediately set about getting affairs into shape. His business engagements will not permit him to remain longer than to-morrow, so that it becomes necessary for him to appoint a representative who will be given power of attorney to act. Mr. Long was closeted with lawyer T. H. Purdom all the afternoon and evening, and it is quite likely that Mr. Purdom will be Mr. Long's representative and act as assignee. The duties are not likely to be onerous.

Aside from the household furniture, and even it may be mortgaged, Taylor is not known to have left a single asset. Even his horses have been disposed of. The amount paid up on his Bank of London stock is more than covered by over drafts. It was expected that he had a good deal of gas stock, but to-day it is learned that he unloaded that on a fellow townsman, whose name need not be given, some time ago. Something may be got out of the Beaver Manufacturing Company, which assigned more to protect the bank than anything else, and also out of the Cosperage Company, but it is doubtful, as the chances are that he had hypothecated his interest therein as he has all other securities so far as known. His characteristic telegram, as published in a paper of to-day, excited a good deal of quiet amusement here. It was so like Slick Henry. The chances are that if he got off the train here to-morrow morning he would have all London talked over to his side before noon. That is, all but three or four. There are a few people here who would like nothing better than an opportunity to talk to Mr. Taylor.

How Mr. Long Came in.

To a reporter Mr. Long said that the assignment was completed, and now all that could be done was to ascertain what could be reached and how the Investment Company stood. Further than that he could say nothing, because he knew nothing. Which is a literal fact. Mr. Long, although his name appears as a stockholder, in reality never bought any stock. He loaned Taylor $40,000 and took Taylor's stock in the company as security. The stock, of course, reverts to him, and he is in that sense a stockholder as well as a creditor of Taylor's, and possibly of the Investment Company, though the borrowing of the money was one of Taylor's private affairs. A Toronto lady, the widow of the late Judge John Wilson, has a good many thousand dollars in the concern, too.

The Shareholders Completely Done.

The directorate of the company held another meeting to-day which lasted several hours. The auditors, Messrs. Booker and Jewell, it is said, reported that gross irregularities had been discovered in the dealings of Taylor with the concern. The directors hope that the creditors of the institution will be safe, which means that they admit a complete loss to the shareholders. It may be accepted as beyond all reasonable doubt that Taylor is responsible for several large amounts that are not in the possession of the company, but many complications prevent the correct sums being ascertained until the completion of an exhaustive investigation.

The examination that is being made by the auditors is exciting considerable comment, and instead of trying to place the liabilities of the concern and what there is to meet them they are rather proceeding as though Taylor was on trial and evidence was being collected for his prosecution. Mr. Long will endeavor to have a change made in this respect. Even Taylor's liabilities cannot be known until then.

The Bank Investigation.

The announcement is made to-day that the bank investigation is nearly completed. A couple of days more will suffice. When completed the result will be made known at once. Three courses will then be open: to liquidate the concern, which will cost about $50,000; to continue the business, if public confidence can be restored sufficiently, and to sell out to the Bank of Toronto or some similar institution. The latter proposition meets with the most favor here and the Toronto people will certainly receive another offer to "negotiate." As an instance of how the public are, regarding confidence in the bank, it may be said that now every other merchant's window has an announcement that the bills will be taken at par, while two days ago the only signs were in brokers' windows offering to buy at a discount. Ninety-five cents on the dollar is now offered by the brokers, but there are no more deals to be had. While the subject of the two institutions is still a topic of general comment the excitement has largely died out, the public having settled down to wait until the results of the investigations are published.

GONE WITH $2500.

The Teller of the Bank of London at Watford Skips Out.

WATFORD, Ont., Aug. 23.—There was considerable excitement here on Monday when it was learned that George Jones, the teller in the branch of the Bank of London here, had mysteriously disappeared. Jones kept the combination of the inner vault door and it was necessary to send to the head office for the combination before the amount of his supposed plunder could be ascertained. On opening the safe Tuesday morning a package of bills on other banks, amounting to $2500, was missing.

Jones hired a rig here on Saturday night and drove in a roundabout way to Alvinston. He paid a livery man there $10 to drive him to Courtright, where he crossed the river to the American side. The news of his flight created quite a sensation, as Jones was well known and stood away up in the confidence of the people. He was a member of the municipal council and a shining light in religious circles.

Cattle Dying by Thousands.

COLORADO, TEX., Aug. 23.—The reports of the loss of cattle on the Upper Panhandle by the Cattle Syndicate have not been exaggerated. The company has thousands more cattle than it has water to supply and they are dying by the thousands. The losses for the past twenty-two days will average 500 head per day.

The Boycott of McGlynn.

NEW YORK, Aug. 23.—The Ancient Order of Hibernians of King's County have expelled division No. 3 for inviting Dr. McGlynn to lecture next Friday night, and for refusing to withdraw the invitation. The reason for the action is that McGlynn is in antagonism to the Catholic Church.

CANADIAN NEWS.

John Hill of Dundas was convicted at Hamilton yesterday of larceny, and was sent to the Central Prison for a year.

Gimsoe will vote on a by-law to raise $200 for the purpose of sinking artesian wells with a view of obtaining a sufficient supply of water.

James A. Johnston of Brandon, Man., is preparing a special Brandon exhibit to send to the exhibition at Toronto and other fairs in the East.

A 2-year-old child of Wm. McPhee of Stratford fell into a cistern on Monday and was drowned.

Mr. Senator Wilson and Hon. Benjamin Butterworth will address a farmers' meeting at Picton on Sept. 8.

Proceedings are afoot to extradite the two Halfbreeds arrested in Montana charged with the murder of Malcolm.

The Quebec Government has contributed $200 to the sufferers by the Napierville fire.

The city's appropriation being exhausted, the Seventh Battalion Band of London refuses to give any more open air concerts. Public subscriptions will be asked for.

UNITED STATES NEWS.

The Clinton Yarn Company of Clinton, Mass., has assigned; liabilities $50,000.

The Pacific Mail Steamship Company has decided to declare a dividend of 1 per cent.

The Fulda landed $200,000 in gold at New York on Monday, making $600,000 received for the week.

Sarah Dodge is in custody at Gardner, Ill., charged with the murder of Walter S. Babcock, a wealthy lumberman from Chicago.

Captain Nicholls of the British steamer Propitious was swept overboard in a cyclone off the Maryland coast on Saturday and lost.

It is believed that several of the crew of the whaling bark Napoleon, wrecked on the Siberian coast two years ago, are in that country.

Louis De Bock, a post trader at the Charlestown, Mass., navy yard, has fallen heir to over a million dollars by the death of an aunt in Java.

Two engines and fifteen cars were demolished in a collision on the Chesapeake and Ohio Railway, near Charleston, W. Va., on Sunday; loss $75,000.

The International Stove Moulders' Union has determined upon demanding an advance in wages varying from 10 to 15 per cent. all over the United States and Canada. The demand will be made on Tuesday, and if not acceded to a strike will follow.

CABLE ITEMS.

The cattle plague is ravaging the South Russian provinces.

The appointment of Gen. Salamanca as Captain-General of Cuba has been cancelled.

Six workmen were killed at Berlin on Monday by the collapse of the scaffolding on the new hospital.

Seventy-two department councils in France have elected Republican bureaux and ten have elected Conservative bureaux.

An official report says the prospects of the Russian wheat crops of both winter and summer wheats are favorable in most districts.

The appeal to President Grevy of Mme. Babaier for clemency toward her former lover, Prasini, the murderer of Mme. Reynault, has been rejected.

The American peace memorial has been signed by 300 members of the British House of Commons, including Mr. Chamberlain, Mr. Mundella and Sir G. A. Trevelyan.

The Prussian Ministry of Agriculture anticipate the following yields: Wheat, 103 per cent.; rye, 100 per cent.; barley, 94 per cent.; oats, 85 per cent.; peas, 91 per cent.; rapeseed 89 per cent.

The Russian Government has issued a ukase claiming as Russian territory all uncultivated lands on the banks of the River Murghale and ordering that such lands shall be colonised and cultivated.

A floating exhibition of Spanish products will shortly leave Valencia for South America, and will visit all the principal South American seaports. The object is to open up new markets for Spanish goods.

Forestal, Barrella and Sambuco, Corsica, have been destroyed by fire. Serious forest fires have also occurred in twelve other communities of Corsica. They are thought to have been the work of incendiaries.

THE FAMOUS FORBES.

The War Correspondent to Ill to Keep Lecture Engagements.

NEW YORK, Aug. 23.—The career of Archibald Forbes, the famous war correspondent, is near an end. He was to arrive here in the fall and was to commence a course of lectures under the management of J. B. Pond, and had arranged to leave Liverpool on Aug. 20. Yesterday Mr. Pond received the following cablegram:

"My health is wrecked. Cancel everything.
(Signed) ARCHIBALD FORBES."

Mr. Pond said to-day: "For the past nine months Mr. Forbes has been suffering from general debility and lung troubles and I fear it will never be in his power again to lecture here or elsewhere." It is understood that Mr. Forbes is in the last stages of consumption, and that he has not much longer to live.

The Gilding on the Rain.

NEW YORK, Aug. 23.—A mechanics' lien has been put upon the Brooklyn residence of Henry S. Ives, the young Napoleon of Finance. The building is valued at about $50,000, and Ives had ordered $15,000 worth of decoration in gold, silver, bronze, plush and ivory. To save themselves the contractors obtained the lien.

INCENDIARISM SUSPECTED.

The Fire on Board the City of Montreal Thought Not to Have Been Accidental.

LONDON, Aug. 23.—Captain Bean, of the steamer York City, which rescued the passengers of the steamer City of Montreal, says he feels certain that the fire was not an accident, but was the work of some malicious person or persons, because the fire broke out fore and aft at the same time with two bulkheads closed between.

THE PROCLAIMED LEAGUE

GOVERNMENT WILL NOT SUBMIT ANOTHER MORE PAPERS.

Lord Hartington Sends a Strong Remonstrance to Lord Salisbury, in Which He Says the Suppression of the League is Dangerous.

LONDON, Aug. 23.—In the House of Commons this evening, Mr. R. T. Robertson (Liberal), member for Dundee, referring to the proclaiming of the Irish National League, said he had examined the returns upon which the proclamation was issued, and he failed to find any mention of the league. He asked if the Government would submit evidence upon which the House would be enabled to discharge its duty under the statute and decide whether the proclamation declaring the league dangerous on specified grounds of criminality should be confirmed.

Mr. Smith said that it was not the Government's intention to submit any additional papers. [Parnellite cries of "Oh, oh!" and Ministerial cheers.]

Hartington's Protest.

LONDON, Aug. 23.—Lord Hartington did not know that the Government intended to proclaim the league until after the decision had been reached. As soon as he learned of the Government's intention he sent a strong remonstrance to Lord Salisbury. Lord Hartington believes the proclamation ill-advised, dangerous and unnecessary.

Mr. Balfour will return to London to-night.

Mr. Russell's Defection.

LONDON, Aug. 23.—The defection of Mr. T. W. Russell, member for South Tyrone, was a staggering blow to the Unionists, and his letter, giving his reasons for withdrawal, has added much to the significance of his severance of his relations with the dissidents—especially that part of it devoted to expressing his opinion of Ulster landlords in particular and Irish landlords in general. Some curiosity is evinced by many members as to the exact position of several other Unionists, and they are looking forward with quickened interest to the division on Friday.

Mr. Parnell has no desire that the Government shall be defeated on that occasion, but on the contrary prefers that the ministry should remain a while longer in power in order that they may more fully develop the folly of their recent acts.

Mr. Gladstone is suffering somewhat, from the effects of a cold, but will be in his seat in the House of Commons on Thursday night to move an address to the crown, appealing for an abrogation of the proclamation of the league.

The Government fixes Sept. 5 for the close of the Committee on Supply. A notice has been placed in the order book in Mr. Gladstone's name to move an address against the proclamation of the league.

The Gladstonians will hold a conference in the House of Commons on Thursday to make arrangements to support the Parnellites.

Overtures to Mr. Russell.

LONDON, Aug. 23.—Lord Hartington has written a letter to T. W. Russell, expressing regret that Mr. Russell has seceded from the Unionist party. He hopes to induce Mr. Russell to modify his decision and asks him to a conference to-morrow.

Denounced in Dublin.

DUBLIN, Aug. 23.—A meeting to denounce the Government's course was held in the Rotunda this evening. An immense crowd was present, and great enthusiasm was manifested. The Lord Mayor presided. There were also two overflow meetings at which Edmund Leamy and T. P. Gill, M.P., presided. There were present several English and Scotch members of Parliament, including Messrs. Jacob Bright, Cobb, Sutherland, Fenwick and Holdane. The building was full an hour before the meeting was opened. Many persons got in through a window. Prof. Galbraith, a Protestant, moved a resolution denouncing the edict against the League which was unanimously carried.

A Fire at Hull.

OTTAWA, Aug. 23.—A fire broke out about 2 o'clock this morning in Hull, and for a while it looked as if "The City of Rocks" was for the third time almost to be wiped out. Fortunately there was not much wind and the fire was confined to the block in which it originated, burning nine dwellings and one school. Loss about $4000. No insurance except $500 on the school.

A Tornado in Middlesex.

LONDON, Ont., Aug. 23.—A tornado passed over the country north of here about 4 o'clock this morning, doing considerable damage to fences, telegraph lines, etc., uncooding houses, blowing over chimneys, trees and carrying away everything loose. It only lasted a few minutes, passing eastward, close to Thorndale Station, accompanied by hailstones.

Men of Considerable Backbone.

CINCINNATI, Aug. 23.—Scientists are interested in the finding to-day, in an excavation for a sewer on Walnut Hills, of a section of a human vertebra, petrified, of such dimensions as to indicate that it belonged to a race of giants nine feet high.

WEDNESDAY, AUGUST 24, 1887.

THE OPIUM TRAFFIC.

A paragraph in a recent daily paper informs us that the Canadian Commissioner of Customs has been in Victoria investigating the nature and extent of the opium trade. It appears large quantities of the deadly narcotic are imported into Canada in the crude state, the last vessel entering Victoria harbour having a consignment valued at $75,000. This shows somewhat plainly the extent to which the use of this dangerous drug has reached, and indicates what has been generally understood in recent years, that the spread of the opium habit has become alarmingly prevalent. Opium eating has had many victims in the past, and their number is certainly not diminishing. But the greatest and most alarming increase is in the habit of opium smoking.

The large immigration of Chinese to America in former years has introduced among us the Oriental method of using this narcotic. It is a costly and pernicious habit, yet the vice, as we have said, has almost traversed the entire American continent in a few years. The first white man on this continent known to indulge in opium smoking began in California in 1869. Now there are numerous opium dens in most of the cities in the United States, and municipal enactments to enforce their suppression have been passed on several occasions in San Francisco. Almost every western town has its opium dens, and the principal patrons are by no means confined to the almond eyed celestials. Some from almost every class in society are to be found in these degrading centres of vice. The bewildering sensations at first seem pleasant. But the continual use of this narcotic overcomes reason, conscience and common sense, and sinks the unfortunate who follows opium smoking to a condition worse than that of the confirmed drunkard.

Not long ago we read of a woman in Philadelphia who had opened a parlour for women who had contracted a habit for the deadly and disgusting vice. Her establishment is fitted up with artistic and luxurious appointments, and ladies moving in good society, who have time and means at their disposal, are reported to be regular frequenters of this gilded pest-house.

Every reader knows the weird interest that De Quincey's "English Opium Eater" possesses, and remembers the fearful slavery in which the accursed habit held that singularly gifted man. For three long years De Quincey struggled against the fascinating habit, but he at last succumbed and was up to the last an habitual user of the narcotic. A decanter with laudanum was to him as indispensible a requisite on his study table as inkstand or pen. Samuel Taylor Coleridge was another strong man slain by the deadly habit, and every lover of Dickens will remember the descriptive touches in "Edwin Drood", which describe the fatal fascination of opium smoking.

We are told that opium dens are becoming numerous in London and in all large English cities and towns, especially those on the seacoast. It is a sad comment on our civilization and Christianity to learn that the opium traffic with China brings in to the Indian government a net revenue, annually, of upwards of thirty millions of dollars. This traffic has involved England in three wars. The first took place in 1839, when the Chinese were forced to pay an indemnity of ten million dollars. In 1858, another war took place, when English soldiers entered the Chinese capital and dictated the treaty of Tientsin, by which the importation of opium was forcibly "legalized" and the Chinese were compelled to admit opium into their ports and permit the sale and consumption of it among their people.

Under these circumstances it can hardly be matter of surprise if England suffers to some extent through the use of this narcotic at home. "As a man soweth, so shall he reap," is true of nations, as of individuals.

B. B. B. Stood the Test.

"I tried every known remedy I could think of for rheumatism without giving me any relief, until I tried Burdock Blood Bitters, which remedy I can highly recommend to all afflicted as I was." Henry Smith, Milverton, Ont. 2w34d

The Acknowledged Clothier of the Age.

THE OTTAWA COUNTY ELECTION TO BE HELD ON SEPT. 14.

General Sir Frederick Middleton Said to be an Applicant for the Position of Commandant of the Military College at Kingston.

OTTAWA, Aug. 23.—The nomination for Ottawa County will take place at Hull on Sept. 7, and the polling on Sept. 14.

The marine department has called for tenders for repairs to the lights at Point Clair and Dorval. The piers are being enlarged and will be surrounded by neat wooden towers supplied with improved illuminating apparatus.

It is understood that the regulations relating to lobster fishing will be made more stringent, to prevent the possibility of the extinction of these crustacea. The Lobster Commission has nearly completed its labors. New Brunswick, Prince Edward Island, Gaspe and the Magdalene Islands were visited. Half the work in Nova Scotia has been completed, the commissioners now being engaged in Cape Breton.

Returns from the fisheries continue to be most satisfactory, and indicate that the catch this year will be the largest ever known.

There is probably some truth in the report from Kingston that Colonel Oliver is about to retire from the command of the Military College and that Sir Frederick Middleton has applied for the appointment. General Middleton's term as Commandant of the Militia forces in Canada will expire in less than two years. It has been known here, in a quiet way, for some time past that he was desirous of making some arrangement by which, at the expiration of his term, he should settle permanently in Canada.

The lighthouse on Vegro Island, in the Atlantic off the Nova Scotia coast, has been relighted.

The Marine Department is erecting a light in Mudge Bay, Manitoulin Island.

Sir Adolphe Caron is expected to return to the city to-morrow. The Public Works Department has let the contract for barn and stabling for the experimental farm to Wm. Stuart of this city.

Cholera in Italy.

ROME, Aug. 23.—During the past twenty-four hours there have been eighteen deaths from cholera in Catania and sixteen in Palermo.

Cholera Clings to Malta.

LONDON, Aug. 23.—At Malta, during the past twenty-four hours, there were nine new cases of cholera and four deaths.

We Caution All Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price 50 cts. eodw34

A Tragedy Between Infants.

MEMPHIS, Tenn., Aug. 19.—Willie Hawkins, aged 3, and Oliver Atkins, aged 5, were playing under the porch of a house on Dean avenue last evening, when the elder picked up a pistol belonging to a man asleep under the porch and, pointing it at the younger child, pulled the trigger. The bullet pierced the little one's heart, killing him instantly.

SMOKERS.

Ask for the "CABLE" (size) CONCHA CIGAR.

Better than ever. A quarter of a century in the market, which fact speaks for itself.

S. DAVIS & SONS, Sole Manufacturers.

Children Cry for Pitcher's Castoria.

An Undoubted Opinion.

"I was severely troubled with diarrhœa and having used some of the wonderful Dr. Fowler's Wild Strawberry, I was in a short time completely cured. I can recommend it as a splendid medicine." Wm. A. Stafford, Shedden, Ont. 2w34d

Have You Tried it?

If so you can testify to its marvellous powers of healing and recommend it to your friends. We refer to Dr. Fowler's Extract of Wild Strawberry, the grand specific for all summer complaints, diarrhœa, cholera morbus, dysentery, cramps, colic, sickness of the stomach and bowel complaints of infants or adults Let its merits be known to all who have not used it. 2w34d

The Last Year, 1887.

After the above year is ended there need be no person suffering from Rheumatism, Neuralgia, Toothache, Headache, Lumbago, or any acute pain. If they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by John McKee, Druggist. eodw31

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaint, Indigestion and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50cts. and $1 bottles at John McKee's Drug store. eodw31

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

LATEST SPORTING NEWS.

The Baseball Scores—Other Items of Interest to Sportsmen.

ROCHESTER, Aug. 23.—Umpire Emslie gave Toronto a game at the expense of the Rochesters to-day. For the Rochesters in the first innings, Cline was given his base on balls. Morrison flew out to centre field. Lewis made a phantom, forcing Cline to second. Kennedy was thrown out at first. Knowles made a single on which Cline scored. McGlone was thrown out at first. The Torontos failed to score in this innings, as did both sides, until the fourth, when Visner made the last run for Rochester by knocking a grounder to shortstop, which Albert threw so far over Fantz's head that Visner reached home.

Toronto scored two runs in the sixth, Albert making a single, stealing second, reaching third on Slattery's sacrifice and scoring on a single by Decker. Fantz followed with a two-bagger, on which Decker scored. McCormack was caught out on a foul tip, and Hickley flew out to centre field. In the eighth Slattery made a single, total to second, and scored on Decker's sacrifice. Fantz reached first on the error of Knowles, but failed to score, as McCormack flew out, Hickley made a single, and Kearns dropped a fly into Connor's hands. This ended the run getting. Score:

ROCHESTER.	R	H	O	A	E

Arrested for Playing Ball on Sunday.

CLEVELAND, Aug. 22.—John Strikers, captain of the Cleveland Baseball Club, was arrested yesterday at the instance of the Law and Order League for playing ball on Sunday. The first Sunday game was played on Aug. 21. Strikers' case will be a test one.

The Gendaur-Wise Race Postponed.

ORILLIA, Aug. 22.—The race which was to have taken place this afternoon between Chas. Gendaur of Orillia and H. D. Wise of Toronto, has been postponed till to-morrow on account of rough water. Betting to-night stands $100 to $40 on Wise. Both men are in splendid condition and, no doubt, will make a fine race.

Swimming for the Championship.

NEW YORK, Aug. 23.—The swimming contest for the national championship took place to-day on the Harlem River. In the 100 yards match H. L. Braun, of the Pastime Athletics won in 1 min. 17 1-5 sec. The best previous American record was beaten by 1 4-5 sec.

In the 1 mile race A. M. Ehrets of the Manhattan Athletic Club, won easily in 35 min. 18½ sec.

In Brief, And To The Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember:—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Very Valuable.

"Having used B.B.B. for biliousness and torpid liver, with the very best results I would recommend it to all thos troubled. The medicine is worth its weight in gold." Tillie White, Manitowaning, Ont. 2w34d

THE TROUBLESOME UTES.

Lively Times Expected in Southern Colorado this Fall.

GLENWOOD SPRINGS, Col., Aug. 23.—No news has yet been received from Sheriff Kendall of the posse of fifteen men who left here on Sunday morning to arrest the two Indians indicted for horse-stealing, and fears are entertained for their safety. A courier arrived to-day and reported that a band of one hundred Utes from the Uintah agency had been seen making their way toward Colorow's camp on Milk River. This news was of such a serious character that Gen. Reardon, who is camped at about twenty-five miles from here with a company of militia, will immediately move into Meeker for the better protection of the town.

It is rumored that Chipeta, the widow of Ouray, the most powerful chief who ruled over the Utes, was killed by the Sheriff's party at one of the first encounters with the Indians. If such is the case it is thought serious trouble cannot be avoided.

THE COLORED MASONS.

A National Convention of the Order in Session at Chicago.

CHICAGO, Aug. 23.—The colored national Masonic convention assembled in this city to-day. This is the first national convention of the fraternity and colored Masons all over the United States have manifested great interest in its deliberations. The delegates are representatives of the grand lodges of the various States and most of them are grand masters of their respective lodges. Among the questions which will come up for discussion in the convention are the formation of a national body, not for legislation but as an advisory body, with limited authority among grand lodges, and the analogy of craft masonry to the Christian religion. The fraternity numbers nearly 160,000 members but the order has never been recognised by the white Masons of the United States.

AN ILLICIT DISTILLERY.

Revenue Officers Seize a Fully Equipped Establishment at Souris, N.S.

CHARLOTTETOWN, P.E.I., Aug. 23.—Inland Revenue Officer Samuel C. Nash and Collector Moore, excise man of this city, in company with M. J. Foley, Collector of Customs of Souris, seized a distillery in full working operation in the house of Michael J. McCarthy, Souris Line Road, about 7.30 o'clock this morning. The distillers escaped into the woods.

Four hundred gallons of spirits, 100 gallons of wash and *ten gallons of yeast*, with sundry other goods, kegs, still head, worm, goosenock, and all the appurtenances of a compact and well ordered distillery were seized and the materials confiscated. The officers destroyed all the liquors, wash and yeast, still head, goosenock and worm. The Collector of Inland Revenue procured a warrant for the distiller, which is now in the hands of a constable for service.

UNDER THE HAMMER.

Sale of the Effects of the American National Opera Company.

JERSEY CITY, N.J., Aug. 23.—The sale of the scenery, stage effects and costumes of the defunct National Opera Company, under foreclosure proceedings to satisfy a chattel mortgage for $67,736, held by Frank R. Lawrence, took place this afternoon. The sale aggregated $20,100 for *properties that are said to have* cost $150,000.

Sheriff Heintzs has an unsatisfied judgment for $43,000 obtained against the opera company by Jacob Rosentean. The sheriff intended to levy upon anything remaining after satisfying Mr. Lawrence's mortgage, but nothing remained.

Army Officers Irritated.

SOFIA, Aug. 23.—M. Tantcheff has now consented to form a Ministry. The Metropolitan, in the course of an address in the cathedral to-day in the presence of Prince Ferdinand, said he was happy to learn that His Highness would do the best he could to reconcile Russia. This statement, together with the report that a Russian commissioner will accompany Artin Effendi to Bulgaria, confirming, as it does, the belief in Prince Ferdinand's submission to Russia, has caused irritation among the officers of the Bulgarian army.

Germany has reinstructed Baron Teilmann, consul at Sofia, who has been appointed Minister to Darmstadt, to delay his departure for the latter place till the Bulgarian crisis is ended.

A Murderer at Seventy-Four.

NEW YORK, Aug. 23.—Peter Gross, aged 74, was arrested this morning for murdering his wife. The couple were hard drinkers and in a quarrel at 3 o'clock this morning the old man beat his wife to death with a hatchet. Her face and head were shockingly mutilated.

To Cure Pain.

The means which may be readily and successfully employed to relieve pain are important and should be known by all. We give you the name of the best remedy in the world for pain, and the information that a 10 cent sample bottle can be purchased at any drug store. Polson's Nerviline, the new sure pop pain cure, will never fail you in time of need. Nerviline is a safe and prompt cure of all kinds of pain, neuralgia, cramps, toothache, headache. Sure always. Ten and 25 cent bottles at drug stores. 6dw34

Without Equal.

Wilson Montrose, of Vienna, Ont., having used Dr. Fowler's Extract of Wild Strawberry in his family for summer complaint, says, "I cannot speak too highly of it, for children as well as aged people troubled with diarrhœa it has no equal." 2w34d

A Good Corn Sheller for 25c.

A marvel of cheapness, of efficacy, and of promptitude, is contained in a bottle of that famous remedy, Putnam's Painless Corn Extractor. It goes right to the root of the trouble, there acts quickly but so painlessly that nothing is known of its operation until the corn is shelled. Beware of substitutes offered for Putnam's Painless Corn Extractor—safe, sure and painless. 6dw34

A Valuable Discovery.

F. P. Tanner of Nesbing, Ont., says he has not only found B.B.B. a sure cure for Dyspepsia, but he also found it to be the best medicine for regulating and invigorating the system he has ever taken. B.B.B. is the great system regulator. 2w34d

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eod-v31

TO Contractors and Builders

Drain Tile Pipe.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

M. D. L. C. P. S. O.

Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thos troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,
J. P. DEAN.

The Daily Examiner.

WEDNESDAY, AUGUST 24, 1887.

LOCAL NEWS.

Separate Schools.

The Separate Schools re-open on Monday, August 29th.

Sound at Bottom.

A new hardware floor is being laid in the handsome grocery store of Messrs. Rush Bros.

Knitters will find Turnbull's the right house to buy Canadian and Scotch fingering yarns from; all colors in Stock.

Finance and Fire.

The Finance Committee will meet to-night and the Fire, Water and Light Committee to-morrow night.

Work Begun.

Work has begun on the hotel building on the Chamberlen property, opposite the market square. Several teams and men are taking out the earth for the cellars.

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.00. Call and see them.

HARD TIMES could never come to Peterborough if all goods were sold as low as KIDD sells boots and shoes.

Opened out at Turnbull's, a full assortment of Baldwin's Scotch fingering yarns the best in the market.

The Band in the Park.

In spite of the unseasonable chilliness of the weather on Tuesday evening, there was a large attendance of auditors in Court House Park to listen to the band. A fine programme of selections was rendered, and received with delight.

Piano Tuning.

Mr. S. R. Huffman is in town. All orders left at Mr. Hartley's or Mr. McClelland's Jewelry store will be attended to. 3d45

Harry Lindley's "Lay."

Harry Lindley and twelve others composing his Comedy Company, stopped for dinner at the Grand Central Hotel to-day. Accompanying the entry in the register was the announcement that the company would play in Peterborough during exhibition week. They left at 1.30 for Belleville. The ubiquitous Harry is always on hand.

Port Hope's $20,000 Bid for the Lock Works.

A meeting of the directors of the Peterborough Lock Works will be held at eleven o'clock on Friday morning, to consider and decide upon a proposition, made by the Mayor of Port Hope officially, offering a bonus of $20,000 to the Lock Works Company on condition of removing the establishment to Port Hope.

Put in Safety.

A little after noon to-day a young man evidently of disordered mind, was acting strangely on Charlotte street. He entered houses aimlessly and held conversation with imaginary persons as though they were present. Chief Adams was notified, and by a good deal of tact succeeded in removing the unfortunate man to the police station.

The Danger Past.

The house belonging to the Chamberlen estate being moved westward on Charlotte street has been taken safely over the creek bridge. The bridge was well trussed up by Mr McCarthy and stood the strain. There was reason to fear the collapse of the the bridge, for the house is a monstrously heavy one. Some of the foundation timbers are 12 x16 inches while the posts are one foot square. There is enough timber in it, if sawed up, to make half-a-dozen modern houses.

A Severe Remedy.

The information is given that a gentleman living in No. 1 ward, who has been missing some of his choice grapes, purloined by boys, has been dosing his grapes with London Purple (a deadly poison). While this gentleman has a right to protect his property in a legitimate way, it is altogether too grave a matter to subject thievish boys to danger of death. The boys for whom the dose is intended are doing wrong and committing theft in stealing the grapes, yet the punishment of death is too great for them, and the party who eats the poisoned grapes may not be the thief, but some innocent party to whom he may give them.

Children Cry for Pitcher's Castoria.

THE cooling rain can not suit the thirsty ground any better than the low price of KIDD's boots suits purchasers.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

The Lads and the Lambs.

A cricket match between the first eleven and a fifteen known to the trade as "Wrighton's lambs", is going on this afternoon. There is danger of the "Lambs" being flayed.

Turnbull's dress goods department is now laden with new dress goods in all the new colors. A first-class dressmaker in charge of the dressmaking department, to cut and fit or make up on shortest notice.

Change of Business.

Mr. M. Coughlin, of the firm of Coughlin Bros., marble and granite dealers, Belleville, was in town to-day. The firm has bought the business of Mr. J. E. Burgess, George street, opposite the Post Office, and they will carry on the business here in connection with their Belleville business. Mr. J. Coughlin will manage the Peterborough branch, which will be carried on under the new arrangement. The business will be carried on much more extensively than heretofore. The new firm which has taken possession is made welcome to the town, and it is to be hoped they will meet with a prosperous business career.

Farmers Hold Their Own.

Supercilious irreverence many immagine it is doing something smart in dubbing the farmers "hayseeds" "clod-hoppers," but any person who was present at the cheese board on Tuesday would come to the conclusion that they know how to look after their own and that it takes something sharper than a clique of small city cheese seekers to get the start of them. They held their own on this occasion and events will show whether the Belleville gentlemen were not just a little too sharp for their own good. If the board was temporally demoralized it must be admitted that it was galvinized into life again.

Matrimonial.

On Tuesday evening Mr. John Stirling, headmaster of the South ward school, was united in marriage with Miss Clysdale of this town. The ceremony was performed by Rev. B. Greatrix, at the residence of Mr. James Wason, uncle of the bride, Rubidge street north, in the presence of a few immediate relatives and intimate friends of the contracting parties. Mr. W. A. Stratton, barrister, filled the position of groomsman, and Miss Bertha Mason acted as brides-maid. The EXAMINER desires to join the numerous friends of Mr. and Mrs. Stirling in the heartiest of congratulations and good wishes for the happiness of their wedded life.

Beware of Swindlers.

Information is daily forthcoming of farmers who are swindled—sometimes to the tune of $250, by the seed wheat "racket". They should know better than to have any dealings with the peripatetic frauds who offer to give so much for nothing. Farmers have had repeated warnings, but they do not heed them. They should subscribe for a paper, read it, and patronize the local dealers, whose advertisements are found therein. The only legitimate way for farmers to make money is by turning up the soil till the money turns up. Let them patronize local establishments of repute and standing and they will never get "stuck" for big notes, for which they have got no value.

What is the Board of Health Doing?

Numerous complaints are made of the existence of filthy conditions in several parts of the town. If the authorities are aware of this state of things, they are culpable for ignoring an unsanitary condition which militates greatly against the health of the residents in the vicinities adjacent to the places indicated. The complaints may be said to be confined to the lanes and yards in the rear of shops and hotels. The householder in the residence portion of the town will not grumble at being made to conform to the strict letter of the law if more marked offenders are made also to comply with the requirements of the health by-law. It does not seem to be the province of the Board of Health to make flesh of one and flesh of another.

A Practical Compliment to the Town.

Mr. C. F. Sheehan, representing Messrs. F. Primavese & Sons, Swansea, Wales, an extensive china and earthenware firm was in town yesterday. He is the first representatize of a British firm who has visited the town, and this is his first visit. His visit is an important admission of the commercial importance of Peterborough. The only other places he calls on in Canada, on business, are Montreal, Kingston, Toronto and London. It is no mean compliment to the town that it can boast of being on a par with our leading cities and ahead of all the minor cities and towns in Canada, and having a crockery establishment whose extent makes it worth his (Mr. Sheehan's) while to call here. Peterborough's commercial importance is becoming greater every day, and this town promises in the near future to be the centre of an extensive jobbing trade, in the several branches of mercantile enterprise. Her unrivalled railway facilities, and the surrounding district with its rapidly developing consuming powers, all bear out the making of such statement.

Bonuses and Business.

Port Hope is trying to make itself rich by hiring manufacturing establishments to establish themselves in that town. This is false enterprise. If an establishment is "worth its salt" it will plant itself in the most suitable locality, and thrive without any bonus. A business that has not bottom and go enough to thrive without a bonus, certainly can't do so with a bonus. Brains, business capacity and energy are wanted. Putting money into a concern lacking these conditions is equivalent to giving it to rats to make nests with. There is more than one example of extensive businesses being built up in Peterborough from small beginnings by dint of energy, shrewdness and honest dealing. Of these the most shining example is that of D. Bellegheem, the Famous Furniture Factor. He began a few years ago with a capital consisting of two hands, a level head and a body chuck full of enterprise and push, and he has risen till today he has the most extensive furniture trade—the best stocked and most capacious warerooms, the most complete factory and the highest reputation in the Dominion outside the large cities, and he declines to take a back seat to many of them. All who want the best furniture at the cheapest prices go to his warerooms, Hunter street, where will be found thousands of square feet covered with every variety of furniture, to meet the demands of peasant or prince, or to furnish a cabin or castle.

Peterborough Cheese Board.

A Lively Meeting.—The "Ether" Developes in Custine.—An Improved Attempt to Bleach up the Board.—Some Fancy Prices Paid.

An unusually lively and exciting meeting of the Peterborough Cheese Board was held on Tuesday afternoon. Mr. Drummond, President, and Mr. Taylor, Secretary, assisted by Mr. Galvin, conducted the sales. There was a large attendance of buyers present, including some new faces which had never appeared on the market here before, and whose genuineness was open to liberal question. The following are the names of the buyers: Messrs. Wrighton and Green, Peterborough; Warrington, Bird, Fitzgerald, Dingwall, Brentnell, Cook, McCarger, Hodgson and Spence (unattached).

The cable quotation was 57s., and the market showed a downward tendency. The following cheese was boarded:

The business of making bids was interrupted at the outset by Mr. Warrington, a Belleville buyer. He made a motion that Mr. W. H. Wrighton, the inspector appointed two years ago on behalf of the board, and whose re-appointment this spring was moved by Mr. Warrington himself, be asked to retire, and that a Mr. Spence, of Norwood, be appointed in his place. [He (Mr. Warrington) had no personal objection to Mr. Wrighton, nor lack of confidence in his judgment as an inspector, but he thought his judgment might be influenced by his being a buyer in competition with other buyers.

Mr. WRIGHTON called attention to the fact that Mr. Warrington had moved his appointment this spring. He was not anxious to retain the position, but he could take no action as he was in the hands of the Board, and so long as they were satisfied with him, he saw no reason for retiring at the request of an interested outsider.

Several members of the board spoke in favor of retaining Mr. Wrighton.

Mr. HODGSON, another member of the Belleville party, bore testimony to Mr. Wrighton's good judgment, but objected to him on the same grounds as Mr. Warrington had done. These parties wanted Mr. Spence appointed, and would have none but him. The name of Mr. Moore, of Lakefield was mentioned, but no one would do but Mr. Spence Of course the board refused to assent or even consider seriously the appointment of Mr. Spence, whereupon Mr. Warrington and his party from Belleville, some of whom were not genuine buyers and had no right to be heard at the board though they did intrude more or less impertenences upon it—took offence and retired. one of the persons stating that unless Mr. Wrighton was removed they would have no further dealings with the board.

If the object of the Belleville party was to break up the board they were disappointed. And that this was their object was quite apparent. The objection to Mr. Wrighton was only an excuse. Mr. Warrington himself moved his re-appointment last spring, and Mr. Wrighton's decisions, when he has been called on to give them, have been oftener in favor of buyers than of makers. The "ring", however, did succeed to a certain extent. The makers and salesmen of certain factories seemed to think that the Belleville buyers could do better for them off the board than the board could do, and allied themselves with the bolters.

This interruption over, the president called for bids.

After Mr. Leary had offered 12 cents for August and September and 12½ for October, and Mr. Flavelle 12⅝ for the season, (selections) and 11⅞ for selections of August, Mr. WRIGHTON explained the cause of dissatisfaction. A dispute had risen in connection with the make of a small factory and he (Mr. Wrighton) had been called in to settle it. Mr. Cook, for Warrington, had refused to take certain cheese. He (Mr. Wrighton) had decided that only a part of the refused boxes were below the standard. Mr. Cook refused to take any of them though he afterward admitted that he would have been justified in taking twenty of them.

Mr. FLAVELLE, Lindsay, said the affair had the appearance to him of a desire on the part of the buyers who had left the board, to squeeze out the Peterborough buyers on account of the condition of the market, making it undesirable for them to buy at present.

A gentleman present, not a member of the board, commended the board for its firm resistance to the efforts of the ring and its desire to legitimately carry out the business of the meeting. He would advise the sellers to accept the figures which had been offered as the prices were good.

Bidding then proceeded. Mr. Flavelle bid 12½c. for the season's make of the selected factories of Warminster, Warsaw, Central Smith, North Smith and Lakefield.

Mr. Galvin urged the sellers not to be in a hurry. He predicted that in a short time the buyers who had retired would return and make good offers. In justification of his prediction Mr. Bird, one of the Belleville bolters, returned and bid 12⅝ for the season's make of Trewerne, Lily Lake and Cherry Grove, which was accepted, and shortly afterwards Mr. Whitton, general inspector, entered the room and informed the board that Mr. Warrington had bought by an outside transaction the three months' make of Westwood, Norwood and Melrose Abbey at 12, 12⅝ and 13 cents, respectively.

Mr. FLAVELLE made a bid of 11⅞ for the Victoria section, but two of the factories declining to sell, the offer was withdrawn.

Mr. FLAVELLE bid 11⅞ for the balance of the Peterborough section, for the first half of August, and his offer was accepted by Keene, Shearer, Central, Otonabee Union, Glenthorne, and Myrtle, the others declining.

It was conceded that Victoria should be allowed to sell off the board to the best advantage. Other factories selling off the board are subject to a fine of $20. Some of these, who had sold off the board were liable for this fine, and some of the others, had not signed the agreement and were not, consequently, bound by it.

Mr. GALVIN, during the course of the bidding, said the conduct of the afternoon was the greatest attempt that had ever been made to break up the board. He regretted that some of the salesmen had helped it on, but he warned them that they would yet be sorry for the part they had taken. The Board adjourned for two weeks.

A Dangerous Tank.

To the Editor of the Examiner:—

DEAR SIR,—The water tank at the corner of Smith and Bethune streets is uncovered and in a very bad condition. Moreover, the top is all rotted away. A person going along there after dark is in danger of stumbling into it. Please call the attention of the proper authorities, and oblige,

Yours respectfully,
RESIDENT OF VICINITY.

Peterborough, Aug. 23rd, 1887.

The Game Law.

When to Catch or Kill Game in the Province of Ontario.

The Caldwell-Badgerow game law, which came into effect on July 1st, 1886, defines the close periods:—

(1) Deer, elk, moose, reindeer, or caribou, between the fifteenth day of December and the fifteenth day of October.

(2) Grouse, pheasant, prairie fowl, or partridge, between the first day of January and the first day of September.

(3) No quail shall be hunted, taken, or killed, during the years 1886, 1887 1888, and in each case thereafter not between the fifteenth day of December and the fifteenth day of October following.

(4) Woodcock, between the first day of January and the fifteenth day of August.

(5) Snipe, rail and plover of all kinds, between the first day of January and the first day of September.

(6) Swans or geese, between the first day of May and the first day of September.

(7) Ducks of all kinds, and all other water fowl, between the first day of January and the first day of September.

(8) Hares, between the fifteenth day of March and the first day of September.

Personal

Mr. John Bertram has improved rapidly in health within the past few days, and will soon be perfectly recovered.

Mr. Wm. Sanderson, B.A., formerly of Smith and an old pupil of Peterborough Collegiate Institute, has been appointed to the position of Mathematical Master in the Ottawa Collegiate Institute at a yearly salary of one thousand dollars.

SMOKERS,

Ask for the "CARLE" (size) CONCHA CIGAR.

Better than ever. A quarter of a century in themarket, which fact speaks for itself.

Sole Manufacturer

FOR A THOROUGHLY good Extract of Lemon, try the "Royal." wthdw

PUT your foot in it! In what? Why in one of KIDD's easy-fitting boots; and you can't help buying a pair when you hear the price.

For Baldwin's Scotch Fingering in black and navy, go to Turnbull's.

Mothers.

There are upon the skin of every human being, child and adult alike, 2,000,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. 4w30d

MARRIED.

STIRLING—CLYSDALE.—At the residence of the bride's uncle, James Wason, Esq., on Tuesday, 23rd August, 1887, by Rev. Benj. Greatrix, John Stirling, headmaster of the South Ward school, Peterborough, to Eliza Francina, youngest daughter of the late John Clysdale of Dummer.

CAPITAL AND FUNDS, OVER $6,000,000
ANNUAL INCOME OVER $1,400,000

The continued steady increase of the Company's business, now exceeding the aggregate of all the other Canadian Companies, and being more than a fourth of the entire Life Assurance business of the Dominion; its favorable mortality; its moderate expenses, and the high character of its investments, afford good grounds for highly favorable and satisfactory profits to its assurers and explains the cause of the unparalleled success of the Company for the last 41 years.

Intending Assurers should, in their own interests, examine the rates and profits of this OLD RELIABLE and Successful Institution before insuring elsewhere.

THURSDAY, AUGUST 25, 1887

OTTAWA NEWS.

Private letters from Hon. Mr. Chapleau contain the satisfactory information that his health continues to improve.

It is rumored that it is the intention of the Canadian Pacific Railway shortly to change the through express train service so that it will go to and from Montreal by way of the Smith's Falls short line instead of through Ottawa and along the North Shore. This will be side-tracking Ottawa pretty effectually.

Mr. Andre Senecal, Superintendent of the Government Printing Bureau, has returned from New York, where he has been inspecting press and other plant. It is understood that no purchases will be made until work on the new printing office has been commenced. This will probably be very shortly now.

Sir William Des Veux, ex-Governor of Newfoundland, who is on his way to Hong Kong to assume the government of that dependency, arrived here to-night. Sir William resided for several years in Toronto, is a member of the bar of Upper Canada and went from Toronto to fill his first Imperial appointment, that of stipendiary magistrate in British Guiana. He has since been Governor of Fiji and has filled several other important positions.

Apropos of the item telegraphed last night that there was a possibility of Colonel Oliver retiring from the command of the Kingston Royal Military College and being succeeded by Sir Frederick Middleton, The Free Press to-night states that private letters from England say that Sir Charles Tupper is using his influence with the home authorities to have his son-in-law, Colonel Cameron, appointed to the command of the militia force here in place of General Middleton.

The Executive Committee of the Ontario Arts and Agricultural Association held a meeting here this morning to make arrangements about the forthcoming exhibition, which promises to be highly successful. It was decided to invite Hon. G. W. Ross to open the exhibition.

THE MANHATTAN BANK THIEF.

A New York Woman Said to Have Received $10,000 of the Stolen Money.

NEW YORK, Aug. 24.—Mrs. B. Roberts, described in Teller Scott's affidavit, charging her with receiving and retaining from him $10,000 of the money stolen from the Manhattan Company's Bank, while Lawyer Dunn received and appropriated the remainder, or $140,000, was found this morning at her residence. To the reporter's questions as to the truth of Teller Scott's affidavit she said, with apparent surprise at the accusation: "You are the first to tell me what Scott has stated in his affidavit. I was informed at breakfast that there was something in the paper about me, but had not had time to read what it was when you were announced. I never use the name Fanny when speaking or writing of myself, but usually sign my name as Mrs. J. B. Roberts. I am a widow, and, having some means, occupy this house with my colored man and maid-servants. I have no objection to saying that my name is Fanny S. Roberts, and suppose that I am the person alluded to in the affidavit which you have read to me. Of course, such a publication as this is not pleasant, but being conscious of right I have no fear of facing the trouble if any should arise. I never heard until to day of this Richard Scott and certainly could not have been friendly with him. No, I have not had the papers lately and had no idea that such a man existed. No, it is not true that I received $10,000 from Scott, or from any man known to me by that or any other name. The charge of intimacy with a man who confessed to me that he was a thief is too preposterous for me to answer, except in a court of law." Later it was learned that Mrs. Roberts had been arrested and taken to Ludlow-street jail.

THE DAILY DISASTER.

Trains Continue to Meet With Mishaps and Kill People.

PITTSBURG, Aug. 24.—The second section of the Cincinnati express going west on the Pan Handle road jumped the track near Skelly's station, and was precipitated over an embankment into a creek. The train was composed entirely of mail and express cars, and was badly wrecked. Engineer George Thompson was terribly scalded, and will die. George Moreland, baggage master at Columbus, O., received painful cuts about the head and body, and Fireman James McCollough was badly bruised. George Norvin, express messenger, were also slightly injured. The cause of the accident is not known.

Two Lives Lost.

WHEELING, W. Va., Aug. 24.—Emigrant train No. 83, coming west on the Baltimore and Ohio railway this morning at 8 o'clock, ran into freight train No. 66 at Easton Siding, twenty miles east of the city. A. L. Smith, engineer of the emigrant train, and Isaac Arberthot, his fireman, were instantly killed. The engineer and fireman of the freight train was slightly injured. Fifteen of the emigrants were seriously but none fatally injured.

A Gang of Trackmen Run Down.

SCRANTON, Aug. 24.—A frightful accident on the Lehigh Valley Railway at Ransom Township at noon to-day. A pony engine, on which were Gen. Supt. Stevenson of the Lehigh Road, John M. Hahn, roadmaster, G. Collins and L. M. Hall, while rounding a curve plunged into a gang of five trackmen and instantly killed Foreman Connell and a Hungarian laborer, and fatally injured another Hungarian.

Children Cry for Pitcher's Castoria.

THE PROSCRIBED LEAGUE.

DEFIANT TALK AT THE MEETING IN THE DUBLIN ROTUNDA.

Mr. Gladstone and the Leading Liberals Have a Conference Regarding the Proclamation of the League—Mr. Russell's Position.

LONDON, Aug. 24.—At the meeting in the Rotunda in Dublin last night the English members of Parliament present advised Irishmen to be calm and to refrain from collision with the law.

Mr. Dillon said that in spite of the proclamation the league would continue to exercise what Mr. Balfour had called intimidation. Instead of advising tenants to be reasonable they would advise them in future to double their demands.

Mr. O'Brien said that no Irishman was worth a pinch of salt unless he tramped the proclamation under foot, but he advised calmness in the struggle for freedom.

Mr. Gladstone Feels Cold.

LONDON, Aug. 24.—Mr. Gladstone, Sir Wm. Vernon Harcourt, Earl Spencer, Mr. Arnold and John Morley had a long conference this morning in reference to the proclamation of the National League. Mr. Gladstone is in good spirits. He wears a thick overcoat, though the weather is hot.

An Outside Worker.

LONDON, Aug. 24.—In reply to Lord Hartington Mr. Russell says that he is willing to attend a conference but that his position is a difficult one. He adds that he must in future, although a staunch Unionist, work outside the party.

A Nationalist Elected.

DUBLIN, Aug. 24.—O'Gorman Mahon, (Nationalist) has been elected without opposition to the seat in the House of Commons for Carlow, made vacant by the death of J. A. Blake.

Knnis Not Truly Loyal.

DUBLIN, Aug. 24.—The Ennis Board of Guardians has adopted an official resolution defying the Government's proclamation against the National League and exhorting all boards of guardians to advance the principles of the league.

O'Brien Always in Trouble.

DUBLIN, Aug. 24.—William O'Brien has been summoned to appear before a magistrate for making inflammatory speeches at Mitchelstown on Aug. 9 and 11. The hearing has been fixed for Sept. 9.

FIRE AMONG PAINT POTS.

A $30,000 Conflagration at Montreal Yesterday Morning.

MONTREAL, Aug. 24.—A fire took place this morning in the paint and oil manufactory of William Johnston, William-street. The building is divided into two sections, one a new erection which fronts on William-street and the other an old building fronting the canal. The fire caught in the flat in the southwest corner of the old building, and spread like a train of gunpowder over the whole western section. A general alarm was given calling out the whole brigade. The engines set to work drawing their suction from the canal. The heat was intense and dense volumes of black smoke almost suffocated the firemen, but they were not to be daunted and stuck to their post.

About twenty minutes after the fire started, twelve large tanks, averaging in capacity from 500 to 10,000 gallons and filled with benzine, turpentine and Japan black caught fire and exploded. The scene was now magnificent as the flames from a huge roaring furnace shot high into the sky. The efforts of the firemen were directed to save the building fronting on William-street and to keep the flames from spreading to McDougal's car wheel foundry and the Canada Fibre Company, which adjoins, and in this they were successful. At 6 o'clock, with a crash like thunder, the roof fell in, but now the efforts of the firemen began to tell, and from every coigne of vantage a powerful stream was projected, and by 6.30 the fire was completely under control. The old building was completely destroyed, only the walls are standing; but with the exception of a little damage by water the new building is uninjured. The damage will amount to $30,000, which is fully covered by insurance.

Following are the insurances: Caledonian, $3000; Citizens', $4000; Guardian, $4000; Liverpool, London and Globe, $9000; National, $6000; Atlas, $2500; Norwich Union, $2500; British America, $3000; Aetna, $7000; Hartford, $4000, and Phœnix, $3000.

DROWNED OFF GRIMSBY PARK.

A Young Man From Hamilton Loses His Life by the Capsizing of a Boat.

HAMILTON, Aug. 21.—James Stewart of this city was drowned in the lake at Grimsby Park last evening. A party of five young men went to the park yesterday in a sail boat. They anchored the boat a short distance off the pier and intended to stay at the park over night. When a storm came up in the evening and a heavy sea began to roll they concluded to go aboard, fearing that the boat would drag anchor and drift. Three of them, H. Fearman, W. Moore and Stewart put out from the pier in a skiff. When near the boat the skiff was swamped and capsized. A life preserver was flung out from shore and was seized by Moore, who could not swim, and he got safely to shore. Stewart couldn't swim, and Fearman tried to save him, and succeeded in getting him on the skiff, but he was washed off, sank and did not reappear. The body was recovered at noon to-day.

Stewart was a young Scotchman, 21 years of age, employed as a clerk by McPherson, Glasgow & Co., wholesale grocers. He had been in Canada five years. His only relative in this country is a brother living here.

Fire at Ingersoll.

INGERSOLL, Ont., Aug. 20.—About 10.30 last evening a fire was discovered in Carroll' mill. Before the fire brigade could reach the place the fire had made such headway that all that could be done was to protect the surrounding buildings. The loss cannot be fully estimated. The insurance on the mill is $3000 and on the contents $1000.

The Gentle Jersey.

NEWAYGO, Mich., Aug. 24.—Samuel Shippy of Ashland Township, while leading his Jersey bull to water, slipped, when the beast made a dash for him and threw him a distance of twenty-four feet against the barn, and before he could regain his feet he was again caught by the infuriated animal and thrown upwards, alighting upon a scaffold ten feet high. He was taken into the house more dead than alive, with a terrible gash of six inches, from which his bowels protruded. His recovery is doubtful.

Burned to Death in a Stable.

TOPEKA, Kas., Aug. 24.—This morning the barn in which the horses belonging to the City Police Force are kept was set on fire, and a mare and four horses burned to death. Shortly after the flames were put out the charred remains were found to be those of Col. G. Graves, Lieut.-Col. of the 2d Iowa Cavalry, and Brigadier-General of the Kansas National Guards.

TORONTO TOPICS.

The Right Sort of Immigrant—The Health of the City—Mr. Costigan Goes Through.

TORONTO, Aug. 25.

Mr. R. Mitchell, a Yorkshire (England) gentleman-farmer, is at present in Toronto, en route to Duck Lake, in the Northwest, where he intends settling down to farming on an extensive scale. Finding agricultural life in the Old Country up-hill work, Mr. Mitchell resolved to avail himself of the advantages which the Government of the Dominion hold out to the proper class of immigrant, and has purchased a vast track of virgin soil on the western prairies. He has brought with him some of the purest breeds of cattle from England, but the animals have been quarantined at Quebec. As soon as this little obstacle is overcome Mr. Mitchell will start for his new home, where he is prepared to spend a considerable sum of money in getting it into shape. This is his first visit to Canada, and he expresses himself most favorably impressed with the climate and all that he has seen. Toronto he declares to be a magnificent city.

Hon. John Costigan, Minister of Inland Revenue, arrived in the city yesterday morning from Ottawa. He left at 12.30 for Harersville. He will be one of the speakers at the Conservative picnic at Selkirk to-day in honor of Dr. Montague, M.P. for Haldimand.

There are at present 208 patients receiving treatment at the hospital—a number substantially in excess of that registered at a corresponding period of previous years. The list includes a goodly number of typhoid fever cases.

The midsummer session of the Normal School for the professional training of teachers holding second-class non-professional certificates began yesterday in this city and at Ottawa. There are 131 students in attendance in the Normal School here, of whom ninety are ladies. It is an extraordinary fact that the lady members are fast driving their gentleman friends from the ranks of the profession. That this is so can be seen by the above figures, which give a proportion of three lady students aspiring to be teachers to one gentleman.

A fire broke out last evening at the hotel of Mr. Thomas Brewer, at the southwest corner of Spadina-avenue and Adelaide-street. Alterations are being made in the premises, and a scaffolding is erected on the back. Here the fire broke out and burned into the kitchen, the scaffolding being an obstacle to the speedy extinguishment of the fire. The fire-box at the corner was out of order and did not respond to a policeman's pulling of the alarm. The flames had obtained a good hold before they were extinguished. The damage is estimated at $150, covered by insurance.

Mr. H. M. Napier, of the famous Glasgow ship-building firm of Napier, Shanks, Bell & Co., is on his way to Vancouver, where the firm contemplate establishing a branch of their business, should the prospect of success be as favorable as the enterprising firm are led to believe. It is to be hoped that other capitalists will follow the example of Mr. Napier, and while developing the vast resources of Canada, secure for themselves the best fruits of successful speculation.

Last evening an interesting meeting was held in St. James'-square Presbyterian schoolroom, to hear addresses from two designated missionaries to Tarsus in Silicia, the birthplace of the Apostle Paul. There was a large attendance, presided over by Rev. Dr. Cavan, Principal of Knox College.

The first speaker was Rev. H. S. Jenanyad, a native of Tarsus, Asia Minor, recently graduated at Union Seminary, New York. He speaks very good English considering the fact that he has only learned the language in the past three years. His address excited much interest, in the course of which he sang verses of hymns in his native tongue. He gave a brief outline of the history of that part of Asia Minor, which had been under the sway of Mohammedanism for centuries, and said that Silicia was the first nation of the world to embrace Christianity. He narrated his conversion, efforts to preach the gospel and subsequent persecution, and the steps which led to his arrival friendless and almost penniless in America. He was the leader in a great "revival" in Tarsus and other cities of Silicia a few years ago, interesting details of which he gave. He came here alone, but was going back with the interest of many thousands of Christians.

Rev. A. McLachlan, graduate of Queen's College, Kingston, and Union Seminary, who is about to proceed with the previous speaker to Syria as a missionary, explained the project they have now in view. Five years ago the American Board of Missions, published a pamphlet which spoke of the revival under his colleague as "one of the greatest movements since the time of the Apostle Paul." He then explained that they desired to found the "St. Paul's Institute" as a Christian training school in memory of the greatest of the apostles. A board of trustees had been appointed and already more than $2500 annually had been promised toward the institution. It was intended to train native Christians for the work of evangelization in that country. They had met with much encouragement, and had, as it were, obtained a Royal Charter for the project. The American Minister in Constantinople had instructions from the American Government to apply to the Turkish Government for permission to establish this institution, which had been granted. Four young men were in training in the United States who would in due course join the speaker and his companion in the work of this institute.

Dr. Cavan assured the brethren who had spoken of the deep sympathy with which those present had listened to the interesting statements made, and assured them that the work in which they were interested would not be forgotten.

A SUGGESTION BY RUSSIA.

FRANCE AND GERMANY APPROVE, BUT NOT THE OTHER POWERS.

Prince Ferdinand Asks Permission to Visit Constantinople to Pay His Homage to the Sultan, But the Visit Will Not Be Permitted.

CONSTANTINOPLE, Aug. 24.—Russia's reply to the last circular of the Porte suggested that an Ottoman commission and a Russian general should go to Sofia to secure conjointly and in a legal manner the election of a new Sobranje which should elect a new Prince. This proposal being submitted to the powers was sanctioned by France and Germany, but disapproved of by the other powers, who advised the Porte to adopt a policy of moderation and to await events.

M. Vulkovitch, the Bulgarian agent, has handed to the Porte a telegram from Prince Ferdinand expressing his devotion to the Sultan and asking permission to come to Constantinople to pay his homage in person. Kesmal Pacha, the Prime Minister, will reply to the telegram, informing the Prince that the Sultan cannot accede to his proposition.

A Protest from the Porte.

CONSTANTINOPLE, Aug. 24.—The Porte has telegraphed Prince Ferdinand that it disapproves of his entry into Bulgaria without the sanction of the Porte and the powers.

Fatal Accident at Napanee.

NAPANEE, Aug. 24.—Among a number of men who were unloading cheese at the station to-day was a farmer named Jolly, of Richmond, a young and promising man of about 24 years of age and unmarried. The whistle of the engine startled his horses, when he caught them by the head, but the horses were frightened and plunging madly forward threw over the wagon with its load of cheese, striking the unfortunate man Jolly on the head, fracturing his skull and killing him instantly.

A Woman in the Case.

MIDDLETOWN, Conn., Aug. 24.—The Episcopal bishop of New Jersey has been asked to investigate the scandal affecting the character of Rev. Mr. Glassbrook, a summer resident here, who has been charged by several eyewitnesses with recent conduct at this place unbecoming a minister. Mr. Glassbrook is rector of St. James' Church at Elizabeth. A woman is concerned in the affair.

Dying From the Bite of a Man.

NEW YORK, Aug. 24.—Mrs. Jane Metbrook, wife of a Tenth-avenue grocer, is dying from a peculiar combination of circumstances, the principal one of which is a bite of a man named Chas. Possehl who, with his teeth, bit her in the hand a few days ago. Since then Mrs. Metbrook has suffered greatly and blood poisoning has set in. Possehl is under arrest.

The Watkins Regatta Postponed.

WATKINS, N.Y., Aug. 24.—Owing to the rough condition of the water the regatta did not take place to-day. The program announced for to-day will occur to-morrow afternoon and the final heat and junior scull race will be rowed on Friday. The attendance is good with strong indications of a largely increased crowd to-morrow.

The Missing Boat Found.

LONDON, Aug. 24.—The City of Montreal's missing boat has been picked up and the seven passengers and six members of the crew who were in it are safe and well. The rescue was made by a German vessel named the Mathilde, which arrived at Falmouth to-day with the thirteen survivors on board.

The survivors say that on the first day after leaving the steamer they experienced very rough weather. They had a plentiful supply of bread and meat but very little water. As a consequence they suffered badly from thirst. The weather was hot, and this contributed to their discomfort. The boat was rescued on Aug. 15.

His Lordship the Priest.

QUEBEC, Aug. 24.—Lord Archibald Douglass, who arrived here by the English steamer this week, and who is a priest of the Roman Catholic Church in the Diocese of Galloway, Scotland, and the founder of the orphanage there, known as the St. Vincent Home, is at present the guest of his personal friend, Rev. R. Casgrain, parish priest of Sillery, in this neighborhood, in whose church he celebrated Grand Mass on Sunday. The rev. lord is on his way to Ontario to visit the 150 orphans which his institution has sent out to that province.

Mysterious Disease in Virginia.

HINTON, W. Va., Aug. 24.—In McDowell County and that portion of the State and south-western Virginia the drouth has made the waters very low, and the peculiar disease which has several times previously followed this state of affairs, and which is supposed to be a result of minerals in the water has broken out. In the Dead Horse Cave neighborhood there are over one hundred cases with thirty deaths. Farm work is at a stand still, it requiring the entire time of every individual able to labor to care for the sick and dying.

THURSDAY, AUGUST 25, 1887.

A GREAT EDITOR.

On the 1st of this month, M. Katkoff, the editor of the Moscow *Gazette*, passed over to the great majority, at the age of 67. His death removes one of the most powerful and influential leaders of Russian thought and action, and may have a far reaching influence on the future policy of his country. It is a curious circumstance to find politicians in almost every European capital, seriously considering what effect the death of a journalist may have in a country where a censor-ridden press is supposed to have no power at all! Only a few hours before his death, one of the most experienced of English newspapers wrote thus:—"The policy of Russia is directed not by experienced and well-informed statesmen, but by two prejudicial and, in many respects, ill-informed men—the Czar and M. Katkoff, the editor of the Moscow *Gazette*. Under these circumstances, any unforeseen accident may plunge us in sudden war, and occasions for such an accident are never wanting."

In truth, great as is the power of the government in Russia, and of that branch of it which controls the expression of opinion, Katkoff has frequently shown himself to be possessed of a still greater power. When Russia was slowly recovering from the effects of the Crimean war, he advocated a modern liberal change and exercised a tremendous influence on the mind of Alexander II. When Poland asserted her right to self-government on the other hand, Katkoff vigorously opposed the demand. He then began to preach his great doctrine of "the unity of all the Russias," and to this task he bent his powers until the very last. He was the spokesman of that deep national feeling which every reader and scholar knows is a real element of Russian character. Katkoff, for the last quarter of a century, has always defended and upheld the autocracy of the Czar to the very utmost. So that by these two actions he secured the support and assistance of the people, and escaped the collision with the powers that be. Owing to this thorough acquaintance with the Czar and with Tolstoi and others, he was allowed to say just what he wished, even to the extent of attacking the foreign policy of the Empire. He declared that that foreign policy was not the policy of the Emperor, but of a western-minded, non-Russian clique. He thus endeavored to indnce M. de Giers to resign, but although unsuccessful, he himself escaped condemnation and Siberia.

Katkoff was born at Moscow in 1820, and studied there and at Berlin. He was at one time Professor of Philosophy at Moscow, but resigned his chair in 1849. In his first newspaper he advocated a system of self-government based on the English constitution, and at the same time declared he had no sympathy whatever with the Socialistic party. He was a strong anti-German in politics, and on one occasion, when the Czar was rebuked by Prince Bismarck for the bitterness of Katkoff's articles, his Emperor decorated Katkoff with the cross of St. Valdimir. He had a powerful influence over the passions of his countrymen, and was considered the Apostle of National Russia. He was offered the portfolio of Minister of Public Instruction, but refused, contenting himself with the acceptance of a post as privy councillor.

One writer thus sums up this great editor's services to his country: "He will always be remembered in Russia as the eloquent exponent of Russian instincts, and the real feeling at the bottom of the national regret caused by his death will be a sense that, great as were the services rendered Russia under Nicholas and under Alexander II., his influence with Alexander III., and the development of the national feeling in Russia, which he had himself done so much to create, would have furnished him with the opportunities of placing the seal of triumph to the propaganda of Russianizing the empire, begun by Katkoff 30 years ago."

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China Hall" for only $5.00. Call and see them.

Children Cry for Pitcher's Castoria.

STARTLING AND TRUE.

The Acknowledged Clothier of the Age.

To Cure Pain.

The means which may be readily and successfully employed to relieve pain are important and should be known by all. We give you the name of the best remedy in the world for pain, and the information that a 10 cent sample bottle can be purchased at any drug store. Polson's Nerviline, the new sure pop pain cure, will never fail you in time of need. Nerviline is a safe and prompt cure of all kinds of pain, neuralgia, cramps, toothache, headache. Sure always. Ten and 25 cen. bottles at drug stores. 6dw3

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaint, Indigestion and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50cts. and $1 bottles at John McKee's Drug store. eodw31

B. B. B. Stood the Test.

"I tried every known remedy I could think of for rheumatism without giving me any relief, until I tried Burdock Blood Bitters, which remedy I can highly recommend to all afflicted as I was." Henry Smith, Milverton, Ont. 2w34d

We Caution All Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price 50 cts. eodw34

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one cure, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eodw31

Without Equal.

Wilson Montrose, of Vienna, Ont., having used Dr. Fowler's Extract of Wild Strawberry in his family for summer complaint, says, "I cannot speak too highly of it, for children as well as aged people troubled with diarrhœa it has no equal." 2w34d

A Good Corn Sheller for 35c.

A marvel of cheapness, of efficacy, and of promptitude, is contained in a bottle of that famous remedy, Putnam's Painless Corn Extractor. It goes right to the root of the trouble, there acts quickly but so painlessly that nothing is known of its operation until the corn is shelled. Beware of substitutes offered for Putnam's Painless Corn Extractor—safe, sure and painless. 6dw34

LATEST SPORTING NEWS.

The Baseball Scores—Other Items of Interest to Sportsmen.

Billy Reed, the backer of Johnny Regan, the welter-weight champion, has posted a forfeit of $250 to make a match with Tom Henry, skin-tight gloves and Queensberry rules.

Billy Madden's pugilistic stars, Jake Kilrain and Charley Mitchell, will sail for England on Sept. 20, and will appear there in a few of the principal theatres, after which Kilrain will go into training to fight Jem Smith for $10,000 and the world's championship.

George Wright of Boston and of baseball fame, has charge of the Newport tennis courts during the championship series. He has introduced the latest ideas seen at the world's championship tournament in England this season.

Shaw, Shrewsbury and Lillywhite's professional teams of English cricketers going to Australia this season will consist of Arthur Shrewsbury of Notts, George Ulyett and Preston of Yorkshire, Briggs and Pilling of Lancashire, Maurice Read and Lohmann of Surrey, J. Lillywhite of Sussex, and Pougher of Leicestershire. Messrs. T. W. Newman and J. Braan of Sussex and two other well known amateurs will be of the team. The tourists will leave England on Sept. 18.

Articles of agreement have been signed between Martin Dempsey, brother of Jack Dempsey, and James Rowan of Pittsburg, feather weights. The fight will take place near Pittsburg within two weeks, and will be with skin gloves for $500 a side.

Only Two International Games.

Batteries: Gruber and Bennett, Keefe and Gilligan.

No game at Boston on account of rain.

Canoeing on Lake Champlain.

ROUSE'S POINT, Lake Champlain, Aug. 24.—There was a stiff breeze from the Northwest yesterday for the canoe sailing. In the first event at 2.30, on the three-mile triangle, outside classes A and B, sail limited to 75 square feet, ballast unlimited, the Pecowsic was first in 44 mins. 6 secs., Blank second, Natuos third. The mile and a half novice race was won by Juanita in 27.04.

There were 35 starters in the trial race for places in the American trophy contest, 44 miles, unlimited as to sail and ballast, and resulted as follows: Pecowsic first, in 1 hour, 15 mins., 11 secs.; Lecowsic second, Blank third.

The afternoon races were postponed by rain.

There were two paddling races. The tandem was won by Leys, of Toronto, in the Dawn, paddled by Barlow, of Shattemuco. H. E. Rice of Springfield, in the Naika was second. Andrews of Rochester won the paddling upset race.

The Volunteer a Fast One.

BOSTON, Aug. 24.—Mr. Burgess states that on her run from Cross Rip lightship to Marblehead the Volunteer showed a speed of over twelve miles an hour under a three-reefed mainsail. A table was shown by the owner of the steam yacht Corsair which kept alongside the Volunteer most of the way, showing that the Volunteer made 12 69-100 miles per hour during the time the vessels were together. Gen. Paine states that he never before sailed in such a breeze and such a sea.

That Third Class Race to be Sailed Over.

Last evening at a meeting of the sailing committee of the Toronto Yacht Club it was resolved that the third-class race of last Saturday be sailed over again, but no date was fixed for the event. The affair will take place in October. It was also decided that a fourth-class race be sailed on Saturday next.

In Brief, And To The Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember:—No happiness without health. But Green's August Flower brings health & happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Very Valuable.

"Having used B.B.B. for biliousness and torpid liver, with the very best results I would recommend it to all thus troubled. The medicine is worth its weight in gold." Tillie White, Manitowaning, Ont. 2w34d

A TEXAN ROMANCE

A Sheriff for a Consideration Lets a Desperado Down Easy.

FORT WORTH, Tex., Aug. 24.—Campbell Langley, father of the once notorious and not yet forgotten Bill Langley, removed to Bell County, Texas, from near Lexington, Lee County, Texas, twelve years ago. During his residence in Lee and Bell counties he has been known as a well-to-do farmer and an upright citizen. He says that his son, Bill Langley, who was publicly hanged twelve years ago in Giddings, Lee County, by Sheriff Jim Brown, in the presence of several thousand people, was not hanged at all, but was allowed to escape. The father says when the Supreme Court and the Governor refused to intervene in Bill's behalf, a rich uncle in California came to the county, and with $4000, with which he so worked upon the sympathy of the sheriff charged with execution of the sentence that friends of Bill were permitted to so arrange things that when the drop fell the weight of the body fell on an iron hoop supported by an appropriate body harness in such a manner that he escaped physically unhurt.

BRANTFORD IN GALA DRESS.

Great Crowds Visit the City to Witness the Foresters' Demonstration.

BRANTFORD, Aug. 24.—At an early hour this morning the city donned its holiday attire, the flags, bunting, mottoes, etc., flying in all directions, giving the streets a very happy appearance. By noon special and regular trains had brought from all directions several thousand visitors. At 1.30 the Foresters' procession formed at the Foresters' Hall and proceeded through the principal streets to the Agricultural Park, where a program of amusement was being carried out. The procession, with its numerous bands, took 20 minutes to pass a given point.

In the evening there was a torch-light procession from the Market-square to the Agricultural Park, where a band concert was given and exhibitions of fancy drill by the Brantford Fire Company and other visiting drill companies. The day's proceedings passed off very successfully in every way.

A NEWSPAPER IN TROUBLE.

The Book Debts of the Ottawa Citizen Printing Co. Garnisheed.

OTTAWA, Aug. 24.—Quite a little flutter was caused in business circles this morning by the announcement that Messrs. Walker & McLean, acting for the Canada Paper Company, which lately obtained a judgment, amounting to some $2000, against the Citizen Printing and Publishing Company, had garnisheed the book debts of the company and served notices on all those appearing on the books as owing the paper money that immediate payment must be made. Some two hundred merchants and others are interested, many of whom claim that they have contra accounts against Mr. C. H. Mackintosh and the paper which will more than balance their apparent indebtedness. It is expected that a settlement of the difficulty will be effected in a few days. Meanwhile the publication of the paper will not be affected.

THE CAPTAIN OF THE VIGILANT.

He Will Probably Be Dismissed Because of Excesses at Souris.

SOURIS, P.E.I., Aug. 24.—The first officer of the cruiser Vigilant, who was maltreated by the riotous American fishermen last Friday night, will probably be dismissed from the service. He says he was the victim of a conspiracy, and was dragged by the men. After his rescue by Commander McLean of the Critic, the town was left in the undisputed possession of the mob. Captain Gordon arrived on the flagship Acadia on Sunday and released the cruiser Vigilant, and placed Captain McLean of the Critic in command of this station, but the fishermen regard McLean as a joke. Four of the sixteen men comprising his crew were so dissatisfied with their skipper and the service in which they were engaged that they deserted, for which they are now in prison at Georgetown.

A FATAL ACCIDENT.

Fifteen Men Fall Forty Feet From A Scaffold at Hespeler.

HESPELER, Aug. 24.—The scaffold on the new addition to Forbes' woolen mills, in course of erection here, about forty feet high, broke this morning. About fifteen men were hurt. One has since died, and two more are not expected to recover. Some of the other cases may result fatally. A few received slight injuries on the head and limbs. The names of those seriously hurt are John Sachs, Harry Conewarf, Ed. Johnson. John Sachs has since died.

John Ruskin is Insane.

NEW YORK, Aug. 24.—A London despatch says there is no longer any doubt that John Ruskin is insane.

A Valuable Discovery.

F. P. Tanner of Nesbing, Ont., says he has not only found B.B.B. a sure cure for Dyspepsia, but he also found it to be the best medicine for regulating and invigorating the system he has ever taken. B.B.B. is the great system regulator. 2w34d

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

An Undoubted Opinion.

"I was severely troubled with diarrhœa and having used some of the wonderful Dr. Fowler's Wild Strawberry, I was in a short time completely cured. I can recommend it as a splendid medicine." Wm. A. Stafford, Sheddon, Ont. 2w34d

Have You Tried It?

If so you can testify to its marvellous powers of healing and recommend it to your friends. We refer to Dr. Fowler's Extract of Wild Strawberry, the grand specific for all summer complaints, diarrhœa, cholera morbus, dysentery, cramps, colic, sickness of the stomach and bowel complaints of infants or adults. Let its merits be known to all who have not used it. 2w34d

The Last Year, 1887.

After the above year is ended there need be no person suffering from Rheumatism, Neuralgia, Toothache, Headache, Lumbago, or any acute pain, if they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by John McKee, Druggist. eodw31

TO Contractors and Builders

Drain Tile Pipe.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING

By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE

George Street, opposite the Market. d

Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.

Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.

DEAR SIR.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thus troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,

J. P. DUNN,
C. P. R. Agent, Peterborough Ont.

P. S.—Use this as you deem prudent.—J.P.D. d143w36

HEAD OFFICE, TORONTO, Ont.

HON. ALEX. MACKENZIE, M. P., President.
HON. A. MORRIS, J. L. BLAIKIE, Esq., Vice-Presidents.
WM. McCABE, F.I.A. Managing Director.

Full Government Deposit for the Security of Policy Holders!

During the year 1355 applications for $2,722,450 were received, upon which were issued 1259 policies for $2,520,950, and seven policies for $16,350, which had lapsed for non-payment of premium, were revived. This is a volume of new business amounting to nearly $600,000 over that of any former year, and sixty per cent. in excess of that done by any other Canadian Company in the same period of its history.

ABSTRACT OF REVENUE ACCOUNT AND BALANCE SHEET.

Income for the year 1886	$194,349 39
Expenditure (including payment to policy-holders of $37,067.66)	107,746 94
Assets (including uncalled Guarantee Fund)	867,151 93
Liabilities to policy-holders	313,685 00
Surplus for security of policy-holders	353,466 93

THE SEMI-TONTINE RETURN PREMIUM PLAN

Provides that should death occur prior to the expiration of the Tontine period the whole of the premiums that have been paid will be payable with, and in addition to, the face of the policy—thus securing a dividend of 100 per cent. on the premiums paid, should death occur during said period.

THE COMMERCIAL PLAN.

The large number of business and professional men who have taken out large policies on the Company's Commercial Plan, show the demand for reliable life insurance relieved of much of the investment elements which constitutes the over payments of the ordinary plans, is not confined to men of small incomes, but exists among all classes of our people.

Agents wanted in all unrepresented districts.

W. R. MILLER, Inspector, Toronto. 4w32d1aw

CAPT. E. SANDERSON,
District Agent, Peterborough.

I have great pleasure in announcing that MR. P. H. MORRIS the eminent Optician will be at my store for the purpose of fitting

The B. LAURENCE Pebble and other Spectacles and Eye Glasses.

The expressions of satisfaction from all those who availed themselves of his still during his last visit, are very gratifying, and I conscientously and strongly advise all those needing aids to sight to call, have their eyes examined, and the best spectacle in the World, adjusted to their sight. MR. MORRIS ranks high in the optical world, and will so fit you as to ensure an abiding improvement in your eyes.

To meet the times I am selling the B. Lawrence Specs and Glasses from ONE DOLLAR per pair. Date of visit announced later on. eod-w17

One by one they come to town. Within the past few days two Belleville business men have cast in their lot with Peterborough and another is now negotiating for the pur-chase of a business establishment.

Kinmount Pic-nic.

The annual pic-nic under the auspices of Rev. Father McVay, will be held at Kin-mount on Sept. 6. Mr. J. A. Barron, M.P. North Victoria, Mr. R. Fell, M.P.P. East Victoria, and Mr. J. R. Stratton, M.P.P. West Peterborough, will be present and de-liver addresses upon public questions.

Examiner Bindery.

Merchants and business men, now is the time to call at the EXAMINER bindery and leave your orders for journals, day books, ledgers, invoice books, cheque books, and all blank books used in business. Don't wait till the moment you want to use them. All blank books last longer for not being used immediately after being finished.

Master of the Chevaliers.

Canton Peterborough No. 10. Patriarchs Militant, mustered at the old Music Hall on Wednesday evening, and were given a good course of drill. Chevalier W. H. Morris was appointed standard bearer. Wednesday eve-ning of each week was fixed upon as the nights for drill. The Canton expects to be in a state of efficiency to warrant an appear-ance in public about Christmas.

The August "Pansy".

Our August *Pansy* has come with its forty pages of boy and girl stories and pictures. We wish we could lend it to all the young folks we know. But what is better, send to D. Lothrop Company, Boston, for it. The sub scription price is $1 a year; but they will send you one number for five cents—it may be a back number. It is a veritable missionary.

Non-Resident Fees.

Pupils from the country, who attend the Belleville High School, will, for the future, be required to pay fees. Eight dollars will be the fee for the term just opening and it is probable that $5 will be the fee for each of the other two terms, making the total cost per annum $18.

Opened out at Turnbull's, a full assort-ment of Baldwin's Scotch fingering yarns the best in the market.

Oddfellowship in Norwood.

It is probable that a lodge of the Indepen-dent Order of Oddfellows will be established in Norwood this fall. The *Register* says there are quite a number of Oddfellows in the village, the majority of whom belong to Otonabee Lodge, Peterborough. With this probability in view, rooms are being fitted up in a new brick block now building by Mr. Metcalfe.

Striking the Rate.

The Finance Committee met Wednesday evening to consider the civic estimates with a view of striking the rate. The work was not thoroughly completed but was sufficient-ly advanced to warrant the expectation that the rate this year for all purposes would be fixed at about twelve and seven tenths mills on the dollar. These figures may not be ex-actly, but they are said to be approxmately, correct. The rate last year was fifteen and five tenths mills on the dollar.

Fatal Boating Accident.

On Sunday last, says the Hastings *Star*, while a party of young folks were boating near Campbellford, the craft, a common row boat, collided with a boom and upset, throw-ing the occupants into the water. Although the river was very shallow (only two feet deep) where the accident occurred, one of the party, a Miss Murphy, from Rochester, N.Y., received such injuries that death en-sued a few minutes after the body was taken from under the boat, which had fallen on her.

Children Cry for Pitcher's Castoria.

HARD TIMES could never come to Peter-borough if all goods were sold as low as KIDD sells boots and shoes.

For Baldwin's Scotch Fingering in black and navy, go to Turnbull's.

Belleville Waterworks.

Belleville has considerable trouble with her waterworks. First came the strike of the laborers and now, the condition described by the following from the *Ontario* obtains:—

At a meeting of the Board of Works Mon-day night, the proposition of the waterworks company to allow the city to use the refuse stone from the excavations on conditions that the city fill up any shrinkage there may be in the trench, was accepted. City Solici-tor Henderson sent the chairman a letter dis-approving of the acceptance of this offer. He said the city had entered into a contract with the waterworks company to leave the streets in as good a condition as they found them, but by accepting this the city relieved them of the provisions of the first contract.

A Handsome Poster.

The Norwood *Register* says:—The finest sample of artistic printing ever turned out in Peterborough is a large three sheet poster from the office of the Peterborough EXAMIN-ER announcing the Central Exhibition. It is printed in four colors and tints, and is not "thrown together" as the bills announcing these exhibitions have been for years past. The immense size of the poster has not at all "rattled" the compositor, for the display is admirable throughout. As a general rule, at least in country offices, the printer displays the first sheet creditably and then "looses his head for the balance. The town should feel proud of an establishment which can turn out such artistic work.

Knitters will find Turnbull's the right house to buy Canadian and Scotch finger-ing yarns from; all colors in Stock.

North-West Missions.

The committee of the Peterborough Auxil-iary of the women's Foreign Missionary So-ciety (St. Paul's Church) notify its members, the congregation and friends generally, that the box of winter clothing for the Missionary stations in the North-West must be forward-ed from hence in September. The supply being more needed for the women and child-ren than for the men, flannel and woolen material for dresses and underwear, socks, stockings, mitts, mufflers, yarn, and knitting needles, as well as cast-off clothing in good condition or repair, will all be acceptable, while blankets and quilts are especially re-quired in all the reserves. Parcels will be received by W. W. Johnston at his store, George street. It is particularly requested that they be distinctly marked "For North-West." 2w35

Fall Exhibitions.

The following are the dates of the principal Fall Exhibitions:—

PETERBOROUGH CENTRAL EXHIBITION.—At Peterborough, Oct. 4 to 7. D.D. Galletly, Peter-borough, Secretary.

LINDSAY CENTRAL EXHIBITION.—At Lindsay, Sept. 20, 21 & 22. James Keith, Lindsay, Secre-tary.

DOMINION INDUSTRIAL FAIR.—At Toronto, Sept. 5 to 17. W. J. Hill, Toronto, Secretary.

AGRICULTURAL & ARTS ASSOCIATION.—At Ot-tawa, Sept. 11 to 24. H. Wade, Toronto, Secre-tary.

FAT STOCK SHOW.—At Toronto, Dec. 13, 14 & 15. H. Wade, Toronto, Secretary.

EASTERN TOWNSHIPS AG'L ASSOCIATION.—At Sherbrooke, Sept. 13 to 16. Robt. H. Tylee, Sherbrooke, Secretary.

ONTARIO, CENTRAL AG'L ASSOCIATION.—At Port Perry, Sept. 27 to 30. H. Gordon, Port Perry, Secretary.

MARIPOSA FALL EXHIBITION.—At Oakwood, Oct. 6 & 7. W. J. Cunnings, Oakwood, Secre-tary.

Public Schools of the County.

In the county of Peterborough there are 94 schools, and in these there are 79 female teachers. The salaries range from $192, the lowest, to $700 (the highest—Norwood). The 94 school buildings may be described as: "very bad", 3; "bad", 1; "very poor", 2; "poor", 3; "middling", 8; "fair", 13; "good", 39; "excellent", 3 (Ashburnham, Lakefield, Norwood). The same qualifying terms generally describe the yards and equip-ments of the several school premises and buildings. In some schools the equipment is described, in the official report from which these facts are selected, as "scant", and as "inadequate" in all the others. The standing of pupils in eleven schools is "backward", "very low" in one, "low" in four, "fair" in thirty-nine, "middling" in seventy-five, "good" in nine. The order maintained is given as "fair" in seven schools, "middling" in four, "good" in fifty-two, "excellent" in nineteen.

PUT your foot in it! In what? Why in one of KIDD'S easy-fitting boots; and you can't help buying a pair when you hear the price.

A Natural Curiosity.

Mr. James English is the possessor of a rare geological curiosity, brought by his brother, Mr. J. J. English, from the Argen-tine Republic, South America, where the latter procured it during a visit there as rep-resentative of the Baldwin Locomotive Works, Philadelphia. This curiosity is a flattened piece of quartz, hard enough to scratch glass, containing in its in-terior a quantity of water, whose movements are plainly visible through the translucent substance enclosing it. It is a curiosity rarely met with, and is a matter of great speculation amongst geologists. The water contained in the quartz must have been, judging from the age of the rock formation in which it is found, imprisoned for thousands of years. The specimen referred to was found imbedded in a dark brown rock of amorphic structure, to which the ungeological report-er is unable to apply the scientific appella-tion.

A Successful Pic-nic.

The Roman Catholic pic-nic at Idyl Wild yesterday, in aid of Harwood church, was a thorough success, both in point of attendance, enjoyment and financial result. The boats from Hastings and Peterborough were load-ed, particularly the latter. The "Golden Eye" carried the Peterborough excursionists to the pic-nic ground. A large scow was at-tached, on which dancing was enjoyed, Prof. Doucet's orchestra furnishing excellent mu-sic. Athletic sports, boating, etc., were carried on during the day, but the princi-pal events were the competitions for the gold-headed cane and the gold watch. For the former, Dr. Collins, of Peterborough, and Dr. Edmison, of Harwood, were compet-itors, the former winning the handsome prize. Some $132 was collected to Dr. Col-lins' credit to $112 for Dr. Edmison, showing the high esteem and popularity of the worthy Peterborough physician. The gold watch was won by Miss Wade, of Harwood, against Miss Howell, of Cobourg, daughter of S. Stanley Howell. All sorts of amusement were in vogue, chiefly dancing, for which the music was supplied by Prof. Doucet's orchestra. The Indian band was also in at-tendance. The financial result of the pic-nic will be a great aid to the church.

Willow and Wicket.

Wrighton's Fleet of "Lambs" Lays out The "Professionals".

A return match between fifteen of the Rollers and Dallas, metamorphosed and consolidated into "Wrighton's Lambs" and the first eleven "professionals", took place yesterday afternoon and the result was a signal victory for the amateurs.

The "*phenomenals*" went to the bat, facing the trundle of W. Hamilton and Sabine, and the former found his way to four wickets and the latter to two before the total of 32 runs was reached. To this Stirling, who was in unusually good form, contributed 12, Rutherford 19, H. Ray 13, and M. Hamilton 22. W. Hamilton clean bowled Sam Ray for 6 runs. Mr. Wrighton led his "lambs to the slaughter," as a facetious professional remarked. But it was a slaughter of the enemy for his little flock compiled a total of 92—10 in excess of the score of the "profes-sionals". Of these figures, "Shepherd" Wrighton made 10, Minore 31 and Packen-ham 16. The "lambs" rather surpassed the "professionals" both at the bat and in the field, for, leaving the extras out of count, the former won by a majority of 1 off the bat and their superior fielding is shown by the fact that they only allowed their opponents 4 ex-tras while the extras permitted to be added to the score by the "professionals" amounted to 13. The feud is not yet settled, and an-other match, in all probability, will be ar-ranged. Following is the score:—

The Professionals.

Was It Suicide?

"Alex." Slavin Found Dead in the Woods in Dummer Township.

(*Norwood Register.*)

Alex. Slavin, a ward of the township of Dummer, was found dead in the woods near Mr. D. McMullen's on Thursday last. Mr. Alex. Small, at whose place deceased board-ed, gave our reporter the following account of the finding of the body and the move-ments of the deceased previous to his disap-pearance. Deceased lived in a shanty a few yards distant from Mr. Small's residence and his meals were handed in to him. Tuesday forenoon he visited his sister, Mrs. D. Mc-Mullin. During the day she had occasion to visit a neighbour and on returning found that her brother had taken his departure, leaving his walking stick behind. As he had frequently left in this manner she thought nothing of it, supposing that he had returned to his boarding house. Wednesday morning Mr. Small became alarmed on finding that his boarder had not returned and at once made enquiries among the peo-ple of the neighbourhood, but could find no trace of him. Thursday morning a search party was organised and the woods in the vicinity of his sister's residence scoured. Finally a man named Patterson discovered his dead body lying at the foot of a large tree in a lonely part of the wood. Beside him lay a large black bottle and tin cup. Although the deceased was a heavy drinker the bottle did not smell as though there had been whiskey in it. Before lying down he had taken off his boots and socks and placed them neatly at the foot of the tree; careful-ly hung his hat and coat on a limb, and then lay down within reach of the bottle and cup. Mr. Small's opinion is that the bottle contained arsenic, and that deceased deliber-ately committed suicide. It is supposed that the poison was procured in Norwood, as deceased was seen in the village the week before. Previous to his coming to Norwood he had asked a neighbor to bring him a gal-lon of whiskey and some arsenic, but was refused. The circumstances all point de-liberate suicide. The deceased had no home, was never married, and, from what could be learned of him, was friendless. His remains were interred in the Roman Catholic ceme-tery on Thursday. As the deceased receiv-ed no spiritual consolation in death, the us-ual burial service was not observed at the grave.

Peterborough Riflemen.

In the Tait-Brassey shooting match at Tor-onto Wednesday, private W. A. Bell, of the 57th Batt., won $4. The *World* says:—"The Peterborough delegation at the butts have done remarkably well, in fact no other town can exhibit better showing than that made by Messrs. Hill, Bell and Fitzgerald, the gentlemen from that place. All three have taken prizes in the different matches. Lindsay has a large representation, and the Peterborough men think it is their excessive modesty that has prevented them from tak-ing a front pew."

For fingering yarns, go to Turnbull's; a full assortment to select from.

The Lindsay R. C. Pic-nic.

A lacrosse match between the Riversides and the Y.M.C.A. club of Lindsay for a sil-ver cup valued at $20; a baseball tussle be-tween Lindsay and Peterborough nines for a valuable silver cup and the umpire's blood, as well as a fine programme of sports and games for valuable prizes, will be amongst the attractions at the R. C. Picnic, to be held at Lindsay on the Agricultural Grounds on Wednesday, Aug. 31st. On that day an ex-cursion at a single fare for return tickets will be run from Peterborough. On the Agricul-tural Grounds will be an excellent platform for dancing to the music of a first-class string band. Remember the Lindsay pic-nic on August 31st, in Lindsay.

—Barnum's circus bills announce the ap-pearance of the "greatest shows on earth" at *Lindsay on September 7th.*

—The house in course of removal, which has blockaded Charlotte street for the past few days, is now in its future resting place, and the street is clear.

—The latest prophesy is that meat will be cheap this winter. This venture is founded on the scarcity of feed, the theory being that farmers will be unable to winter their stock, and that the quantity killed will flood the market.

THE NEW SUBSTITUTE FOR PILLS—Camp-bell's Cathartic Compound. Easily taken, much more effective. fadw

Omemee.

(*From Our Own Correspondent.*)

Harvest about all saved. The potato crop has suffered from the drouth more than any other root, and, therefore, will be scarce.

There are no fires in our immediate neigh-borhood although the atmosphere is full of smoke.

The Firemen's Excursion, last Friday, to Orillia, was highly patronized and excellent accommodation supplied by the G.T.Ry. The whole affair was very orderly. Excur-sionists to Orillia were surprised to see that town booming again. Building operations going on extensively on the main street.

Mr. McLaughlin, proprietor of the Domin-ion Roller Mills, Toronto, and formerly of this place, considers Omemee one of the best points for a roller mill. Mr. Mc. frequently visits this place.

"GONE BUT NOT FORGOTTEN."—Jas. A. Telly has gone back to "Gough's" after spending his holidays here, and during his stay cheered up many a gloomy and despond-ent citizen, by proving, in many respects, that we are all passing through the world for the last time. The cheap clothing he sells to many of his old acquaintance and friends from these parts, causes them to think, "Out of sight but not out of mind."

Wood Ashes.

BY C. C. JAMES, M.A., PROFESSOR OF CHEM-ISTRY.

"The use of Canada ashes has of late steadi-ly increased, and the cost gradually declined to 24 to 25 cents per bushel of forty-five to fifty lbs. These are prices by the carload at Amherst and its vicinity." This is from the Massachusetts Experimental Station bulletin issued January, 1887. The prices in the Eastern States are based upon chemical anal-ysis, 6 per cent. of potash and 1½ or 2 per cent. phosphoric acid being the standard. Upon that standard fresh ashes will often exceed the above value.

Government returns state that in 1885 ashes were exported from Ontario to the va-lue of $18,289, in 1886 to the value of $27,506. From Quebec, however, in 1885, ashes (pot, pearl and leached) were exported in value $161,444; in 1886 in value $133,784. Since shipments are made almost entirely to Great Britian and the New England States, most of the Ontario ashes will be handled through Montreal.

In view of the above exportation, and of the great waste of ashes in Ontario, it is worth while for the farmer to consider whether it pays to waste, or to sell for five or ten cents in cash or barter, a bushel of ashes for which the enterprising New Eng-land farmer offers 25 cents by the carload.

Plants draw upon the air and soil for their nourishment. From the former they can ob-tain water, carbon, oxygen and nitrogen, either directly through their leaves, or indi-rectly through their roots from the washing of the rains. These build up starch, sugar, cellulose, woody fibre, fat and much of the nitrogen compounds (*albumenoids*, etc.) The ash, or mineral matter, however, which is just as necessary for vegetable and animal life, is derived from the mineral salts of the soil. Hence it is of importance that the quantity of mineral matter in the soil be not decreased or exhausted. Products in the form of starch, sugar, fat and albumenoids can be sold without exhausting a soil, but the removal of ash, or mineral matter with-out compensation is a sure and certain method of deterioration. A farm will be less exhausted by the sale of its produce in the form of grain, less exhausted in the sale of cream or butter than of milk, etc. The re-turn of the ashes to the soil, whence they have come, is economical, just, necessary.

Ashes are very beneficial to all soils more or less impoverished, especially to sandy soils.

Ashes are adapted to every crop of a woody nature, especially fruit trees and vines.

Hardwood ashes are worth to the farmer unleached about 20 cents per bushel, leached about 10 cents per bushel. Softwood ashes are a little less valuable.

Coal ashes contain little or no plant food. They are a good absorbent, make first-class road beds, and are well adapted for filling in hollow walls.

Apply from one-half to one ton of fresh ashes per acre, three to four tons of leached ashes.

All wood ashes should be kept under cover, in a dry place.

Personal.

Mr. H. S. Griffin and wife left this morn-ing for a holiday trip to the Thousand Islands.

Mr. J. J. English, of Philadelphia, after a year's absence, is revisiting Peterborough, his native town.

Dr. Barnardo, of London, England, is ex-pected in town this evening by the 5:52 C.P. R. express.

Rev. E. F. Torrance has returned to town from Murray Bay, where he has been holi-daying for a month.

Mr. Geo. Ball, who has for some time been sojourning in the Ashburnham of New York—Brooklyn—is in town for a two week's visit.

Messrs. Geo. McComb and Walter Peter-son, Sr., left this morning for a short outing at Stony Lake. Both gentlemen are octogen-arians, their combined ages being consider-ably over 160 years. Mr. McComb says it makes him feel young again to visit Stony Lake.

A Winnipeg despatch says:—"Nomina-tions took place yesterday at Fort MacLeod, to fill the vacancy in the Northwest Council caused by Lord Boyle's resignation. F. W. G. Haultain and C. B. Conybeare were nom-inated." Mr. F. W. G. Haultain is well known in Peterborough, being a son of the late Col. Haultain, late Registrar here.

News Nuggets.

—The county model school opens at Nor-wood on Sept. 13th.

—There is a remarkable amount of illness in Norwood and vicinity.

—Canadian cholera and other diseases are prevalent in Norwood.

—Richard Kells and Annie Staples were married at Millbrook Wednesday morning.

—Rochester Fruit and Confectionery Store, George street, north. E. G. STONE.

—Call at the Rochester Fruit Store for confectionery, if you want the choicest kind.

—The Oddfellows of Cobourg decorate the graves of their deceased brethren on Wednes-day, 31st inst.

—As a result of the house moving, the bridge on Charlotte street is getting some much-needed repair.

—The western wall for the new Simcoe street bridge is nearly completed, and the eastern wall is well under way.

—To a camper, who has been accustomed to the unpolluted air of Stony Lake for a fortnight, the rank compound of villainous odors to be encountered in parts of the town, impinge upon his olfactory sense with un-usual emphasis.

FOR TOOTHACHE.—Go buy a bottle of Pain Killer and find relief in the twinkle of an eye. wfadw

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of pur-ity, strength and wholesomeness. More econ-omical than the ordinary kind, and cannot be sold in competition with the multitude of low Cost, short weight alum or phosphate powders *Sold only in cans.* ROYAL BAKING POWDER Co, 106 Wall St., N. Y. lyDHW28

Peterborough Markets.

[Supplied by W. H. Wrighton, Grain and Produce Dealer & General Grocer, George St.]

AUGUST 24th, 1887.

Absolutely nothing doing in grain. There is neither demand nor supply, and conse-quently no change in prices from last week's quotations. On the market, to-day, there was a liberal supply of fruit, especially plums, blue and green, selling at from 50 to 60c. per pail. Potatoes brought $1.10, eggs 13c., in small lots 14c. Butter—tub, 20c.; in rolls, 22c.

Mothers.

There are upon the skin of every human be-ing, child and adult alike, 2,250,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assim-ilate the food that Dr. Pitcher formulated Cas-toria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable pres-cription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medi-cine. dw26d

OTTAWA NEWS.

A CASE OF CRUELTY.

Complaints Regarding the Treatment of An Insane Lady in Ottawa Jail.

OTTAWA, Aug. 25.—The Rev. Joseph White, pastor of the Rochesterville Presbyterian Church, publishes a letter over his own signature making serious charges against the officials of the Ottawa Jail, with respect to their treatment of an insane lady temporarily confined there while waiting to be transported to the Insane Lunatic Asylum, Toronto. The lady is Mrs. John Edmondson, for many years a resident of Rochesterville, where some of her children still reside, and more recently of Chicago. A short time ago she arrived here from England, and showing signs of mental derangement, her son and daughter, on the recommendation of her medical advisers, had her removed to the jail with the assurance from the jail officials that she would receive proper and humane treatment until such time as the ordinary legal documents could be secured for her transference to the Lunatic Asylum in Toronto. Her children and friends, it is stated, visited the jail daily for seven days, but for some unknown reason were not allowed to see her. On the seventh day a messenger was sent to her friends that she was very low, but on her daughter applying that afternoon at the jail for admittance she was refused, and it was not until the second day after that she was allowed to see her mother. It was only on the eighth day after Mrs. Edmondson's admission to the jail that her friends were permitted to see her. During that time the weather had become chilly, and this is how Mr. White describes what they found:

"The poor creature was perfectly nude, save a thin cotton wrapper which she held up before her, perfectly blue with cold and trembling from head to foot. Her feet and limbs and hands were all swollen. There was no blanket in the room, not even a mattress for her to lie on. Nothing, literally nothing, but a bare floor and stone walls and not one solitary thing to protect her poor frame from the chilly nights of that week but the old clout of a cotton wrapper. Was not such treatment enough to kill a person in sound health? How many ladies in Ottawa would survive eight days of such treatment? and then to cap the climax, her clothes were brought to her and the explanation given that they were removed to prevent her from tearing them up. When they were brought she had reason enough left to know their use, for she immediately proceeded to put on her stockings and pleaded with her daughter to take her away. But her removal could not be granted, although it was expected that evening. What the treatment was during the two days longer that she was kept there before being removed to the asylum in Toronto I have not learned. It is difficult to characterize such treatment as the above after the assurance that she would be well cared for. Such are some of the facts of this case. How much suffering lies hidden under them only the great day of accounts will reveal."

This is not the first time that charges of ill-treatment of insane persons by the jail officials have been made. It will be remembered that last winter there were charges made of the ill-treatment of a printer named Julian, who was said to have been beaten, stripped naked and otherwise badly used. There appears also to be very great delay in transferring insane persons from the jail here to the Toronto Asylum. In the present case Mrs. Edmondson was kept here ten days.

A LINE FENCE CASE.

It Will Cost $1000 to Settle the Ownership of 32 Cents' Worth of Land.

OTTAWA, Aug. 25.—A peculiar case will come up at the fall session of the High Court of Justice, Quebec Bench Division. It appears that a farmer named Thos. Woods of the Township of Huntly, Carleton County, in building a tree fence encroached on the property of a man named Geo. Rivington, who ordered Woods to remove the fence. Woods refused and Rivington had taken action in the High Court of Justice for the recovery of the disputed property. A surveyor was engaged to determine the correct line between the two properties and it was found that Woods had encroached on Rivington's property to the extent of the one hundred and twentieth part of an acre, which, at a liberal valuation, is worth 32 cents. This is the property in question and the costs in the case will probably mount up to about $1000.

POOR OUTLOOK FOR FERDINAND.

Russia Laying Herself Out to Paralyze the Prince.

LONDON, Aug. 25.—Turkey has refused to assent to Russia's proposals for coercive action towards Bulgaria, either in the form of occupation or by sending Artin Effendi with a Russian commission to Bulgaria to secure the election of a new Sobranje and a new prince. Turkey prefers to await concerted action by all the powers, parties to the Berlin treaty, to hastening a quarrel with the Bulgarians.

What Russia Will do.

ST. PETERSBURG, Aug. 25.—It is said the Government does not intend to take further active steps in regard to Bulgaria, but will confine itself to efforts to prevent the legalization of Prince Ferdinand's proceedings. By thus paralyzing his action the Government expects to surpass his downfall.

Children Cry for Pitcher's Castoria.

GLADSTONE'S RESOLUTION.

IN MOVING IT HE DEFENDS THE NATIONAL LEAGUE.

Mr. Balfour Quotes From Documents to Show That the League Was Guilty of Boycotting, Coercing and Instigating Infraction of the Law.

LONDON, Aug. 25.—Mr. Gladstone was greeted with cheers in the House of Commons this evening when he arose to move his resolution, that a humble address be presented to the Queen representing that the Viceroy of Ireland has proclaimed the National League as a dangerous association; that no information has been furnished to Parliament to justify the proclamation, by virtue of which Her Majesty's subjects are to be rendered liable to be punished as criminals without a judicial inquiry into the nature of their acts, and this House, in the absence of such information, prays that said proclamation shall not continue in force as to the association named and described therein. Mr. Gladstone said the Irish Viceroy in declaring that the league had incited to violence must have acted on information. Where was that information? The Irish chiefs had a right to demand to know the grounds on which the Government had acted. If the facts were withheld the Opposition must forthwith urge three propositions upon the House and the Government.

1. That it was a slight, almost an outrage, on the dignity of Parliament to suppose that it was to disclose such an important statutory duty without knowing the grounds.

2. That it reduced to utter destruction and to an absurdity the main contention that the Government advanced during the discussion of the Crimes Act, that the safeguard promised had proved a farce. He asked what was the value or meaning of a parliamentary approval given in ignorance of the facts? Why not follow the course taken by Wellington and Peel in 1829 regarding the Catholic League and suppress it?

3. What could the House think of information that they must thus know would not bear the light? [Cheers.]

Mr. Gladstone said he had always contended that the Government were legislating against combinations apart from crime, and now was the time for the Government to show that he and his friends were wrong. But the Government shrank from the test and declined the challenge. They had substituted an arbitrary will for regular legal action. This principle was a most dangerous and disgraceful one in any country and especially in Ireland. The law in Ireland was still on trial. A great misfortune was that those who administer it, especially locally, were not in sympathy with the feelings of the people. The proclamation of the National League, Mr. Gladstone declared, was a near approach to a declaration of war on the Irish people. The people of Ireland generally sympathized with the league, because they believed that it had been their salvation. [Parnellite cheers.] Nobody did anything for the tenants until the league was founded. The Government were pressing Ireland very hard, and it was evident that they intended to work and act by summary jurisdiction. The Government's action absolutely excluded the House from anything except an absurd and perfunctory operation in connection with the great duty devolving upon it. Under the statute the cognizance of this proclamation was reduced to a mere farce. There would be no jury, judge or resident magistrate, and no Parliament to control Ireland. There would be nothing but the absolute, unmitigated, arbitrary act of the Irish Executive, which was necessarily partisan. He hoped that the Irish would continue to bear the pressure. They would not have to suffer long. It was certain that they would not obey the law through fear [cheers] but from a strong, vivid, buoyant hope which, even at the last election, was not damaged and which now was brighter and livelier. [Cheers.] The Irish believed that the Government policy had not the sanction of the British nation. [Cheers.] The Government's foundation was slipping from under them and their action in reference to the proclamation of the league showed that their strength was failing. Ireland, seeing this, trusted the English nation to fulfil her reasonable wishes and was convinced that her expectations would not be disappointed. Mr. Gladstone then presented his resolution amid prolonged cheers.

Mr. Balfour said that Mr. Gladstone would have been wiser had he rested his argument on the allegation that the House was ignorant of the grounds for the proclamation, rather than on a defence of the league. The Government's difficulty was not the finding of evidence to justify the proclamation, but selecting of it from the enormous mass of evidence they possessed. There was sufficient foundation to justify the proclamation in the columns of the local newspapers without going into the Government's confidential reports. Mr. Balfour argued that when Gladstone proclaimed the Land League he did so when Mr. Parnell was imprisoned, when Parliament was not sitting, and that he afforded no information to anyone concerned. He quoted at length from documents to show that the Land League was guilty of boycotting, coercing and instigating infraction of the law.

Sir William Vernon Harcourt asked the speaker whether documents from which he quoted would be submitted to the House.

Mr. Balfour refused to submit the documents, and proceeding narrated other instances of the league's unlawful action.

Sir William asked the Speaker whether Mr. Balfour was bound to table the official documents cited.

The Speaker replied that Mr. Balfour was not bound to table confidential documents, but the case was different with official papers which the House might want to verify. Although Mr. Balfour was justified in quoting from confidential documents, the authority of such quotations was weakened because the documents had not been tabled.

Sir Vernon Harcourt: After the Speaker's ruling I expect that the papers will be tabled.

Mr. Balfour: I shall do nothing of the kind. My documents are of three sorts, public and confidential papers and my own notes. If the people realized the true nature and working of the league they would, regardless of creed or party, support the Government. (Ministerial cheers.) Mr. Balfour accused the Opposition, through Mr. Gladstone, of making themselves apologists for, and therefore accomplices in intimidation.

BONDS OF NO VALUE.

How Grovesteen & Bell of New York Worked the Market.

NEW YORK, Aug. 25.—The cloud which has been hanging over the stock market for some days turned out yesterday to be the embarrassment of Grovesteen & Bell, stock brokers. The firm have been borrowing money largely, and have given bonds of the East and West Railroad of Alabama as security. These bonds have been quoted around 110, and Tuesday night closed 109½ bid. This turned out to be simply fictitious and yesterday, after a loan was called on the firm which they were unable to meet, they were ordered to be sold under the rules. No buyer could be found for the bonds although they were offered down to 65 by the chairman. At the office of the firm neither member could be found and it was stated that they would not return to the office until to-day.

CANADIANS CATCH FISH.

BUT THE FOREIGNERS ARE HAVING VERY POOR FARES.

This Year's Experience May Dispose the Americans Towards the Negotiation of a Treaty Admitting Them to Inshore Fisheries.

OTTAWA, Aug. 25.—Hon. Mr. Foster in conversation to-day expressed great satisfaction with his recent visit to the fishery grounds, and thought that the result of the season's operations would not only prove highly satisfactory to Canadian fishermen, but would strongly dispose Americans towards the negotiation of a treaty by which they can again acquire the right of using our inshore fisheries. The Canadian catch of mackerel has about doubled this year and prices have advanced nearly 50 per cent. and are likely to go higher. On the other hand the season has been a poor one for American fishermen, and most of them have gone home empty or with very small fares. There are at present eight cruisers employed and the service is being most satisfactorily performed. With regard to the Behring Sea seizures he said there was no new information. The American Government was now acting in direct contradiction to what they promised to do last year when the first vessels seized were ordered to be released. As a matter of fact he believed the vessels had never been released, but were still at Sitka. At least the Department had no information of their release. Mr. Foster looks in excellent health and appears to have greatly benefited by his trip. He states that the crops in the Maritime Provinces are good. In fact, they have not been better for years. In Prince Edward Island the crops were rich and the agriculturists were being abundantly repaid.

Sir Fred Middleton says he has never expressed an opinion on the subject of his appointment as Commandant of the Royal Military College at Kingston.

It is expected that Sir John will return to Ottawa on Friday or Saturday of next week, but the date is not certain.

Mr. H. B. Spencer, Assistant General Superintendent of the C.P.R., denies the statement that further changes in trains on the road will be made as far as Ottawa is concerned. He says: "We have taken all the trains off this branch of the line that we intend to and it is our intention to suit the public as much as possible in the convenience of the train service."

The United States and Canada Phosphate Mining and Fertilizing Company, with a capital of $200,000, has been formed at Hallowell, Me. They have purchased 200 acres of mining lands near Buckingham and will commence work at once.

A HEAVY SUIT DECIDED.

Conmee and McLellan Awarded $1,007,000 —Cost of Arbitration Very Heavy.

TORONTO, Aug. 26.

Judge Clark deposited on Wednesday afternoon with Mr. D. Coulson of the Bank of Toronto the written award of the arbitrators in the case of Conmee and McLellan v. the Canadian Pacific Railway Company. Mr. Coulson was instructed to give the sealed document to either of the contestants on payment of $7000 arbitration fees. Yesterday morning the solicitors of both parties met, and in order to effect the opening of the award it was agreed that each side should pay one-half of the $7000. Mr. Conmee, Mr. Wallace Nesbit, Mr. Stuart, bookkeeper for Mr. Conmee, for the plaintiffs, and Messrs. Angus and D. J. Macmurchy for the defendants, went to the bank and had the award opened. The award gave the plaintiffs $1,007,000, which is $336,000 less than the amount claimed, viz., $1,343,000. As the plaintiffs were, during the progress of the work, paid 90 per cent. of the claim, the award puts them in the position of being overpaid $160,000. The amount of rock-cutting was found to be much less than that claimed by Conmee, nearly agreeing with the C.P.R.'s measurement, although slightly in excess of it.

Conmee and McLellan have still another claim for damages and extras against the company, but as the main issues have been decided against them it is not known whether this will be proceeded with. The case thus decided has been the heaviest railway suit ever fought in Canada. The Canadian Pacific Railway have opposed it very strenuously from the fact that there are six or seven suits of a like nature pending against them, the result of which would probably be decided by this case.

The arbitrators were: Judge Clark, Judge Sinclair and Walter Shanly, M.P. For their labors these gentlemen received a little over $3000 between them, or $3000 each. The plaintiffs, solicitors and counsel were: D. McCarthy, Q.C., B. B. Osler, Q.C., and D. Macmaster, Q.C., Montreal. The solicitors for the company were Wells, Macmurchy & Co., who were assisted by the following counsel: C. Robinson, Q.C., S. H. Blake, Q.C., and George Tait Blackstock.

The bill for shorthand reporting was also a heavy one, amounting to between $3000 and $4000.

A Stay in the Sharp Case.

WHITEHALL, N.Y., Aug. 25.—Judge Potter has granted a stay in the Jake Sharp case.

STONED BY A QUEBEC MOB

A SAVAGE ASSAULT UPON THE SALVATION ARMY.

A Party of Rowdies Assail the Procession and Grievously Wound Men and Women —Police Protection Comes After the Riot is Over.

QUEBEC, Aug. 25.—A most brutal and uncalled for attack on the Salvation Army took place here to-night. The members resident in the city and a large number of brothers and sisters of the order arrived here yesterday for the purpose of taking part in their fifth annual jubilee. They came from Halifax, St. John, N.B., the Eastern Townships, Montreal, Ottawa, Toronto and other places west, probably about 100 delegates in all. Last evening in the usual way they paraded through the streets, headed by a brass band, and did not interfere with anyone. A few ill-disposed ruffians, who probably detested religious worship in any form, threw a few large rocks at the procession, slightly injuring passers by as well as members of the Army. No particular notice was taken of this and the assailants desisted only to renew the attack to-night with reinforcements.

The procession had just reached the Place d'Armes square when a well-known Quebec bully, backed by 300 or 400 others, rushed on the unprotected salvationists and poured a continual fusilade of rocks at them, with an occasional thump of a stick. They did not stop in their murderous assault even when men and women one after the other fell on the ground, maimed. If any sympathizer went to the assistance of injured ones he was given a stormy reception. The injured ones were rescued with great difficulty and taken to the barracks.

In the meantime the mob followed up the army, hid behind the fence which encircles the Jesuit grounds, opposite the Basilica. There they opened fire again and caused a general stampede amongst the army.

A young lady who was passing Simons & Fould's dry goods store, on Fabrique-street, during this attack, escaped death by a hair's breadth. A rock weighing about two pounds struck her hat, glanced off and smashed a $100 pane of glass. Farther down the street a lady member of the army was struck on the back of the neck with a stick. The young girl ran as hastily as she could into a store on Fabrique-street for protection, but was rudely ejected and again attacked.

The army were making as fast time as possible and reached the barracks, where it was found that some fifteen or more were seriously injured.

Color-Sergeant Morritt of Quebec was hit upon the temple and is suffering from concussion of the brain. He is now delirious and the doctor cannot pronounce in his case.

Adjt. Vanallen of Montreal and McHardy of Ottawa, split heads.

Bateman Gardiner and a young man of Montreal, injured on the face, head and body.

Miss Lloyd, a captain of Waterloo, was kicked in the ribs and almost prostrated.

Commissioner Coombes was set upon by a number of the mob and would undoubtedly have been killed but for the timely assistance of a man named Low, who mixed up with the row and changed hats with the Commissioner.

Commissioner Coombes states that he demanded police protection for to-night, after being assailed last night, and was only awarded four men who only arrived in the usual way after the storm was over.

Dr. Gale, who is in attendance, has refused to allow several of the injured ones to be removed to-night.

There is great indignation felt over this outrage. The ringleader was fully recognized by several persons and it is said will be arrested. Commissioner Coombes will remain over and push the prosecution.

COLOROW CORRALLED.

The Ute Chief Wishes to Have a Talk With the Whites.

DENVER, Col., Aug. 25.—The following message has been received here: "Glenwood Springs, Col., Aug. 25, 4.15 a.m.—To Gov. Adam, Denver: Major Leslie has Colorow corralled with two hundred bucks. They want to see big white man, and won't talk to cowboy whites; want little fight; soldiers must go back or have little fight. Kendall has only 52 men. This is positive. All other information on this point is false. (Signed) V. M. REARDON, Brig. General."

LATER.—"Please come to Glenwood Springs immediately, even if requires special, to meet General West and County Commissioners Gregory and Reynolds. An emergency exists which requires your presence there at once."

Hydrophobia From a Fox Bite.

DUBLIN, Aug. 25.—Viscount Doneraile, who was bitten by a fox last January, has been attacked with hydrophobia.

The Silly Yarn Reaches England.

LONDON, Aug. 25.—In the House of Commons yesterday Sir Henry Holland, Colonial Secretary, replying to Sir Henry Tyler, said he had no information that Sir John Macdonald, the Canadian Premier, intended to ask for British troops for service in Manitoba, but he was not prepared to say that under no circumstances would Imperial troops support the local forces. Each case must be judged on its merits. The announcement was received with cheers.

ELECTRIC TELEGRAPHY.

In this year of commemorations, attention should be called to the electric jubilee as one of very great significance and importance. The existence of the electric telegraph coincides almost exactly with the reign of Queen Victoria. About one month after Her Majesty had ascended the throne, viz: on the 25th of July, 1837, the first electric message was flashed between the stations of Euston-Square and Camden-Town. We have, therefore, had the use of this wonderful invention for fifty years, and it is simply marvellous to notice the vast strides and the surprising progress the invention has reached within that period.

Some of our youthful readers may like to read of its inception, as described so picturesquely by the inventor, Professor Wheatstone. On the night above mentioned, this gentleman sat in the booking office in Euston Square, illuminated only by a flaring tallow candle. The intricate machine to which he had devoted so much labor and reflection lay before him, and he waited patiently the deflection of the needles. His partner, Mr. Cooke, was at Camden station—only a mile and a half distant, but sufficient to show how genuine, as well as useful, the invention might become if it turned out successful. Professor Wheatstone touched the keys and waited for an answer. In due course it came. "Never", said he, "did I feel such a tumultuous sensation before, as when all alone in the still room I heard the needles click, and as I spelled the words I felt all the magnitude of the invention now proved to be practicable beyond cavil or dispute."

What a vast development the half century that has elapsed since that evening has produced in the electric telegraph. That short distance of one mile and a half along which the first message sped, is now extended the wide world over, and every civilized country on the globe makes constant use of the invention. Then five wires were needed to frame a message and a sixth to return the current. Now six messages can be flashed backwards and forward simultaneously over a single wire. Professor Wheatstone was satisfied with sending five words a minute, now it is within the bounds of possibility to send as many as 460!

It is worthy of note that while others were preparing the way of the invention of the electric telegraph, the first working example is due to an Englishman. In 1821 Ampere showed that deflection could be produced without magnets by electricity, and he employed his discovery in suggesting an apparatus for transmitting words on this principle. But his method was to use a separate wire for every letter and nothing came of it. Gauss and Webber at Gottingen, and Steinheil at Munich, had succeeded in sending signals over wires by means of magno-electric currents, but they used such refined or cumbersome instruments that they never passed beyond the stage of experiments. Morse & Henry on this continent were busy at more practical researches in this direction but were later than Wheatstone in bringing their labours to a definite result. Morse has, however, connected his name permanently with the invention by his clever and convenient system of signals.

It once appeared an utter impossibility to unite England and America by a chain which should carry messages instantaneously from one to the other, and we must all honor the name of Sir Wm. Thomson, who is intimately connected with ocean telegraphy. The first submarine cable was laid down in 1850, and now there are 115,000 miles of cable, nearly enough to go round the world five times.

In England the telegraph system is under the direct control of the government, and the benefit to the public has been unspeakably great. The press has reaped a decided advantage as they have the privilege of sending a hundred words for less that five cents. In consequence of this the public get fresh, full and accurate reports of all news in the daily papers. It is surprising to notice how the number of telegrams under the English system—so cheap and efficient as it has proved—is rapidly overtaking the number of letters. In 1855, for every telegram sent there were 439 letters. In 1875, when the English government took charge of the telegraphs, the proportion was only 56 to one, and in 1886, there were but 40 letters for every telegram.

Under these circumstances we need hardly be surprised to learn that the jubilee of this invention of the electric telegraph, which we may say has effected a social revolution and developed beyond the wildest dreams of its inventors, was kept with great *eclat* a few weeks ago in London and the occasion was utilized for bringing forward many interesting facts in connection with its growth and inception.

To Cure Pain.

The means which may be readily and successfully employed to relieve pain are important and should be known by all. We give you the name of the best remedy in the world for pain, and the information that a 10 cent sample bottle can be purchased at any drug store. Polson's Nerviline, the new sure pop pain cure, will never fail you in time of need. Nerviline is a safe and prompt cure of all kinds of pain, neuralgia, cramps, toothache, headache. Sure always. Ten and 25 cent bottles at drug stores. 6dw3

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for Dyspepsia, Liver Complaint, Indigestion and Impure Blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50cts. and $1 bottles at John McKee's Drug store. eodw31

B. B. B. Stood the Test

"I tried every known remedy I could think of for rheumatism without giving me any relief, until I tried Burdock Blood Bitters, which remedy I can highly recommend to all afflicted as I was." Henry Smith, Milverton, Ont. 2w34d

We Caution All Against Them.

The unprecedented success and merit of Ely's Cream Balm—a real cure for catarrh, hay fever and cold in head—has induced many adventurers to place catarrh medicines bearing some resemblance in appearance, style or name upon the market, in order to trade upon the reputation of Ely's Cream Balm. Don't be deceived. Buy only Ely's Cream Balm. Many in your immediate locality will testify in highest commendation of it. A particle is applied into each nostril; no pain; agreeable to use. Price 50 cts. eodw34

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Without Equal.

Wilson Montrose, of Vianna, Ont., having used Dr. Fowler's Extract of Wild Strawberry in his family for summer complaint, says, "I cannot speak too highly of it, for children as well as aged people troubled with diarrhœa it has no equal." 2w34d

SMOKERS,

Ask for the "CABLE" (also) CONCHA CIGAR.
Better than ever. A quarter of a century in the market, which fact speaks for itself.

Children Cry for Pitcher's Castoria.

McGregor & Parke's Carbolic Cerate.

Have you an old sore, Cut, Burn, Bruise Corn, Bunion, Salt Rheum, Pimple, Blotches, Rough Hands or Face? If so, there is but one bure, namely, McGregor & Parke's Carbolic Cerate. If you but try it, it will convince you. It costs but 25c. at McKee's Drug store. eodw31

A Good Corn Sheller for 25c.

A marvel of cheapness, of efficacy, and of promptitude, is contained in a bottle of that famous remedy, Putnam's Painless Corn Extractor. It goes right to the root of the trouble, there acts quickly but so painlessly that nothing is known of its operation until the corn is shelled. Beware of substitutes offered for Putnam's Painless Corn Extractor—safe, sure and painless. 6dw24

THE NEW SUBSTITUTE FOR PILLS—Campbell's Cathartic Compound. Easily taken, much more effective. fadw

GENTLEMEN

who have never yet known what happiness there is in wearing a comfortable fitting Suit of Clothes—and this Town is full of them—

LATEST SPORTING NEWS.

The Baseball Scores—Other Items of Interest to Sportsmen.

BUFFALO, Aug. 25.—The Buffalos' inability to bat Crane led to their defeat to-day. Nine actual hits, badly scattered, was the Buffalos' batting score. Good fielding by the Torontos is evidenced by an errorless game. The Bisons, though charged with two errors, fielded magnificently. The score:

Wise Beats Gaudaur.

ORILLIA, Aug. 25.—The Wise-Gaudaur race took place this evening about 7 o'clock. The water had been lumpy all day, but towards evening calmed down and when the race was pulled there was scarcely a ripple on it. On the word the men got away together. Wise, who was pulling 34 to Gaudaur's 30, soon had half a length on him, but Gaudaur settled down to work, overhauled Wise and was leading him at the three-quarter mile by five lengths. After that Wise started to gain steadily and passed him at the mile, and from there to the finish it was a procession, Wise won by about *two lengths in the slow time of* 14.08. The Louisville party carried away about $1000. A liberal purse was made up for the loser.

The Wathins Regatta Again Postponed.

WATKINS, N.Y., Aug. 25.—The north wind blew steadily all day, preventing the boat races. The waves were very large and an oarsman could not have remained in his shell a minute in them. The races are announced for 9 a.m. to-morrow. Teemer and Gaudaur will probably row at Elmira on the Chemung in a few weeks.

Hanlan at San Francisco.

SAN FRANCISCO, Aug. 25.—Hanlan, the oarsman, has arrived here and sails to-morrow for Australia.

Gossip of the Turf.

Mr. Cassatt's famous race horse, The Bard, while improving in strength, has developed an abscess which may prove fatal.

Mr. Benj. Cook of Jordan lost his stallion Black George last week through inflammation of the lungs.

UNITED STATES NEWS.

The First National Bank of Danville, N.Y., closed its doors yesterday morning.

The Cartwright feud, which has caused so much bloodshed in Marion county, W. Va., has broken out again.

John Myrick, colored, who outraged a white woman, was lynched in Henry county, Ala., by 100 people of his own race.

Dr. James Kenyon, a prominent physician at Centreville, Mich., was assaulted by three unknown men and fatally injured.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain. eodw

Very Valuable.

"Having used B.B.B. for biliousness and torpid liver, with the very best results I would recommend it to all thus troubled. The medicine is worth its weight in gold." Tillie White, Manitowaning, Ont. 2w34d

A MURDERER FROM MICHIGAN.

Emmanuel Myers, Accused of Wife Murder, Arrested at Windsor.

WINDSOR, Aug. 25.—Chief of Police Bates arrested a man who has been living here for the past two weeks on the strength of the fact that he tallied with the description of one Emmanuel Myers, charged with murdering his wife in Jackson, Mich. After the arrest the man confessed his crime. The murder took place in February last. The girl was his third wife and was only 20 years of age. They had been married three years. He was extremely cruel to her, and on that account they separated about four months prior to the shooting. Subsequently a son of Myers, by a former wife, fell ill and Mrs. Myers returned home to nurse him. On his recovery she prepared to take her departure again, and Myers helped her to pack her trunk and said he would go part of the way with her. As she turned to leave the house he suddenly drew a revolver and shot her, the bullet passing through her lungs and lodging in the liver, inflicting a fatal wound.

Immediately after the shooting the murderer disappeared, and although the police made diligent search to discover his whereabouts they failed to locate him, and it was thought he had ended his life by jumping into the river, which runs by his house. Instead of committing suicide Myers made tracks for the south, where he had been up to the time he arrived in Windsor. He looks and acts like a lunatic, and while living in Jackson was regarded as half crazy, besides being of extremely jealous and quarrelsome disposition. He is over six feet in height, stooped shouldered, grizzly gray hair and whiskers. He is owner of four houses and lots in Jackson, and a short time before he murdered his wife he stated to neighbors he would send her to eternity if she did not sign off her claim to the property. It is probable he will consent to return to Jackson without the formality of extradition, as he is completely broken down in health.

CIRCUMSTANTIAL EVIDENCE.

How a Half Woman is Alleged to Have Fired a House.

OTTAWA, Aug. 25.—Mrs. Gamache, wife of a laborer in Hull, P.Q., has been arrested on a charge of incendiarism and remanded for examination. The charge is that she attempted to set fire to the house of Police Constable Rogott at Littlefarms on the night of Aug. 23.

The manner in which she is said to have done so is peculiar. Rogott's neighbors noticed flames issuing from the roof of his house while he and his family were in bed and promptly extinguished the fire, when it was found that the silk top of a parasol had been saturated with coal oil, pinned to the roof and ignited. Part of the parasol was not burnt and was identified as belonging to Mrs. Gamache, who was then arrested. No reason is assigned for the act.

THE IVES FAILURE.

Sensational Developments Expected Before Long.

NEW YORK, Aug. 25.—It is reported that more of the books of Henry S. Ives & Co. have disappeared. Sensational developments are expected. It is said that books of the Dayton, Fort Wayne and Chicago Railway, which was controlled by Ives & Co., are missing. Bonds of the road to the amount of $1,250,000, which were ordered to be retired, are alleged to have been used by Ives & Co. as collateral on which to borrow money. It is also stated that the books of the Cincinnati, Hamilton and Dayton Railroad, covering the period in which Ives and his associates claim to have been given authority to issue and dispose of $10,000,000 preferred stock, cannot be found.

A Sportsman's Grievance.

OTTAWA, Aug. 25.—Farmers down the Ottawa, especially on the Quebec side, are causing some annoyance to sportsmen by setting up a claim to the waters of the bays pointing their lands and charging for the privilege of shooting. This, it is claimed, they have no right to do, as their land title only extends to high water mark. They also set up claims to the islands in the river and for some of these as much as $25 is said to have been charged as rent. There are a number of little bays which are much frequented by duck and other wild fowl in the fall which Ottawa sportsmen have been accustomed to visit, and some trouble may occur if the farmers persist in their pretensions.

A Schooner Ashore.

WATERTOWN, N.Y., Aug. 25.—The barge Minnie Francis, consort of the steam barge Freemason, sprang aleak when about ten miles from Stony Point, on her way down Lake Ontario last night. She became unmanageable. The crew was taken off and she was cut adrift. She went ashore at the mouth of Sandy Creek.

A Valuable Discovery.

F. P. Tanner of Nesbing, Ont., says he has not only found B.B.B. a sure cure for Dyspepsia, but he also found it to be the best medicine for regulating and invigorating the system he has ever taken. B.B.B. is the great system regulator. 2w34d

To Avoid Baldness or Grey Hair.

Use Dr. Dorenwend's Great German Hair Magic. It keeps the scalp clean and free from Dandruff, and promotes the growth of the hair. It prevents premature grayness and stops all falling out of the hair. On bald heads, where the roots have not perished, it will invigorate them and force a new growth of hair. Ask for Hair Magic. It is the only reliable. For sale by J. D. Tully and all druggists.

An Undoubted Opinion.

"I was severely troubled with diarrhœa and having used some of the wonderful Dr. Fowler's Wild Strawberry, I was in a short time completely cured. I can recommend it as a splendid medicine." Wm. A. Stafford, Shedden, Ont. 2w34d

Have You Tried It?

If so you can testify to its marvellous powers of healing and recommend it to your friends. We refer to Dr. Fowler's Extract of Wild Strawberry, the grand specific for all summer complaints, diarrhœa, cholera morbus, dysentery, cramps, colic, sickness of the stomach and bowel complaints of infants or adults. Let its merits be known to all who have not used it. 2w34d

The Last Year, 1887.

After the above year is ended there need be no person suffering from Rheumatism, Neurrigia, Toothache, Headache, Lumbago, or any acute pain. If they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by John McKee, Druggist. eodw31

Peterborough, May 13th 1887 d81w16

TO Contractors and Builders

Drain Tile Pipe.

The undersigned is prepared to supply parties with DRAIN TILE PIPE on advantageous terms. A large stock kept always on hand, and orders taken for grading and laying same, in a proper and satisfactory manner.

HEATING
By Hot Water and Steam.

We desire to call special attention to their splendid Hot Water and Steam Boilers which are acknowledged to have no superior on the Continent of America. We have received orders from Ottawa and other places to replace other boilers with ours. This speaks for itself. McAndrew & Noble are prepared to back their own boilers against these or any other maker either in or out of Peterborough, and if not superior in every respect they will be removed without one cent of expense. We claim, and it has been acknowledged, that we have the best boiler for heating purposes in the world to-day; all we want is a fair test.

McANDREW & NOBLE
George Street, opposite the Market. d

THE PRINCIPLE

COLD MEDICATED.

M. D. L. C. P. S. O.
Eminent Throat and Lung Surgeon,

Will Visit Peterborough at the Grand Central Hotel, Thursday, Sept., 8th, One Day Only.

DISEASES TREATED—Catarrh of the Head, and Throat, Catarrhal Deafness, Chronic Bronchitis, Asthma and Consumption. Also loss of Voice, Sore Throat, Enlarged Tonsils, Polypus of the Nose removed.
Come early. Consultation free.

Catarrh of Years' Standing Cured.

N. WASHINGTON, M.D., Throat and Lung Surgeon, Toronto.
DEAR SIR.—I am pleased to be able to state to you that I am now free from Catarrh. It is almost incredible that in so short a time I could have been cured of Catarrh, which has affected my health for years. A little over two months ago I took treatment from you, and today the Catarrh is entirely cured. Your treatment is simply a marvel. I will heartily recommend any of my friends personally, and would suggest to all thus troubled the advisability, of consulting you immediately. Accept my many thanks. Yours etc.,
J. P. DUNN.
C. P. R. Agent, Peterborough Ont.
P. S.—Use this as you deem prudent.—J.P.D. d143w26

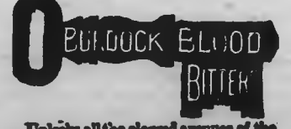
THE STEAMER CRUISER.

WILL commence on Monday, June 27th her daily trips to Stony Lake, leaving Lakefield on arrival of morning train from Peterborough; returning will arrive at Lakefield in time to connect with train for Peterborough.
The Steamer has been thoroughly overhauled and a new and powerful engine put in her, thus making her the fastest boat on these lakes.
Special reduction to Excursion Parties.
Season and return tickets at reduced rates from A. I. WRIGHT, Lakefield or from CAPTAIN EDEN on board.
Commencing on August 1st, the steamer will leave Lakefield on arrival of the evening train for the A. C. A. Camp, Stony Lake. Returning will leave the camp at 6 a.m. and connect with the morning train for Peterborough.
A. I WRIGHT, R. M. EDEN,
Proprietor - d125w28 Master.

STEAMER FAIRY.

THIS POPULAR STEAMER, having been thoroughly overhauled and repainted, will begin her regular trips between Lakefield, Young's Point, Burleigh Falls, Mount Julien, and the A. C. Camp on Monday morning. Each day except Sunday's on the arrival of the morning train from Peterborough, she will leave Lakefield, taking the above route; will return to Lakefield in time to connect with the evening train for Peterborough. The steamer can be chartered for any special occasion, and due notice will be given in this paper of any day on which the regular route is cancelled. The route of the Fairy embraces the pleasantest course available in the best lakes to pleasure-seekers. Small excursion parties not wishing to charter the steamer will be given special rates, which, with any other information, will be made known on application to
P. P. YOUNG, WM. SCOLLARD,
Proprietor, d141 Master.
Tickets for Sale at T. Measles, Peterborough.
From this date the steamer Fairy will make an additional trip every evening to the A. C. A. Camp, leaving Lakefield on the arrival of the evening train.

THE KEY TO HEALTH.



Unlocks all the clogged avenues of the Bowels, Kidneys and Liver, carrying off gradually without weakening the system, all the impurities and foul humors of the secretions; at the same time Correcting Acidity of the Stomach, curing Biliousness, Dyspepsia, Headaches, Dizziness, Heartburn, Constipation, Dryness of the Skin, Dropsy, Diseases of Vision, Jaundice, Salt Rheum, Erysipelas, Scrofula, Fluttering of the Heart, Nervousness, and General Debility; all these and many other similar Complaints yield to the happy influence of BURDOCK BLOOD BITTERS.
T. MILBURN & Co., Proprietors, Toronto.

No. 3.

The Daily Examiner.

FRIDAY, AUGUST 26, 1887.

LOCAL NEWS.

THE cooling rain can not suit the thirsty ground any better than the low price of KIDD'S boots suits purchasers.

Willow and Wicket.

A team of the Peterborough Cricket Club are playing the Whitby club at Whitby to-day. They anticipate an easy victory.

Oddfellow Demonstration Committee.

A final meeting of the Oddfellow Demonstration Committee will be held this evening to wind up the business of the demonstration.

Entrance Examinations.

As soon as an approved list is received of those who passed the last entrance examinations, certificates will be forwarded to the successful candidates.

Fruit Jars.

In canning fruit, it is absolutely necessary that you should have good reliable jars. These may be obtained at the very lowest price only at "China Hall."

Piano Tuning.

Mr. Geo. Gumpricht is in town for a few days only. Orders may be left at Mr. T. Menzies' bookstore or Messrs. Taylor and Macdonald's drug store. d49tf

Water Filters

At this season of the year all drinking water should be properly filtered before using. The best filter made is for sale at "China all" for only $5.00. Call and see them.

Knitters will find Turnbull's the right use to buy Canadian and Scotch finger-yarns from; all colors in Stock.

An Iron Bridge.

An iron bridge of three spans, two of 64 feet and one of 164 feet, is being shipped this week to Thamesville, Ont., to bridge the river Thames at that point. The bridge was made at the Central Iron and Bridge Works, here.

A Good Rule.

The Orillia *Packet* says:—Peterborough is talking of following Orillia's lead in closing shops at eighteen o'clock, "Saturdays excepted." Orillia finds this rule work so well she will, no doubt, soon take another step forward by changing it to "Saturdays included."

Costumes Wanted.

If any of the ladies or gentlemen who took part in the Cantata "Daniel" sometime ago given under the auspices of Otonabee Lodge of Oddfellows, having any of the costumes in their possession, or knowing of any still out, they will confer a very great favor by returning them to the lodge, or leaving word at Mr. G. C. Clark's store, or Mr. J. Nugent's store.

Scott Act.

Police Magistrate Simison yesterday held court at Ashburnham, administering fines of $50 and costs each, upon Messrs. H. Calcutt of Ashburnham, H. Beckett, of Norwood and Wm. Young, of Young's Point, for first violations of the Scott Act, the informations of which were laid by Inspector Darling. All pleaded guilty.

For fingering yarns, go to Turnbull's; a full assortment to select from.

Roughly Handled.

Last night three or four young rowdies assaulted P. C. McGinty, at the corner of George and Murray streets, knocking him down, kicking and pounding him severely, and relieving him of his baton. The officer carries an ugly gash on the back of head and a skin-ful of tender bones as the result of the attack. His assailants were not recognized.

The Ennismore Pic-nic.

Busses to convey the public to the pic-nic, on Thursday Sept. 1st, will leave the Post Office corner, Peterborough, from 10 o'clock a.m. and run thereafter through the day for the pic-nic grounds, Bridgenorth. Fare for round trip only 35c. This will be the best of Ennismore's good pic-nics, and there will doubtless be a large attendance from town.

A Broken Leg.

The many friends of Mr. Henry Graham, of Kinmount, will regret to learn of an accident which happened him a few days ago. Mr. Graham, while on the second floor of a building on his own premises, stepped on the end of a plank without a rest, and fell through to the floor beneath, breaking both bones of his leg above the ankle. The fracture is healing rapidly.

HARD TIMES could never come to Peterborough if all goods were sold as low as KIDD sells boots and shoes.

Spr Baldwin's Scotch Fingering in black and navy, go to Turnbull's.

Appreciative Patriarchs.

The members of Canton, Mount Royal, No. 1, Montreal, are evidently proud of the banner they received in Peterborough. The *Witness* says they have it displayed in the show window of the shop of Peterson & Rollin, Notre Dame Street.

Examiner Bindery.

Merchants and business men, now is the time to call at the EXAMINER bindery and leave your orders for journals, day books, ledgers, invoice books, cheque books, and all blank books used in business. Don't wait till the moment you want to use them. All blank books last longer for not being used immediately after being finished.

More Light.

A meeting of the Fire, Water and Light Committee was held last night, and a report drafted for presentation at the next Council meeting, recommending the placing of an electric light at the corner of Murray and Aylmer streets. This will do away with four gas lamps, which are recommended to be removed, one each to the corners of Perry and Lock streets, Aylmer and Lake streets, Charlotte and Park streets, and one on Weller street.

New Lodge Room.

A meeting of Lansdowne Lodge, S. O. E., was held last night to consider the advisibility of erecting a new hall. The matter was discussed, and as no suitable place was obtainable at present, a committee was appointed to look about and secure convenient and comfortable quarters wherever and whenever practicable. Lansdowne Lodge is in a prosperous condition, and larger and handsomer rooms must be had to accommodate the increasing membership. Mr. I Richardson, President, makes a most energetic and faithful presiding officer.

The Lock Works Removal.

At the meeting of the Directors of the Lock Works this morning the proposition of the town of Port Hope offering $20,000 for the removal of the works to that town was considered. The offer was not accepted owing to certain conditions not being regarded favourably by the Lock Works Company. Negotiations, however, will be continued. Port Hope's anxiety to secure the Lock Works is justified by the fact that the pay roll of the works amounts to a monthly sum of about $3000, and that next year the works, wherever they are located, will pay out about $50,000 in wages alone, a no mean sum to be placed in circulation amongst business men.

Another False Alarm.

Shortly after one o'clock this morning a couple of young men roused Mr. Edgcombe, in north George street, at whose grocery store the key of No. 4 alarm box is situated, and stated that a big fire was in progress. The key was handed out, an alarm sounded, and in a few moments the fire brigade were on hand—but where was the fire? Meanwhile, Mr. Edgcombe had dressed, but before he got outside the key had been thrust back inside the store, without his catching sight of the two men. It was a false alarm, and as the young men had carefully concealed their features no one could be implicated. The caretakers of the keys should be careful to ascertain who their informants are before accepting their statements.

Fall Exhibitions.

The following are the dates of the principa Fall Exhibitions:—

PETERBOROUGH CENTRAL EXHIBITION.—At Peterborough, Oct. 4 to 7. D.D. Gallelly, Peterborough, Secretary.

LINDSAY CENTRAL EXHIBITION.—At Lindsay, Sept. 20, 21 & 22. James Keith, Lindsay, Secretary.

DOMINION INDUSTRIAL FAIR.—At Toronto, Sept. 5 to 17. W. J. Hill, Toronto, Secretary.

AGRICULTURAL & ARTS ASSOCIATION.—At Ottawa, Sept. 11 to 24. H. Wade, Toronto Secretary.

FAT STOCK SHOW.—At Toronto, Dec. 13, 14 & 15. H. Wade, Toronto, Secretary.

EASTERN TOWNSHIPS AG'L ASSOCIATION.—At Sherbrooke, Sept. 13 to 16. Robt. H. Tylee, Sherbrooke, Secretary.

ONTARIO, CENTRAL AG'L ASSOCIATION.—At Port Perry, Sept. 27 to 30. H. Gordon, Port Perry, Secretary.

MARIPOSA FALL EXHIBITION.—At Oakwood, Oct. 6 & 7. W. R. Cunnings, Oakwood, Secretary.

PUT your foot in it! In what? Why in one of KIDD'S easy-fitting boots; and you can't help buying a pair when you hear the price.

A Prosperous Industry.

The Norwood *Register* has the following reference to an industry in that village, which has been built up by tireless energy and enterprise on the part of the proprietors:—"The hub and spoke, bent stuff, etc., factory of Messrs. John Finlay & Son, of this place, is, we may safely say, one of the most prosperous manufacturing concerns in this part of the province. Not a year passes that some addition or improvement is not made. This year the firm has erected buildings covering nearly half an acre on the opposite side of the street. The latest improvement was made last week and consists of a suspension bridge which connects the third story of the main buildings with those on the other side of the street. On this is an iron track, over which loaded cars are run. It will greatly facilitate the carrying of material between the two buildings. Messrs. Cumming & Son had charge of the construction of the bridge, and performed the work in a highly satisfactory manner."

A Fatal Ending.

The sad news reached town this morning of the death of Mr. H. B. Weller, which occurred this morning in Toronto, where for the past three weeks he has been undergoing medical treatment. The body, accompanied by the grief stricken father, arrived by the 11.31 C.P.R. express. A large number of friends of the deceased and of the family, including most of the lawyers in town, had assemble at the station, and accompanied the remains to the residence of Judge Weller, Reid street. The late Mr. Weller, the only son of Judge Weller, was about 32 years of age at the time of his death. He was born in Peterborough and received his preliminary educational training here and at Upper Canada College. He began the study of the law with his father, now Judge Weller, and afterwards entered the law office of McDonald, McDonald & Marsh, Toronto, where he remained till the time of his admission to the bar about five or six years ago. He began the practice of his profession in Millbrook, which he continued till about the first of August when symptoms of an abcess of the brain developed and his medical adviser informed him that it would be the cause of his death, which has proved sadly true. The deceased was a young man of considerable ability in his profession, modest and unassuming, courteous and kindly in his demeanor and his personal good qualities were such as to endear him to a large circle of friends. The funeral takes place from the *family* residence to Little Lake Cemetery on Saturday at three o'clock p.m., with military honors.

Life at the Camp.

Our Canoe Island Correspondent remains Heard From.

KAMP KOMFORT, Aug. 26.

DEAR EXAMINER:—Here we are again, rather cold it is true, but feeling none the less contented and happy. We are having a "good time," and no mistake. In the morning we rouse from our comfortable cots, and after a few inhalations of the crisp, invigorating air that blows over Stony Lake, are ready for breakfast. During the day we sail, paddle, fish or go on long expeditions to various places of interest. At night we gather around a jamborree camp fire, sing songs, smoke jokes and tell stories until bedtime, and then go in for several hours sound sleep, until awakened by the dismal blastings of a dilapidated tin horn that answers for a dinner bell and alarm clock. By the way, this 'ashe old tin trumpet comes in for a vast amount of maledictions. The early risers—and where is there a large camp with out two or three such—emerge from their tents shortly after daybreak, and march through the camp, stopping at each tent, and blowing frantically on the horn, like unto Gabriel, as if to dislocate the internal arrangements both of the tooter and the tooted, until everyone is astir, to the great annoyance of the sleepy-heads, who are almost distracted by the "measly racket." All their woes are soon forgotten, though, under the benign influences of a glorious morning. Last week we ("we" means five canoe loads) took a trip to Beckhora, a trip which is calculated to be a good day's work. It includes two portages—a long one at Burleigh and a shorter one at Lovesick. The canal works at both places are about completed. A heavy wind blew in our teeth all the way, so our progress was necessarily slow, especially in Deer Bay, and when Beckhora was finally reached we were quite ready for lunch. The voyage house was made in two hours better time, both wind and waves being in our favor. White Lake was also visited. Some excellent bass were caught there. The lake is attained to by way of Gilchrist's Bay and a short portage, followed by a run down a rapid little creek, one of the most beautiful works of nature.

FISH STORIES.

Talking about fish reminds me of a circumstance that creates a great deal of laughter among the various camps. A 24 pound 'lunge was caught at Burleigh by some successful fisherman and sold for a dollar and a half to a young gentleman, who takes his booty to Peterborough and displays it outside a shop door labelled; "28 lb. Maskinonge caught at Burleigh by Mr. ——." That is the way a great many of the "big fish" are caught.

A new kind of fishing has originated at our camp—no, it is not new, either. It dates back from the time of Adam and Eve. Still it is new (or supposed to be) to the interested parties. It is called "still" fishing—but it isn't still-fishing. In fact, there is no fishing at all. A peculiarity of this style of fishing is that it requires just two, a lady and gentleman, to make it successful. Then such minor considerations as fishing tackle, bait, etc., are ignored entirely. The two "fishers" choose some lonely spot (where there will be no intrusions), and fish away to their hearts' content, sitting very close to each other to afford mutual support in case they caught a "whale"—though just how a whale can be caught, without pole, line or book, is not explained. It is said that sometimes these patient fishers "spoon" fish without the trouble of trawling. It is noticed, however, that these excursions, which always take up a great deal of time, though highly satisfactory to the parties themselves, are extremely non-productive of fish. This style of "still-fishing" is said to be be very popular among the campers on Stony Lake.

PLACES OF INTEREST.

"Church's," just a little way from Julian's, has been visited by a great many who admire the brackets and fancy wood work of the presiding genius who knows so well how to convert shapeless blocks of wood into things of beauty. On Wednesday a trip to the Blue Mountains was made. An eight or ten mile paddle brought us to the head of the lake, past Jack's creek, and a five mile walk inland to the foot of the Blue Mountains. A long wearisome climb to the top was amply compensated for by the magnificent view. Miles and miles of land and water were stretched out on either side in panoramic loveliness, a blue hazy atmosphere casting a soft light over the whole scene. Seven lakes can be descerned from Blue Mountain peak, and on a clear day a glimpse can be obtained of Lake Ontario. Nice views can be obtained from Eagle Mount and Mount Julien, on Stony Lake, but this surpasses all. A little further inland from these mountains, the mica mines are in full operation, but we did not visit them.

Our outing is almost over. To-morrow we strike tents and embark for home, but it will not be without many a sigh of regret. Everyone wears the garb of good humor in camp, and barring a few minor practical jokes—by the way, the question no longer is "who struck Billy Patterson," but "who dosed the pillows with pepper?" Some miscreants in our absence at Blue Mountains lined the interior of our pillows with pepper, and perhaps there wasn't some tall sneezing done when we went to bed. Very little sleep until the irritant had been pretty thoroughly expunged from our head rests. There is a reward offered for the capture of the villain, dead or alive. Stony Lake is being rapidly depopulated, and after Kamp Komfort has disbanded there will be very few left. So, with the best wishes of a dozen or more sun-burned, hardy campers for the future prosperity of the EXAMINER, and a parting "Auld Lang Syne," let me close this rambling, pointless epistle with a hearty *au revoir*.

Two Annies, two Sams, an Albert and "Joe",
Tom, Libbie, Will, Phebe, and Ben;
A Hatty, a Charlie, Ida, Minnie and "Nev"—
When—where shall we all meet again?
—*Spokesheve.*

C. C. ORTON.

Counting the Slain.

Taken altogether the visit of the Peterborough trio of marksmen was a most satisfactory one. The three succeeded, in competition with about 300 of the best shots in Dominion, in making a creditable showing. Lieut. W. H. Hill in the Tait Brassey military match, scored withing six points of the highest, making 76 to 82 out of a possible 100, the prize being $5, and in the "Extra Series"—the most difficult match in which to take a prize—he made 29 points out of a possible 35, winning $40. Private W. A. Bell distinguished himself by shooting two prizes, $8 and $4 respectively. Mr. Geo. Fitzgerald made also an admirable score, and would have a still better record, had he not been called home before the close of the competition, by business matters. A team from Peterborough leaves Saturday evening for Ottawa to take part in the match of the Dominion Rifle Association, to be held next week. The team will probably be composed of Lieut. Hill, Private W. A. Bell, Private D. Cameron, and R. H. Smith. Two others may go if not prevented by business reasons. Already there are 700 entries of the crack military and civilian shots of the Dominion.

Opened out at Turnbull's, a full assortment of Baldwin's Scotch fingering yarns the best in the market.

Children Cry for Pitcher's Castoria.

News Nuggets.

—Orillia has been subjected to a burglary scare.

—*The Herald* thinks Campbellford should support a band.

—Schuster Fruit and Confectionery Store, George street, north. E. G. SCHUS.

—Call at the Rochester Fruit Store for confectionery, if you want the choicest kind.

—Mr. James Ross, of Belleville, has bought the Smith's Falls *Independent* from Mr. F. J. Male.

—Dawson Brothers will open out in the dry goods business on Hunter street in about two weeks.

—The weather just now is delightful—or nearly so. Quite a change from the blistering heat of a week or more ago.

—The Peterborough corps of the Salvation Army boasts of two cornets, a baritone horn, and two drums—quite a band.

—Three Scott Act convictions were made at Port Hope on Wednesday, one first and two second offences.

—Kingan & Co. have had a mammoth "sign" printed on the side of their hardware store on Hunter street. It is very conspicuous.

—The local Salvationists will celebrate the anniversary of the Army by a grand jubilee here early in September. All the Canadian celebrities will be here to participate.

—The financial meeting of the Peterborough District of the Methodist Church will be held in Lakefield on Wednesday Sept. 21st., at 10 o'clock a.m.

—At the meeting of Campbellford Cheese Board on Friday, August 12th, there was about 3,500 cheese boarded, all this season's make, but no sales were made. There was no meeting last Friday.

—Private Marshall Weir, of Keene, a member of "G" (Peterborough) Company of the Midland Battalion, during the rebellion of 1885, was invalided *en route*, and has since been ill. Some $200 in pensions have been granted him.

—The posters announcing Lindsay's civic holiday pic-nic, under the patronage of St. Mary's church, are out. They were printed at the *Post* office. Peterborough baseball and lacrosse clubs will play Lindsay clubs, and Mr. T. McNaughton, of Peterborough, will give an exhibition of club swinging. Other attractions are also provided. A special train will leave Peterborough that morning for Lindsay.

Personal

Mrs. Chambers vocalist of Montreal is in town.

Messrs. Jno. Millar, B.A., and Jas. Little, left yesterday on an extended tour through the Eastern country touching at Kingston, Montreal, Quebec, Boston, New York and other points.

Gunner Mordan Kincaid, of the Durham Field Battery, son of Dr. Kincaid, Peterborough, has been awarded a badge of merit from the Government, for excellent conduct and expertness in gunnery during the late drill camp at Kingston.

Fashionable Wedding at Millbrook.

Wednesday morning, 24th instant, one of those happy events which mark a most important epoch in the lives of the immediate actors, was celebrated at Millbrook with more than usual *eclat*, the circumstance being the marriage of Miss Annie Staples, daughter of the late William Staples, Esq., one of Millbrook's most charming and attractive young ladies, to Mr. R.H. Kells, member of the firm of Kells, Fowler & Co., and a promising and respected young merchant of this place. The chancel of St. Thomas' church, of which both contracting parties were active members, was most tastefully decorated by young members of the church with beautiful flowers and ferns, whose freshness and sweet fragrance and appearance were a fit offering to the young lives there united in holy matrimony. Long before the hour appointed for the ceremony the church was densely crowded by a number of immediate relatives and friends, and the families of the leading citizens. Promptly at 9 o'clock the bride, looking very pretty, passed up the aisle leaning on the arm of her uncle, Mr. Fred Dawson, and accompanied by her bridesmaid, Miss Lillian Burton. The bride was tastefully dressed in a neat travelling suit of drab de beige, while the bridesmaid wore cream nun's veiling and lace, and looked very attractive. They were met at the altar by the groom and groomsman, Mr. W. A. Smith, law student, of Guelph, and the impressive Episcopal marriage service was performed by the Rev. Rural Dean Allen, M.A. The choir, under the skilful management of Mrs. W.C. Allen, who presided at the organ, rendered choice and appropriate music.

The ceremony over, the happy couple were overwhelmed with the congratulations of the numerous friends present, and immediately afterwards entered the carriage in waiting, accompanied by the bridesmaid and groomsman, and drove to the C. P. R. station at Cavanville, followed by showers of rice, old slippers, etc., from the host of assembled friends. The bride was the recipient of numerous costly and elegant presents which testified to the esteem in which she is held here. Mr. and Mrs. Kells will spend their honeymoon visiting the Thousand Islands, Montreal, and points of interest East.

Turnbull's dress goods department is now laden with new dress goods in all the new colors. A first-class dressmaker in charge of the dressmaking department, to cut and fit or make up on short notice.

Military Funeral.

The late Mr. H. B. Weller having been a Captain in the 3rd Regiment of Cavalry, it has been decided that his funeral to-morrow at three o'clock will be conducted with military honors. His own troop, (Millbrook) is expected to act as an escort. It is understood that all officers of other corps in town will attend the funeral in uniform, and also the band of the 57th Battalion.

Advertisers in the DAILY EXAMINER are requested to hand in their changes by 6 o'clock p.m. for the next day's paper. This will save disappointment, as it is impossible to make so many changes as are sometimes sent in on one day.

SMOKERS.

Ask for the "CABLE" (disc) CONCHA CIGAR.

Better than ever. A quarter of a century in the market, which fact speaks for itself.

S. DAVIS & SONS,
Sole Manufacturers.

Mothers.

There are upon the skin of every human being, child and adult alike, 2,250,000 pores. Through these pores in the form of insensible perspiration, is expelled more than one-quarter of the nourishment taken into the system. The importance of keeping open these perspiration valves upon a child's body, is second only to that of promptly digesting the food eaten. It was to open the pores of the skin and to assimilate the food that Dr. Pitcher formulated Castoria. Loose bowels, constipation, fevers and eruptions which are so constant among infants and children, and which kill one-third of all children before they are five years old, arise principally from these two causes. It is from the wonderful results attendant upon the use of Castoria in regulating the stomachs and bowels and keeping open the pores of the skin, that Castoria acquired its world wide reputation. With plenty of water for the body, pure air for the lungs and Castoria to assimilate the food, there need be no unaccounted for sickness among children. Castoria is a vegetable prescription without morphine or other narcotic property. Thirty years extensive use has given it a history never attained by another medicine. 4w26d
